Pimples And Boils.

The nasty little pimples that come on the face and mar the beauty, as well as the painful boils which often cause so much suffering, are simply evidences of the bad blood within coming to the surface. When you take a bottle or two of Burdock Blood Bitters these all disappear, because the impurities which caused them are completely removed from the system by the powerful blood purifying properties of B.B.B.

Miss Agnes Bowman, Perry Station, Ont., writes: "I have been a sufferer from boils and pimples on my neck and face for many years. Last December I began taking Burdock Blood Bitters, and after finishing two bottles they all disappeared and have not bothered me since."

WARREN'S POND, Long River, is fast becoming a close rival of Dunk River. Mr. S. F. Tarbush, of the High Grade Ar. Co., who has been spending a few days roustabouting in that neighborhood has in that time succeeded in capturing 50 doz. trout—many of them quite large. Messrs. Davison & McInnis, of Burlington, bagged four trout a day or two ago, two of which tipped the scales at 7 1/2 lbs.

Mrs. REID LEWIS, of West Summerville, Mass., who with her daughter has been visiting her sisters, Mrs. Alex. Allen, Summerside, and Mrs. Smith, Hampton, left on return for home yesterday morning in response to a telegram stating that her husband and son has been seriously hurt. The latter it is feared fatally. From the meagre information received it appears that Mr. Lewis and his son were driving near their home in Summerville last Wednesday when their carriage collided with an electric car. Both were thrown out with the above results.

A DIABETES CASE.

Thomas Harrison, of St Mary's Ferry, N. B., Cured of Diabetes by Dodd's Kidney Pills

The Only Medicine that will Cure Diabetes—Mr. Harrison finds it—Dodd's Kidney Pills is the name and similar names are worthless imitations.

St. Mary's Ferry, N. B., Aug 23.—Mr. Thomas Harrison, of this town, is one of the many in the province of New Brunswick, who have been rescued from the clutches of Diabetes by Dodd's Kidney Pills. Diabetes has been incurable for centuries, but the beginning of this decade saw a remedy discovered and introduced that could master it. The remedy is Dodd's Kidney Pills, which will cure any disease of the kidneys whatsoever. Dodd's Kidney Pills form the original kidney cure, and the best of others now on the market are imitations.

Mr. Thomas Harrison, of St. Mary's Ferry, York Co., N. B., says: "About a year ago I began to suffer from pain in the back, accompanied by lethargy impossible to overcome. I employed a Fredricton physician, who named my disease as Diabetes, but in spite of his treatment I grew worse and began to pass blood. About this time an anxious friend advised me to use Dodd's Kidney Pills, and by the time I had finished the first box I passed a stone of unusual size which is now in the doctor's possession. I began to feel better at once, and you may judge of my gratitude for my escape thus promptly and safely. Having taken only three boxes I am most happy to say that I am completely cured without signs of any return of the trouble. Dodd's Kidney Pills are fifty cents a box six boxes for \$2.50, or will be sent on receipt of price by the Dodds Medicine Co., Limited, Toronto.

Maxwell Binder

The lightest draft, most easily handled, more capacity and most successful machine in the market

Following are a few of the points wherein the Maxwell excels, and a close examination will show you many others impossible to describe, but which you will readily see by a close comparison with other binders.

1. MAIN FRAME.
 The main gills are made of tubular steel, which is at once the strongest, the stiffest and lightest form that can be used. The whole frame and Cutter Bar is composed of angle and channel steel, specially manufactured for us, and every casting about it is made of malleable iron.

2. CUTTER BAR
 It will be observed the guard runs closer to the ground than on any other machine, and the knife also runs closer to the canvas. For handling short thin grain, these are necessary advantages. The table bottom is made of steel plate, riveted and bolted to bar.

3. TABLE CONNECTION
 While the majority of others use cast iron for connecting table to frame, on the Little Maxwell you will find a Channel Steel Bar. This makes a most durable and rigid connection and one that never can fail. Like many other parts of the machine, it is much more expensive than that used by others; but, if you take into account the increased durability, it more than compensates for any additional cost.

4. MAIN WHEEL.
 Strongest and Best Wheel ever used in a Binder. Out of all the Maxwell Machines manufactured, not a single wheel has ever failed.

5. KNOTTER.
 In a Knotter, what is required is something simple and sure. These important points are found in the Maxwell Knotter. There is no plunger bolt nor bevel or other wheels used to operate the disc, the whole being done from the single cam. Everything goes in unison, and to miss trying on a Little Maxwell is a very unusual occurrence. Testimonials have been received from purchasers, who claim to have gone through the whole harvest without missing a sheaf.

6. RIGHT HAND CUT.
 The Little Maxwell is the only binder on the market having this advantage, which will be appreciated by all farmers as the most natural and easy method.
 Now is the time to secure the machine of your choice
