The Guardian may be bought daily at any of the following stores in Summerside:—
Bell Bookstore, Water St. — Gourlies Drugstore, Water St.
Toronto Bakery, Water St. — Mark Gaudet, 67 Granville St.

The Guardian will be delivered daily to any home in Summerside by Carrier Boy at 2c per day or 10c per week. Phone 289-1 for this service or give your order to the boy responsible for deliveries on your route.

—This column is reserved for news of local interest but advertising of local interest but advertising of a newsy nature may be inserted at 4 cents a word strictly payable in advance.

—ROBIN HOOD and Calgary Select Flour the popular brands at your dealers. L-1075-7-28-tf

—BUY cross cut saws and handles at Brace's. L-464-10-17-2i.

—FREELAND LODGE will hold the last dance for this season on Wednesday night, Oct. 19th. Another balloon contest and three door prizes. A big night's sport for everyone. L-450-10-15-2i.

—ASH indian axe handles in stock at Brace's. L-464-10-17-2i.

—DATES SET—The Borden Fox Show will be held on Nov. 21-22-23, these were the dates set at the recent annual meeting of the Directors of Borden Fox Show.—S

—ELIMINATE cold weather auto troubles with Brace's new Champion Spark Plugs, Monarch heavy duty battories, Mobiloil light motor oil and Prestone anti-freeze. L-408-10-15-2i.

—KICKED BY HORSE — Willard the five year old son, of Mr. and Mrs. Mark White of Summerside had the misfortune to be kicked by a horse when he wandered away from his home on Thursday evening. The little boy was taken to the hospital where it was found that his shoulder blade was broken. The little fellow is doing nicely.—S.

—DEATH OF MR. WILLIAM L. WELLS—There passed away at his home in Freeland, Lot 11, last Sunday, Mr. William L. Wells at the advanced age of 87 years. Mr. Wells was a native of Alberton and had resided there until six years ago when he removed to Freeland. He was well known and most highly respected. He leaves to mourn his wife, one son Earle and one daughter, Mrs. Sharkey, of Freeland. Also two grandchildren. The funeral was held on Oct. 10th., at Alberton, Rev. W. J. Phillips conducting the service.—S

—CELEBRATES 88TH BIRTHDAY — Friends and neighbours of Mrs. William Schurman of Schurman's Point, gathered at the home of her daughter, Mrs. Chester Rowness on Friday evening to assist her in the celebration of her 88th birthday. After the guests had assembled a message of greeting was read from Rev. G. Emerson Guests, who was unable to be there. Mrs. Clark McQuarrie then read an eloquent address to Mrs. Schurman expressing their pleasure at being present on this auspicious occasion. Little Miss Frances Waugh made the presentation of a handsome gift, which Mrs. Schurman graciously acknowledged. A pleasing coincidence was that the birthday of Rev. J. W. A. Nicholson of North Tryon, was also on that day and Rev. W. M. S. of his church took the occasion to offer him congratulations which were expressed in a brief address read by Mrs. McLarne, which was accompanied by a purse presented by little Miss Georgie MacQuarrie. Rev. Mr. Nicholson made a very happy speech thanking one and all on behalf of himself and Mrs. Schurman for their good wishes and generosity. A social hour followed by refreshments brought the evening to a close.—S

ACCIDENTAL DEATH, VERDICT

TAMACHICHE, Que., Oct. 16—(C.P.)—A verdict of accidental death was returned tonight by a coroner's jury investigating the deaths of five persons killed when a light truck was struck by the Crack Canadian Pacific Railway train Frontenac on its run from Montreal to Quebec today. The verdict exonerated engineer Alfrid Noel of Quebec and fireman Georges Premont of Quebec from all blame in the crash at a level crossing just outside this town 20 miles west of Three Rivers.

HOMES OFF FLOOR TO WIN

NEW YORK, Oct. 16—Sonny Jones, 147, of Vancouver, B. C., floored in the second round last night but got up to knock out Al Holmes, 144 1-2, of New York at 2:48 of the sixth round of their scheduled 10-round bout.

NOTICE TRUCKS

A meeting of all auto truckers Prince County will be held in Summerside Tuesday, Oct. 18 at 8:30 p. m. Place of meeting will be announced over radio. Please attend. It's important.

L-475.

—BREWER'S Yeast Tablets 79c at Taylor Drug Co., Kensington.

—CHICKEN SUPPER in North Bedeque Church hall on Thursday, Oct. 20th. from 5 to 8. Supper 20c and 35c. L-473-10-17-2i.

Mt. A. Graduates To Teach In German Schools

SACKVILLE, N. B., Oct. 16—Two graduates of Mount Allison University will sail on the M. S. New York from New York City on October 20 for Hamburg, Germany, where they will separate to spend he next year teaching in German schools. Miss Geraldine Fulton, B.Sc. Class of '38, Mount Allison University, from Sydney, N. S., will teach at Droste-Hulshoff, Schule, Oberschule f. Madchen, Berlin-Zehendorf, while James Gibson, B.A., Class of '38, Mount Allison University, from Moncton, N. B., will teach English at Hermann Lietz-Schule, Schloss Bieberstein-Rhon Kreis Fulda.

Through Mount Allison University and the Department of Intelligence and Public Relations, Board of Education, Whitehall, London, arrangements were made for Miss Fulton and Mr. Gibson to teach in Germany on the exchange plan with the German Academic Bureau. It is customary to send graduates from English Universities to Germany on the exchange plan but through special arrangements Miss Fulton and Mr. Gibson were accepted They will leave for New York City the first of next week.

Miss Fulton received high honors in mathematics with her Bachelor of Science degree last May and during her three years at Mount Allison was an active member of several of the Campus organizations and was a member of the Cape Breton Club executive Mr. Gibson was also active in the Campus social life and was President of the Mount Allison Little Theatre Society last year.

DEATH OF

(Continued from page 1)

London clinic where he died. She is suffering from a broken ankle. Prime Minister Chamberlain visited his Minister there after his return from Munich at the beginning of the month.

During the Great War, Lord Stanley served as an officer in the Grenadier Guards. He was wounded in action and decorated with the Military Cross.

Like his father, he was an enthusiastic horseman and his filly "Quashed" won the Oaks at Epsom Downs in 1935 and the Ascot Gold Cup in 1936.

Lord Stanley's death was announced at the morning services at the village church in Knowsley, Lancashire the country home of the Derby family. Members of several generations of the family have been buried in the vault under the church.

Wherever he could get away from his official duties in London Lord Stanley loved to return to the scenes of his boyhood in the Knowsley region. He would walk to the church and join in the service with the villagers, most of whom were laborers on the Derby estate.

One of the great occasions in the life of the village is the annual cricket match between the Earl of Derby's household and "the vallage lads." Lord Stanley and other members of the family delighted in taking a part in the game.

It was believed funeral services would take place in Knowsley on Thursday.

The death of Lord Stanley "will be a great shock to the people of Canada who so recently had been happy to welcome him as an honored guest," Canadian High Commissioner Vincent Massey said tonight.

"Brief though his visit was, the Canadian public were made fully conscious of those qualities of simplicity, charm, sound judgment and devotion to duty characterizing Lord Stanley in all his relationships," he added.

"The Empire has lost a public servant who maintained to the ful measure his great family tradition of service to the Crown."

GOV'T MEMBERS SHOCKED

OTTAWA, Oct 16—(C.P.)—News of the death of Lord Stanley, Secretary of State for the Dominions, shocked members of the Government tonight. Only a few weeks ago he was in Ottawa in the course of a Canadian holiday and was entertained at a Government dinner.

Prime Minister Mackenzie King, who personally greeted Lord Stanley when he arrived here on his way to open the Canadian National Exhibition in Toronto, and who was his host at the Government dinner, is in Bermuda.

Justice Minister Lapointe, acting Prime Minister, issued a statement which said: "All Canada will learn with sorrow that Lord Stanley's promising career has come to so tragic a close."

Lord Stanley, with his family, came to Canada late in August. He had accepted an invitation to open the C. N. E., a function performed by his grandfather when Governor General of Canada 50 years ago.

The Dominions Secretary was still suffering the effects of his leg injury when he reached Canada and walked with difficulty, but he had hopes the holiday would hasten his recovery. He had planned to visit the Rocky Mountains and to make an airplane visit to Newfoundland. He became ill, however, and was forced to cancel many speaking engagements and return at once to England.

Group Meeting Of W. M. S.

A group meeting of the W. M. S. of the Presbyterian Churches of the Western part of the Island was held in the Presbyterian Church, Kensington on Oct. 13th at 2 p. m. There was a good attendance, nine auxiliaries being represented.

Mrs. Robert McNutt, Vice President, of the Presbyterial presided and opened the meeting with a call to worship, by singing 599. Mrs. Larkin of Toronto led in prayer. Mrs. Jardine read the Scripture lesson from Romans 10.

Rev. W. O. Rhoad very cordially welcomed the ladies. Mrs. Larkin spoke words of encouragement and said there was no better organization in the world than the W. M. S. Rev. VerWolf gave an interesting account of the meeting of the Synod at New Glasgow, N. S., and said that although much good work had been done, we need to make greater efforts, not only at home but in the great missionary cause of the world.

Mr. Jardine a former deaconess at Chalmers Jack Mission, Sydney, N. S., told of the splendid work of the deaconesses there, in Sunday School work, Cottage Prayer meetings and many other duties that came their way.

A solo was pleasingly rendered by Mrs. George Pickering, Summerside. Mrs. Ellis of Tyne Valley offered prayer. Rev. Mr. Detlor of New London gave an inspiring address on the Holy Spirit and Foreign Missions.

At the close of the meeting refreshments were served by the members of Kensington and Freetown auxiliaries.—S

Churchill Makes Vigorous Reply To Nazi Leader

LONDON, Oct. 16 — Winston Churchill, answering Chancellor Hitler's accusation that he was a warmonger, tonight called upon world democracies to form a common front against "moral and military aggression" of the dictators.

"The preponderant world forces are upon our side, said Mr. Churchill, Britain's First Lord of the Admiralty during the Great War. "They have but to be united to be obeyed."

Churchill, altng with Anthony Eden, former Foreign Secretary and Alfred Duff Cooper, former First Lord of the Admiralty, were charged by Hitler in a speech at Saarbruecker on Oct. 9 with being men who "like to make war." Both Eden and Duff Cooper quit Prime Minister Chamberlain's cabinet because of his foreign policy.

"We must arm", Churchill said in his speech which was not carried by the British Broadcasting Corporation for homeland listeners, though BBC shortwave facilities were used to transmit it to North America.

He said France and Great Britain bowed before Hitler's demands for Czechoslovakia's Sudetenland, but that they with the other democracies should halt the forward march of dictators.

"If through an earnest desire for peace we have placed ourselves at a disadvantage, we must make up ftr it by redoubled exertions and if necessary by fortitude in suffering," he said.

"We shall no doubt arm.

"Is this a call to war? I declare it to be the sole guarantee of peace.

"The swift and resolute gathering of forces to confront not only military but moral aggression; the resolute and sober acceptance tf their duty by the English speaking peoples and by all the nations great and small who wish to walk with them; their faithful and zealous comradeship would almost between night and morning clear the path of progress and banish for all our lives the fear which already darkens the sunlight to hundreds of millions of men."

He said Czechtslovakia might have been saved from the partition to which she was subjected by the four-power accord at Munich.

Defence Efforts Pushed Despite Limitation Talk

LONDON, Oct. 16—(AP)—Great Britain pushed forward on the road to greater armaments and defences today, coldly indifferent to suggestions of an aviation limitation pact with Germany.

War Secretary Leslie Hore-Belisha who announced a hope of doubling in the next year the nearly 50,000 men operating anti-aircraft guns and supplementary equipment, with the necessary guns now in mass production, was spurred by B. H. Liddell Hart's slashing criticism of London's anti-aircraft defences.

Liddell Hart, a military expert and writer, declared to the emergency youth peace conference, that "barely 100 guns" were available for London's defence against air raids during the crisis over Czechoslovakia.

Comparing London's defences with those of Paris, he said the latter was ringed with 700 guns and that moreover, London's defences were "improvised with various weapons much more dangerous to civilian life and property than to attacking aircraft."

Under the circumstances, he said, the surrender of Czechoslovakia at Munich was justified.

Meanwhile, the reaction in authoritative quarters to what was termed "feelers through press and otherwise" suggesting that Britain accept an air pact with Germany making the Nazis supreme in the skies was unfavorable.

Ship Enroute Here Disappears Without Trace

The S. S. Haveman with a cargo of European hard coal for dealers here has been given up for lost, it was learned over the weekend. The ship is 16 days over due in Charlottetown and all efforts to contact her by wireless have failed. The Halifax Agents, A. T. O'Leary & Co., have been making attempts to locate the ship by wireless since the first of October.

The vessel is only a little more than a year old and is Norwegian owned. No word has been received of her since she sailed from Rotterdam on September 17. Ordinarily the voyage takes about 12 days, it was said.

The ship was carrying a cargo of hard coal for W. D. Gillis & Co., and H. R. Large & Co., Charlottetown. Since the ship has been given up for lost a second cargo has been ordered.

Govt. To Shelve

(Continued from page 1)

and were explained in detail to civil and military authorities in the Holy Land.

Sir Harold was faced with a undant evidence of persistent death and terror which has inflamed Palestine since the ambushing of a bus began a reign of bloodshed last July 5.

There has been thousands of casualties. Unofficial estimates placed the toll since Oct. 1 alone at 358 persons killed, including 270 Arabs and eight Britons.

Sir Harold was believed to have been invested with wide powers to deal with the Arab revolution as a consequence of his trip to London.

Inter-racial tension was acute and reports reached here from Cairo that there was a possibility the Arabs would declare a "holy war" not only against Jews in Palestine but also against all foreigners.

In Jerusalem's old city a bomb wounded a policeman resulting in a gun fight in which two other persons were wounded.

Another bomb exploded within the sacred precincts of Omar's Mosque injuring several Arabs and giving rise to angry rumors that the British or Jews were trying to damage Islam's third holiest shrine.

The 800-mile oil pipeline from Iraq to the Mediterranean coast was cut again last night in the same vicinity where recent repeated attacks have been made.

Fresh Outburst Against Jews In Vienna

(A.P. By Guardian's Special Wire)

VIENNA, Oct. 16 — The Vienna edition of Reichsfuehrer Hitler's Voelkicher raised the question today of "millions of marks" worth of Roman Catholic church property in Austria which "it does not seem easy to socialize and in some way make useful to the community."

(The mark is valued at 40 cents.)

The newspaper in a full-page attack said foundations and cloisters hold more property than "any layman, even more than the state."

Its title was "Rich Churches—Poor People" and the occasion was street collection day for the Nazi party's wonter relief fund.

Coincident with the Nazi-Catholic differences, which flared into a Nazi attack Oct. 8 against the palace of Theodor Cardinal Innitzer and slight wounding of the Cardinal, there has been a new wave of anti-Semitism against the some 220,000 Jews who still remain in Vienna.

Windows in 20 buildings—synagogues, private dwellings and some stores operated by Jews—were smashed in the past two nights.

The interior of one small synagogue was demolished last night.

Hitler's newspaper said that through the winter relief fund "the German people are fulfilling God's words which say: feed the hungry, warm the cold, clothe the naked.

"How much more help could be given if those who recite these words in prayer would do something positive.

"What possibilities, what means stand at their disposition!"

Collectors shaking tin boxes combed all streets while brass bands and trucks with loudspeakers stirred Vienna into action.

Some collectors stood by the doors of St. Stephen's Cathedral. One girl wore a "jump-in" suit with a gas mask and tin hat around her neck.

The cathedral was filled all morning with worshippers but no mention was made in the customary 9.30 a. m. sermon of Nazi attacks against the church.

However there were Catholic demonstrations in three districts of Vienna when high mass in local churches ended in the morning.

After leaving the churches the congregations assembled on the sidewalks and sang hymns until they were dispersed by the police.

The Panzmaneum Preparatory School for boys who intend to become priests, one of the few confessional schools left in Austria, was closed yesterday after the pupils were told to leave the building.

AWARDED CONTRACT

OTTAWA, Oct. 16 —(CP)—The Department of National Defence announced Saturday it had awarded the Standard Paving Maritime Ltd., Halifax, an $8,704 contract for construction of a sports field at the Wellington Barracks, Halifax. Award of a $13,000 contract to the steel company of Canada, Ltd., Montreal, for the supply of 10,000 steel billets for manufacture of shell, also was announced.

Death Of Mrs. Thomas Glover On Saturday

There passed away at her home in Summerside East on Saturday afternoon, Mrs. Glover, widow of the late Thomas Glover. Mrs. Glover had been in failing health for the last few months but had only been in bed about seven weeks. She was a remarkable person for her age and kept her faculties unimpaired until the last.

Mrs. Glover was 89 years of age and was born in Lakeville, Carleton County. N. B. Her maiden name was Hannah Watters, and she is the last of a family of ten. Her nephews and nieces reside in New Brunswick and Mrs. Glover had the pleasure of meeting them last summer.

She came to the Island when a young woman and was employed with the late Colin Wright of Bedeque and later in the store of F. W. Strong & Co. Summerside.

Sixty years ago she married Mr. Glover and went to live at the Glover farm, one of the old homesteads near Summerside. Here she entered into the life of the community and her sweet kindly ways endeared her to all with whom she became acquainted. She was a staunch member of the Presbyterian Church and was always active in the social affairs of the Church.

Except for short visits, her whole life was spent on the farm and the many friends who were always welcome will sympathize with her family in their bereavement.

She leaves to mourn her only daughter, Mrs. Vernon Matthew and son-in-law, Mr. Matthew; two grandchildren, Mr. Thomas Matthew and Miss Dolly Matthew, and four great grandchildren. Her husband predeceased her 25 years ago.

The funeal will take place on Tuesday afternoon from her late residence to the People's Cemetery.—S

Lloyd George Defends Treaty Of Versailles

LONDON, Oct. 16—Lloyd George disclosed today in his latest book "The Truth About the Peace Treaties" that the British Foreign Office drew up a memorandum in 1916 proposing that Bohemia should be attached to a recreated kingdom of Poland.

The war-time British Premier related the memorandum was based on the assumption of either a victory by the allied powers against Germany or a stalemate in the Great War. It recommended creation of the kingdom of Poland under a Russian Grand Duke.

The foreign office memorandum examined three proposals regarding Bthemia, which is now partly controlled by Czechoslovakia and partly by Germany as a result of German annexation of Sudetenland.

They were:

1. Formation of an independent state.
2. Linking Bohemia with a southern Slav state.
3. Adding it to the kingdom of Poland.

It further envisaged Slav provinces of Austria constituting the southern Slav state, German provinces in Austria incorporated in the German empire, and Hungary's purely Magyar areas as an independent state.

Lloyd George outlined the sharp conflict at Versailles between himself and Woodrow Wilson on the one hand and French Premier Georges Clemenceau and French President Raymond Poincaire, on the other. The latter two wanted Germany crushed ctmpletely.

Answering a proposal submitted by French Marshal Ferdinand Foch that the Rhine should be Germany's western military frontier, Lloyd George said he warned that if Germany were treated unjustly in the peace treaties "she will find means of exacting retribution from her conquerors." He wrote:

"I can not conceive any greater cause for future war than that the German people, who have certainly proved themselves one of the most vigorous and powerful races in the world, should be surrounded by a number of small states, many of them consisting of people who have never previously set up a stable government for themselves but each of them containing large masses of Germans clamoring for union with their native land."

The former Premier added that the emancipated races of southern Europe "rose from their graves hungry and ravening from their long fast in the vaults of oppression" and fought avidly over the carcasses of the dead empires."

He said the task of the treaty makers became "not to decide what in fairness should be given liberated nationalities but what in common honesty should be freed from their cutches when they had overstepped the bounds of self-determination."

Lloyd George vigorously defended the Treaty of Versailles, declaring:

"As one of the authors of that settlement I protest against it being judged on subsequent abuse of its provisions and powers by some of the nations who dictated its terms."

He blamed those who "repudiated their own solemn contracts and pledges" and used their temporary superiority to deny justice.

KNEELED FOR NEAL

SOUTHAMPTON, England — An obviously nervous aircraftsman sat in court here awaiting his case. The prosecuting solicitor called out "Neal," name of a witness in another case, and the aircraftsman fell to his knees.

NINE LIVES TUMBLE

CAPE TOWN — A nine months old tom-cat—believed strayed during the night—was found asleep in a gutter. It had fallen 100 feet and didn't even have a bruise, its owner said.

S'side Airport To Be Graded

Additional $1,958.60 Grant From Ottawa. Contract Awarded Mr. Fred McRae.

At an adjourned meeting of the Summerside Town Council held on Saturday night it was decided to take advantage of the grant of the Dominion Government and grade the civic airport to put it into first class condition.

Mr. E. C. Percy, D.A.E. for the Martimes was in Summerside last Tuesday and advised the Major and Council what necessary grading would have to be done and said that the Dominion Government would pay 25 per cent of the cost of the work.

The grant which the town will receive will be $1958.60. This with the grant, $4,000, received last year represented 25 per cent of the money that the town will have spent on the air port after the grading is finished.

At the meeting on Saturday the tender of Fred McRae, contractor was accepted being the lowest tender. The price was at 40c per cubic yard. The work will be done with steam shovels. The grading will level the airport from the North side, bringing the gravel down to the hollows on the South side. There was some suggestion that townsmen with teams should be employed instead of giving the work to a contractor but it was decided that the work could be more satisfactory with a steam shovel and would cost much less, about $400.00. The work is to be started immediately.

A motion was passed appointing Mr. Louis Hacker, Summerside, manager of the Electric Light Plant, at $1400.00 per year. Mr. Hacker a graduate of MacGill University Engineering Department, and for ten years held a position in the Engineering Department of Shawinigan Water and Power Co. Montreal.

On account of ill health Mr. Hacker was obliged to return to his native Province but is now fully restored to health.

The following letter of condolence was also passed:

"Resolved that in the passing of Mrs. C. Edward Strong, mother of our esteemed Recorder and Town Magistrate Colonel Ernest H. Strong Summerside loses a worthy and highly respected citizen;

And be it further resolved that we assure our worthy Recorder and Magistrate Colonel Ernest H. Strong our sincere and heartfelt sympathy in the time of his sore bereavement."

Seconded by, D. F. McNeill

Finishes Week On Rallying Note

BY FREDERICK GARDNER
Associated Press Financial Writer

NEW YORK, Oct. 16 —(AP)— Utilities, aircrafts and coppers ran away with the stock market Saturday and, despite sluggishness of rails and other recent leaders, enabled the list to finish the week on a rallying note.

Gains ran to 3 points or so in the speediest Saturday session since July 2. Numerous favorites hit new highs for the past year in the upswing and the ticker tape was 2 minutes behind when buying was briskest.

Profit taking bit into many pivotal stocks in the tail-end of the proceedings and steels, motors, rubbers, mail orders, farm implements and oils ended with minor changes either way.

The Associated Press average of 60 issues was up .3 of a point at 52.9 and, notwithstanding three small setbacks on Monday, Tuesday and Friday, was up .9 of a point on the week. The utility composite made the best showing with a net advance of 2.5 points during the 5-day period. Transfers of 1,468,810 shares compared with 1,113,130 the previous Saturday.

Outstanding gainers for the day included Consolidated Edison, Electric Power and Light, Columbia Gas, American Water Works, Douglas Aircraft, United Aircraft, Sperry, Boeing, Glen Martin, Anaconda, Cerro De Pasco, Phelps Dodge, Du Pont and Westinghouse.

Confident U. S. Could Match Output

(By EDWARD E. BOMAR
Associated Press Staff Writer)

WASHINGTON, Oct. 16—(AP) —High Administration officials said tonight they were confident United States manufacturers, if need be, could match Germany's huge output of warplanes in quantity, and exceed it in quality.

This expression of opinion was evoked by President Roosevelt's recent announcement that mass production of planes was included in the Government's current restudy of National Defence needs.

No indication has been given that the administration has considered undertaking to match Germany's plane production, but the war department particularly is concerned with knowing whether it could be done."

Germany's recent output is a yardstick, as it is accepted officially as probably the world's largest.

To match the production of the mobilized Nazi plants, officials said they believe the United States would have to turn out 1,000 planes a month. The present rate is only one third of that, though it has been stepped up materially in recent months under the stimulus of foreign orders.

The figure of 1,000 monthly for Germany is widely accepted in military aviation circles, rather than the estimate of 20,000 a year just brought back from Europe by Bernard M. Baruch, 1917-18 head of the United States War Industries Board.

METAL GRILL WORK ENHANCES DOORS

The entrance to a home can be often made more attractive and more in keeping with the type of architecture it represents by the simple expedient of introducing a metal grill-work.

Ready-cast sections of cast-iron grill can now be obtained in many attractive patterns at comparatively little cost. It would be wise to consult an architect before making the selection so as to avoid incongruity. Patterns reproduce many of the famous designs of iron workers of yesteryear and closely approximate the skilled hand-wrought products of these masters.

Hit By Cars, Two Nova Scotians Die

(C. P. by Guardian's Special Wire)

AMHERST, N. S., Oct. 16—Oswald Teed, 22-year-old native of Pugwash, N. S., near here, died in hospital Saturday night soon after being admitted with injuries suffered when he was struck by an automobile while walking the road near Pugwash.

An inquiry opened today under Coroner Dr. W. O. Coates and was adjourned until tomorrow night. Gordon Bollong of Pugwash, operator of the automobile, said he was blinded by glaring headlights on an approaching car.

Teed, according to evidence submitted, was walking along the right side of the road instead of the left, according to regulations of the Nova Scotia Motor Vehicle Act.

SYDNEY MINES, N. S., Oct. 16 —Alexander Sutherland, 67, was killed instantly early today when he was struck by a light delivery truck operated, police said, by Donald MacQuarrie, of Sydney Mines.

Dan Ross, 41, Sutherland's companion on a walk from Sydney Mines to Florence, said MacQuarrie had no chance to avoid Sutherland who jumped out in front of the truck when he became confused.

Base Metals All Strong On Mt'l. Stock Markets

MONTREAL, Oct. 16 —(C P)— The Montreal stock exchange list pushed into new high territory again Saturday though there were a few soft spots.

Base metals were all strong. Smelters 1 1-4 points to new high at 65 1-2. General Steel Wares preferred advanced a point to a new high at 85 3-4.

National Steel Car jumped 2 3-4. Lake of the Woods and Gatineau Power preferred a point each. Price Brothers preferred was a weak spot, declining 1 3-4 points to 60 1-4. There were also slight losses for Canadian Pacific Railway Dominion Steel and coal "B", and Dominion Bridge.

A little higher were Massey-Harris, Canadian Car and Foundry, Cockshutt Plow and General Steel wares common.

Sales: Industrials 22,600; Mines 165,100; Bonds $1,350.

SLOW PULLING ALARM

WATERFORD, England — Michael Kennedy, 16, clung to a narrow ridge on a roof for two hours while hundreds looked on. Finally some one called the fire brigade who made the rescue.

SCORELESS DRAW

MONCTON, N. B., Oct. 16—Moncton Broncs and the Saint John senor rugby squad played to a scoreless draw Saturday in an exhibition contest.

DOCTORS CHECK KIDNEYS FIRST

Because they know that healthy Kidneys remove from the blood the waste matter—the excess acids and poisons, formed by the ever-changing human body as it decays and rebuilds itself. But if the Kidneys fail, illness surely follows. Backache, Rheumatism, Impure Blood, Lack of Energy, Too Frequent Urination, Sleeplessness, Headaches—all may result from faulty kidneys. As a health safeguard—as a wise precaution—regulate your kidneys frequently with Dodd's Kidney Pills—for over fifty years the favorite Kidney remedy—non-habit forming—safe. 105
