## The Shapely Hand

is one of natures kindest gifts. No hand, however shapely, can be beautiful unless properly cared for, while care will make the most awkward hand, attractive.

We aim to keep every toilet aid or convenience that merit has brought into favor.

You will find here a full line of the finest manicure.
Emery Board
Man'cure Scissors
Pomade Rouge
Nail Buffers
Cuticle Ice
Mail Enamel Etc

By aid of these, rose tinted pearly nails and smooth, shapely finger ends will be the reward of a few minutes daily attention.

## THE STANDARD BLACK FOX CO.

(Continued from page one)

when completed it will be one of the most up-to-date in the Province.

## AN INVESTMENT THAT MEANS BIG RETURNS.

Almost every day the investors of P. E. I. are making fortunes out of black foxes. Some of the stories read like a page from romantic history—the majority are true and the half has not yet been told. Today there are upwards of five million dollars invested in this industry and you cannot buy any man's holdings from 50 to 75 per cent over par value, and those satisfied to sell at such an advance are few. Fortunes have been made in short time in the business and fortunes will still be made as the industry is only in its infancy.

## BIG RETURNS FROM SMALL CAPITALIZATION.

Andrew Carnegie says "that the best way to prosper is to put all your eggs in one basket—and watch that basket. The smaller the basket the less possibility of loss and the better oversight you can give it." It is a well known fact that over-capitalization is not in the best interests of the careful investor; he has a better opportunity in the smaller ranch with low capitalization to make big profits that go directly into his own pocket.

## A GOLDEN OPPORTUNITY.

The five pairs of breeders we are securing are capitalized at $12,000 a pair. Experts claim that the price within a few months will be $15,000 or more a pair for pure black breeders such as ours. The litter of each pair runs from three to five. Taking the average at three, a low estimate, and after deducting ranch expenses, we will have 12 pups for 1914 delivery. The market price in 1914 will be considerably over $12,000.00 a pair, but taking the average at $10,000.00, the present price, that year's litters will bring the shareholders in the Standard Ranch exactly $60,000 or a net dividend for stock-holders of 100 per cent, still retaining their original shares in the five pairs of breeders.

## OYSTER AREAS.

The farm on which the Standard Ranch is located is owned by the rancher and contains over a mile of shore frontage with natural oyster beds which can be improved to produce an unlimited crop of oysters at a small expense. Mr. Lewis has first option on these areas and it is the intention of the company to include this lucrative industry in their charter when applying for letters patent.

Other shore frontage in the vicinity is owned by members of this company and is also available.

## STOCK NOW OFFERED.

Stock is now being offered to investors and attention is directed to the company's advertisement on another page.

## CARLETON POINT AND THE CAR FERRY

This great undertaking which surpasses in magnitude and importance any plan of railway construction hitherto conceived as a whole has been projected to meet the pressing demand for transportation facilities between Cape Traverse and the mainland.

From a reliable source the writer was informed that some sixty acres of land was purchased at Carleton Point recently by a company of five who have had numerous enquiries already regarding town sites.

The location of Carleton Point itself is a picturesque one. The land slopes back gently for distances ranging from a half a mile to two or three miles. Here and there the ground rises abruptly providing the necessary fall for drainage and sewerage, while a shore line for miles in extent east and west sweep around on either sides of the point and from which place the view of the Northumberland Straits is superb. So bold is the water that ships passing can come within hailing distance of the extreme point which is very much elevated and presents a charming spectacle.

The car-ferry site lies in the centre of the greatest lobster fishing grounds of all the world which has been demonstrated and proven beyond a doubt. The canners ship their product throughout the world and the class of goods is unsurpassed.

The Company took full advantage of the unique opportunity afforded for the planning beforehand of what will develop next season into a great and prosperous town, provisions being made for parks, squares, land for railway yards and public buildings, thoroughfares, business sections, etc.

It will be an ideal spot for tourists, summer hotels, etc. The beach and harbor are most inviting and offer abundant opportunities for boating, bathing, fishing, etc. The surf is lovely, yet gentle, little if any undertow, two tides every twenty-four hours, the rise and fall of which is about five feet.

The traffic now awaits the advent of the railway and the commencement of the dock which is soon to be realized.

Already business and professional men of prominence, mechanics and tradesmen have made bids and reserves for lots for houses for the employes of the car-ferry steamer, the railway, the lights, the whistles of which there are many; customs and post office officials, in fact everything that goes toward making a town in which millions will be spent in the immediate future.

A Nova Scotia coal miner asks that coal-yard accommodation be set aside for his use. Think what all this will mean to the prosperous people of P. E. Island to have coal set down at stations on the system under the cheap freight plan of one haul.

The writer says that after looking carefully into the car-ferry project Carleton Point must of necessity become a business town and wishes to congratulate those who had forethought enough to buy up land and who are men of enterprise, intelligence and business ability, so also will The Guardian find Carleton a convenient place at which, to keep a branch office for the purpose of gathering news and soliciting business.

The new, three-wired cable which the writer understands is to be laid across the Straits in the early spring will undoubtedly be uncoiled and landed on the banks of Carleton Point. It is understood a movement is now on foot to have telephone communication established to Carleton before many more moons.

The writer, who has never had the pleasure of viewing the situation before was much pleased and interested and will again return to the subject later on.

## CHIEF JUSTICE SPRINGS SENSATION

REGINA, Feb. 3.—Chief Justice Haultain sprung a sensation in the Warwick murder trial this morning, when he announced his decision on a point of law submitted to him at Saturday's hearing. When Mrs. Warwick was before the coroner's jury, at Moose Jaw, to inquire into the death of one Price, whom it is suspected was the murderer of Ralph Warwick, she gave certain evidence which incriminated her. On Saturday at the trial, objection was taken to this evidence being given before the chief justice and his jury on the ground that she had not been warned, had no legal representative, and was not given the benefit of the Canada Evidence Act.

"I will not allow that evidence to be given," said the chief justice, in giving his decision when court opened this morning. "I will hold that the evidence is inadmissible and will repeat my words of Saturday that there are circumstances surrounding this case that amount to a positive scandal. There should in my opinion be some procedure established to do away with the evil with which we have been faced in this case. Here is an instance where one police officer says to another one go out and get this woman. No warrant, no authority, no anything. She is brought before a tribunal with no opportunity to see a lawyer, or consult her friends, and put through a course of examination which can only be characterized as a disgrace. I shall not allow this evidence that was given by the accused at the coroner's inquest to be given here."

## SENSATION CAUSED BY RESIGNATIONS

LONDON, Feb. 4—The Express reports a political sensation in the resignation of David Lloyd-George, chancellor of the exchequer, and Winston Spencer Churchill, first lord of the admiralty, from the Reform Club, of which they have been members for several years.

The Reform Club is the stronghold of Liberalism and its members include the prime minister, Mr. Asquith and all those prominent in the party.

The reason for the resignation of Lloyd-George and Churchill has not been disclosed, but strong efforts are being made to induce its withdrawal.

### PERSONALS

Russel McLaren, Charlottetown, left on the mail special for Georgetown last evening.

Walter Prowse, Charlottetown, was a passenger on the mail special last night.

Miss Katherine McKinnon and Miss Helen McLean of Brookfield are visiting friends in Charlottetown.

Dr. H. D. Johnson, Charlottetown, was a passenger on the mail special from Georgetown returning from a trip to Boston and New York.

The many friends of P. L. Murphy, Mill River, will be pleased to learn that he is recovering from his recent illness under the skillful treatment of Dr. J. T. Collins, Vernon River.

Myer Ducosse of Bridgewater, N.S., and bride who were married in Charlottetown Tuesday evening, were passengers on the mail special to Georgetown last evening. They were accompanied by Miss Bessie Hoffman.

Cyrus Kelly, the popular former accountant of the Royal Bank, Charlottetown, left last night on the mail special for Montreal where he has been transferred. A large number of Mr. Kelly's friends were at the station to bid him farewell.

Mrs. J. T. Farquharson of Boston is in Charlottetown visiting her mother Mrs. B. W. Higgs who is in the P. E. I. Hospital having, it will be remembered, been seriously injured by falling some weeks ago and who is somewhat better. Mrs. Farquharson is the guest of her sister Mrs. R. C. Goff.

::McKinnon's Cough Mixture is a splendid preparation for relieving the most stubborn cough. It is pleasing to the taste and works wonderful results wherever it is used. Price a bottle 25c. The McKinnon Drug Co., Corner Great George and Kent Sts. Mtf.

## CHINESE ARE RAISING FUND

SAN FRANCISCO, Feb. 3—A fund of $400,000 is being raised by Chinese forces, and within a few weeks will be sent to Wo Hong Mong, governor of the Province of Canton, China, to outfit the army that is to protect Chinese interests in Mongolia against alleged Russian encroachments.

Already $25,000 has been subscribed by local chinese and according to Wong Nagi Tong, secretary of the Chinese six companies "While the government has not asked for the money officially, we have government authorization in its collection," he said.

Reports of a plan to swindle the Chinese of this country out of $1,000,000 by the collection of war funds are not credited by Li Yung Yew, Chinese consul general at San Francisco. "The men collecting the money are known and their motives are proper," he said.

## EUROPEAN NEWS

PEKIN, Jan. 25 (Special)—It is evident to all who have any acquaintance with the facts that the next year must witness a disastrous crisis in the foreign opium trade. The merchants engaged in this traffic have been importing the full amounts certified for the China market by the Indian Government, in spite of the fact that they can find no market for the drug. In May last the stocks in Changhai and Hong Kong were valued at over $30,000,000. Since then there have been further accumulations, and within the next three months it is anticipated that Indian opium to the value of about $50,000,000 will be in stock in China. Unfortunately for the opium merchants the trade is almost at a standstill. Although there has been a recrudescence of opium smoking in various provinces, owing to the disorganization which the revolution brought in its train, the new Government is even more determined than the old to eradicate what every intelligent Chinese regards as a great national curse. Consequently it is practically impossible to find any market for the foreign drug, and it is safe to predict that only a fraction of the present enormous stocks will ever be consumed in China.

VIENNA, Feb. 5 (Special)—According to a telegram from Grosswardein, Hungary, proceedings have been instituted against a farmer, lying seriously ill in the hospital, following a practical joke played on by an actor, a fellow-patient in the hospital.

The actor, who was convalescent, dressed up as a priest and heard the sick farmer's confession. To his astonishment the man confessed to having murdered one of his farm hands some years ago and to having set fire to the man's house.

Maurice Wright of Vancouver, B.C., is in Charlottetown and will visit his daughter, Mrs. Henderson of Bedeque, who has been very ill, and who is at present staying with her aunt, Mrs. Dr. Beer, Mr. Wright's sister. Mrs. Henderson was slightly improved yesterday.

Rev. H. Bemmoche of St. John, who performed the ceremony at the wedding of Myer Ducosse and Miss Ida Hoffman, at Charlottetown, Tuesday evening, left last night on return. Mr. Bemmoche thinks this province is certainly the "Garden of the Gulf" and he intends returning with his wife and family to spend a few weeks' holidaying in the summer when nature has mantled the Island in full array.

Among those who registered at the Eldon Hotel, Charlottetown, during the past week, most of whom are attending the Short Course:—Alex McLean, Culloden; John R. Ross, Flat River; Geo A. McLean, Lewis, Lot. 60; W. M. Clark, North Wiltshire; A. A. Parkman, New Glasgow; Myrtle Granville; Earl Foster, Marshfield; N. W. McLeod, Bridgetown; Roy Howlett, Annandale; Charles McMillan, Alberry Plains; Alvah McNeil, Cavendish; Lottie Stead, Wheatley River; A. H. Parkman, New Glasgow; Warfield Orr, New Glasgow; Anna B. McLean, Culloden;

::Rexall Tooth Paste is a splendid dentifrice for whitening the teeth, cleansing the mouth and purifying the breath. It has a very pleasant flavor and is put up in handsome collapsible tubes. Price 25c a jar. The McKinnon Drug Co., Corner Gt. George and Kent Sts. Mtf.

::Buntain, Bell & Co., for best coal, lowest prices. 9-23dtf.

## STRATHCONA'S SUCCESSOR

OTTAWA, Feb. 3—The rumor has revived at Ottawa that Lord Strathcona will resign very shortly as Canadian high commissioner. It is well known that he had wanted to resign for some time and has continued in the position only at the express wish of the government.

Two names are prominently mentioned as his successor, Sir Hugh Graham, of Montreal, and Sir Edmund Walker, of Toronto. They are both of them well qualified for the position, and in addition have the means which are almost necessary to keep up the dignity of the post.

## Kills a Cold, Prevents Catarrh

SIMPLY A WONDER—IT STOPS A COUGH, EASES THE THROAT, CURES SNIFFLING INSTANTLY.

THOUSANDS RECOMMEND CATARRHOZONE.

Catarrhozone Inhaler is the one Protection Against Coughs, Sneezing, Bronchitis and Catarrh.

Are you sneezing and sniffing, is your head stuffed up? No need for relief and sure cure. It never yet failed to cure any Cough, Cold, Bronchitis, or Catarrh. Thousands have used it with uniform success, and that ought to be proof enough that it will cure you too. The pleasant germ-killing medication is breathed from the inhaler into the nasal passages, throat, and lungs. It kills the germs and heals the sore membranes; it cures these diseases quickly and for all time. Nothing in the world so satisfactory as Catarrhozone. Large size, lasts two months, price $1.00; trial size, 50c. All dealers or The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

you cannot take chances on Soap. Four generations of Canadians have enjoyed the creamy, fragrant skin healing lather of Baby's Own Soap—the Standard in Canada for nursery use, on account of its known purity.

Baby's Own is Best for Baby—Best for You.

ALBERT SOAPS, LIMITED, Mfrs. - MONTREAL.

## TURKISH ARMY IN BAD STATE

(Continued from page one)

bility, thanks to the command of the Black Sea, might permit.

The Bulgarians are reported to have destroyed bridges and culverts as they retreated and otherwise to have made the railway unserviceable.

According to official information, fighting occurred at Kavakli, near Gallipoli, the engagement lasting three hours.

Reports have been current that the Turkish Government purposes selling some crown jewels to supplement a public subscription in aid of the imperial treasury. These reports acquired substantiation owing to the presence in Constantinople of representative of some prominent French jewelers.

BERLIN, Feb., 3—The Kurdish cavalry in the Asiatic section of Constantinople and in the great Selimy barracks demands the execution of the murderers of Nazim Rasha, formerly commander in chief of the Turkish army, according to a special despatch to the Cologne Gazette. The men refuse to obey the present war minister's command to return to their homes.

Enver Bey, a young Turk leader who took such a prominent part in the recent events in the capital., went in an automobile to the headquarters of the army at Hademkeui to win the support of the troops, but the soldiers forcibly prevented him from alighting.

It is regarded now as too late to stop the insurrection within the ranks of the army. According to the same correspondent, Shukri Pasha the Turkish commander at Adrianople has caused an inquiry to be made into the circumstances of Nazim Pasha's death and has announced his intention of going to Constantinople after the conclusion of the war to avenge the murder of his friend. He has also gathered information about a large number of officers, who he says, must be punished for the murder of Nazim Pasha.

**SHILOH** quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents

## WANT MONTREAL AS SUMMER PORT OF WEST INDIA LINE.

MONTREAL, Feb. 3—Huntley Drummond, president of the Montreal Board of Trade, and several members of that organization, appeared before the mayor this morning and asked the city to support their request to the Dominion government to bonus a direct line of steamships between Montreal, in the summer, and Halifax and St. John, in the winter, and the West Indies.

Mayor Lavallee promised his assistance and will accompany a deputation to wait on Hon. Geo. E. Foster in Ottawa in this connection.

## Shock Upset The Nerves

This letter from Mrs. Tweedle is interesting, because it shows how nervous trouble develops gradually from such derangements as stomach trouble, until prostration and locomotor ataxia or paralysis render the victim helpless.

It is even more important because it tells how the writer was cured by Dr. Chase's Nerve Food, the greatest of nerve restoratives.

Mrs. T. F. Tweedle, Brighton, Ont, writes: "For years I was troubled with the stomach, and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition.

"I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine, and have told many people about the remarkable way in which it has restored my health."

## VACANCY IN REPRESENTATION

LONDON, Feb. 3—Col. James Martin McCalmont, member of parliament for the eastern division of Antrim, died Sunday. He was deputy grand master of the Orangemen of Ireland and had sat in parliament since 1865. He was born in 1847, served as an aide de camp to both the Duke of Marlborough and Earl Coper, while they were Viceroys of Ireland.

This creates another vacancy in the representation from Ulster in parliament, but it is not thought that the Irish Nationalists will contest the seat, as they did the one in Londonderry.

## GUARDIAN CLASSIFIED ADS

One cent per word first insertion in this column, half cent per word for each continuation. Cash must accompany order. Minimum charge Twenty-five cents.
