TORONTO, Feb. 1 —(CP)— Registering their highest prices since August last, gold listings of the Toronto exchange livened up today under heavy buying that expanded mainly in the secondary group. A number of new highs for the last 1 1-2 years were posted. Profit-taking became a factor in the late proceedings and more than half the gains were erased.

Interest centred in the golds from the opening and trading steamed up in Uchi, Pamour, Hard Rock, Kerr-Addison, MacLeod-Cockshutt East Malartic and others at advancing prices. In the late sell-off the gains in these issues were much reduced.

Net gains of 10 to 15 cents were held by Macassa, Pickle Crow and Premier. Dome reached a new top for this movement at 60 but failed to hold and the close was also down slightly for Hollinger. Lake Shore and McIntyre posted gains of light fractions.

Hard Rock sod up to 1.60 and to show a net loss of 6 cents. MacLeod-Cockshutt ost 4 cents net. O'Brien lost 15 cents. Eldorado tightened up, adding 7 cents.

Base mtals gathered strength as the session advanced and at the close Noranda was higher by 1 3-4 and Hudson Bay by 3-4.

Western oils tapered downward in the final stage.

THE TWO MACS

Firm Trend Exhibited On Mt'l. Market

(C. P. by Guardian's Special Wire)

MONTREAL, Feb. 1—Prices moved forward with general firmness on the Montreal stock exchange today with base metals leading the way. The market reacted favorably to New York, where foreign buying improved metals. Volume was about the same as the previous day.

Interest in copper on foreign markets was reflected by a steady gain in Noranda, which closed 2 1-2 points higher at 59.

Remainder of the list was firm and fractionally higher. Rails and constructions improved slightly as a body, but Canadian Pacific Railway eased a small fraction. Papers showed a little late softness, Lake Sulphite losing a point and Dryden and St. Lawrence Corporation selling down small fractions.

Total sales: Industrials 14,800; mines 108,300; bonds $750.

GRAIN

WINNIPEG, Feb 1 —(CP)— Wheat futures, moving into another month zone, scaled two-cents higher on the Winnipeg exchange today as numerous bullish factors discouraged selling.

Better demand for foreign wheats which caused reversal of recent trends at Liverpool; the dismal drought picture painted by a Chicago crop specialist if precipitation does not come soon to sections of the winter wheat belt, and prospects of France buying February supplies were chief influences.

Firmness in stock markets also drew attention as wheat on the Winnipeg grain exchange climbed 1 1-3-3-4 cent up, May 1.26 1-2, July 1.18 3-4-7-8 end Oct 1.00 1-8-1-4.

Both mills and exporters dipped into the cash market for supplies, sending No. 2 northern 3 cent higher and No. 4 up 2-2 1-2 cents. Durums firmed near the cose.

Light speculative buying sent rye futures 1-5-8 cent higher while other coarse grains were unchanged to fractionally, up

NEW YORK, Feb. 1 —(AP)— Stocks put on another recovery performance in today's market, with industrial favorites holding gains running to 2 points despite profit realizing interference. There were a few wider upturns.

The ticker tape loafed from the opening and transfers for the 5 hours totalled only 691,590 shares compared with 757,980 the day before. The Associated Press average of 60 issues was up .7 of a point at 43.5.

Steels and coppers were favorites, but rails, oils, farm implements and specialties were well out in front at the close.

Coppers were aided by heavy buying of the metal for foreign account. Steel were setimulated by forecasts of an upturn in mill operations by the latter part of this month at least.

Gains and losses were sprinkled through a generally inactive Canadian list. International Nickel advanced 1 3-8 points to 49 3-4 as McIntyre and Lake Shore showed fractional improvement declines held within the fractional range and included Dome, Massey Harris and Hollinger.
