Itching Scalp Falling Hair

To prevent dry, thin and falling hair, remove dandruff, allay itching and irritation of the scalp, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, succeed when other methods fail. Cuticura Soap and Ointment have been equally effective in the treatment of torturing, disfiguring scalp humors and the alarming loss of hair which so often results. For example, read how George E. Jefferson, 1518 Reed St., Philadelphia, tells of his remarkable case:

"My disease started with a little pimple on my head. Then it began to itch. The more I would scratch, the worse it grew until it spread all over my head. So I went to the doctor. But my head grew as raw as a piece of beef and my hair commenced to fall out in bunches. So I changed doctors. My head at this time was so sore I could not touch it. Then I decided to go to the hospital. They began to treat it but it napped worse slowly. For over three years I was a sufferer from this disease. I thought all hopes of a permanent cure were impossible. A friend, urging seeing the condition of my head—which was a mass of ointment—persuaded—asked me if I had tried the Cuticura Remedies. I told him nothing would do me any good, but being very anxious to be cured, I decided to try them. The first application brought immediate relief. My hair became more and more stopped falling out, all the scale left and now I am perfectly well and have a full head of hair. I can truthfully say that it is entirely due to the use of the Cuticura Remedies."

(Signed) George E. Jefferson.

THE HUDSON BAY RAILWAY

OTTAWA, Jan. 3—Messrs. McKenzie and Mann had a conference with Hon. Mr. Graham, Minister of Railways, the result of which is that Mr. Graham will submit to Parliament a proposal that the Canadian Northern Railway shall undertake the construction of the Hudson's Bay Railway. It is expected that this will provoke a storm of disapproval from the West whose farmers desire the construction, ownership and operation of the railway by the Government.

SUMMERSIDE, ALBERTON and PRINCE COUNTY

—It pays to buy in this Province.

—Dr. A. H. and Mrs. Beers of Cherry Valley were week-end guests in Alberton, the former home of Dr. Beers, who was a very successful practitioner during his sojourn there.

—Holman's, Ltd., Summerside, are presenting to their customers who have telephones a very useful indexer which may be attached to the telephone for instant use and on the front of which are the numbers of the different departments of their large store.

—The home of Joseph and Mrs. Cannon, Ellerslie, P. E. I., was the scene of a happy event on the evening of Dec. 14th., when their daughter Edith was married to James McNevin of Tyne Valley. The ceremony was performed by the pastor of the Methodist Church, Rev. L. J. Leard. Only the immediate relatives were present. Mr. and Mrs. McNevin will reside in Tyne Valley.

—The members of the Methodist Church choir and the Sunday school children gave an excellent Christmas entertainment in the Orange Hall at Ellerslie Station on the evening of Dec. 22nd. The program, which occupied almost two hours, was of special merit. The performers all acquitted themselves with credit, and the large audience voted it one of the best entertainments ever given in Ellerslie. Over fifty children were treated to bags of candy and nuts, and oranges. The Christmas tree looked very pretty, trimmed with tinsel, wax candles and sparklets besides the candy bags. At the close of the entertainment Mrs. Leard was presented with a beautiful standing work basket, and Rev. L. J. Leard, the Methodist minister, with an elegant tie-rack and several handkerchiefs.

—The Farmers Institute of Lots 27 & 28 held a meeting at Augustine Cove, Dec. 28th. Pres. Cameron took the chair at 2 p. m. Sec. read minutes of last meeting which were approved. The Pres. in a short speech explained that it was by request of the Secretary of the Prince County Exhibition Committee that he had brought this matter before the Institute for discussion. Chas Craig spoke of helping to revise the prize list. Vice Pres., Jos Noonan, N. F. McFadyen, School inspector Wilfrid Bouffer and others, also spoke, but as it was getting late the discussion was adjourned until evening. Evening session met at 7.30. The question of "Reciprocity with the United States" was first taken up and discussed by D. J. Thomson, Chas. Craig, H. D. Robinson, Pres. Cameron, Inspector Bouffer, Jos Noonan and others. Some very eloquent and patriotic speeches were made but nothing definite was arrived at and no vote taken. The Committee appointed to prepare resolution on Exhibition reported as follows: Whereas, there is a growing dissatisfaction among the members of this Institute re—the methods of conducting the Prince County Exhibition, and whereas we the members of said Institute consider the committee in charge of the exhibition have the power to make necessary which will further the educational value of the exhibition. Therefore resolved first, that we respectfully request the management to exclude all "Fakirs and side shows" from the exhibition grounds. Second, also resolved that there be no horse-racing on one of the two exhibition days. Third, further resolved, that the exhibition be not held on Saturday. Fourth, also resolved, that competent judges be selected and sufficient time allowed them to demonstrate their reasons for so awarding the different prizes. Also that all stock exhibited be property of the exhibitor at least sixty days before date of exhibition. Fifth and further, that the program be so arranged and advertised that the public will know at what hours the several classes will be judged. After some discussion the above was adopted with the provision that it be brought before the next meeting for approval. Next meeting will be at Middleton Jan. 11th., 2 and 7 p. m.

Change of Business

We have sold our Charlottetown business to Mr. John Y. Crockett, the change of ownership dating December 31st, 1910. We desire to collect all accounts due us at once, and have arranged with Mr. Crockett to collect for us and grant receipts.

We take this opportunity to thank you for your generous patronage and solicit a continuance of the same to our successor.

REMOVED

We have removed from 120 Euston Street to 180 Queen St. to stables formerly occupied by Fred. Cameron, trainer. These stables are situated between the tailoring establishments of John T. McKenzie and James Callaghan, most convenient to everybody, large and roomy, having in connection eight large stalls, where horses can be tied in perfect safety. We will be pleased to meet all our old and new customers, with better accommodations and facilties than ever for first class work. Thanking one and all for their past patronage I take this opportunity of soliciting a continuance of same.

—Mrs. Lewis J. Taylor, of Clinton, will be at home to her friends on Wednesday and Thursday afternoons and evenings, January 4th and 5th.

—Kentford L. Waite, Wilmot Valley, met with a somewhat painful accident the other day in getting his hand cut. Dr. Houston of Kensington dressed the wound, putting in several stitches, and his friends are glad to know it is doing nicely.

—Two local smelt fishermen, Philip Gallant (Sam) and John Nowlin, had the misfortune yesterday to lose a large catch of smelts, between ten and twelve hundred pounds besides a couple of nets, by the sleigh in which they were bringing them to Summerside breaking through the ice on the channel above the Island, smelts and nets going to the bottom.

—In the roll-off on the Summerside alleys, last evening, the weekly prize was again won for the third time, in succession by W. J. McNeill, with a score of 467. The following is the score for the other competitors: —Wm. Doucette, 418; J. L. Sharpe, 406; Louis Romcke, 390; Dr. McMurdo, 384; Eugene Admas, 379; Claude Leard, 333. On Monday evening last some big scores were made by local rollers, several of which were over 200. Dr. McMurdo rolling 232.

—While St. John will have a strong hockey team this winter, yet she will be weakened by the loss of one of her stars, Lowell McQuarrie, who last winter held down the rover position. McQuarrie, who is in the employ of T. H. Estabrooks & Co., has been transferred to the Winnipeg branch of the concern and will leave on Monday for the prairie city. The appointment comes by way of promotion and while Mr. McQuarrie's many friends will congratulate him in this respect yet they will miss his absence from the city. As a player, he was one of the best forwards on the St. John team and his place will be hard to fill.—St. John Telegraph. Mr. McQuarrie is a son of Neil McQuarrie, K.C., Summerside, and left Monday for Winnipeg.

CARNEGIE GIVES $1,250,000 FOR GERMAN "HERO FUND"

BERLIN, Dec. 31—Announcement was made today that Andrew Carnegie had given $1,250,000 for a "Carnegie Foundation for Life Savers," in Germany.

The conditions and purposes of the endowment are similar to those of the hero fund, previously established by the American financier in the United States, England and France. The annual proceeds will be used for the benefit of those who have been injured in the execution of heroic acts, and in the event of a hero's death for the support of the surviving dependents. A special provision is made for the education of the children of those who have sacrificed their lives.

P. E. I. POULTRY ASSOCIATION EXHIBITION TO-DAY

(Continued From Page One.)

by no means counted for naught in the province. There are as many birds on exhibit as last year and in many classes there will be keen competition for the prizes awarded. The cups of course, are the most to be desired of these and wherever a cup is offered there is to be found plenty to whom it might be awarded.

The hall is attractively decorated and the exhibits are arranged in a convenient manner.

Any association which accomplishes as much in its line as the P. E. I. P. A., is worthy of the encouragement and patronage of all.

Considering the unfavorable weather a very good audience assembled last night in the Kindergarten Hall to hear Mr. Jarvis, of Grimsby, Ont., who is here as judge at the Poultry show, lecture on poultry-raising. There were not as many present as could be wished for, because the lecture was one of great value to all interested in the important and lucrative business of poultry raising.

His Honor Lieutenant Governor Rogers presided.

Mr. Jarvis, on being introduced, first spoke of the selection of stock—and said he had much experience. He began when young, had his ups and downs. He had tried many varieties of fowls. Only from early pullets—of whatever breed—had he found it possible to get winter eggs. After they get through laying — they will not lay 365 days a year — they will have to have a rest. He advised his hearers to select the fowls which would seem to suit their conditions—select any good variety—Wyandottes, Rhode Island Reds, and the Rocks are good to choose from. Breed from the best layers to get good layers. Hens will have to be watched. Trap nesting is a good plan—it takes time—but time and attention is required to make it a success and get hens which will give from 190 to 200 eggs. He told of certain signs by which laying hens can be noted. Hens of this strain will make money for owner. He spoke of splendid success he had with incubators many years ago at Baltimore, Ind., but all was nullified by the tape worm which was a fatal disease. On the whole he thought if a proper house was fitted up for setting hens the natural way of hatching was as good as artificial. In the brooding house, cleanliness should be the rule—coal oil should be used, and the lice exterminated. Coal oil will banish the lice from the nest and perches. The spider lice which infest the houses can spoil all success. Coal oil is a cure. Then there is the tick louse which infects the little chick a few days after they are hatched. He gave many hints also about artificial hatching. Artificial heat in a hen house in winter was a mistake; have an inclosed roosting place. Let the fowls out in the day time—give them lots of fresh air, exercise, let them bustle for their food—a little green food, a cabbage hung up. The feeding of warm mash on cold mornings is not proper—they then stand huddled up together—doing nothing. Mr. Jarvis gave many details of value to his hearers, and reverted more than once to the importance of selecting a good laying strain, of keeping the hen houses clean, of guarding against lice and ticks, of giving the fowls plenty of exercise and of proper feed as successful factors in profitable poultry raising.

After his address many questions were asked of him, all of which Mr. Jarvis answered fully.

Premier Haszard spoke in a most flattering manner of the lecture and moved a vote of thanks. The vote was seconded by John Newson, and supported by A. B. Warburton, M. P., and Theodore Ross.

VICTORIAS DRAW THE FIRST BLOOD

At the Arena Alleys last evening the initial game in the three team Provincial League was played, resulting in a victory for the Victorias by a majority of 100 pins.

The game was fairly even throughout and a great deal of interest was manifested in it. The Vics won the first round by 113, the Abegweits the second by 19 and the Victorias the third by 6.

The highest individual score in the games was made by "Nick" Currie, who rolled off 197. He was also second in the average, being beaten by Vernon Gay who rolled 505 in the three games. Both of these were Victorias.

For the Abegweits Strain rolled 482 and was third highest in the average. He also put on 190 individual score, the second highest.

The following is the summary.

Victorias.
