THE WESTERN GUARDIAN

AGENTS: J. Elmer Murphy, 36 Hanover St., and George Clow, 90 Ottawa St.
SUMMERSIDE and PRINCE COUNTY
News, Subscriptions, Advertising

The Guardian may be bought daily at any of the following stores in Summerside:
Bell Bookstore, Water Street; Gourlies Drugstore, Water Street; Toronto Bakery, Water Street; Mark Gaudet, 67 Granville Street.

The Guardian will be delivered to any home in Summerside. Carrier Boy at 2c per day or 12c per week. Phone 139 for this service or give your order to the boy responsible for deliveries on your route.

—BUY creamers, also milk and cream cans at Brace's. 2-27-21.

—BUY pure white shellac and hard wearing floor varnish at Brace's. 2-26-21.

—RUBBER SHEETING now in stock at Taylor Drug Co., Kensington. 2-25-61.

—ESCAPED — White Marked Female, Tattooed, Wendell Crozier, Hamilton. 2-26-31.

—HIGH protein feed to arrive. Mail orders at once to Brace's. 2-27-21.

—1, 1½ AND 2 H. P. heavy duty electric motors in stock at Brace's. 2-27-21.

—SOUTH SHORE Hockey League game, Bedeque rink Thursday, Feb. 28, Freetown Grads vs. Bedeque Beavers. 2-27-21

—CAR BARLEY MEAL expected in few days; also car wheat on order. Book orders early. Ralph McCaull. 227-21

—GUARDIAN AT HALIFAX — The Guardian is obtainable in Halifax at Walker's White Spot, 11 Salter Street, owned and operated by Mr. J. Albert Walker, a Prince Edward Islander.

—SERIOUSLY ILL AT KENSINGTON — Friends will be sorry to hear that Mrs. Anna O'Keefe took a serious stroke on Saturdsy night, from which she remained unconscious for twenty four hours. Since then her condition continues to improve. —K.

—GONE TO MONTREAL —Mr. Celestine (Syl). McLellan of Grand River left on Tuesday morning train for Montreal. Friends and acquaintances will be sorry to hear that his brother, Mr. Justin McLellan, B. A. is seriously ill in the Laurentian Hospital in Montreal. —K.

—THE ANNUAL MEETING of the Shareholders and Patrons of the Tryon Dairying Co., will be held in the Creamery on Tuesday, March 5th at 1.30 P. M. The Feed Warehouse at Albany will be open on Wednesday afternoon March 6th instead of Tuesday. C. E. Gamble, Secretary 2-28-41.

—HOCKEY PLAYER AT KENSINGTON — Mr. Ivan, (Hickey) Nicholson of Abegweit hockey fame, lately returned from overseas military duty is now in the office of the M. F. Schurman Co. at Kensington. Mr. Nicholson will be with the company in their Charlottetown branch later. —K.

— SERIOUSLY ILL — Regret was expressed by speakers in the Legislature yesterday at the very serious condition of the mother of Mr. Fred C. Ramsay, M.L.A., for the First District of Prince.

—TO RECEIVE DISCHARGE — Pte. Francis (Buddy) Doucette, who recently returned from overseas where he saw three years active service in Holland and Germany with the Canadian Engineers, left on Tuesday morning for Halifax to receive his final discharge papers from the Army. Pte. Doucette, who is the son of Mr. and Mrs. Jerry Doucette, expects to resume his former occupation of interior and exterior decorating on his return to civilian life.—S.

—ROTARY CLUB MEETING — The weekly luncheon meeting of the Summerside Rotary Club was held on Tuesday at Leo Coyle's Olympia Restaurant and was in the nature of a celebration of the forty first anniversary of the founding of Rotary. A special address suitable to the occasion was delivered by Mr. W. E. Darby, K.C. Past President of the Summerside Club. Mayor J. F. Arnett, the president, distributed to each member present a portion of the huge birthday cake prepared for the occasion. The usual routine business of the Club was conducted and meeting adjourned.—S.

—Mrs. W. L Cotton of Kensington, visited Charlottetown.—K.

—Mrs. Augustus Aylward of Charlottetown visited Mrs. Andrew O'Keefe, Kensington on Monday.—K.

—Mr. Lawrence Cahill, Kensington, lately returned from R.C.A.F. service is one of the many victims of the prevalent influenza epidemic.—K.

Life Underwriters Association Meets

The monthly luncheon meeting of the Life Underwriters Association of Prince Edward Island was held at the Charlottetown Hotel, Wednesday noon with a representative attendance.

The President, R. J. Rupert, C.L.U presided and outlined plans for the present year.

Jos Cullen, Jack Smallwood, and Earl Burke were welcomed as guests. The guests were introduced by C. H. Black, C. L. U. and F. W. Hyndman, C. L. U.

Mr. W. G. Hogg, C. L. U. gave his impressions as a guest at the Sales Congress which was held at the Royal York Hotel in January. He commended the local association for their initiative in arranging for a Congress soon for Island insurance men.

Mr. R. E. Hyndman gave an encouraging report of the activities of the membership committee and intimated that a large number of new members would soon be added to the Association.

Mr. T. W. Bentley, C.L.U. who was the official delegate to the Annual Meeting of the Dominion Association gave a most comprehensive report of the proceedings, the highlights of which are as follows:

The meetings were held in the Royal York Hotel on January 26th with 51 Associations throughout Canada being represented.

Mr. Bentley was impressed with the clock-like proceedings of the meetings, which appeared to have been planned by some master mind, which indeed they had as such men as Mr. Leslie Dunstall, Excutive secretary, and Mr. Gordon Nairn, Field Secretary were the men responsible.

The report of the National president, Mr. E. O. Walker, was outstanding. He pointed out the importance of the service rendered by the officers of the Dominion Association as well as those of the local Association, emphasizing the fact that the success of the local Association in any year depends on the elected officers for that year and every member who accepts office should regard it as a very serious responsibility. Mr. Walker's report stressed the need of an ever increasing membership, which although at present was at an all time high record of 4100, required continual effort on the part of local Associations to see that all full-time Life Insurance men are members of the Association.

Mr. Walker paid a tribute to Mr. Nairn the Field Supervisor and Mr. Dunstall, the Executive secretary for their outstanding work of guiding the affairs of the Association.

The move on the part of the Dominion Association in making it possible for every local association to be represented at the annual meeting, was commended, and there are already good signs that this move is going to bring great results.

The part-time agent came under considerable discussion and again strong recommendations made to reach the stage of employing only full-time agents.

The importance of proper selection, education and training of new agents was particularly stressed.

Strong recommendations were made that quota production requirements for both full and part time agents be raised considerably. In doing this, the mediocre agent would be eliminated.

SUMMERSIDE

It was announced at the meeting that the Association continues to look on with disfavor the practice of the Federal Government selling annuities on a below cost basis at the expense of the tax-payer also that of taxing life insurance proceeds for Succession Duties in cases where the insurance is taken out for that purpose. The latter also applies to some Provincial Governments who do not now have this exemption. The new president, P.M. Monahan, C.L.U. is a Maritimer now living in Ontario. He has had a lot of experience with Association work and will make an excellent head for our Association for 1946. It is expected that he will visit the local association in the near future.

It was Mr. Bentley's privilege to be a guest at a sales congress held at the Royal York with 1800 in attendance Outstanding Life Insurance men were special speakers, and plans are now underway in the local Association to have a congress for Island Insurance men, some time within the next few months. One or more internationally known insurance men are expected to be in attendance. A general discussion of Mr. Bentley's report followed, after which a hearty vote of thanks was moved the speaker, by H.C Bohaker, seconded by R.E. Hyndman.

Rev. A. Gibson Speaks Before Religious Leaders

Rev. A. Gibson, M.A., B.Th., speaking to a large gathering of parents and Religious Education leaders last evening in Hearts Hall, declared, "We must go on in our teaching until all the kingdoms of this world shall have become the kingdoms of our God and of His Christ, and that He may reign for ever and ever."

Mr. Gibson was the special speaker at the third session of the Workers' Conference which is being held under the auspices of the local council of the M. R. E. C. His subject was, "Religious Education in the Home."

Mr. Gibson described the ideal home as a place where strife is shut out and love is shut in.

He stated that many homes are suffering from the back-wash of the last war. Divorce, intemperance, irreverence, disrespect for the Lord's Day, were all serious threats to home life.

Home was the natural place to teach religious truths. The church could only supplement and implement the home in the Christian education of boys and girls. The atmosphere and environment in the home was of the utmost importance. Influence goes on and on like a ripple to the farthest banks. The speaker urged parents to watch their example and if unable to participate actively in the work of religious education, to be sympathetic and co-operative for example's sake.

"We are leaders of tomorrow's leaders," continued the speaker. "How will they lead? The ideals we teach, they will inculcate tomorrow."

Mr. Preston Beck, Superintendent of Central Christian Sunday School led the devotional period, with Rev. T. E. MacLennan reading the lesson, and Rev. G. C. Webster offering prayer.

The president of the local council, Mr. R. J. Rupert, explained again the set-up of the Religious Education Council, and introduced the speaker.

Many parents, teachers and religious leaders again took advantage of the discussion groups dealing with the various phases of religious education.

The concluding session will be held tonight when the special speaker will be Mr. Ralph C. Young, General and Boys Work Secretary of the M. R. E. C., who will speak on the subject, "Understanding the Teen-Ager."

Miss Enid Morson was the accompanist of the evening.

BRIGHTON, England — (CP)— When Dennis Powell, 20, was fined three pounds ($13.50) for leaving the coal mines without permission, he said: "I am not going back. . . . I am six feet tall and was working in a place three feet high. It affected my health."

Abegweit Chapter I.O.D.E. Reports

—The following reports were given at the annual meeting of the Abegweit Chapter I. O. D. E., Summerside at their annual meeting.

SECRETARY'S REPORT

Madam Regent, Officers and members I beg to submit my report for the year of 1945-1946.

The first thing I would like to say and am happy to say is that the war is over—the one with Germany in May and with Japan in August, but the world has been so long at war it seems to be so long to bring us back to Peace again. There is so much misery and suffering especially in the devastated countries— starvation and disease, lack of clothing and the bare necessities of life that we hope all will realize that war does not pay.

On this side of the world much unrest with strikes and more strike. Not enough homes for our returned men and their families and the menace of inflation—just around the corner. When the word came to 'cease fire' we too felt like laying down our arms and I fear have fallen down on our knitting and serving.

Our War Convenor will tell you about that so I think we will still have to keep busy. But we thank God the war is over even if it took the Atomic Bomb to finish it. We have held eight regular meetings during the year but our attendance has not been up to the mark considering our membership. We belong to an organization which has served its country for almost 46 years. Born out of the Boer War and has served two world wars since then. We should be and are proud of the work it has done and must hold ourselves in readiness for the signal to go ahead with our activities—Rummage Sales, tag days, bridge and knitting parties. In March of last year we celebrated our 30th anniversary with a birthday party held at the home of the Misses Wyatt and had a very pleasant party.

Your Regent, Secretary and Treasurer are not taking office this year but there are many in our Chapter who are well able to fill their places and let these officers sit in back seats for a while and take a real holiday. As there are other reports to be read today I am cutting mine short.

Respectfully Submitted
ELIZABETH PERRY,
Secretary.

WAR SERVICE CONVENOR FROM JAN. 15, 1945 TO JAN 15, 1946.

This is the 7th and last report I have to make as War Service Convener of the Abegweit Chapter I. O. D. E. As from Jan 16 1946 this standing committee was changed into the Post War Service Committee.

This change was inevitable, as the past year has witnessed the end of the worst war in the history of mankind. Hostilities for the most part have ceased, but the aftermath of destruction, desolation, starvation and confusion is horrible to think about. It created a tremendous problem for thoughtful people everywhere.

After the war in Europe was over and again when Japan was beaten, changes were of necessity made in our program of work and these are to some extent reflected in the following report.

Our adopted ship was decommissioned in the summer and that completed a most interesting phase of our war work. Cancellation of the knitting for the Army and Air Force, did not actually affect us, as our work has been concentrated on the Navy and seamen's comforts are still required. Since the summer relief work of all kinds has taken precedence over all other.

In the matter of raising money for our war work, there were only two projects undertaken. A series of bridges netted us $89.75 and two successful tag days in November brought in $251.26 clear. The knitting groups were responsible for the most of $85.66, a sum listed under miscellaneous collections and donations. $426.67 We carried on with the addition of many donations of both money, garments and material for Polish relief, British relief and comfort bags.

Although we continued to contribute monthly to the special funds recommended by Headquarters, as well as other funds the amount expended was not as great as last year since the need in some instances was not so great:

Polish Relief	$ 62.00
British children and clothing	62.00
Sailors & Minesweepers	62.00
Cigarettes	62.00
British Prisoners of War	6.00
War Guests	6.00
Service Centres	6.00
Blankets	6.00
	$272.00
Library	37.00
	$309.00

Our efforts have been concentrated on three main projects: Comfort bags, knitted garments for the Navy and British clothing.

We were handicapped at the start in our work for the Comfort bags, as we were limited to $100, that could be voted from the chapter fund for local purchases of articles and materials to be shipped out of Canada to non Canadians. On account of this we were only able to fill 72 bags (36 large and 36 small) instead of 144 as last year. In order to accomplish even this amount we bought very carefully and with the help of personal donations only required to take $26.14 from the fund. The value of the bags including contents and bags was $180, and there were 1116 articles contained in them.

We shipped 158 knitted garments and one leather jerkin directly to Halifax for the Navy, valued at $140. (31 garments short of last year and short $27.75 in value.)

Last June our chapter was sent what we thought a large quota of garments to be sewn and knit for British Relief. But in the light of conditions in Europe it is only right that we should do our utmost to complete this quota, and do as much more as possible. There are a few loyal and faithful workers but the task would be lightened if there were more willing hands to help. The sewing group is to be highly commended for the garments that were made this fall and also the knitters who made such lovely cardigans, sweaters and socks. There were 69 knitted articles, 216 other garments and 7 miscellaneous—288 in all—value $231.

We had a good many donations of garments and the actual cost to the chapter so far is about $30.

Although the I. O. D. E. are still responsible for Polish Relief the nation wide drive for second-hand garments for U.N.R.A. in the Fall came at the same time as our regular appeal for the Poles, and we decided not to make a general appeal at this time. However with contributions from not more than five or six people we managed to send off a box of 196 garments at a valuation of $260. (which even exceeded last year's valuation of $235.15.)

During the year we assisted last Salvation Army with its campaign for raising funds and accounted for $246.72. Through the efforts of our members the sale of War Savings Stamps amounted to over $475.00 (not including certificates which were bought by our members.) Some of our members work regularly at the Red Cross and gave of their time as long as the Blood Clinic was functioning.

We spent on wool	$ 79.22
Materials	39.86
Express, Freight	4.60
	$119.08

Under the Service Libraries the following work was done:

Books distributed 99; magazines 972; money voted to I. O. D. E. Service Library fund $37.00. During the Service Library Campaign, after Jan. 15, 1945 we collected $1035.40. Expenses $24.96, net $1010.44. This was a very fine accomplishment and was the chief reason for our grand total of work for the year being valued at $2831.72 (an increase of $219.26 over last year.)

A summary shows:

		Articles
Contributions to funds	309.00	
Personal Comfort and Nursery bags	180.00	1116
Field Comforts	140.00	159
British Clothing	231.00	286
Polish Relief	260.00	196
Freight, etc.	4.60	
Amounts raised for other organizations	721.72	
Service Library campaign	1095.40	
	$2883.72	1757

It will be of interest to everyone to know that during these past six and one half years our Chapter has done war work alone valued over $10,100.

The war is over but we are launched in another phase. It is a tremendous task that lies ahead of us. Never before has the world been in such a state, with millions of human beings homeless starving and without clothing. Even if compassion for our own suffering fellow creatures does not urge us on to do more and more for their relief, then the purely selfish reason of working for our own good should awaken us to the fact that we are dependent on the rest of the world for our happiness and prosperity, and as we help to establish the peoples in other parts of the world we advance ourselves.

Let us all make a fresh resolve to tackle this new task that lies ahead, with courage, enthusiasm and thankful hearts.

Respectfully Submitted,
WANDA L. WYATT
War Service Convener.

Draft Address Debate Opens

MR. GEO. E. SAVILLE

MR. MORLEY M. BELL

Opportunities for establishing new industries in the Province, and the very serious problem caused by the younger generation leaving the farms for city life, were points emphasized in the Legislature yesterday by Messrs. Morley M. Bell, Fifth Prince, and George E. Saville, Fifth Kings, mover and seconder respectively of the Address in reply to the Speech from the Throne.

Making his maiden speech in the House, Mr. Bell referred to the great resources of Canada, which have as yet only been scratched. He spoke of the successful conclusion of the war as a matter for great thanksgiving, and commended the capable leadership of Canada's war effort. The Dominion Government, he said, deserved praise for "courageously tackling post war problems."

Compromise will have to be made at the Dominion Provincial Conference, but he felt that satisfactory settlements would eventually be reached.

Mr. Bell commended the Provincial Government's efforts in making a soil survey, also in establishing technical training for returned men. He referred to the construction of the new Sanatorium wing and establishment of a provincial laboratory. The Government would be well advised, he said, to give more publicity to its activities.

In education, he urged that changes be made for the benefit of those who have reached the higher grades, such as establishment of central high schools.

He commended the efforts to set up labor organizations, as he felt sure that radical leaders would not get control of labor groups in this Province. Nevertheless, we must not congratulate ourselves too soon on escaping from the great strike movements that have taken place elsewhere. He pointed out that higher prices have a tendency to follow higher wages, in which case they are of doubtful value to the worker, while producing inflation which is dangerous to the country.

Mr. Bell was strongly in favor of rural beautification and establishment of more parks in developing the tourist industry He commended the Government's reforestation and road improvement policies.

Secondary Industries

There were many industries, he believed, which could be developed here. Sand was available near Souris for manufacture of glass and perhaps pottery. Canning and biscuit factories could be developed, also several more starch factories. Irish moss could be processed here. A sewage disposal plant could be operated at Summerside and would be a boon to the oyster fishermen of Bedeque Bay. Such a plant would also improve bathing facilities in this area.

The fisheries should receive more attention, and possibly a Department of Fisheries should be established. Trout fishing in particular could be developed.

Mr. Bell believed there was suitable material here for operation of a successful brick and tile plant. These and other industries would make employment a thing of the past and would keep young people at home.

He urged the Government to press forward with its rural electrification plans. He commended the work of the travelling tuberculosis and dental clinics. Family allowances he considered to be the greatest social service step ever taken in the Dominion.

Reverting to tourist attractions, Mr. Bell said we should have not one or two summer hotels, but at least ten. We should have more bathing beaches, more bathing houses and canteen facilities. The tourist industry, properly developed, could be a close second to agriculture, if not surpassing it as a revenue producer.

He emphasized that "times are changing rapidly, and we must raise our sights and aim at new perspectives."

MR. GEORGE E. SAVILLE

"Some people think this debate is futile and only wastes the time of the House," said Mr. Saville in seconding the Address. "I don't agree with that. It only gives members of the House the opportunity to state things as we see them in our respective districts, and to point out to the Government the need of remedying conditions. I think that is one of the most important things we are here for."

Farming conditions in this Province are "pretty good," Mr. Saville said, "but not as good as they should be. We hear about the tremendous value of our farm products, but we only get the figures of the gross amounts. We don't get what the farmers' net income is."

Even at the present price of potatoes, any man who has to buy fertilizer and seed, and hire farm help is "not getting any too much." He contrasted the farmer's long hours and prices with the short hours and high wages in the cities. He was informed that only 4 per cent of the boys who left Island farms in wartime are seeking to return to them.

"Our young men don't seem to recognize the tremendous importance of the farming industry," Mr. Saville said. "We must get their thoughts directed back to farm life, otherwise there is nothing but disaster ahead for this Province. The tourist industry will never take the place of agriculture."

To develop the fisheries, he continued, we must have fish inspection at the canning plants, also cheaper bait and freezers at moderate cost. Many fishermen last year had to give up because the bait cost too much. More boat harbors were also needed. Now that the war is over, the Dominion Government should have money to develop the fisheries.

The farmers were also in need of cold storage facilities, he emphasized.

Mr. Saville congratulated the Minister of Highways (Hon. Mr Barbour) on the work done last year with such poor equipment. A good deal of gravel was distributed in King's County, notwithstanding that the steam shovel distributing gravel was "broken down half the time."

He commended the Minister on keeping the Annandale road open all winter. "But we want more winter roads and the work better laid off than it was in the past," he said.

Not reconstruction but more development was what this Province needed, Mr. Saville believed. There was valuable woodland that could be developed. Lots 56, 55 and 54 contained some 5,000 acres each. Three steamer loads of pit props were taken from Georgetown last fall. "What is needed," he said, "is assistance in developing industries of this kind."

Georgetown harbour requires more warehouse accommodation for potatoes, Mr. Saville added. One or two people wanted to "gobble up" all the available space and others had to go without. Cardigan and Montague also need more potato storage accommodation.

He stressed the importance of having a good truck road from Cardigan bridge to Souris.

Eventually, he believed, it will be necessary to provide a winter link with the mainland by boat between Georgetown and Pictou.

He stressed the importance of Newfoundland trade.

Liquor Conditions

Noting that a social service officer had been employed in connection with temperance enforcement, Mr. Saville said "I wish him luck. There is lots for him to do. I am afraid it is going to be like keeping out the tide with a teaspoon. With the Government selling liquor how do you expect the boys and girls to reconcile that with a social service worker telling them that the liquor traffic is a bad thing?"

The temperance people want a plebiscite taken on this, Mr. Saville said. They would be satisfied to abide by the verdict.

Mr. W.G. MacKenzie: "Hasn't there been enough plebiscites taken? What is the good of a plebiscite if the Government won't abide by it?"

Mr. Saville "They don't blame it all on the Government, the Opposition had a share."

Mr. Heath Strong: "Do you approve of the present wholesale sale of liquor that is going on under the Prohibition Act?"

Mr. Saville: "You mean the new amendment?"

Mr. Strong: "Yes."

Mr. Saville: "No, I don't. But I do say that the Government side of the House is not to blame altogether. You people on the other side had a part. I don't mean you personally."

Mr. McKenzie: "But the Opposition is not at the Council Board."

Mr. Saville: I know that, but I don't think it is fair to saddle them with all the blame."

Mr. MacKenzie: "That is where the harm was done."

Concluding, Mr. Saville expressed the hope that provincial subsidies, obtained from time to time, would not be sacrificed at the Dominion-Provincial Conference. "We want to be very careful that we don't give these back and get nothing in return," he said. He advised the Maritime Premiers to "work together and insist that we don't lose anything that rightly belongs to us."

BRADALBANE WOMEN'S INSTITUTE

The February meeting of the Bradalbane W. I. was held on Tuesday, Feb. 5 at the home of Mrs. William Graham. The president presided and the meeting opened by singing the Ode and repeating the Creed. Roll call was answered by six members, each naming a member in the Federal Cabinet at Ottawa. There was also one visitor present. The minutes of last meeting were read, approved and signed. Mrs. Woodside gave a report of the box that had been packed for the Orphanage.

The reports of the committees were given and the following new ones were appointed: Sick, Mrs. Woodside and Mrs. Seaman. School Mrs. Hickox and Mrs. Mayne. Lunch, Mrs. Hickox and Mrs. Woodside. The correspondence was read and the different books that had been sent by the public health nurse were passed out among the members. It was decided that a sympathy card be sent to a bereaved friend in the community. Mrs. Cuyler Matheson extended an invitation to meet at her home for next meeting, roll call to be answered by giving name and branch of service of a serviceman or woman in your district. Meeting closed by singing the National Anthem, after which lunch was served and a "King" contest enjoyed.

LIVERPOOL, Feb. 27 — (CP) — A shipload of 2,250 German prisoners of war arrived here today from the United States with 4,000,000 cigarets in their baggage. An American guard said: Each prisoner is allowed to travel with personal luggage up to 55 pounds. These lads crammed their kit bags half full of cigarets they obtained in their camps."

THE SECRET OF AN ATTRACTIVE COMPLEXION
A radiant complexion must be built from the inside with a correct diet . . . one containing the required vitamins A and C. If you lack these vitamins you cannot enjoy perfect health. Your skin will be dry and rough. Blemishes will heal slowly. Drink Libby's "Gentle Press" Tomato Juice, an excellent source of vitamins A and C. A taste treat, too, sparkling with all the colour and flavour of garden-fresh tomatoes.

DOUBLE YOUR MONEY BACK if you don't agree that Libby's "Gentle Press" Tomato Products — Juice, Catchup, Chili Sauce and Soup — are the best you've ever tasted.
