They Cure Constipation

The failure of many preparations designed to cure constipation is due to their too energetic action. A remedy to produce permanent results should be mildly laxative and should act as a tonic to sluggish livers. Such a remedy is

FIGSEN

These little tablets are pleasant to take, and though mild in action they promptly stimulate the liver and make it perform its function properly.

MARRIAGES

PEACOCK—RAMSAY—At Truro, N. S., by Rev. Hearthe Hartby, Oct. 11th. Rev. J. C. Peacock of Isaac's Harbor to Miss E .E. Ramsay of Mont Rose, P. E. I.

L'ENVOI, FROM THE SEVEN SEAS.

When Earth's last picture is painted
And the tubes are twisted and dried,
When the oldest colors have faded,
And the youngest critic has died,
We shall rest, and, faith, we shall need it—
Lie down for an æon or two,
Till the Master of All Good Workmen
Shall put us to work anew!

And those that were good shall be happy:
They shall sit in a golded-chair;
They shall splash at a ten-league canvas
With brushes of comets' hair;
They shall find real saints to draw from—
Magdalene, Peter, and Paul;
They shall work for an age at a sitting
And never be tired at all!

And only the Master shall praise us,
And only the Master shall blame;
And no one shall work for money,
And no one shall work for fame,
But each for the joy of the working;
And each, in his seperate star,
Shall draw the Thing as he Sees It
For the God of Things as They Are!

—KIPLING.

Address

The parishioners of St. Mary's Roman Catholic Church, Montague, showed their respect for the Rev. Frank Hughes, by waiting on him immediately after High Mass on Sunday Oct. 15th and presenting him with an address expressing their regret at his departure for Calgary. Father Hughes was well known to the people of this place as he spent his holidays with his friends in Greenfield for the last few years. A well filled purse accompanied the address. Father Hughes in replying said that he expected to be able to pay us occasional visits in the years to come. He carries with him the best wishes of his numerous friends.

HIGH TRIBUTE FROM ENGLAND

Letter from a Prominent Red Cross Worker to Mr. W. E. Enman.

The following letter is from the pen of Miss Emily J. Robinson of London, England. Miss Robinson is the daughter of the late Sir John R. Robinson, who was a journalist of note and manager of the London Daily News for more than a quarter of a century. Miss Robinson is noted throughout England for her great philanthropy. She is a prominent Red Cross worker and has done much to alleviate the sufferings of the Belgians and Armenians. After the war broke out she suffered much from nervousness and loss of sleep and could find no remedy. Hearing of the grand work the Farador was effecting in Prince Edward Island, Miss Robinson sent for one. At that time the Farador was not sold in England.

35a Elsham Road,
Kensington, W., London,
Sept. 28th, 1916.

To Mr. W. E. Enman,
Charlottetown.

Dear Sir:—I have pleasure in personally testifying to the beneficial effects of the Farador in insomnia. Drugs given for the purpose of inducing sleep are of necessity harmful, whereas sleep brought about by the action of the Farador is natural and refreshing. The little apparatus relieves so many ailments that it will be found a valuable adjunct to any household, while it is so simple that anyone can apply it after reading the little book of instructions. To brain workers and in cases of brain fag it is invaluable. Its effects are very soothing and it does not get out of order.

EMILY J. ROBINSON.

WON'T PERMIT UNBIASED NEWS.

LONDON, October 16— The German censorship absolutely will not permit unbiased war news to be sent from Germany to the United States or any other neutral country. Unprejudiced American correspondents find it impossible to send the whole truth to their newspapers. They can send only news favorable to Germany.

These are the principal statements in the latest instalment of the report of Dr Thomas Curtin, of Boston, printed in the Times, on what he found during a considerable stay in Germany. Mr. Curtin names various American correspondents in Germany, and tells what sort of reports they are sending and how they are treated by the American government.

After giving a detailed account of the personality and activities of two correspondents, Karl H. Von Wiegand, of the New York World, and William Bayard Hale, of the International News Service, who, he says, are pampered and given every attention by the German officials Mr. Curtin says the American correspondents generally are made to cut a humiliating figure, although not all of them realize it.

Griggs—I do. It's better to have her making up stories about imaginary people than about the neighbors.

IN FIVE MINUTES NO INDIGESTION GAS OR SOUR, ACID STOMAHC

THE MOMENT "PAPE'S DIAPEPSIN" REACHES THE STOMACH ALL DISTRESS GOES.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest regulator in the world.

Berlin Report Loss of Small French Cruiser

BERLIN, Oct. 15, via London.—The small French cruiser Rigel, built as a submarine destroyer, was sunk in the Mediterranean on Oct. 2, by two torpedoes fired by a German submarine, it was officially announced here today.

German submarines, on Oct. 4, the Admiralty statement adds, sank the French auxiliary cruiser Gallia with Serbian and French troops on board bound for Saloniki; about 1,000 were drowned.

REICHSTAG REFUSES SANCTION TO LIEBKNECHT PROCEEDINGS

BERLIN, Oct. 16—The Reichstag committee today refused to sanction the new proceedings of the court martial at Thone against Dr. Karl Liebknecht. The committee also recommended that the Reichstag demand to see the report of the proceedings before the Berlin court martial before finally sanctioning the sentence imposed by that body on the Socialist leader. In the case of the Socialist deputy, Otto Reuhle, the committee refused permision for the continuation of the libel action brought against the deputy on behalf of General Von Bissing, governor of Belgium, and his staff.

Dr. Liebknecht is at present under sentence of four years and one month imprisonment, imposed, by the court-martial at Berlin, for "military treason."

PROPAGANDA COST GERMANY HUGE SUM.

LONDON, October 16— According to a Berne Telegram to the Wireless Press, German Socialists are planning to interpellate Chancellor Von Bethmann-Hollweg in regard to allegations that 200,000,000 marks was spent for newspaper propaganda in the first two years of the war.

One-fifth of this sum is said to have been spent in America, and large sums in Greece and Turkey.

The despatch says explanations will be demanded of what value has been received. It is reported that propaganda included Austria-Hungary, Germany-speaking Switzerland and Sweden.

Bank Merger Has Not Been Approved

OTTAWA, Oct. 15.—According to the officials of the Finance Department the announcement that the Quebec Bank has been purchased by the Royal Bank of Canada, and that Sir Thomas White has sanctioned the sale is somewhat premature. It is stated that Sir Thomas has not authorized the sale, nor has he consicered it. It ispointed out that under the Bank Act the bank directors considering a merger must secure the consent of the Minister before they can proceed with negotiations for a purchase. This consent, it is understood, was secured. The ratification of the agreement has then to come before the Finance Minister and the Treasury Board. The final agreement between the Quebec and Royal Banks has not yet come before Sir Thomas or the Board.

Sir Thomas White left for Toronto and his attitude on the proposed merger could not be learned. It is recalled that the last proposed merger of the Hamilton and Royal Banks was refused by the Finance Minister, when negotiations had gone as far as they have in this case. However, it is understood that at that time the bank officials interested were not familiar with the new Bank Act and did not make application for authority to carry on preliminary negotiations and nothing was known of the matter by Sir Thomas until the application for ratification was made to him. In this case the directors of the two banks have secured the consent of the Minister to carry on negotiations. There is a feeling, although there is no foundation for it in the absence of the Minister, that he has no opposition to the merger or he would not have sanctioned the banks going ahead with negotiations.

It is pointed out in Ottawa that one of the chief objections to the purchase of the Bank of Hamilton by the Royal aBnk was that it would transfer the headquarters of one of the leading Ontario financial institutions to the province of Quebec. Strong objection on this ground was taken in Toronto and Hamilton. No such objection could be raised to a merger of the Quebec and Royal Banks as they are both institutions with headquarters in Quebec.

GERMAN DENIAL OF DUTCH STORY.

THE HAGUE, Netherlands, Oct. 16— The Dutch government today received from the German legations a statement to the effect that implicit instructions had been given to the comanders of German submarines to sink neutral steamships in no case unless the vessels could be destroyed in accordance with the German prize law. Therefore it was considered unlikely that the captain of the Blonversdijk was told by the captain of the submarine which sank the steamship, as reported, that he would send to the bottom every ship which otherwise might touch a British port. Such a statement, it was pointed out, would have been completely opposed to the orders given to the commander.

The government also was informed that should it be proved the Bloemersdijk's sinking was not in accordance with German prize law, Germany would grant indemnity for the vessel and cargo without submitting the matter to a German prize court.

SAVE THE CHILDHOOD OF BELGIUM.

Belgian Relief Committee has to Battle against Anemia among Belgian School Kiddies.

Anemia is now the dread of Belgium—that Belgium, which under German rule. Lack of nourishment the drain on the body tissues for the past two years has so pulled down the health of the children that nine out of ten have this disease to a greater or less extent.

Every effort possible is being used to combat this condition. "Save the childhood of Belgium" is the cry that is going out to the civilized world from the throats of mothers and doctors. Food is the only thing that can do it. Their broken health is due to the lack of proper elements to keep their growing bodies and their country can provide nothing for them and their captors will provide nothing.

School children are being fed an extra meal a day at their schools as far as is possible and this meal is being made as nourishing as it can but the effort is great because there is little to draw from and what the children eat must be sacrificed by the mothers. To the Belgian Relief Committee it is necessary to look for the food and the Belgian Relief Committee must look to Canada in turn for its share. Not only must the committee look to Canada to provide the food for these children—the childhood of a heroic but paralyzed nation—but to Canadians for the money gifts that make the heroic purchasing of food possible.

Every mother of every school child in Canada is asked to consider her children and then to give something no matter how small, to these poor Belgian children. Send it to the committee in your town to the Belgian Relief Committee, 59 St. Peter Street, Montreal. 2604.

STOCKS RISE; HONOR FALLS

(Canadian Press Despatch.)

PARIS, Oct. 16.—Under the heading, "From the Lusitania to the U-53," Joseph Reinach says in The Figaro:

"How strangely once more the truth stands revealed. Imagine America having sent Germany on the morrow of the wholesale massacre an ultimatum to become effective in 48 hours. Either Germany would have given way (and how many victims could have been spared on the high seas,) or she would have stood her ground, in which case American would have declared war and the world-war would now be over, or very nearly so.

"The cry of the German press for several months has been: "America supplies the Allies with cannon and munitions." What does it matter if the Somme and Verdun munitions were supplied by our own or British arsenals? For Germany there was America.

"Will America accept this siege outside her own ports? This impudent violation of a promise given? Telegrams from New York say that the raid of the U-53 provoked great excitement in financial circles, and shares have fallen ten points and the cotton market forty-nine. The world has occassionally seen a decline of honor and a rise of stocks. It is now two years since Europe preferred a decline of stocks to German domination. A still formidable force rises insolently in the face of America. Nevertheless, the might of England confronting General Washington was yet more formidable. Yesterday I read in Emerson: 'We acquire the force we have vanquished.'"
