WILLIAM FORGAN.

Feb. 7th, 1854.

## PERRY'S HUNGARIAN BALM

### For Restoring Preserving and Beautifying the Hair.

THIS elegant preparation is an efficual remedy for Baldness, or falling off of the Hair It prevents and completely eradicates Scurf and Dandruff, strengthens the Roots of the hair; causes it to grow luxuriantly; gives it a fine soft and glossy appearance, and prevents it turning gray. The Hungarian Balm is a purely Vegetable compound, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the hair. It acts directly upon the skin, cleansing and purifying it from all unhealthy secretions, thereby restoring and preserving the accumulation of scurf, dandruff and other impurities, which so frequently cause premature decay and ses of the hair.

The Hungarian Balm is especially adapted to ladies' use; and those who have tried the various cleanginous mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation. Instead of matting and tangling the hair, (which is more or less pulled out in the process of combing,) it leaves it free and clean; promotes a natural moisture, and imparts a beautiful dark and glossy appearance. Try it at once and you will be convinced of its superiority over all other compounds for the hair.

Much more might be said in favor of this inestimable compound, but it is deemed unecessary. The proprietor feels confident that one trial will convince the most incredulous of its rare and manifold virtues. Therefore,

If you have lost your hair and wish to restore it,

If you are losing your hair and wish to preserve it,

If you are troubled with Dandruff and wish to remove it,

If you have any humour of the Scalp and wish to cure it,

If you are troubled with Nervous Headache and wish to cure it,

If you have hair eaters at the roots of the hair and wish to destroy them,

If you have harsh dry and wiry hair, and wish it to become soft, pliable and beautiful as silk; and if you wish to preserve rich, graceful and luxuriant tresses to the latest period of life, use PERRY'S HUNGARIAN BALM.

Price 25 and 50 cents, in large bottles.

Sold also by M. W. SKINNER, and T. DESBRISAY

## The Renowned Remedy!

## HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

*Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.*

To Professor HOLLOWAY,

Dear Sir,—Mrs. Sarah Dixon, of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c', she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,
(Signed) J. NOBLE.

Dated August 12th, 1852.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

*Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.*

To Mr. DIXON.

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walter, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months; there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

*Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Manchester, January 12th, 1853.*

To Professor HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr Martha Bell, of Pittstreet, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this distressing painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was truly astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was entirely allayed.

I remain dear Sir, yours faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

| | | | |
|---|---|---|---|
| Bad Legs | Cancers | | Sore-throats |
| Bad Breasts | Contracted and Stiff | | Skin diseases |
| Burns | Joints | | Scurvy |
| Bunions | Elephantiasis | | Sore-heads |
| Bite of Mosquitoes and Sand Flies | Fistulas | | Sore-nipples |
| | Gout | | Soft Corns |
| | Glandular swellings | | Tumours |
| Coco-bay | Lumbago | | Ulcers |
| Chiego-foot | Piles | | Wounds |
| Chillblains | Rheumatism | | Yaws. |
| Chapped hands | Sore legs | | |

Sold at the establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar,) London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s 3d, 3s 3d, and 5s each.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

GEORGE T. HASZARD Agent.

## World's Fair PRIZE MEDAL SOAPS!

THE HIGHEST PREMIUM HAS BEEN awarded by the Mechanic's Fair, Boston; American Institute, New York; and World's Fair, Crystal Palace; to *BECK & CO., Boston, Mass.*, for the Celebrated Toilet Soaps, Creams and Perfumery. Beck & Co manufacture every variety of Toilet Soaps unequalled and of the highest and most admired perfumes—

Mrs. Partington's Toilet Soap. This beautiful TOILET SOAP, possessing in its composition the combined virtues of the vegetable kingdom to cleanse, purify and preserve, by permission dedicated to Mrs Partington by her obd't serv't.

Boston, January, 1854. Beck & Co.

*Mrs Partington to the Proprietors.*

Gentlemen :—In the education of your beautiful and flagrant soap to me, as a mark of a steam, is very pleasant. From my experience in roots and herbs, in forty years that I have been a nurse, I must say that I never made any hair as good and I will recommend it to my young freinds all over the world for their twilight tables.

her
RUTH W PARTINGTON.
Boston, Jan., 1854. mark.

ALSO,

*Extract Perfumes for the Handkerchief*—which, for delicacy of fragrance and lasting odor, are pronounced by Chemists and those who have tested them to be superior to the best imported article.

*Purified Ox-Marrow with Ex. of Rosemary,*—for preserving and dressing the Hair. This article is so prepared as not to become rancid, and is free after being put on the hair from all disagreable odor.

For preserving the Hair, restoring it where bald places appear, and causing it to retain beauty and lustre to old age—

*Dr. Adam's Colcestin Ambra.*—An article that has gained a reputation by the really excellent qualities it possesses for the purpose intended.

Particular care is taken in PREPARATIONS FOR THE TEETH. Experience has proved that the most efficacious means to preserve the enamel on the Teeth is a paste chemically prepared in soap—and to meet the wants of those who prefer clean teeth and firm Gums, is their *Saponary Tooth Paste* an article that has achived the highest encomiums from scientific Dentists and Physicans.

Also *Cooking Extracts*, for flavoring Pastrys, Jellys, etc, etc, which will be found pure in their compound, and such as will suit the taste of the most delicate. Also—*Boston Chemical Washing Powder*—admired because it makes washing easy and pleasant.

## PROCLAMATION

TO THE

## Good People of P. E I.

PROBABLY there is not a family in your Province but what some members of it are more or less afflicted by Humours or Chronic Affections. As a remedy for these various complaints, there are such numerous preparations brought into the market, but all of them of little or no good. But there is a discovery which has recently been made in chemical analysis that is wonderful in its operation. It has been long enough tried and we have proof sufficient to satisfy—all from men holding the highest offices in the people of the United States and Great Britain, that it will do just what it is recommended. It is DOCTOR HAMPTON'S VEGETABLE TINCTURE. The medicine is composed from the Vegetable Kingdom and may be used by any person without injurious consequences. By a wise choice and combination of some of the best of nature's first class of co-operative simple remedies, it fully reaches all the essential organs of the human system and there it has proved itself so effectually curative of the WHOLE ROUND of human diseases.

*Over two million bottles have been sold in the north and east during the last five years.*

Three to five bottles is warranted to cure the worst case of *Rheumatism*.

Two bottles will check the worst case of *Dyspepsia*.

Three bottles are warranted to cure the severest case of *Erysipilas*.

Five to eight bottles will cure the worst case of *Scrofula*.

One to two bottles is guaranteed to cure the worst kind of *Pimples on the Face*.

Two to three bottles is warranted to cure the worst case of *Ring Worm*.

Three bottles are a certain remedy for the *Piles*.

Five bottles will cure the worst case of *Gout*.

Three to five bottles has never failed to cure the worst case of *Liver Complaint*.

Five bottles will cure the worst cases of Cough, Consumption, General Debility, Asthma, &c.;

AS A FEMALE MEDICINE it has no superior.

We could give hundreds of cases where the cures were truly wonderful, but we request all to get a pamphlet and read the hundreds of certificates of its cures *Price $1,00 per bottle.*

## Washing made easy and Pleasant

BY USE OF BOSTON

## Chemical Washing Powder.

THIS WASHING POWDER IS WHAT DOES THE WORK!

OH DEAR!! IT IS SUCH HARD WORK TO WASH

THIS Powder, prepared by a practical Chemist, is a superior article for Washing Clothes. The process of using is simple and easy, and cleanses without injury to the finest fabric. One package of this Powder will make two gallons of soft soap, superior in quality for all domestic uses.

Nothing exceeds this powder, which has been made into soft soap for removing grease spots from woolen clothes and carpets.

☞ Directions on each package of the Powder which, if followed, will, give, after a fair trial, general satisfaction.

W. R. WATSON,
General Agent for P. E. Island.

Sold also by M. W. SKINNER, and T. DESBRISAY.

June 15, 1854. 6m.

## AYER'S PILLS.

FOR ALL THE PURPOSES OF A

## FAMILY PHYSIC

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the cover of disease to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Dizziness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Flatulence, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, say not every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the vigor of the vital functions of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but no injurious dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available for mankind. With such virtues as once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
