Does it not seem more effective to breathe in a remedy, to cure disease of the breathing organs, than to take the remedy into the stomach?

Vapo-Cresolene

Established 1879.

Cures While You Sleep

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath; gives prolonged and constant treatment. It is invaluable to mothers with children.

Is a boon to asthmatics.

—FOR—

Whooping Cough	Bronchitis

Not Only Relief; A Cure.

ASTHMA

Many discouraged Asthmatics who long for a cure or even relief lack faith to try, believing a cure impossible. HIMROD'S ASTHMA CURE is truly a grand remedy and possesses a virtue unknown to other remedies that not only instantly relieves but cures.

The late Sir Dr. Morrell McKenzie, England's foremost physician, used HIMROD'S ASTHMA CURE constantly in his private practice. If you are discouraged send for a generous free sample. It will not disappoint you.

HIMROD'S ASTHMA CURE is a standard remedy prescribed by many eminent physicians and sold throughout the world for over a quarter of a century. A truly remarkable testimonial in itself.

HIMROD M'F'G CO., 14-18 Vesey St., New York. For sale by all druggists.

THE MORNING GUARDIAN

SATURDAY, DECEMBER 27, 1902.

MARITIME WINTER FAIR.

In our issue of Wednesday we gave an account of this new institution for the instruction of our farmers in which due credit was given to the Federal and Provincial Governments for the financial aid given by them respectively. It is only fitting that credit should be given to the men who were foremost in giving existence to the project and organizing and carrying out the details thereof. And first and foremost may be mentioned F.W. Hodson the active and painstaking Live Stock Commissioner whose ever zealous interest in the people of the Maritime Provinces is so well known by his readiness at all times to give us the assistance of his valuable staff of agricultural instructors in addressing our Institute meetings. To him is due the initiation of this as well as many other of our most useful institutions.

For procuring of the fine building in which the Fair was held, and the organization and carrying to a successful conclusion the details of the shows, the credit is largely due to E. B. Elderkin of Amherst, the President of the Maritime Stock Breeders' Association This gentleman was untiring in his labors and deserves to be congratulated on his success. It is true he had about him a staff of willing and active assistants in his board of directors.

This Province also contributed C. C. Gardiner as a judge of fat cattle, whose long experience and intimate knowledge of the desirable points of beef cattle well qualified him for the discharge of his duties. It suffices to say that the awards made by him in conjunction with the other Judges associated with him were accepted with the utmost satisfaction. In a speech made by Mr. Archibald McNsilage at the banquet given on the occasion, he remarked that Prince Edward Island must have some good stock when it could furnish a Judge so capable as Mr. Gardiner.

According to the Calgary Herald the position of Secretary to the Board of Trade of that town is being eagerly sought for by some 32 applicants. Among the number are ex M. P.'s, noted eastern journalists, South African war correspondents, etc.

Australia has had some rain, but not enough to give anything like an average harvest. In the meantime, so a New South Wales correspondent writes, United State millers are mainly supplying the shortages the Canadians being "too slow" ingetting the foodstuff there, and unwilling to sell at the prices offered by the Americans. These things ought not so to be.

The Gloucester fishing interests which are opposing the Bond-Hay treaty represent that the concession to the Newfoundlanders in the way of reduced duties would be about $425,000 yearly while the treaty concession to American fishermen would not be worth more than $4,000 yearly. Senator Lodge, who favored the Bond-Blaine treaty of some years ago, is opposing the new treaty, which seems likely to be defeated.

At a municipal election in Morden, Man., the other day a voting machine was used. It turned out afterward that the machine never failed to register two votes for every one offered, and in occasional instances recorded as many as seven. And now the disappointed ones among the candidates are "down on the machine" and want a new election to straighten out matters

---

If the Examiner was "sure" that Mr. Bremner was misinformed concerning the directions given by Prosecuter Jenkins, why did it publish that letter of Mr. Bremner's? There are times when every City newspaper needs a large waste basket.

The Patriot assures the public that Messrs. Farquharson and McKinnon are quite in agreement about the winter service. We shall be glad to find that this is true, although a different opinion prevailed in some quarters. What is wanted is that between them and the Government at Ottawa a satisfactory winter service shall be evolved and maintained. That done, The Guardian will be as ready to approve it as we have been to disapprove the shortic condition of affairs which has prevailed so long.

When the S. S. Elliott can sail from Charlottetown to Pictou full freighted as she did the other day, and in view of the fact that the Stanley came last midwinter into this port, it seems strange indeed that the powerful winter steamer Minto cannot come and go also. Here is where three fourths of the Island products concentrate and the imports as well. No doubt the Minto can load and discharge more quickly at Georgetown, but only because there is less freight offering there. Some day we will have new arrangements under which the Minto will go where the business interests require, at least as long as she can safely and reasonably do so.

War is being waged in real earnest against the parlor match in New York. The fire commissioners discovered that during 1901 no fewer than 1813 fires were caused and eight lives lost by the use of parlor matches, so these matches have been included in the list of explosives which by a city ordinance "no person, firm or corporation shall have, use, keep, sell or give away," the prohibition to go into effect on 1st January next. This prohibition follows the action taken by the Government of France and Sweden which some time ago prohibited the use of explosive matches in those countries. Like prohibition of the parlor match is being agitated in Philadelphia and Chicago with the prospect of adoption, in which case people there will also have to fall back upon the common, ill-smelling sulphur match, or the safety match.

A Sudden Twinge

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous substances which are the cause of the disease. It not only purifies the blood but by increasing the activity of the blood-making glands, it increases the supply of pure, rich blood which adds to the vigor of every physical organ.

Mr. P. A. McKnight, of Cades, Williamsburg Co., S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery,' and four vials of 'Pellets,' and to-day my health is good after suffering twelve years with rheumatism."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

MOCCASINS

MENS'

Oil tan, black, heavy and well stitched.

Price $1.35.

BOYS'

High cut, oil tan, black and very warm.

Price $1.10.

YOUTHS'

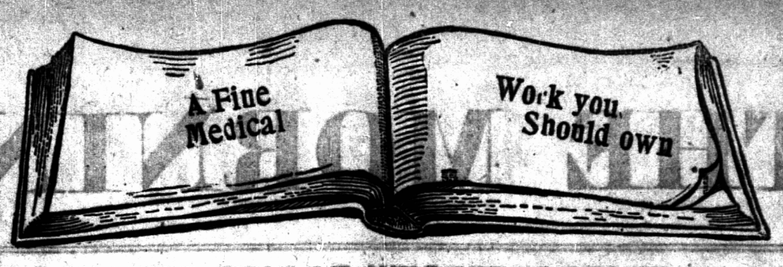
Oil tan, black, heavy, strongly made, just the thing for snow.

Price 90c.

There is nothing like leather to make cold feet warm and those moccasins won't soak water because they are "Oil Tanned".

J. H. BELL,

The Experienced Leatherman. Open till 8 p. m. every evening.



A Free Gift

To Be Presented by Dr. Sproule, B.A. To All Who May Apply

When a man truly wishes to benefit humanity in the highest sense, what does he give away. Books—books, every time. It is really the most helpful—yes and most valuable gift he can distribute. Andrew Carnegie, the great millionaire thinks so. See how he gives away libraries every day! Dr. Sproule, the eminent specialist, thinks so too, and not a day passes but hundreds of books are sent out free from his busy offices. During long years of experience he has found that in no way can mankind be helped more effectively. Therefore he offers to the public, absolutely free, his book on Constipation. Perhaps you are troubled with Constipation. Then this book is for you. Consider what this offer means Dr. Sproule, a man famous in his profession, has made a life study of this too common and disagreeable trouble. He has written this valuable book. He has illustrated it with fine drawings of the organs affected by Constipation. Now he offers it free to all who desire it. He might have put this book on sale—but this was not his plan. He wants the book to aid all mankind and thousands have benefitted by his generosity and sincerity of purpose.

Now for a few words about the book itself. It enters thoroughly into the cause of Constipation, it shows you how this trouble progresses, it makes plain its dangers, and it tells you how you can be cured. It's well worth while to gain all this helpful information—without charge.

Send For It To-Day

When you send for the book, cut out the accompanying blank slip and forward it with your name and address plainly written on the dotted lines. Do no delay as there has been a tremendous demand for the book Write to Dr Sproule, B A, Specialist, 7 to 13 Doane St, Boston.
