BAND CONCERT ENJOYED AT METHODIST CHURCH

"An Evening of Wonderful Music," Was the Verdict of the Large Audience at Last Night's Entertainment.

A large audience which assembled at the Methodist Church last evening was treated to a most enjoyable concert, which was given under the auspices of the Sabbath School and Musical Committee. The programme was a lengthy one and comprised many difficult selections admirably rendered. Prof Fletcher, the members of the choir, and all who took part under his able direction, are to be congratulated upon the success of their efforts. Following was the programme:—

March, "Cornelius," (Mendelssohn.) Orchestra and Organ.
Vocal Solo "In a Monastery Garden" (Ketelby) Mr. Richard L. Me
Violin Obligato Miss Stultz, The Serenade" by Male Voices.
Overture "Le Diademe" (Herold) The Orchestra.
Vocal Solo, "Queen of Angels," (Secco-Iollomini) Mrs W. E. Fletcher. Violin Obligato by Miss Bernice Stultz.
Anthem "The Wilderness" (Sir John Goss) Principals, Mrs. Fletcher, Miss B. Cheshire, Messrs E. Ritchie and R. McKee.
Violin Solo, "The Old Refrain" (Kreisler) Miss Bernice Stultz.
Overture "The Calif of Bagdad" (Boieldieu) The Orchestra.
Vocal Solo "The Sorrows of Death" (Menhelssohn) Mr. G. E. Ritchie.
Anthem "Prepare Ye the Way" (Garrett) Principals, Miss B. Carter and Dr. E. C. Harris.)
Trombone Solo "The Lost Chord" (Sullivan) Mr. W. A. Gaudet.
With Orchestral Accompaniment
Part Song, "A Slumber Song," (Lohr)) The Choir, Acc. by Orchestra.
Descriptive March "British Patrol" (by request) (Linden). The Orchestra.
The National Anthem.

Prof. Fletcher was both organist and director, and deserves great credit for preparing what was undoubtedly one of the outstanding music events of the season. The work of the Orchestra was if possible even better than at their last concert, and the soloists, both vocal and instrumental delighted the audience.

2,500 COMMUNISTS HOLD PARADE IN SYDNEY N. S.

Preceded by Red Flag and Banners Bearing Insignia of Various Russian Societies. Women Took Part in Parade.

(Canadian Press.)

SYDNEY, N. S., May 1.—Twenty-five hundred persons headed by standard bearers, carrying a thirty foot red flag, bearing the insignia and motto of Communism walked today in Cape Breton's first organized May Day parade of workers at Glace Bay.

Although enough miners remained on duty to produce about thirty per cent. of the normal output of coal the majority of steel workers rallied to the call for a May Day demonstration and defied the drizzling rain that stopped just as the parade commenced at one o'clock this afternoon. Elaborate preparations were made by local and provincial police to guard against any disorder but no untoward actions had been reported at a late hour this afternoon.

The parade was notable in that a large number of women participated. Many banners were carried, bearing the slogans of societies active in Russia and with thier legends printed in Russian. The gathering place was Alexander Rink where the assembly was addressed by Malcolm Bruce of Toronto, Dan Livingstone, J. B. McLachlan, W. U. Cotton and others.

SERIOUS FLOOD CONDITIONS PREVAIL IN NEW BRUNSWICK

One Life Lost, Dam of Electric Light Company Carried Away. Miles of C.P.R. Torn up and Bridges Destroyed.

(Canadian Press.)

ST. JOHN, N. B., May 1.—The first loss life as a result of floods of the last few days was reported this morning from Musquash when Charles Spinney, one of three farmers, forced to abandon their homes, returned to try to release his live stock and was carried away in the flood. The body was later recovered.

The earthen dam forming the eastern wing of the Westbranch Head of the N. B. Electric Power Commission went out, resulting in one turbine being put out of commission, but leaving enough power to supply immediate needs. Three buildings were carried away or moved from their foundations.

The Canadian Pacific Railway was unable today to give any assurance when the schedule would be resumed. Progress is being made on the St. John division on which the worst washout was at Ennis-illen, where there was a gully sixty feet long and twenty feet deep. The flood took out the C.P.R. bridge and the highway bridge across Musquash and badly damaged more than a mile of C.P.R. track on Musquash Marsh.

FREDERICTON, N. B., May 1.—With the river still rising, the condition at Fredericton is being watched with apprehension. At nine this morning the water was a little less than a foot below the high level of 1887 and the city engineer said another foot would mean the cutting off of the town water supply pumping system. Chaotic conditions in many scattered districts make it hard to get information of a definite nature and the exact extent of the damage is still unknown.

All C. N. R. bridges are said to be holding their positions, but are in a precarious state. Fredericton still is isolated from outside points except by telegraph and telephone service. The steel highway bridge at Marysville shifted out of alinement last night at Marysville end by eight feet and foot passengers are crossing at their own risk. It is expected momentarily to give way entirely.

ARTILLERY TRAINING INSTRUCTIONS RECEIVED

Nos. 2 and 8 Batteries P. E. I. Heavy Brigade, Will Train the Same as Last Year.

Lt.-Colonel D. A. MacKinnon, D.S.O., has received instructions for. Nos. 2 and 8 Batteries, Prince Edward Island Heavy Brigade to train the same as last year. That is, a period of training will be undergone at Charlottetown, and completion of the training will take place at Petawawa Camp.

The strength of the Brigade has been reduced somewhat. Nos. 2 and 8 Batteries commanded respectively by Major J. P. Hooper, M. C., and Major H. L. Bethune, will each train 55 all ranks, and these must all finish training at Petawawa.

In former years, only half of the Battery attended training at the practise camp, but this year, every enlisted member must go there. It has resolved itself into a training of specialists, as every member must have intensified training, either as a gun layer, signaller or as a gunner.

Prince Edward Island Artillery will probably be the only heavy artillery that will do a portion of its training at home, but owing to the long distance to Petawawa and the great amount of time consumed going and coming, concessions have been made to them in this regard.

The Battery will put in a total of twelve nights' drill each at the Armoury. The Drill will consist of infantry drill and rifle exercises, gun drill, gun laying, signalling and the various technical instructions necessary to artillery work.

A competent Instructor has been secured, who will take charge of the recruits next week.

Inspection will be at Charlottetown on Wednesday and Thursday, June 6th and 7th., and the batteries will entrain for Petawawa on Monday afternoon, June 11th, arriving there Wednesday, June 13th, training on Wednesday, Thursday and Friday and shooting their competitive series on Saturday. Leaving Petawawa Camp Saturday night, arriving in Montreal Sunday morning, June 17th, leaving Sunday evening and returning home Monday night, June 18th.

The trip to Petawawa is a most enjoyable one under present conditions and is an annual outing looked forward to by a great many of the young men of the City. The Brigade have selected early dates in June, so that training can be gotten over early and leaving the summer free for recreation.

The record of the Prince Edward Island Heavy Brigade is one that every Islander should be proud of. For this heritage of the past it will be the duty of the gunners of today and the future to maintain as a proud and glorious record of achievement.

The instruction received in Artillery training is such as will benefit every young man, teaching him to think quickly, to be accurate, and giving him a good course in discipline, which is the foundation for success in life.

There is a vacancy for a limited number of young men of good physique in both Nos. 2 and 8 batteries and application can be made to any of the Officers of these units. The officers of the P. E. I. Heavy Brigade are as follows.

Lt.-Colonel D. A. MacKinnon, D. S.O.; Captain G. E. Ritchie, Adjutant; Brigade Sgt.-Major J. E. Trainor; Brigade Qrt. Master Sgt. A. McDonald.

NO. 2 BATTERY

Major J. P. Hooper, M. C.; Captain W. L. Jenkins, M. C.; Lieut. P. W. McNevin, D.C.M.; Lieut. R C. McLean, Lieut. R. H. Davison, Lieut. D. F. Tierney.

No. 8 Battery

Major H. L. Bethune; Captain H. L. Court, M.S.M.; Lieut. W P. Bruce, D.C.S.; Lieut. H. McDougall, M.M.; Lieut. K. Kelly, Lieut. G. C. Walker, M.M.; Lieut. J. Callaghan, M. M.

Organization Meeting

No. 2 Battery will hold an Organization meeting in the gunners' room at the Armoury at 8 o'clock on Thursday evening May 3rd, which all members of the battery are invited to attend, particularly those who went to Petawawa last year.

The following is a list of No. 2 Battery, N. C. O's and gunners who competed at Petawawa.

Major J. P. Hooper, Captain W. L. Jenkins, Lieut. R. C. McLean, Lieut. P. W. McNevin, Lieut. R. H. Davison, Lieut. D. F. Tierney. Pay Sgt. B. Acorn, Gunner E. Arsenault, Q.M. Sgt. E. R. Bovyer, Gunner G. Brown, Sig. Sgt. A. P. Cahill, Signaller, P. Campbell, Gunner E. Crockett, Sergt. G. W. Craig, Gunner, W. Cooke, Gunner J. Callaghan, Gunner, H. Carr, Gunner R. Carr, Gunner W. F. Collins, Corpl. D. Crosby, Gunner, M. Carver, Gunner, P. Gay, Signaller, R. Harris, Signaller, W. H. Hutchison, Signaller, H. Herring, Gunner, R. Huestis, Gunner, O. Harper, Sergt. J. E. Vessey, Gunner, W P. Vickerson, Gunner, G. Wheatley, Corpl. T. Waye, Bombr. W. Zaib.

MR. THOMAS McNUTT M. L. A. SEVERELY CRITICIZES GOVT.

Departments of Agriculture and Public Works Reviewed and Many Irregularities Strongly Scored.

Speaking on the budget debate last Wednesday in the Provincial Legislature, Mr. Thomas McNutt said:

In rising to speak at this time, I am fully conscious of the importance of the subject before us, namely, the "Budget." It is here emphatically that we are the people's stewards; here that we account for the monies that they have entrusted us with and here that we appropriate the people's monies to the various purposes which the different interests of the country demand.

I did not intend, nor do I intend now to say much during this budget debate, but there are certain things that must be said, if we are true to the obligations that we assume when we undertook to represent the people of this province.

It has been charged against the present Government that they misled and deceived the people. Unfortunately, there have been too many proofs that this charge has been well founded. Before the election in 1919 the cry that went up and down this province from one end to the other was the extravagance of the Conservative Government and their own intention of administering the affairs of the Province so carefully and economically as to be able to make revenue and expenditure. By this, they clearly meant the revenues existing at that time. It is useless for them to deny this now, or to cover it over by lame excuses, such as that they did not know the actual financial condition of the Province.

They gave the people to understand that their purpose was to reduce taxation—Evidence of this may be found in the debate on the Estimates during the last session of the Arsenault administration, when Premier Bell, then the leader of the Opposition, moved that the War and Health Tax be not revoted that year, as the revenue was sufficient without this tax to run the affairs of the Province. Similar evidence of promises, direct and indirect, made by Liberal candidates may be found both in the Liberal press and in their speeches. It is not necessary to repeat them.

Then on their accession to power what do we find? Every promise broken—one of their first acts was to increase the taxes, and ever since that time they have ben putting up all manner of excuses for having increased them. They complain that when they came into power they found the treasury empty—Yet, into that empty treasury they dipped their hands and increased their own sessional indemnit by 150 per cent. and largely increased the salaries of portfolio members. This was the beginning of the increase in salaries in every department of the public service, and that extravagance has characterized this Government ever since they came into power.

They then engineered that now notorious deficit of $253,000.00. It is not necessary to go into particulars, as this alleged deficit has already been explained.

It is enough to say that if they wanted to give the people a straightforward and honest idea as to the financial standing of the Province on the day they assumed office they would have had an outside independent audit made, as previous Governments in the Province had done. This, of course, did not suit their purpose. This kind of treatment by its public men the Province will not stand for, and has no right to stand for. We are here to give the people an honest, straightforward, manly account of the financial position, and if we cannot do that we have no right to be here

In listening to the speeches of the hon. gentlemen opposite, and especially to my hon. friend the Leader of the Government, one cannot but be impressed with the great care they professed to take in guarding and protecting the rights of the poor man and the farmer. If the taxes were increased, the burden fell on the wealth of the country they tell us.

Now, what are the facts?

During the years 1913-14 under Conservative rule there was collected in land tax the sum of $113,488.79, or an average yearly collection of $37,829.59.

In the years 1920-21-22 there was collected in land tax and poll tax from the farmers, $369,470.00, or an average yearly collection of $123,156.00.

In addition to that there was collected in poll tax in the school districts $40,000.00, making a total of $163,156.00, or $125,327.00 more paid yearly by the farmers of this country than they paid under Conservative rule, or, in other words, the farmers pay over 200 per cent. more today than they paid when the Conservatives were in power; or over three times as much.

Now, let us mak a comparison regarding income tax:—

In the years 1913-14-15 the Conservatives collected from income tax and fox tax the sum of $115,603.00, or a yearly collection of $38,534.00.

During the years 1920-21-22 there was collected in personal tax and income tax the sum of $165,649.00, or a yearly collection of $55,216.00; or, in other words, the Liberals collected $16,682.00 more than the Conservatives collected, or a yearly increase of over 50 per cent. That is the way they have protected the interest of the farmers.

The intention of the Liberals was to go still further, as is plainly shown by the speeches of the hon. Leader of this House and other members of this Government as contained in the debate on the Tax Act during the session of 1920.

They intended then to re-value the land and this they no doubt would have done, had it not been for the volume of indignation, which sprang up all over the country and the threat if such a thing was attempted—the consequences would have been anything but pleasant to the Government. Our farmers do not forget those things.

They put up the claim that they did away with the War and Health Tax,—a wonderful achievement for them, if such was the case. But, they did not do away with it. It was a tax that had to be re-voted from year to year, and was put on simply to meet the extraordinary expenses connected with the war. The total collections from this tax during the years 1916-17-18 and '19 was $107,711.00, and the total extraordinary expenditure during those years amounted to $90,220.00, or an excess of revenue from that source above the extraordinary expense of $17,490.00.

I may say further to show how economically the Conservatives conducted the affairs of the Province during that trying period in the world's history, a special session of the Legislature was called during the season of 1916, to deal with important matters which arose in connection with the Great War and all the expenses connected with that session was the sum of $10.00, which was paid for the proclamation and advertising. No other money was paid out. The members themselves did not receive one cent.

A great deal has been said about the criticism of the Opposition, but I feel sure that never before in the history of this House has an Opposition stood on more advantageous grounds; never before has an Opposition had greater opportunities; never before has better material been placed in the hands of any set of men for criticism than has been placed in the hands of the present Opposition.

The actions and conduct of the present Government as regards their outgoing as well as their incoming has been such that it has given us splendid opportunities and we would be slow, indeed, if we did not take advantage of them. And I may say further that there is another chapter yet to be written, and when that chapter is finished we will take advantage of it,

U. M. W. Claim To be a Law Abiding Society

(Canadian Press.)

SPRINGHILL, N. S., May 1.—The United Mine Workers of America, is a law abiding institution. It does not believe in destruction of property." This was the message which Van. A. Bittner, personal representative of the International President John L. Lewis, brought to Springhill local branch in response to their request that a representative of the International Headquarters at Indianapolis visit them on May Day.

Van Bittner headed a parade of Mine Workers this afternoon when they were addressed by D. G. McKenzie, M.P.P. for Cumberland, Leader of the Opposition and members of the clergy. Van Bittner said the resolution adopted at the Truro convention last year when the present leaders of District Twenty-six, are quoted as stating their determination to "liberate labor by force if need be," was not the interpretation of the aims of the United Mine Workers held by the International Executive.

"The Executive of District Twenty Six," he said, "has already been advised by the International Executive Board that no member of the United Mine Workers of America, can affiliate with the Red International. This action is final and binding upon every member of the organization in United States and Canada and no action taken by any district under our jurisdiction contrary to this decision of the International Board, will be tolerated."

Steamers Held Fast in Ice

(Canadian Press.)

NORTH SYDNEY, N. S., May 1.—The steamship Kyle is still fast in ice off St. Paul's Island with propeller damaged and no fresh information from her. She is believed to be in the same position as yesterday.

The steamship Cymric Queen, ashore on Black Breakers near Point St. Esprit, reports no change in position. The ice has in no way affected the vessel which is still water tight.

The French trawler La Provence with her propeller gone and out of coal is still adrift fast in the ice field, forty miles off Louisburg and the French Consul here has asked the government for the steamer Stanley to cut a way to her so that the trawler Uranus waiting on the fringe of ice fields may tow her to Halifax for repairs.

NORTH SYDNEY, ... S., May 1.—Little change is reported today in the ice conditions in Cabot Strait, but a prevailing east wind is having the effect of loosening drift ice on the Newfoundland Coast and it is expected that a passage through the strait to the Gulf will be opened sooner than was anticipated.
