LEAFS AND BRUINS BATTLE TO DRAW

BOSTON, Dec. 26.—(A.P.)—With their defence men performing in efficient fashion Boston Bruins managed to hold the speedier Toronto Maple Leafs to a 2-2 overtime tie tonight before a crowd of less than 3,000, the smallest National League gathering in this city in nine years.

The Leafs, returning here for the first time since their disastrous accident two weeks ago, when "Ace" Bailey suffered a fractured skull in a collision with the now suspended Eddie Shore, ran into the heaviest snowstorm of the season which, officials claimed, kept down the attendance.

Bruins opened the scoring in the initial period, Nels Stewart caging a pass from Dit Clapper, and Charlie Sands evaded matters for the Leafs in the second session with King Clancy and Bill Thoms assisting Charlie Conacher's goal, on Joe Primeau's assist, put Toronto on top in the third. With three minutes remaining, the Bruins put five forward goals, scored by "Red" Beattie from Marty Barry and Stewart.

SUMMARY
First Period:
1-Boston, Stewart (Clapper) 12:00.
Penalties—Sibert, Clancy, Conacher (10 minutes).

Second Period:
2-Toronto, Sands (Clancy, Thoms) 18:00.
Penalties—Clancy, Day.

Third Period:
3-Toronto, Conacher (Primeau) 15:02.
4-Boston, Beattie (Stewart, Barry) 18:00.
Penalties—Hallett, Stewart, Clancy.

Overtime Period:
No score.
Penalties—None.

BERWICK WINS OPENER

(Canadian Press)
WOLFVILLE, N. S., Dec. 26.—Staging the opening fixture of the King's County Hockey League 1933-34 schedule, Berwick Bruins tonight crushed a weakened Port Williams team 3-2 in a hard-fought battle that provided plenty of entertainment for the throng of spectators who jammed their way into the arena. Ports were deprived of illness of the services of Thompson, Bezanon and Avery.

Newly Weds Trek To New Home In The Sub-Arctic

MOOSONEE, Ont., Dec. 26.—(C.P.)—It's a far cry from the green hills of Newfoundland to the snow-white wastes surrounding Povungnituk in the sub-Arctic, but it spells romance for Mrs. Robert C. Stewart. With her husband, the young bride is enroute from Saint John to her new home, 900 miles north of here, high up on the east coast of Hudson Bay.

The bride's honeymoon from here to their destination will occupy four weeks and will be made by dog team. But hazards of northern travel will provide no new thrill for the young couple. They are old staggers at this mode of transport and well equipped for the arduous trek ahead of them. Both have spent many years in the barren lands.

The former Miss Elizabeth Ford was born at Ungava, on Hudson Strait where her father for many years was a fur trader. Stewart has served at many posts in the far north, including Repulse Bay where he traded before coming "outside" to meet his bride.

Unlike the brides of the city there will be no round of teas, receptions and bridge parties to occupy Mrs. Stewart's spare time when she arrives home. There will be no other white woman within 600 miles. "But I shall have so many things to occupy my time," she said. "There is always the radio and, of course, the dances to look forward to."

Ekimos and trappers for miles around attend these social gatherings. "We dance to the strains of the accordion and violin. We don't play the radio," Mrs. Stewart explained, "because the dances do not last long enough for the Ekimos. They delight in dancing for at least 30 minutes without stopping."

The only edible grown up north beyond the tree line is the humble potato. There is a little decay, Mr. Stewart said, that there isn't much soil. The frost seldom leaves the ground for more than two or three feet deep. For provisions we figure two years ahead and take these in with us.

"I asked if she would miss the city," Mrs. Stewart said: "No, I'm a northern girl and I love the north and the silence of it. I may miss some of the pleasures, but I haven't the hazards of the city to worry about. Then again, she added with a mischievous smile, I won't have to worry where my husband is in the evening."

Rugby Star Sustains Burns

(Canadian Press)
GLACE BAY, N. S., Dec. 26.—John Weir, former Caledonia rugby star, was sustained serious burns last night as a result of a practical joke which proved quite serious was reported to be out of danger at the General Hospital today.

Weir with a number of other friends were at Percy Priskers residence last night and Weir was playing Santa for the children. One of his friends put a match to the paper suit he was wearing and Mr. Weir sustained very serious burns. Dr. John MacNeil had him removed to the General Hospital where it was found that his hands, face and limbs were painfully burned. He was reported out of danger today.

ANOTHER WIN

BERLIN, Dec. 26.—(C. P. Cable)—Ottawa Skating Club, who are touring the continent, tonight continued to display their superiority when they defeated Berlin Skating Club 6-1 in an amateur hockey game.

UNITED STATES CHAMPS WIN FROM CANUCKS

(Canadian Press)
ST. LOUIS, Dec. 26.—The Stix, Baer and Fuller's of St. Louis, United States professional soccer champions, won their second victory in two days over Toronto Scots here yesterday. The score was 8-4.

The game, played in biting cold weather at Sportman's Park, drew a crowd of 750.

Mission Nuse Saves Work In Africa Jungle

REGINA, Dec. 26.—(C.P.)—Three years ago as a mission nurse in dark jungle haunts of Sudan Central Africa, Miss Hilbrandt and her husband, who are now in the love of Miss Ella Hilbrandt for her work. Home for rest, she plans to return next February.

"I just love the work," Miss Hilbrandt said. This, in spite of the fact she often is exposed to the perils of leprosy, malaria, and sleeping sickness, and at times goes to bed hearing the roar of lions, leopards and wild pigs and other beasts of the jungle.

Born in Edmonton, Miss Hilbrandt graduated from a Toronto Bible College. At present she is in the employ of the Sudan Central Africa, she finds pleasure in her work with Mr. and Mrs. Victor E. Young, of Toronto. The 200,000 square miles in which live 200,000 persons.

"It is impossible to get into or out of the district during the rainy season, which lasts from May to October," she related. All our food is canned. There is even milk. We can keep neither cows nor horses due to the tsetse flies, the bite of which causes sleeping sickness.

"CADDY" IS AN OLD PERFORMER

(Canadian Press)
VANCOUVER, Dec. 26.—Residents of Pender Island, in the Gulf of Georgia between Vancouver and Victoria, saw Cadorosaurus (Victoria's glaucous serpent) today, the missionary added. "Sacrifices are offered to the spirit of trees and water. Men buy their wives and often return to them demanding their money back if not satisfied."

WINTER TO BE SHORT SEASON

(Canadian Press)
QUENSMEL, B. C., Dec. 26.—Nasiko Indians of British Columbia predict a short winter, according to Paul Krestenk, Mackenzie river fur trader.

CHICAGO TEAM INCREASE LEAD IN SECTION

(A.P.)
NEW YORK, Dec. 26.—Chicago Black Hawks increased their lead in the American Division of the National Hockey League tonight by defeating New York Americans 2-1 in a close but raggedly played game. The triumph put Chicago three points ahead of the idle Detroit Red Wings.

Black Hawks showed their usual defensive game, coupled with just enough attacking power to take advantage of the "breaks" and win. After the Americans had scored the first goal, they ripped through to tie the count in less than a minute, then won out in the third period on a long shot by Tommy Cook.

The winning counter came at the start of the third period on a high, soft shot from the middle of the rink. Worriers tried to knock it aside but the puck bounced over his stick into the cage. In the first frame young Hal Picketts had banged home Rabbit McVeigh's rebound to start the scoring and Lola Couture had tied it up for the Hawks just 42 seconds later.

SUMMARY
First Period:
1-Americans, Picketts, 8:12.
2-Chicago, Couture (Gottselig) 8:54.
Penalty—Dukowski.

Second Period:
No score.
Penalties—Picketts, Brydye, Conacher.

Third Period:
3-Chicago, Cook, 2:54.
Penalties—Burke, Leswick, Jenkins.

HAS LEAD OF FOUR POINTS

(C.P. Cable)
LONDON, Dec. 26.—The Arsenal tonight was safely entrenched at the top of the first division of the English Football League, only team in the group to come through the Christmas grind without administrative another defeat to Leeds United at Highbury this afternoon, 2-0, to increase their lead to four points.

Huddersfield marched from fifth to second position as a result of the holiday fixtures in which they picked up a total of five points. They beat Tottenham Hotspurs today 2-0 right on top of the 3-1 defeat they inflicted the Spurs at Tottenham on Christmas Day.

Derby County, with only one win over the holiday, slipped back to third position and the Spurs, who likewise could win only one of three matches, were left in fourth place slightly ahead of Manchester City on goal average. The Spurs, who led the league for many weeks, are now seven points back of Arsenal.

Grimsby Town trounced Manchester United 7-3 at Grimsby, second win of the holidays, and tonight remained well in the van of the second division. Blackburn, which leads the month was down a goal, was four points behind while Bolton Wanderers, Port Vale, Preston North End and Brentford remained deadlocked for third.

Two teams were enough to get Norwich City back on top of the Southern Section of the third division. They beat Crystal Palace 2-0 this afternoon. Queen's Park Rangers, however, got within a single point of the top with two wins and a draw.

(Canadian Press)
OTTAWA, Dec. 26.—For the eighth consecutive month a gain was shown in employment on December 1, says a statement issued today by Hon. H. H. Stevens, Minister of Trade and Commerce. The number of employed was 850,486 compared with 846,793 on November 1, an increase of 4,693. Reflecting this improvement the index of the Dominion Bureau of Statistics on the base 1926 equals 100 rose from 91.3 on Nov. 1 to 91.8 the highest figure in two years.

"This latest increase," said Mr. Stevens, in issuing the statement, "was particularly interesting because it reverses the downward movement which hitherto has invariably characterized the situation in the early winter."

"During these last eight months generally advancing activity has been reported by firms who have added approximately 147,300 persons to their staffs. The proportion of the wage earning population included therein is large, but if data were available for all industries and all employers, the number of workers shown as having been reinstated would considerably exceed that figure."

The general index has risen from 78.0 at the beginning of April to 91.8 at the beginning of December, a gain of 13.8 points or nearly 21 per cent.

The improvement at the beginning of December occurred largely in logging and retail trade and highway construction. Logging provided work for an extra 15,700 men, the 46,000 employed being the largest number shown in that industry in the bureau's record of twelve years," added Mr. Stevens.

Les Lowther To Handle Game Tonight

(Canadian Press)
AMHERST, N. S., Dec. 26.—Lester Lowther of Amherst will return to his old post as referee in the Maritime Hockey League tomorrow night when he takes charge of the Halifax Wolverines vs. Charlottetown Abegweits game tomorrow night. Lowther, once recognized as one of the best arbiters in the league, was appointed at the request of Wolf-ersheim for a neutral official for the Charlottetown tilt.

Timely Tips On Sport

Reading Halifax reports on Monday night's game it appears that the locals had the game "clinched" when "Hickey" Nicholson beat Sargent—but for some reason unaccountable, undetermined even by Halifax fans the goal judge failed to signal the tally and the goal was disallowed.

Even while the Abbies were protesting the Wolves forwards broke loose and Cowley sargged the draperies behind McCann—this play was called back maybe because it was too barefaced to let go.

Talk of retaliation in this method of handling games, which has featured some Able road encounters, has been heard, but such action should be discouraged by the Abegweit Hockey Club, and the attention of higher officials directed to the question.

Commenting further the sport columnist claimed it was the worst handled game for many moons, much escaping the eyes of the referees.

Les Lowther of Amherst will act as referee in chief at tonight's game. The local official had not been named last night.

The importation of football players from the United States for the "big four" of the so-called Canadian game is to continue. Some weeks ago, according to some large edition newspapers of Quebec and Ontario, the clubs were all agreed to put a stop to the practice, chiefly because Toronto Argonauts with a style of play as far as possible from the U. S. kind, were the ultimate winners, but also because the native born resented the presence of the imports. But now all is changed.

Connie Mack has settled all retirement rumors, concerning himself thus: "Ret? Never! He declared as he prepared for his 71st birthday today, looking forward enthusiastically to the job of rebuilding the faces on his Athletics as a result of scattering his once-championship stars."

"I'll never retire," he said emphatically, "So long as I retain my health, I'm going to remain active. I'll continue managing as long as I feel I can help my players."

AGE-OLD MAP MAY LEAD TO PIRATE GOLD

(C.P.)
CABRI, Sask. Dec. 26.—(C.P.)—A map of the old world, which eight chests of golden treasure buried beneath the ground! Such is the lure which may lead an expedition on this Southwestern Saskatchewan hamlet in search of pirate loot believed buried on an island off the Atlantic coast.

A map, dated 1821 which has just come into the possession of W. J. Doyle, resident of this village, is believed to indicate location of a buried treasure on one of the numerous islands that lie off the maritime coast line.

The map originally was in the possession of Mr. Doyle's grandfather who received it from his brother, a sailor. It has been handed down from father to son until eventually it passed into the hands of his present owner.

Mr. Doyle took little interest in the map until about a year ago, chiefly because, he says, is father invariably referred to the island as Treasure Island and no trace of such an island could be found. A few months ago, however, he was able to discover the real name of the island.

The map gives explicit directions in fathoms taken from certain landmarks. It also discloses the depth of ground under which the treasure lies and gives the dimensions of the treasure chamber. Mr. Doyle firmly believes he has information which will lead him to his golden goal. He expects to leave for the seas early in the new year.

VENISON STEAK RESULT OF FIGHT

(Canadian Press)
CRESTON, B. C., Dec. 26.—The family of John Bird, postmaster and stockbreeder at Camp Lister, east of here, is enjoying venison steak because two deer decided to settle a quarrel in the Bird backyard.

ROCHE STILL HEADS N.H.L. SCORING LISTS

(Canadian Press)
MONTREAL, Dec. 26.—Earl Roche continuing his excellent sharp-shooting from the port-side of Ottawa Senators second forward line, scored three points at Detroit last night to hold a good margin on top of the National Hockey League scoring lists.

In the official statistics issued by President Frank Calder tonight Roche is shown with nine goals and eight assists for 17 points, three more than the fast climbing Charlie Conacher of the Maple Leafs who scored three points at Detroit last night to hold a good margin on top of the National Hockey League scoring lists.

Leadership in actual goals scored was shared by four players, Earl Roche, Charlie Conacher, Sorrell and Barry, all of whom have nine assists. Frank Loucher of Rangers and King Clancy of Maple Leafs forged to the top with nine.

Abegweits Meet Fast Travelling Wolves Tonight

Strange happenings are being seen in the "Big Four" series. The famous Moncton Hawks, champions of Canada, have suffered four losses in their last five starts, while the lowly Beavers have won their two recent engagements.

From now on it will be any team's victory in their respective clashes. At Halifax on Christmas night the local team displayed their finest form of the year. True they lost the decision but it was a doubtful victory for the Wolves in view of the most unsatisfactory work of goal officials.

More stability in the local personnel seems at last to have been decided on, and the fans will see tonight the best of our local pucksters in the line. Returning last night the Red and Black were in good spirits and intent on giving local followers the very best of which they are capable.

Tonight's game should combine every desirable and thrilling feature of our great winter pastime. From goal outwards every effort will be made to hang a defeat on the Scotian representatives.

English Mother Has Happy Life In Mining Town

(Canadian Press)
WINNIPEG, Dec. 26.—(C.P.)—The rigors of a Northern Ontario mining camp hold a charm for Mrs. Edward C. Hinds, young English mother who, with the fortune of the old pioneers, went into the Red Lake gold country to join her husband last year.

"Coming out" by aeroplane to Hudson, Ont., Mrs. Hinds has just made her annual visit to Winnipeg. Despite the glamour attached to the once-a-year trip to the city, she professes a deep feeling for the little town of High Gold Mines, in the Ontario and water country of Northern Ontario.

From a woman's viewpoint, the lady from the north declared, life in a gold mine town can be a fascinating experience. But the excitement which assailed her on her first arrival with her baby in arms and a second child but two years of age. The feeling is not with one or two long, she said. In the hinterland where the settlements are cut off from even aeroplane communication for long periods, comradeship has been fostered to a high degree.

In the new country, Mrs. Hinds said, all work hard; contentment reigns supreme. The one dread is that some day the country will be drained of the yellow metal, necessitating a move to greener pastures.

For six weeks the young matron will enjoy the bright lights of this western city. By that time lakes which have frozen over planes will again be able to land in the city and she will return to her husband and family.

BRANDING CATTLE WITH PAINT BRUSH

(Canadian Press)
REGINA, Dec. 26.—The paint brush may soon replace the red-hot iron as an instrument for branding cattle if experiments now under way prove successful.

This new deal for cattle comes in the form of a chemical which is applied with a brush. It is said to produce a permanent brand which shows up much better than the old type.

Lawrence ports during the past month were handicapped by ice and low water. This situation reacted to the benefit of Quebec, which is the only port having shipments in excess of last year's. Shipments from West Saint John began in the past week and should be encouraged by the lower rail rates recently. Vancouver wheat clearances to date are less than half those of last year and the forward bookings are not promising.

HAWKS TO MEET QUAKERS TONIGHT

(Canadian Press)
SASKATOON, Dec. 26.—With the lineup that carried them through to the Allan cup finals last season virtually intact, Saskatoon Quakers today were Europe-bound. Exhibition games have been arranged at several points between here and Halifax where they embark Dec. 28 for an invasion of the continent's hockey strongholds.

They will play exhibition games at Port William Dec. 18; Port Arthur, Dec. 20; Sudbury, Dec. 22 and Peterboro Dec. 25.

With the exception of two members, the squad of 12 players comprise the team which blazed its way to the Western Canada championship last season. "Ab" Welsh has replaced Tommy Hemmerling on the line while Tommy Dewar replaced Smith on the defence.

Quakers' net will be ably taken care of by the veteran "Cooney" Conroy, a native of Elora, Ont. Conroy's hockey career started with Kitchener Green Shirts and this is his fourth year with Quakers. He holds the Canadian record for shutouts in Allan cup play.

Harold "Hobby" Wilson, Elmer Piper, Ron Silver and Tommy Dewar will guard Wood on the defence line. Wilson, captain of the squad, and Piper learned their hockey in the Saskatoon school system. Silver, a Unity product, graduated from University of Saskatchewan sextet while Dewar developed in Moose Jaw city league and junior teams.

Jimmy Dewey, Bert Scharfe, Cliff Lake and "Ab" Welsh perform on the line in improved fashion each time out. With the exception of Dewey all are home-bred youngsters who received their tuition in school and junior circuits.

Scharfe, at right wing, has led Northern League scorers for two seasons. Dewey's speed and weaving in play cut about 100 miles in 1932, in carrying out his duties. Moreover, it has the distinction of operating the only short-wave radio-telegraph office system in Canada being in constant communication with all parts of the province through eight land and three ship stations.

Dressed in khaki uniforms, with officer's style tunic and green collar and tie to distinguish them from militia, the provincial policemen are a familiar sight in the smaller centres of British Columbia. In the northern portion of the province their equipment includes German socks and moccasins with a wolverine parka to ward off the intense cold when out on lonely patrol duty.

By launch, canoe, motorcycle, automobile, horse, dog team and on foot, the B. C. police carry out multifarious duties. Besides the ordinary routine of guarding the peace of the community, they act as prosecutors in cases arising in unorganized districts, oft-times pitted against skillful criminal lawyers; collect taxes of all kinds in the smaller settlements; act as game wardens, coroners, stipendiary magistrates, mining recorders, reader first aid white doctors are unavailable; perform marriages in the absence of clergymen and even read burial services at the graveside.

Many an old trapper or sourdough has cause to feel grateful to the provincial police. Failure of these powers to return to their usual haunts before mid-winter means an intensive search by the officer, who often finds a man disabled by accident or illness, and will also represent Canada at the amateur "World Series" at Milan, in February.

(Canadian Press)
MONTGOMERY, Dec. 26.—The Saskatoon Quakers will arrive here in exhibition game against the Moncton Hawks tomorrow night, before embarking at Saint John enroute to Europe where they will play a series of exhibition games, and will also represent Canada at the amateur "World Series" at Milan, in February.

International League
Buffalo, 3; Syracuse, 5 (overtime tie).

NATIONAL PARK NOW ADVOCATED FOR CHURCHILL
WINNIPEG, Dec. 26.—(C.P.)—Provincial governments throughout Canada shortly will be asked to support the establishment of an Arctic National Park for the protection of fish and game resources of the Far North.

The novel proposal comes from Dr. A. D. Bakov, fisheries expert of the Biological Board of Canada. As a first step toward saving the Arctic species from extinction he proposes to transplant and propagate the musk ox, one of the natural good supplies of the Eskimo and northern Indian.

An ideal site for the park, Dr. Bakov, would be strip of land astride the Churchill river, near Manitoba's ne. seaport, on Hudson Bay. In this connection he is energetically promoting the organization of the Canadian Arctic Association for Scientific Research. He has enlisted the support of men interested in biological problems in various universities.

In view of the rapid development of northern Canada the doctor said, encroachment on native hunting grounds and possible commercial development of fish and game resources of the far north, a biologic survey is not only necessary but urgent. Musk oxen, he points out, have been transplanted to Greenland and Alaska but they are almost, if not quite, extinct in the Manitoba portion of their range.

Lawrence's Statement for Cold.
