SEES GREAT POSSIBILITIES IN MARITIMES

Swedish Journalist Im- pressed With Agri- cultural Opportuni- ties Here.

MONCTON, N. B., July 16.—"That the Maritime Provinces would seem to have a great appeal from the viewpoint of agriculture to people from the Scandinavian countries," was the statement made by F. C. Biette, Superintendent of Colonization of the C. N. R. for the Maritime Provinces on his return from Montreal today where he had accompanied L. Persson, a Swedish journalist after touring the Maritimes. Mr. Biette said that Mr. Persson considered the Maritime Provinces particularly adapted to his countrymen for settlement. While in Nova Scotia, H. H. Congdon, Superintendent of land settlement for the Nova Scotia government, conducted Mr. Persson through the province and pointed out to him the possibilities of the various districts. The Colonization Department of C. N. R. in co-operation with the Department of Natural Resources of Nova Scotia arranged for Mr. Persson to visit the farming districts of the province in order that upon his return to Sweden he might give his countrymen first hand knowledge of Nova Scotia. Mr. Persson is enroute to Western Canada where he will investigate the conditions there with the idea of placing before his countrymen the merits of the various provinces of Canada for settlement.

Indians Appear For Trial

(Canadian Press)
PERTH, N. B., July 16.—Henry Perley and Charles Soules, Indian residents of the Tobique reserve, charged with the murder on July 6 of Frank Lolar, another Indian, appeared for preliminary hearing here this morning before Magistrate Hanson and were remanded to jail until July 24. Lolar's mutilated body was found lying on the railroad tracks here following the fatality. The two Indians charged with the offence were arrested by the provincial police and held for trial.

Fire Chiefs Of Maritimes In Convention

TORONTO, July 16.—In preparation for the firemen's tournament, representatives are pouring into the city from all towns in the Maritimes and the Housing committee is kept busy placing the men in hotels and private houses. In the vicinity of one thousand representatives from outside fire departments are expected to take part in the Maritime Fireman's Tournament that will open here on Wednesday morning with a big parade, followed by the horse races in the afternoon, and on Thursday the firemen's sports and boxing matches will be held. A visit to the shore will be the program of the last day of the tournament, Friday. Those present at yesterday's opening were: Hugh H. McLeellan, Fire Marshall of New Brunswick; William F. Duere, Fire Chief H. A. Gowe of Bridgewater, N. S.; Fire Chief L. M. McCallum, New Glasgow, A. Clarke Halifax; Fire Chief H. E. Oliver, Lunenburg; Ex-Chief Daniel Forbes, Truro; Fire Chief Thomas Ronaghan, Charlottetown; Captain D. A. Noble, Moncton; Honorary Fire Chief George Ackman, Moncton; Charles A. Cunningham, Saint John; Fire Chief H. A. Meserreau, Sydney, Cape Breton; Fire Chief George P. Rhyder, St. Stephen; District Fire Chief Thomas Armour, Saint John; Fire Chief Robert Stewart, Stellarton; Lieut. George McLaughlin, Stellarton; John A. Grattan, Moncton; Captain R. G. Carson, Saint John; Fire Chief W. S. Vaughan, Saint John, Capeh, Kenneth J. MacRae, of Saint John City Salvage Corps; G. A. Sackhouse, Saint John; Major J. A. Rudland, Fire Marshall of Nova Scotia, Halifax, N. S.; Captain L. S. Wright, Deputy Fire Marshall of Nova Scotia, Halifax, N. S.; F. B. Tanner, Representative of the LaFrance Fire Engine and Foamite Company of Canada; S. W. Carson, Moncton; W. T. Haskins, E. P. Meagher, Halifax; Ralph Power, Dartmouth, and Walter O'Brien, Moncton.

"Baseball, dancing and festival at Cherry Hill School, July 18th. If not fine, following night. 6715-7-17-21"

Return Of Mr. Bentley Features Prohib'n Meeting

A meeting under the auspices of the Temperance Alliance, addressed by Mrs. H. P. Newcombe of Halifax and by Rev. John Coburn of Toronto was held in the Market Hall last evening with an attendance of about 150. A surprising feature of the occasion was the chairmanship of Mr. W. E. Bentley who since his defeat in the Belfast constituency last summer has not reappeared on a Prohibition platform. "It was not my intention to be present at all this evening or to vote on Thursday next," said Mr. Bentley in explaining his resurrection. "Many may misunderstand me but no one need suppose that my attitude has changed. All that I said two years ago, I could repeat now. The issue then, was simple, but now the question has changed. The question on the ballot means 'Are you in favour of Prohibition as it is now law?' I can approve the principle of Prohibition, but there is much in its enforcement not to my satisfaction. During the past two years something has been done in the way of legislation which I much condemn." A personal element in the situation, a friend's request, declared Mr. Bentley, had persuaded him to come out from afar. Also have in stock quantity malagath hay salt and bluestone. Walter S. Weeks, Fredericton, 6730

FIVE KILLED IN CROSSING ACCIDENT

(Canadian Press)
WINDSOR, N. S., July 16.—Five persons were instantly killed at 6.15 p.m. today when the motor car in which they were riding was struck by the Dominion Atlantic Railway's Express, New York at Alken's Crossing, three miles from here. The dead: Charles H. Wright, Wolfville; his son, Graham, aged 11; a daughter, Jean, aged 16; his father-in-law N. W. Eaton, of Canning, and the latter's daughter, Mrs. Frank Neuston. A jury decided the tragedy was accidental and that no blame could be attached to the train crew.

VICTORIOUS IN FIGHT FOR RATIFICATION

(Canadian Press)
PARIS, July 16.—The Poincare government was victorious today in its fight for ratification of the Mellon-Berenger debt accord in the Chamber of Deputies. The first victory against the opposition was on a motion to postpone the question of ratification indefinitely, the government receiving 304 votes against 239, having made the motion a question of confidence. On the presentation of a new motion by the opposition for postponing ratification until the Young plan had been officially accepted and put into operation, the government again put up strong opposition for the second time making the matter one of confidence. M. Franklin Bouillon who made the motion, either convinced by the arguments of Foreign Minister Briand or feeling it was hopeless to fight against the government withdrew his motion, the Poincare government thus winning all along the line.

Will Visit Charlottetown

E. W. Beatty, Chairman and President, Canadian Pacific Railway who is visiting this Province while on his annual tour of inspection through the Maritimes.

SHIPPED TO NEW ZEALAND

(Special to the Guardian)
TORONTO, July 16.—Recently two young Canadian Ayshire bulls were shipped to New Zealand. The purchaser, David Buchanan of Palmerston, North, New Zealand, passed through Canada on his way to Scotland, and he got a Scott warrior firely from W. Clark, estate herd at Shawbridge, Que., and Bois De La Roche Silver Star from the Bois De La Roche (W. W. Skinner) herd at Sennerville, Que. A Canadian National Steamship's boat is taking these animals as well as a Yorkshire boar and a Yorkshire sow, from the W. Clark estate direct to Wellington, New Zealand, via the Panama Canal.

Mrs. H. P. Newcombe, the first speaker spoke of the social changes in morals and propriety which have occurred in history, declaring that every age has felt the impact of new adjustments and readjustments. The problems of our own era, she said, are the elimination of war and the legalized liquor traffic. She dealt at length with the work of Wilberforce and the emancipation of the slaves in the British Empire, showing the lack of faith in his age in any possibility for the consummation of his work. Vision is required in our age, if the two great problems are to be solved. Prohibition, Mrs. Newcombe claimed, is based on scientific truth and knowledge. Government Control is a huge success—from the standpoint of the brewers and distillers only. "The front-line trenches of the battle in Nova Scotia are in Prince Edward Island," declared Mrs. Newcombe. "That is the chief reason why I am here. Your problem is not one of change, but of law enforcement, and it is up to you to see that the Government does its duty." Speaking of Canada's relations with the United States, Mrs. Newcombe declared, "I blush with shame when I think of the obstacles Canada has put in the way of United States law enforcement." Rev. Mr. Coburn, the second speaker of the evening, first took up what he called "the personal liberty argument." Personal liberty and civil liberty are irreconcilable, Mr. Coburn claimed. There is really no such thing as personal liberty. "Would anybody suggest," asked Mr. Coburn, "that the Government should take control of the stealing

39 DROWNED

(Canadian Press)
VALPARAISO, Chile, July 16.—Only one man of the crew of the Chilean transport Adios survived the sinking of the vessel off this port today. Thirty-nine others drowned. A severe storm had raged over southern and central Chile all day and was particularly bad off the ports of Valparaiso and San Antonio. At noon this transport radioed an appeal for help and several ships started to its aid. The ship sank almost at once, however. The close of his speech dealt largely with conditions in Government Control provinces.

FLIERS EN- ROUTE TO CH'TOWN

(Canadian Press)
FREDERICTON, N. B., July 16.—Illustrating the fact that Fredericton and the Saint John River here are becoming increasingly popular as a landing base and re-fueling centre for airplanes flying between Saint John and Halifax and the province of Quebec was the visit here last evening of two planes from the Montreal Seaplane Club. The machines which left Murray Bay, Quebec, yesterday afternoon, alighted on the river here about 7 p. m. and took off for Saint John at noon today. One of the planes bears the identification letters H D Q and is piloted by J. B. Frost, with W. Noble Birks as passenger. The other machine, CF-ADC, has B. Cushing as pilot and L. C. Thompson as passenger. The Montreal fliers are on a three thousand mile air tour of the Maritime Provinces and eastern United States. They will spend the day at Saint John and after a round of golf will take the air to Charlottetown, P. E. I., with Bras D'Or Lakes and Halifax, N. S., as their next objectives. St. Andrews, N. B., will be visited and state of New York before the return flight is made to the Canadian metropolis. They state the Saint John River was one of the best seaplane "arteries" in Canada. Landings may be made almost everywhere except at Grand Falls.

CONDITION IS SATISFACTORY

(Special to the Guardian)
LONDON, July 16.—The Prince of Wales gave a reassuring word on the King's condition in a speech this afternoon at the inaugural luncheon of the International Aero Exhibition. "I know that you will be pleased when I tell you that I had some definite conversation with the King this morning," the Prince declared. "He has stood the operation extremely well and was very pleased when I told him I was coming to see this exhibition."

ULTIMATUM EXPIRES TODAY

(Special to the Guardian)
TOKYO, July 16.—Although Moscow's ultimatum expires tomorrow, reports from China indicate that the Chinese apparently are going ahead with their assumption of control of the Chinese Eastern Railway without much belief that Russia will resort to force of arms. Recent dispatches from Harbin state that the Chinese are busy cleaning up all details and taking over all railway property as well as closing all houses hitherto occupied by Soviet employees and confiscating Soviet concessions in the railway zone. Much interest has been introduced in the visit of M. Serberianov, appointed by the Russian government to negotiate in the affairs. The Russian representative is expected in Harbin on July 17, but there is not much belief apparent there that he will be able to alter the situation. He arrived at Irkutsk by air today and immediately left by train for Harbin. Reports from Vladivostok by way of Harbin told of a demonstration against the Chinese consulate there, the populace hurling stones at it and shouting insults. Officials in Harbin as well as in Nanking were reported to have the news of the Russian ultimatum, demanding a conference on the seizure of the railway without surprise and in a matter of fact manner. General Chang Ching-Hui, governor of the Harbin district, urged new and old employees of the railway to remain faithfully at their posts and disregard all rumors. He also prohibited them from joining any secret labor union or similar organizations.

78-54 Quebec, fair 78-54 Montreal, clear 84-62 Charlottetown, clear 82-60 Halifax, clear 72-56 St. John, fair 76-58 Boston, cloudy 78-63 New York, clear 76-63 High tide this evening at 8:35 and tomorrow morning at 7:30. Sun sets this evening at 7:16 and rises tomorrow morning at 4:26. Full moon Sunday, July 21st, 2:57 p. m.

STATEMENT IS DENIED

(Canadian Press)
OTTAWA, Ont., July 16.—Emphatic denial was made by Hon. W. D. Euler, Minister of National Revenue, today of the published statement of G. S. Robinson, dismissed preventive officer at Halifax that he had not been afforded an opportunity of defending himself at the investigation being conducted into the preventive service on the Atlantic coast. Robinson, in his statement, said he had been made the "goat" of the enquiry. "The statement of Robinson that he had not been permitted an opportunity to defend himself, is not true," Mr. Euler declared. "I am informed by Inspector E. Lennie of the department who is conducting the investigation with Assistant Commissioner G. P. Blair that Robinson appeared before both the assistant commissioner and Inspector Lennie and gave him his evidence."

WHEAT PRICES ADVANCE

(Special to the Guardian)
OTTAWA, July 16.—Holders of the 110,000,000 bushels of Canadian wheat, stored in terminal and country elevators throughout the dominion made something like \$11,000,000 today. With all the spectacular features of a wartime market, prices shot up, scoring a net gain of 11 cents per bushel on the day's trading as compared with Saturday. There are 110,000,000 bushels of wheat in storage, as compared with 92,000,000 bushels a year ago. Since June 15, a month ago, prices have advanced 50 cents per bushel for July wheat, representing an increase in value of \$55,000,000 to the holders. A year ago, July wheat was selling at \$1.32 1-2 per bushel. Today it closed at \$1.66 7/8. The Canadian wheat pool was recently severely criticized for holding large stocks, their critics saying they had been caught badly, with Argentine wheat coming on the market. Their 50,000,000 bushels has increased in value by \$25,000,000 in the last 30 days.

ANNUAL MEETING

SAINT JOHN, N. B., July 16.—The 49th annual meeting of the New Brunswick Medical Society opened here today with the president, Dr. C. J. Veniot, Bathurst, in the chair. The sessions are being held in the lecture room at the nurses home of the General Public Hospital.

A test shipment of 2400 fifteen-pound sacks of "Chief Potatoes" potatoes, top brand of the Michigan Potato Growers Exchange, was made to Buffalo, N. Y. The potatoes were shipped to F. P. Coward & Son, commission house, which redistributed the stock among local dealers. The potato exchange ran a sixty by ten inch advertisement in the Buffalo
