DALADIER SEEKS SUPPORT FOR PROGRAM

FACES SPLIT IN CHAMBER OF DEPUTIES

Pact With Germany Seen As Bargaining Point To Gain Support.

(By TAYLOR HENRY)
(Associated Press Foreign Staff)

PARIS, Dec. 7 —(AP) —Premier Daladier confronted by a chamber of deputies split on his foreign and domestic policies, sought tonight to whip together a majority by which to govern France.

Conclusion of the good neighbor pact between France and Germany yesterday and subsequent French-German talks gave Daladier a bargaining point for support of conservatives in the opening of Parliament tomorrow.

Rightists had long insisted that France needed an understanding with Germany to be free to set her economic house in order.

The new friendship with Germany, however, served to increase the leftist opposition to Daladier shown by strikes against his economic decree laws.

(Havas news agency said parliamentary circles conceded a majority for Daladier of at least 80 votes with probably a large number of abstentions in the first confidence vote. It added that debate on the decree laws for economic recovery was not expected until the end of December when the budget is to be discussed. Then, it was felt, Daladier would face his most serious test.)

Except for the Maritime strike at Le Havre labor troubles were being ironed out.

The Government dealt a blow to the LeHavre tie up by partly replacing the crew of the French liner Paris with navy men. The Paris sailed from Le Havre last night, picked up passengers today at Cherbourg and departed for New York.

The Liner Normandie remained temporarily out of service under Government orders.

Santa Pals Speed To Aid Of Many Needy Children

Opportunity For All To Demonstrate Christian Charity At This Happy Season

Everywhere Christmas is in the air, despite warm weather this week which melted snow and left the Province looking very springlike. "Santa Claus is coming soon," is the thrilling thought in the mind of every child. Just ask them about it. Pick any child at random,—poor or wealthy—and always uppermost is that exciting hope, radiant visions of the grand things Santa will leave on his trip from the frozen north Christmas eve.

Here and there are places Santa might miss, however, unless kind friends lend a hand. In this issue of the Guardian are opportunities to help that benevolent old gentleman Saint Nicholas. Below will be found a list of needy kiddies whose names have been provided by City Clergymen in whom you may have utmost confidence. From the names select by number those you wish to help and communicate your intention to this office by letter or phone 133.

SEND GIFTS EARLY

When you decide to become a Santa Pal don't wait too long to send your gift, whether toys or cash contribution in, as the work of assigning and addressing the hundreds of parcels takes a great deal of time. All the work is done by volunteer Santa Pal assistants.

Now good Santa Pals your help is needed as never before. The needy are ever with us and although you may have enjoyed increased prosperity in the past twelve months that was by no means the experience of hundreds of people in Charlottetown. Little children are not to blame but on them will fall most heavily the calamity of a cheerless Christmas. But it won't happen, we feel. Year by year Santa Pals respond nobly to this appeal and the toys, candy and fruit are ready for delivery to hundred of homes Christmas eve.

While you're thinking of it look up the list below and make your selection. You'll be richly rewarded in the knowledge that you have most certainly given happiness to some tiny tot.

N. S. Lobster Fishermen Heaviest Sufferers In Gale

HALIFAX, Dec. 7 —(CP)—Lobster fishermen on Nova Scotia's southwest coast were heaviest sufferers from last night's wind and rain storm that swept the Maritimes, a checkup showed today. Losses of more than $100,000 were estimated by the lobstermen.

Heavy rain and melting snow on Prince Edward Island caused a washout which resulted in derailment of a Canadian National Railways train near O'Leary, about 90 miles west of Charlottetown. Engineer Harold Moore and fireman Bob Bell suffered scalding but were reported resting comfortably in hospital tonight at Summerside.

The engine jumped the rails, turned over on its side and ploughed deep into a clay bank, hauling baggage and express cars with it. The second-class coach was derailed but remained upright. Chester Shea of St. Louis, P. E. I., suffered bruises about the face and head. Officials at Charlottetown said the line was cleared tonight.

Near Truro, N. S., the gale blew over pens on Austin Hamilton's fox ranch. He had to shoot seven foxes when they escaped.

In the Nova Scotia lobster fishing districts of Yarmouth and Shelbourne counties, it was estimated about 52,000 lobster pots had been destroyed, along with an unestimated amount of gear. At Clark's Harbor, a 38-foot power boat owned by Benny Nickerson was ripped from her mooring and dashed on the rocks. A huge hole was stove in her side and she sank, a total wreck. Other small vessels suffered severe damage.

Cape Sable Island reported the greatest damage, although fishermen all along the coast lost pots and equipment. On the Government docks at Pictou workmen cleared away the wreckage of the 300-foot-long ventilator torn from a freight shed at the height of the gale.

INSISTS THAT AMERICANS BE EXEMPTED

United States Again Cautions Germany Anent Infringement Of Rights.

(A. P. by Guardian's Special Wire)

WASHINGTON, Dec. 7—The United States again has cautioned Germany against any infringement of American rights through the Reich's anti-Semitic decrees.

Sumner Welles, acting Secretary of State, disclosed today that the American Embassy in Berlin had made representations immediately after the publication of a decree providing that a large part of property remaining in German Jewish hands shall be taken under trusteeship.

Acting under standing instructions, the embassy declared the United States assumed that rights of American citizens would be fully protected and exempt from such decrees. The German Government has not replied to this communication nor to an earlier protest concerning alleged discrimination against American interests in settlement of Austrian debts.

The newest anti-Jewish decrees further dim prospects that Germany will co-operate in resettlement of her unwanted Jews by permitting them to leave with sufficient funds to reestablish themselves elsewhere.

The fact that refugees are forced to depart as virtual paupers has gravely complicated the work of the inter-governmental committee now at work in London on the refugee question.

While President Roosevelt conferred with his aides, Senator Borah (Rep-Idaho) was declaring on capitol hill that the new Franco-German anti-war pact "is the legitimate produce of Munich."

"When the Munich pact was made and Czecho-Slovakia abandoned," he said, "Germany was made practically the master of Europe. It then behooved France, as well as other smaller nations, to make peace with the country which possessed the power."

Stage Set For Selection Of Ontario Leader

TORONTO, Dec. 7 —(CP) — The stage was set tonight for the opening tomorrow of the two-day convention of Ontario Conservatives at which a leader will be selected to succeed Hon. Earl Rowe who resigned after two years in that post.

It was estimated more than 1,000 delegates and alternates reached Toronto by train and motor car today. Hundreds more will arrive tomorrow morning and more than 1,400 are expected when the convention gets down to business in the afternoon.

Delegates were no sooner in the city than they became aware of the intensive leadership campaigns being waged on behalf of Col. George Drew and Hon. Earl Lawson. In the convention hotel headquarters prominent signs announced the location of the headquarters of these candidates.

In the leadership race too are Wilfred Heighinton, former Toronto M. L. A., and Rev. Norman Rawson, Hamilton United Church Clergyman. Button-Holing of the delegates on behalf of these two candidates was not as conspicuous or as aggressive as on behalf of the other two.

Aid Sought For Miners

OTTAWA, Dec. 7 — (CP) — A Presbyterian minister and a Roman Catholic priest came to the capital today in an effort to obtain Dominion assistance for needy coal miners in their little community at Thorburn, N. S., a few miles from New Glasgow.

Rev. Alexander Mills and Father Ernest Chaisson said they would seek an interview for tomorrow with Mines Minister Crerar to devise some means of relieving the distress of 160 unemployed miners and their families.

The Acadia Coal Company's colliery at Thornburn was closed in October and the situation in the little mining community of 1,300 was becoming acute, the clergymen said. Some children had not tasted milk for weeks, and charitable and relief organizations were hard put to supply clothing for children of unemployed miners to go to school.

Mr. Mills and Father Chaisson said an appeal to the Nova Scotia Government to have the Acadia mine reopened or to open the McBean seam in old workings had been rejected.

Dean W. H. Moorhead Elected Bishop Of Fredericton Diocese

(C. P. by Guardian's Special Wire)

FREDERICTON, Dec. 7—Very Rev. W. H. Moorhead, Dean of Fredericton since 1936, today became the fourth bishop of the Fredericton Diocese, Church of England. As bishop he succeeded the late Most Rev. J. A. Richardson, Archbishop of Fredericton and Metropolitan of the Ecclesistical Province of Canada, who died early in October.

On the fifth ballot of 192 delegates to a special session of the diocesan synod Dean Moorhead obtained the necessary two-thirds majority. He had a strong lead on the first ballot and on the fourth lacked only three clerical votes while others mentioned for the office were far in the rear. Four candidates then withdrew and his election followed.

Born in Ireland, the new bishop came to Canada in 1906 to enter the University of Bishop's College at Lennoxville, Que. He was ordained priest in 1912. Bishop Moorhead was rector of St. Paul's (Valley) Church at Saint John for nine years before coming to Fredericton. Previously he served at Grand Mere, Que., Outremont, Que., and was Chaplain of the Sherbrooke (Que) Regiment overseas. His first appointment after ordination was assistant to the Port Chaplain at Quebec City and later he was Chaplain at Halifax.

Anti-French Demonstrations Are Continued

(A. P. by Guardian's Special Wire)

ROME, Dec. 7—Fascists paraded today at Naples, Florence and Perugia to shouts of "long live Italian Tunisia!"—continuing clamorous demonstrations of so-called "solidarity with oppressed brothers" in French territory.

At Naples, 1,000 visiting members of Germany's "Strength Through Joy" organization joined the demonstration. The Germans, just arrived from Genoa, marched with Fascist students to the German Consulate where they cheered for Chancellor Hitler and Premier Mussolini. Classes had been suspended at the University of Naples.

Several hundred Italian students also marched to the French Consulate where strong police guards turned them back. They waved flags and mingled acclaim for Il Duce with cries for Tunisia, Corsica and Djibouti—French North African protectorate, Mediterranean Island, and Red Sea port of French Somaliland, respectively.

The Italian press continued contributing to the clamor. Il Piccolo published an account of alleged anti-Italian acts in Tunisia under such headlines as: "New series of disgusting incidents in Tunisia—50 Italians mobbed and beaten—violent and provocative language of the Franco-Jewish press."

Other newspapers reported anti-Italian manifestations in Tunisia had developed "with the evident connivance of the authorities."

Shelve Problem Of Restoration Of German Colonies

LONDON, Dec 7—(CP) —Malcolm MacDonald today shelved the problem of restoration of former German colonies and rejected a Labor motion that non self-governing colonies of the various powers be pooled and administered for the common good of the world.

The Secretary for Dominions and Colonies told the House of Commons the question of colonial restoration "is not now an issue in practical politics." Cheers greeted his assertion British public opinion was against any colonial transfer and that the government shared that view.

The House defeated a motion by Philip Noel Baker, Labor which, included the proposal to pool under a general mandate all the colonies held by world powers which are not ready for self-government. The vote was 253 to 127.

Mr. MacDonald said acceptance of the Labor proposal would commit the House to handing over "to a certain amount of international, interference a whole string of absolutely vital and strategic points," such as Gibraltar, Aden, Malta and Singapore, none of which is "ripe for self-government."

SEIZE SLOT MACHINES

HALIFAX, Dec. 7—(CP) —Halifax police, in a surprise raid, today seized 21 slot machines in a house in the northwest section of the city. Chief of Police J. Conrad said no summons to court had been issued for the alleged owner of the machines, but this would be done later.

MINE DISASTER INVESTIGATION IS POSTPONED

Investigators Of Tragedy Wonder "How Anyone Escaped" — Death Toll 17.

(C. P. by Guardian's Special Wire)

SYDNEY MINES, N. S., Dec. 7—Death toll in the Princess colliery disaster mounted to 17 tonight when William Luffman, seriously injured when he jumped or was thrown from a runaway manrake, died in hospital. He was 30 years old.

Luffman, a married man, suffered serious head injuries in the mine accident early yesterday in the Nova Scotia Steel and Coal Company's colliery. He was one of five critically injured men taken to hospital. Little hope for their recovery was held.

Investigation of the fatality started here today but was postponed until Monday at the request of United Mine Workers' officers.

Still in critical condition are: William Wilkie, badly bruised and suffering severe shock; Melvin MacLeod, fractured skull; Norman MacLeod, fractured pelvis and spinal injury; John Campbell, paralysis due to spinal injury.

Representatives of the Nova Scotia Mines Department, the U. M. W. and Dominion Steel and Coal Corporation, operators of the colliery through Nova Scotia Steel and Coal, its subsidiary, traced the path of the runaway in a four-hour underground inspection today. Sixteen men were killed or fatally injured when the string of 26 cars plunged uncontrolled down the slope after its haulage rope snapped. More than 30 others were injured, several critically.

The group brought back to the surface, in charge of a Royal Canadian Mounted Police corporal, the two ends of the broken 1 1-8 steel hawser.

"It was a clean break," Thomas Casey, chief mines inspector, said. "It wasn't worn."

"I don't know how any of those men on the rake escaped."

About 250 men were on the rake when it broke loose.

The investigation would reveal "what happened, how it happened and who is responsible," District President D. W. Morrison of the U. M. W. said.

"Just splinters" remained of the cars, Mine Minister Dwyer said.

The cable had been installed a year ago last September. The one previously had been in use two years, Frank MacKinnon, in charge of the surface machinery attached

Halifax Daily Star Increases Price To Three Cents A Copy

HALIFAX, N. S., Dec. 6—The Halifax Daily Star, an evening newspaper, has announced that, beginning yesterday, its price will be three cents per copy, an increase of one cent per copy over the previous price.

It points out that "for a considerable period of time newspapers all over the North American continent have been confronted with a very difficult situation, by reason of the ever-increasing publishing costs, and the increased cost of newsprint itself. It has been apparent for months that rising costs would have to be shared, to some extent by subscribers."

The announcement states that "we take some pride in the fact that we have protected our readers from this increased cost for as long as it has been possible for us to do so. We are, in fact, one of the last papers of our size in Canada to take this necessary step."

Grocery Store Of MacPhee Bros. Scene Of Crime

Rifling Of Cash Till Nets Robbers $90 Police Hold Pair For Questioning.

Two armed men entered and robbed Mr. George MacPhee of the retail grocery firm of MacPhee Bros., on the corner of Prince and Dorchester Streets in Charlottetown of approximately $90.00 last evening. Mr. MacPhee was alone in the store shortly after 6.30 p. m., he told City Police when two men entered.

One of the pair walked around behind the counter exclaiming, "this is a stick-up and we are no amateurs." Both men kept him covered and one opened the till taking the bills but leaving the silver. Hurriedly stuffing money into pockets the bandits dashed from the store and fled up Dorchester Street towards Great George, police investigating were informed. One of the pair is believed to have lost his cap as he fled. Later it was picked up and turned over to police.

Armed with Revolvers

Both men were armed with revolvers, Mr. MacPhee said. One had a short gun, resembling an automatic it is believed, while the other had a long barrelled weapon. They had caps pulled down over their faces, leaving only the lower part of the nose and mouth, and chin visible.

One of the armed pair wore a windbreaker while the other had an overcoat. Mr. MacPhee said, in a description given police. Both men were of slight build, he said.

Held For Questioning

City Police and a squad from the Royal Canadian Mounted Police immediately began an intensive search for the robbers. About 9 o'clock two men, Ivan Lund and Gerald Gallant were placed under arrest and held for questioning, police said.

Meanwhile investigation continued into every detail of the stick-up, believed to be the first in the history of this City.

A number of people, several of them children, believed they saw the two men as they fled up Dorchester Street. Police were checking up their description for identification purposes.

German Propaganda Comfronts Hull On Arrival In Lima

LIMA, Peru, Dec. 7 —(AP)— State secretary Cordell Hull arrived in Lima for the eighth pan American conference today and immediately was confronted by a German propaganda campaign urging the values of totalitarianism over democracy.

The United States Secretary of State said he had come to take part in the conference in the hope of advancing in this hemisphere "an international order based upon peace, confidence and a consideration for the welfare of all its peoples."

He arrived this morning at Callao aboard the S. S. Santa Clara, and was officially welcomed by Laurence A. Steinhardt, United States Ambassador to Peru, and a group of high Peruvian officials.

Hull drove quickly to Lima, eight miles from the seaport, and set to work in preparation for the conference of 21 American nations opening Friday.

He was confronted by a German propaganda campaign among delegates—a campaign of talking up totalitarianism as against democracy.

Nearly every incoming ship and plane brought German Journalists and representatives of Berlin's Propaganda Ministry to Lima to further the concept that South American nations need strong one-man rule to prevent political turmoil.

$50,000 Grant To Fishermen Of N. B. On Way

OTTAWA, Dec. 6—A grant of approximately $50,000 for the relief of New Brunswick fishermen is expected to be announced soon by the Dominion Government.

The money will be allocated by order in council from what might be described as a contingency relief fund. Prince Edward Island recently participated in this fund to the extent of $30,000, while a grant of $50,000 had been made previously to Nova Scotia.

While no definite figure has yet been set for the New Brunswick grant it is anticipated that it will be approximately the same as that for Nova Scotia.

Lone Gunman Gets Away With $8,000

(C. P. by Guardian's Special Wire)

MONTREAL, Dec. 7—Loot estimated between $7,000 and $8,000 was obtained today by a lone gunman who walked into an East St. Catherines Street branch of Banque Canadienne Nationale, held up the teller, Roger Allerd, and escaped down a nearby lane.

Reward of $5,000 was offered by the Bankers' Association for capture of the man.

SENTENCED TO YEAR TERM

MONTREAL, Dec. 7—Convicted on a charge of possessing Marihuana cigarettes, Charles Bert Ash, 38-year-old negro, was sentenced today by Judge Amedee Monet to a year in jail. He is a native of New Glasgow, N. S.

Woman Pays Death Penalty For Poison Murder In Ohio

COLUMBUS, O., Dec. 7—The electric chair took the life of Mrs. Anna Marie Hahn, 32, tonight for the poison murder of Jacob Wagner, aged gardener. Current coursed into the chair at 9:09 p. m. AST.

Mrs. Hahn, clad in blue pyjamas with a brown top, moaned and pleaded as she stumbled to the dooor of the execution chamber and collapsed. She was picked up and placed bodily in the chair by two guards and two matrons.

She cried, "Mr. Woodard (the warden), don't do this to me. Think of my boy. Can't you think of my baby."

Seated in the chair, the accused poison slayer of four men spread out her arms to the witnesses and mumbled, "isn't there anybody who will help me?—Is nobody going to help me?"

She beckoned, "Father, come close," to the Chaplain, Father John Sullivan.

He intoned with her the Lord's Prayer.

In the midst of the recital, the current was applied. Her voice was stilled as the current arched her small disheveled body.

Dr. George W. Keil, prison physician, pronounced her dead at 9:15 p. m.

Mrs. Hahn's last words of the prayer were . . . and deliver . . . she never finished the rest of the sentence: ". . . us from evil."

Federal District Judge Mell G. Underwood denied shortly before the execution her attorney's plea for a writ of habeas corpus.

After a conference with attorney's which lasted all afternoon and into the night, the court held that there were not sufficient grounds for interference with her sentence.
