Give it an INCH and watch it take the MILES!

Just a nudge of your toe . . . and there's nothing but pleasure ahead. Now's the time to discover how the frisky new Chevrolet *loves* to travel.

Drive the new Chevrolet — and get ready to reach for your road maps. There's something about this car that starts you dreaming of those exciting places that always seem to be across the country from where you live.

The fact is, Chevy's got an itch to travel — and it's catching. Nothing serious, you understand. You just want to pack your bags and start putting the miles behind you.

Because Chevrolet covers the miles as only a truly great road car can. That's something you sense instantly in its hill-flattening horsepower, in its solid sureness of control on curves and rock-steadiness on the straightaway.

These are the things that give Chevrolet — and you — an urge to go places. And they make the going sweeter and safer. Your Chevrolet dealer will be happy to show you what a tall traveller this new Chevy is! Is your family all set for the fun?
