LINES.

ON THE DEATH OF D. M. HOWARD.

Death comes with an impartial step
Into the homes of all;
Both high and low and rich and poor
Have to obey its call.
Thus from our midst a man esteemed
Has left this vale of tears,
For a glorious mansion in the skies,
Beyond earth's hopes and fears.

Through a sickness long and painful
His hope was ever stayed
On Him who died to save the world,
On whom his sins were laid.
Then it was gain to leave this earth
And enter Jordan's chilling tide;
With a look of joy upon his face
He calmly smiled and died.

Some time before his end had come
Death's messenger appeared,
And told him he must leave this earth,
That his journey's end he neared.
But she quickly vanished from his sight
To her abode on high,
From whence she came to warn him
That the hour of death was nigh.

One night as her he dearly loved
Was sitting by his side,
He heard sweet strains of music
Wafted toward him like a tide.
He was filled with joy unspeakable
As the bright and happy throng
Sang sweetly in the midnight hour
Their pure celestial song.

Thus the loved ones left behind him
Mourn not without a hope,
That they'll meet upon the golden strand
When with death they each shall cope.
There earthly trouble ceases:
No death upon that shore;
But all is happiness and peace
And joy for evermore.

News of the Fisheries.

HALIFAX, June 10.—Reports of cod fishing are somewhat discouraging. Weather unfavorable and bait fish scarce. Schooner Constitution did fairly well on a three weeks cruise, having caught 20,000 lbs. of cod, mostly on Middle Ledge, Bay of Fundy. Fair catches also reported from Cape Island and Sandy Point. Average catch at latter place 1½ quintals per man. Lobster catch falling off in Bay of Fundy and on the Shelburne shore, but increasing at points along Northumberland strait. mackerel are still being caught in small quantities along the western shore. The schools appear to be drifting northward. A few were taken in nets at Magdalen Islands and large schools were seen by schooner Soudan on Nusaine bank, while on her way from Newfoundland. Schools are reported in North bay, but none caught. Herring plentiful at Sandy Point, Shelburne, where bait may be obtained in abundance. Salmon fishing fairly good at Margaree.

The Height of Wood-Engraving.

Mr. W. J. Stillman, the art critic, writes to the New York *Evening Post* that M. Hebert, Director ot the Academic Franchise at Rome, "one of the most thoughtful of modern French painters, and perhaps the best representive still living of the great French school of art," says of Mr. Cole's engravings now appearing in the *Century*, that "he had never seen such work on wood, and did not suppose wood-engraving to be capable of it."

As was stated in the announcement of this series, the appearance of the engravings is in chronological order. Specimens of the work of such pre-Raphaelites as Cimabue, Giotto, Spinello, and others have already been shown; and while the reproductions of the paintings of these artists are of the highest value to art-students, the general public will be more interested in the later work, which is to include admirable specimens of the art of Perugino, Leonardo, Titian, Michael Angelo, Raphael, Paul Veronese, Correggio, Tintoretto, and many other well known names—the masters of the world's art. Leonardo's "Mona Lisa" and "The Jeweler," Titian's "La Bella." "The man with the gloves," and "The Entombment," Rembrandt's "Supper at Emmaus," Velasquez's "L'Infante Marguerite," and Albertinelli's "The Salutation," are among the engravings to come.

It is said that this series of pictures is being received with great interest in Italy, where are most of the originals which Mr. Cole has reproduced. All of his pictures are engraved directly from the originals, Mr. Cole doing his work in the galleries or churches in front of the paintings; and the great value of the series is in the absolutely faithful rendering which the engraver has given of the artists' work.

Population is so scattered in New South Wales that the failure of 60 per cent. of the voters to go to the polls at a recent exciting election, where the issue was between protection and free trade, is accounted for by the distance many would have to travel to cast their votes. In one case, where there was an omission in open polls at a given locality, the electors had to travel 200 miles or lose their votes.

ADVICE TO MOTHERS.— Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be ure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

☞ Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,

World's Dispensary Medical Association,
663 Main St., BUFFALO, N. Y.
