Livestock

MONTREAL, July 5 —(CP)—Receipts on the Montreal livestock market today were 220 cattle, 95 sheep, 157 hogs and 144 calves, including 190 cattle held over since Monday. Cattle were not moving.

Calves were slow. Three loads were sold yesterday for shipment to the United States. Today's prices were from $3.75 to $6, no tops.

Lambs were around $9 with a cut of $1 per hundredweight on bucks and $2 per hundredweight on culls. Sheep made from $2 to $3.50.

Hogs were nominally quoted at $9.75 to $10 for bacons fed and watered. Selects drew $1 per hog premium with the usual cuts on off grades. Sows were from $5.50 to $6.50. Rail grade hogs made $13.50 to $13.70 cold weight.

In Maritime markets rail grade hogs advanced to $9.30 off trucks. Sows were steady at $6.85 rail grade and $5.15 off trucks.

Cattle were unchanged. Choice steers were $6.75, good $6.25, medium $5.50, fair $4.75 and common $4.25. Choice heifers made $6.25 $4. Top cows brought $5, good $4.50, medium $4, and common $3 to $3.50. Canners and cutters made $2 to $3. Boning bulls brought $3 to $3.25 with butcher bulls $3.25 to $4.25.

Grass calves brought $2 to $3.50 and veal calves $3 to $5.

GRAIN

WINNIPEG, July 5 —(CP)—Strength at Liverpool and an improved export demand for Canadian wheat gave wheat futures prices a firm tone throughout a quiet session on the Winnipeg grain exchange today.

Final quotations were 3-8-1-4 cent higher, with July at 59 1-4, October 60 3-8, November 62 and December 62 1-8 cents. Most of the support appeared to come from seaboard interests and exporters although commission houses made minor purchases early in the day. Canadian wheat board offerings were light.

Cash wheat trade slackened after yesterday's brisk trading and confined its activities to light buying in the top northern grades by exporters and shippers. Coarse grain pit-trading uncovered minor purchases of oats and barley by exporters.

Confederation Celebration Horse Races

To be held on the Charlottetown Driving Park Track

CHARLOTTETOWN, P. E. Island

THURSDAY, JULY 20th, 1939

Entries in all classes close July 12th

(Three seconds allowed trotters)

2. 2.21 Trot and Pace - - - Purse $300.00
(Three seconds allowed trotters)

3. 2.26 Trot and Pace - - - Purse $300.00
(Three seconds allowed trotters)

Should there be twelve or more starters in a class, to avoid elimination heats, it will be raced in two divisions —with $100.00 added to the purse and divided equally.

RUNNING RACE —Seven-eights of a mile. Purse $80.00—Four monies.

RUNNING RACE—Three-quarters of a mile. Purse $80.00—Four monies.

EXHIBITION MILE AGAINST TIME—Jane Azoff 1.59 1-2, owned by C. H. Horton, Murray River, will race a mile against time during the afternoon.

GENERAL CONDITIONS

All races to be mile heats raced on the three heat plan: 10% of each purse will be awarded to the winner. The remainder will be divided into three equal parts, one part to be raced for each heat. In the event of there being three heat winners they shall have a fourth heat to determine the winner.

All purses divided 50, 25, 15 and 10. Entry fee 5%. Five per cent of the money raced for each heat will be deducted from the first and second horses; 3% will be deducted from the third horse and 2% from the fourth horse.

Six horses to enter and four to start.

Right reserved to change program, reject any entry, or if entry appears to lay over field to the extent that there is not, in the opinion of the management, sufficient competition, then the said entry may be transferred to a faster class or entry fee refunded; bar any driver and to declare race off on account of bad weather, or failing to obtain satisfactory number of entries or starters to transfer horses to another class to which they are eligible, re-open or substitute another without advertising, or alter or extend racing dates.

Additional entries of an individual ownership may be made in any class by the payment of 1% on closing date, but entries of separate ownership, although in the same stable must pay installment in full.

Two entries of the same ownership may start in the same race, providing the full 5% is paid on each starter, the drivers having the approval of the judges.

Eligibility based on U.S.T.A. money winning classification.

The Exhibition Association assumes no responsibility for any accident or damage to any person or property during this meeting, and this understanding is part of this contract.

Hay, straw and stabling free.

U. S. T. A. rules to govern, except where they conflict with these conditions. Be sure and bring your eligibility certificates and driver's license.

Entries close July 12th, 1939.

Frau Goering First Hostess Of The Reich

(By The Canadian Press)

BERLIN, July 5—Frau Emmy Goering, wife of Germany's No. 2 Nazi, Field Marshal Herman Goering, has climbed to a notch above her husband. She has emerged as Germany's No. 1 woman—the first hostess of the Reich.

Chancellor Hitler is using the 40-year-old former actress more and more as his official hostess. She was particularly in the spotlight recently during the state visit of Prince Regent Paul of Yugoslavia and Princess Olga. Standing beside the bachelor chancellor, Frau Goering received the guests at the state banquet.

At numerous other recent functions she has acted in the same capacity, and her success in the role seems to have solved Hitler's social problems to a great extent

Frau Goering's rise in prominence is said in Nazi circles to have strengthened her husband's position and her example is pointed to as proof of the great asset a wife can be even to one so high in official circles. This is well in line with the Nazi creed that all Germans should marry to raise sons and daughters for the Reich. The former actress is mother of a year old daughter.

Frau Goering's new task coincides with an interesting development in the life of the third Reich. Chancellor Hitler is entertaining more.

The Reich is having "coming out parties". Many of them are good politics—state visits with an eye to "selling" Germany to some foreign chief of state.

The Fuehrer believes he is providing Germany with talking points the old Germany lacked. Expensive parties are impressive and worth what they cost, in the Nazi view. That is why Bellevue Castle, in the heart of Berlin, has been fitted out for the use of Hitler's guests.

The world thinks of the 50-year-old chancellor as being at home only when haranguing a cheering crowd. But he is equally at home when receiving. He likes it. His artistic bent keeps him looking after dinner table details. Few other state chiefs take the time to bother about such things.

Hitler frequently upsets protocol —thus driving his foreign office experts to despair—by demanding that such and such a lady be seated beside him, regardless of rank.

Fertilizing Lawns

(Experimental Farms Note)

A lawn benefits materially from adequate fertilization in that the plant food supplied not only causes a greater growth of the species already present, but encourages the predominance of the better type of grasses than poor land will support. In New Brunswick the most successful lawn grass is Kentucky Blue Grass, states R. G. White, Dominion Experimental Station, Fredericton, N.B. Under a seven year test of fertilizing pastures at the Fredericton Experimental Station it was found that Kentucky blue moved from forty-second into third place as regards population; this under a system of close grazing. It is felt that a lawn well fertilized and mown at weekly intervals receives similar treatment and reacts the same as a pasture. These results were secured on a naturally poor and acid sandy loam.

Complete fertilizers have given better results than single elements used alone. The nitrogen stimulates the grasses, while phosphorus and potassium induce a luxuriant growth of white clover. While the acidity of the soil, except where limed, restricts the growth of clover, the fertilizer stimulates a luxuriant growth of blue grass. Some gardeners prefer a lawn without any clover in it because of the greater tendency for the legume to winterkill. Even where winterkilling occurs, the patches are more easily renovated where fertilizer is used.

The practice at present is to broadcast either a 4-8-10 or a 5-9-2 fertilizer each spring just before a warm rain, at the rate of two pounds to 1000 square feet of lawn. This may be done each year or biennially. As only grasses are desired at the Fredericton Station, the source of nitrogen is sulphate of ammonia, so as to keep the soil somewhat acid and discourage clover growth.

On smaller lawns where enough manure and compost are available, a thin coating of these materials has a wonderful effect. On the larger lawns that take a much larger quantity of fertilizing materials, commercial fertilizers have proved excellent substitutes for those other materials.

ADOPTS SUGGESTION

SAINT JOHN, N. B. —(CP)—The Theatre Guild of Saint John has decided to adopt a suggestion of George Skillman, English adjudicator, and bring a professional dramatic instructor to Saint John this summer. Under present plans the course would conclude with presentation of a three-act play.

Poultry Note

I had promised to call a good many poultry flocks as soon as my hatchery operations were through.

Owing to the rapid spread of Bronchial Roup it is not advisable for you to have me or anyone else who is handling poultry anywhere near your hens or chickens.
