THE MORNING GUARDIAN

SATURDAY, JUNE 4, 1904.

GOVERNMENT OWNERSHIP.

Mr. Borden, the Opposition leader has discarded his original plan for a railway to the west and adopted that of Government ownership. He also takes the ground that the agreement with the Grand Trunk ought to be subject to the approval of the people at the general election. He would stand in a better position had he taken this ground from the first. Mr. Borden's first plan did not commend itself to the country. His alternative scheme really had the effect of strengthening the Government's position. There were hosts of people who felt convinced that the Government's plan was unwise and ought not to be undertaken, who were yet compelled to give the same judgement upon the alternative plan of the Opposition leader.

His later plan of Government ownership is much stronger. "Better a Government-owned railway than a railway-owned Government." If the Government is to build and own the road from Moncton to Winnipeg, and guarantee most of the money for the balance of the the road, from Winnipeg to Port Simpson, why not build and own the whole? Of course it is a stiff proposition and a costly one, but the feeling in favor of Government and municipal ownership of public franchises is undoubtedly growing rapidly. An entire Government railway from the Atlantic to the Pacific would have many advantages. It would afford a guarantee of reasonable freight and passenger rates such as we can never have under the company system. On one point we can agree heartily with Mr. Borden. The country should never have been committed to the Grand Trunk Pacific scheme without the people being consulted. The subject was not before the country when the present Parliament was elected.

GOT LAME BACK OR LUMBAGO?

No need of that now. That sort of pain can be knocked out in short order, for Polson's Nerviline, which is five times stronger than any other, penetrates at once through the tissues, reaches the source of suffering, drives it out and thus gives relief almost instant. Not magic, but strength that gives Polson's Nerviline this power. You will think it magic however if you try it, pain goes so quickly. Sold by dealers everywhere, in large 25c. bottles.

The June Canadian Magazine is to hand with a beautiful colored frontispiece entitled Sunset on the Bay of Fundy. The entire number is embellished with fine engravings illustrating the interesting subjects treated, among which are Toronto's Great Fire, The Building of a Railway, The Automobile of 1904. Other varied features are quite up to the usual standard of this excellent magazine.

It may aid in guessing the length of the war and the number of great battles that are probable if we turn to the Crimean War of 1854 6. The battle of Alma was fought September 20, 1854; siege of Sebastopol begun October 17; battle of Balaklava on October 25; Inkerman November 5; unsuccessful assault on the the Malakoff and Redan June 18, 1855; capture of Sebastopol and end of the war September 8. In the six months from March to August inclusive 81,000 men were killed and wounded in and around Sebastopol. Much larger numbers died from other causes, the Russian losses in the Crimea being over 200,000 in all. In the final assault on Sebastopol the killed and wounded were Russians, 12,913; French 7 567; British, 2,271, a total of 22,751.

WEARY BRAIN WORKERS.

All fagged out, ideas flow slowly as molasses, snap and energy gone! The buoyancy that made work a pleasure, that gone also. A doctor would say you are run down, enervated, neither eating or digesting enough. It's Ferrozone you need to brace up that fitful appetite and improve assimilation and digestion so that lots of pure strong blood will be formed to nourish the broken down system. Ferrozone will drive away the tired feeling, restore your spirits and energy, revive your ambition and strength for work. No tonic or rebuilder like Ferrozone—try it. Price 50c. per box, or six boxes for $2.50; at Druggists, or Polson & Co., Kingston, Ont.

HAMILTON'S PILLS CURE CONSTIPATION

THE LIVERPOOL AND LONDON AND GLOBE.

The annual meeting of this great company was held at Liverpool on the 10th inst.

The chairman of the directors, Mr. Richard Hobson, said that the accounts he had to submit were of so satisfactory a nature that he felt sure that they would meet with cordial approval. As to the fire business, the premium income, after deducting reinsurances, amounted to £2,067,194 ($10,069,347), being £113,563 in excess of the previous year. That was a moderate increase, but it showed a sound progressive advance. Last year was, up to that time, their record year, but this year they had surpassed that, the profit of the present year exceeding that of the preceding year by £18,000. He referred to the recent conflagrations at Baltimore and Toronto. The loss of the company at Baltimore would not exceed £170,000 and that at Toronto was estimated at £35,000. Their manager was fully prepared for such losses knowing that they must be expected from time to time.

The assets of this company in Canada alone were on the 31st December last nearly four millions of dollars and its total assets upwards of fifty four millions. The losses at Baltimore and Toronto were met without trenching on Canadian investments or upon government deposits in the United States or elsewhere.

A SOUTHERN ARRESTED.

AMHERST, May 31.—Charles B. Southworth, a native of Virginia, was arrested today on suspicion of having stolen a sum of money, about $60, from Alex. Smith, a fellow boarder. His affects were searched and $50. were found concealed in a shirt. Southworth will come up for examination before Justice Casey tomorrow.

Bicyclists and all athletics depend on BENTLEY'S Liniment to keep the joints limber and muscles in trim

SIR HENRY IRVING.

LONDON, June 1.—Sir Henry Irving at a reception given in his honor by the Manchester Art Club this evening, definitely announced that he would retire from the stage in 1906. Sir Henry in the course of a speech on the drama, reminded his hearers that it had been 48 years since he had first trod the stage.
