AGADIAN GEOLOGY:

A popular account of the Geological Structure and Mineral Resources of NOVA SCOTIA.

And portions of the neighboring Colonies.

By J. W. DAWSON, F.G.S. &c.

THE above Work will consist of about 300 octavo pages, and will be illustrated by a large Geological map, Sections, and Figures of Fossils. It will include a large mass of unpublished notes, referring to Nova Scotia, Cape Breton, Prince Edward Island and parts of New Brunswick, the substance of sixteen papers contributed by the author to the Geological Society of London and other Scientific Societies, and notices of the more recent discoveries of other Geologists. These materials will be arranged in such a manner as to present to the general reader a complete view of the structure of Nova Scotia and the neighboring districts, so far as at present known, with its relations to the facts and principles of general Geology, and to the present and prospective values of the useful minerals.

With the view of ascertaining the number of copies likely to be required, subscription lists will be left with Messrs. A. & W. McKinlay and E. G. Fuller, Halifax; Messrs. Dawson & Son, Montreal; Mr. A. Lawson, Yarmouth; Mr. W. H. Crawford, St. John; Mr. G. T. Haszard, Charlottetown. Price to subscribers, 5s., payable on delivery of the work. Price after publication, 10s.

Tenders for Steam Communication.

Colonial Secretary's Office, P.E. Island,
November 27, 1854.

SEALED TENDERS will be received at this Office until the 27th day of January next, (1855,) from any person or persons willing to contract to run, for one or three years a good and sufficient Steamboat, of competent power, for the convenience of Her Majesty's Mails, twice in each week, between Charlottetown and Pictou, and once in each week between Charlottetown and Bedeque, from the opening or the closing of the navigation in each year, and on such days and hours in the week as may be appointed for that purpose by the Government.

Tenders will also be received to contract to run, for one or three years, a good and sufficient Steamboat, of competent power, for Her Majesty's Mails, three times in each week, between Bedeque and Shediac, during the Season of Navigation in each year, and on such days and hours as may be appointed by the Government.

Each of these Steam Vessels must be fitted and provided with good accommodation and capacity for the conveyance of Passengers and Freight; also have on board competent Engineers, and be sufficiently manned, victualled and equipped for the performance of the service, and be subject to the approval of Commissioners to be appointed by the Government.

GEORGE DOLES, Colonial Secretary.

Elkington & Co's. Patent Electroplate.

HAS now been before the public since 1841, and after the most severe test of wear, in the vessels of the Royal Mail Steam Packet Company, the Peninsular and Oriental Company, the General Screw Steam Ship Company, the British Steam Navigation Company, and numerous Club Houses, Hotels, and Private Houses, in every part of the world, continues to give the most unqualified satisfaction, supplying as it does all the advantages of silver in utility and beauty of effect; and it will be found that the interest of money upon the cost of silver Goods for a period of seven years, is alone sufficient to purchase Electro Plate, and this, with the now established fact of its extreme durability, makes it a matter of great importance to all purchasers of such articles. It must be evident that the wear of all articles depends on the thickness of the deposit, and the Patentees refer with pride and confidence to the award made by the Royal Commission of the Great Exhibition, 1851, OF THE FIRST CLASS OR COUNCIL MEDAL for these productions.

A large assortment of the above Goods has just arrived per Cicely, direct from the manufacturers, and is now ready for sale.

PERRY'S HUNGARIAN BALM.

For Restoring Preserving and Beautifying the Hair.

THIS elegant preparation is an efficacious remedy for Baldness, or falling of the Hair. It promotes and completely eradicates Scurf and Dandruff, strengthens the Roots of the hair; causes it to grow luxuriantly; gives it a rich, dark silk and glossy appearance, and prevents it turning gray. The Hungarian Balm is a purely Vegetable compound, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the hair. It acts directly upon the skin, cleansing and purifying it from all unhealthy secretions, thereby removing and preventing the accumulation of scurf, dandruff and other impurities, which so frequently cause premature decay and loss of the hair.

The Hungarian Balm is especially adapted to ladies' use; and those who have tried the various oleaginous mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation. Instead of matting and tangling the hair, (which is more or less pulled out in the process of combing,) it leaves it free and clean; promotes a natural moisture, and imparts a beautiful dark and glossy appearance. Try it at once and you will be convinced of its superiority over all other compounds of the kind.

Much more might be said in favor of this invaluable compound, but it is deemed unnecessary. The proprietor feels confident that ONE TRIAL will convince the most incredulous of its rare and manifold virtues. Therefore,

If you have lost your hair and wish to restore it.

If you are losing your hair and wish to preserve it.

If you are troubled with Dandruff and wish to remove it,

If you have any humour of the Scalp and wish to cure it,

If you are troubled with Nervous Headache and wish to cure it,

If you have hair eaters at the roots of the hair and wish to destroy them,

If you have lately dry and wiry hair, and wish it to become soft, pliable and luxuriant, and if you wish to preserve rich, graceful and luxuriant tresses to the latest period of life, use PERRY'S HUNGARIAN BALM.

Price 25 and 50 cents, in large bottles.
