YESTERDAY'S STOCK and BOND QUOTATIONS

MARKET GOSSIP

(By Johnston and Ward's Special Wire)

MORNING MARKET LETTER

NEW YORK, March 23—The market was irregular yesterday, but around noon firmed and later quite an active rally developed. The gains were not very large for the most part but the continuation of the recovery on good volume was encouraging. U. S. Steel reversed its previous action and was a leader on the rally. Although the Patman Bonus Bill is not generally expected to become law, its passage by the House yesterday generated some inflation sentiment again. Substantial resistance to the rise should be encountered around the 102 level of the D J Industrial average so that the action of the market in that area will be important.

BANON SAYS

MONTREAL Que., March 23—Yesterday afternoon the market extended its advance, with important leaders recording impressive strength. Prices are likely to advance further before marked resistance appears. Retain holdings and enlarge on dips. The Patman Bill recommending printing $2,000,000,000 for payment of the soldiers bonus passed House formerly yesterday by a majority sufficiently large to over-ride President's veto. It should be remembered that it will probably be a development like the Patman Bill which will set the spark to an orgy of inflation. The levy on gold mining companies in force during the past year has been abandoned but allowances to mining companies for depreciation, however, will be reduced and the corpn tax increased.

In addition to the proceeding larger owners of mining shares are to be taxed on a larger proportion of income while smaller shareholders of mines will enjoy greater immunity. In any event taxation changes are not sufficiently severe to lessen materially the attractiveness of gold shares. Gold shares still act bullishly and reactions may still be regarded as opportunities for buying.

Toronto and Montreal—Industrial stocks slightly higher.

Toronto Mines—Higher.

New York—Stocks closed lower.

Winnipeg—Wheat down ⅜ to ½ cent.

New York—Cotton and rubber lower; coffee and sugar higher.

Currencies

(Canadian Press)

NEW YORK March 24—A substantial improvement in the Belgian belga featured Saturday's foreign exchange markets. Sterling, the Canadian dollar and the gold bloc currencies moved narrowly.

Belgas advanced 37 of a cent to 23.22 after a period of upsteadiness in early transactions. Short covering was believed to be responsible for most of the upturn.

The Canadian dollar improved its position by a fraction, reducing its discount from ⅝ to ⅝ per cent, the best rate since March 8. Sterling closed ⅛ lower at $4.77 while the French franc, closing at 6.59½ cents, showed a loss of .00¼ of a cent. Dutch guilders and Swiss francs were only slightly changed.

MONTREAL, March 23—Currencies eased slightly in price on Montreal foreign exchanges today, the pound sterling, the United States dollar and the French franc again turning downwards fractionally. The pound was off 5-16 of a cent at $4.80⅝, and the dollar eased ⅛ of one percent at ⅝ of one per cent premium. The franc slipped .0075 of a cent at 6.64¼ cents.

ROUNDUP OF LOTTERIES

(A. P. By Guardian's Special Wire)

BOSTON, March 24—Four thousand tickets for various international lotteries seized over a period of weeks at the Canadian border, were received at the Boston post office John J. Brieslin, chief of the New England postal inspection division reported.

FORMER CROWN PRINCE HONORED BY HITLER

BERLIN, March 24—An honorary decoration has been awarded Friday to former Crown Prince Friedrich Wilhelm by orders of the former sergeant, now Reichsfuehrer Adolf Hitler.

The Crown Prince received the German defence minister, General Werner Von Blomberg, who had been commissioned to represent Hitler. After a short address, Von Blomberg pinned a small cross, a decoration created by Hitler, upon the breast of the former German scion.

PRODUCE

(Canadian Press)

MONTREAL, March 24—Butter prices continued their recent reaction from winter peak levels on local produce markets during the past week. Eggs were also easier and potato prices fell under recent levels. Cheese was fractionally firmer while poultry ruled steady.

The butter market ended the week at 22½ cents to 23 cents per pound for carlots or less of no 1 compared with 23¾ to 24¼ cents a week ago and 25 cents two weeks ago. Small lots to the retail trade were quoted by wholesalers at 23½ to 24 cents for solids and 24½ to 25 cents for prints.

The egg market closed at 20 cents for A large, 17-18 cents for A medium, 17 cents for A pullets, 17 cents for B and 16 cents for C, for graded shipments in carlots.

Cheese was ¼ cent higher at 11½ to 11¾ cents per pound for late fall or current receipts of no 1 Ontarios, while summer make brought 12½ to 12¾ cents.

There was no change from yesterday in potato prices, no 2 Quebec whites in 80 pound bags brought 50 to 60 cents, no 1 Quebec mountains 60 to 65, New Brunswick cobblers 60 to 65, N. B. mountains 65 to 70, and Prince Edward Islands 67½ to 70 cents.

Bridgetown

What is likely to be the final game of hockey to be played in Bridgetown rink for this season was played between "Bridgetown Slabs" and 'Strathcona Bruins" on March 11th. Bridgetown suffered a defeat of 5-2, Ralph Burdette scoring three goals and John Christensen scoring two goals for Strathcona, deciding the game in their favor, while O'Leary Morris made a great attempt to turn the score in favor of Bridgetown by twice getting the puck inside Strathcona's net.

Following is the lineup:—

Strathcona—Goal, J. McLeod, Defence, E. Burdett, E. MacLeod, Forwards, R. Burdett, John Christensen, D. McDonald.

Bridgetown—Goal, R. Matheson; Defence, D. MacMaster, J. Cantello; Forwards, O. Morris, G. Firth E. Currey.

This has been the first year for this rink to be in operation and a great deal of credit is due the boys of this centre, not only for the erection of the rink, but for the excellent sportsmanship and spirit of co-operation which they have demonstrated during the past season. May they follow up the good work during the season of 1935-36.

NEW YORK EXCHANGE

(By Frank MacMillen, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, March 24—Following two sessions of rising prices, stocks went into reverse Saturday but brakes were put on before the decline went far.

That the hourly pace of trading was somewhat slower than Friday was interpreted to mean that the Street was still reserving judgment on commitments. The day's volume of 229,450 shares was a little thin even for a Saturday, and compared with 780,898 shares in the preceding session. In terms of the Associated Press average the market closed 0.4 lower at 36.3.

About the only shares to move off the doorstep were the preferreds. Gains of 1 to 3 or more points were chalked up by these senior stocks: American Crystal Sugar, Bethlehem Steel, Hat Corp., Midland Steel Products "first," New York Shipbuilding, Outlet and Warner Brothers.

Canadian distillery issues were moderately higher on news of decreased excise taxes for liquor announced Friday in the Dominion budget. Canadian Industrial "B" advanced a point while the "A" shares, Distillers-Seagrams and Hiram Walker common and preferred were fractionally higher.

A generally steady bond market was featured by particular strength in medium-priced rail issues and weakness in French obligations.

PRESIDENT RATIFIES FORMATION OF MANILAN COMMONWEALTH

(A. P. By Guardian's Special Wire)

WASHINGTON, March 24—Surrounded by Philippine and United States officials long concerned in the Philippines' fight for independence, President Roosevelt approved yesterday the recently-drafted insular constitution.

By this action, the United States completed the last American step necessary for the establishment of commonwealth or home-rule government in Manila on Nov. 15. Ten years hence, under commitments of the act passed just a year ago by congress, the Philippine Republic is to be established.

MINING

(Canadian Press)

TORONTO, March 24—Mining stocks had a mushroom bulge on Saturday, fertilized by the Federal Government's cancellation of the gold bullion tax. The day's top prices were boarded in the first 15 minutes. Thereafter a downward drift continued until at the close less than half of the early gains remained. Weakness in New York was probably a factor puncturing the gold stock rally.

Hollinger, Teck Hughes and Wright Hargreaves were the only big traders of the senior gold list. Hollinger touched $18 and closed at $17.55 for a net gain of 65 cents. Wright Hargreaves added 10 cents net and Teck Hughes 16 cents. Teck sold as high as 4.45 and closed at $4.25. Dome lost all of a 1.50 advance, McIntyre closed 25 cents net lower and Lake Shore held only 20 cents of a 70-cent gain. Pioneer and Bralorne were up 15 to 30 cents at the close.

GRAIN

(Canadian Press)

CHICAGO, March 24—Dropping to a new low price record for the season, corn dragged other grains down Saturday.

A maximum fall of 2 cents a bushel was suffered by the corn market as a result of aggressive selling which accompanied word that 1935 corn picking in Argentina has started under favorable conditions with evidence of a crop superior to last year. Talk was current that Argentine shippers would sell their big surplus of corn to United States or European markets regardless of what the prices obtained might be.

Corn closed nervous, ½ to 1¾ under Friday's finish, May 77¾ to ⅞, wheat 1 cent to 1¼ down, May 94-94⅛, oats ¾-1 cent off, and provisions varying from 7 cents decline to 5 cents advance.

Barley No 3 C W 43⅝; No 4 C W 38⅞; No 5 C W 37⅝; No 6 C W 36⅝; Track 44.

WINNIPEG, March 24—Wheat prices declined fractionally on the Winnipeg Grain Exchange Saturday, but the optimism that has pervaded the market for a week appeared undimmed.

Values closed ⅜ to ½ cent lower, May at 84⅝ and July 83⅝ cents, cents, after a quiet session in which traders took profits of the past week's advance.

Despite 1¾-cent setbacks at Chicago and late recessions at Liverpool, where prices closed ¼d higher after being 1d advanced, the international wheat market situation still appeared promising.

Farewell Gathering

On Wednesday evening, March 13th, a large number of friends and neighbors gathered at the home of Mr. and Mrs. Ralph MacCaull, North Bedeque, to say goodbye to Mr. and Mrs. Wallace Cameron prior to their departure for a new home in Albany. After everyone had arrived Rev. J. W. A. Nicholson brought the gathering to order and called on Miss Florence MacCaull to read an address, at the close of which Mr. Lorne MacCaull presented Mr. Cameron with a well filled purse. Mr. Cameron in a few well chosen words thanked his friends for their kindness, after which "For They Are Jolly Good Fellows" was sung. The remainder of the evening was spent in music and social intercourse.

After all had partaken of a bountiful lunch, all departed for their homes feeling that an evening had been well spent.

Following is the address:

To Mr. and Mrs. Wallace Cameron:

Dear Friends and Neighbors:

We have gathered here this evening to say good-bye, and are finding it a hard word to say. Indeed, the only time when it is easy to say goodbye is when you are glad to get rid of a person. Though you have been with us only a few brief years we have come to like you so well and to find you such good neighbors that we had hoped you had come to stay as permanent residents.

Consequently when the word went around that the Camerons were leaving it fell on our ears with a very undesirable sound. We recalled the old saying, "The best of friends must part."

Since you must leave us, there is at least this satisfaction that our loss will be the gain of another community.

The qualities which won you the confidence and esteem of your neighbors here, will win you the good will and friendship of the better folk wherever you go. You have proved yourselves good citizens, kindly disposed, public spirited, and interested in all that makes for better citizenship.

We hope you will carry with you as happy memories of your stay amongst us as we ourselves do.

We realize that you deserve a larger opportunity than was available here for your abilities and ambitions.

We trust that your new venture may lead to a prosperity in keeping with your desire. We shall follow you with our best wishes for your success and happiness.

Some time when you are milking the cows or spraying the spuds we hope you will think of us, and we will continue to ask in the words of the old song, "Will ye noo come back again?"

In token of our goodwill and as a reminder of our fellowship, accept this small gift from your neighbors of these two years in North Bedeque.

Signed on behalf of your friends and neighbours of North Bedeque.

P.E.I. Potatoes Are Appreciated

The following letter has been received by Mr. Robert L. Stevenson, Wheatley River from Mr. S. Huntley, Butress, Sask., expressing thanks for potatoes sent them:

Butress P. O.,
Feb. 4, 1935

Dear Sir,—I am taking the pleasure of writing you a few lines for the potatoes you sent to Butress. I received two bags and think they were beautiful. We received them on the 19th of November but they are gone. They were too good to last long. It has been so dry this last six years we could not grow anything in the garden, what with the grasshoppers and dry weather we lost everything. I don't know what this year will bring but I hope we shall have a crop. We are getting relief for hay, oats and wheat. My oats were in seven weeks before they came up and when they did grow they were only four inches high, then they died off. Well, what sort of a winter have you had? We have had it pretty cold up here, 45 below and I can tell you that is going some. That means keep the fire burning to keep yourself warm and even then we could not keep warm. Now we have some nice weather as it is thawing quite fast and the sun is shining beautifully, but there are a lot of drifts yet. It is the most snow we have had for this long time. Although it is thawing there is not much water from it.

Hoping my letter is not too long but I thought you would like to hear about the country. Thanking you again for your potatoes, from an old farmer,

S. HUNTLEY

OBSERVE ONE WEEK IN WOMEN'S CLUBS

(Canadian Press)

OWEN SOUND, Ont., March 24—"Business Women's Week" is being observed in Canada this year March 17 to 23, the same period adopted by the American Federation of Business and Professional Women's clubs for the United States, Louise E. Julyan of the Canadian Federation announces.

Deelgates to the American Federation's annual meeting will visit Victoria July 20 as guests of the Victoria Club for the last day of their national convention. The Canadian Federation meets in Calgary in July.

Rebuilding Military Alliances

(Frank B. Kellogg, former United States Secretary of State and co-author of the Briand-Kellogg Pact to outlaw war, gives in the following article his views on the European armament situation.)

(By Frank B. Kellogg)

(Written for the Associated Press)

(A.P. By Guardian's Special Wire)

PASADENA, Calif., March 23—Of course, breaking treaties rather than swords is not the best way to maintain peace. Nevertheless there is not going to be any war in Europe.

They haven't forgotten the last one yet.

I don't believe the nations of Europe are entirely free from blame in this situation. In the Versailles Treaty they pledged themselves to disarm. If any of them have dont so, I do not recall which and when.

The great danger to the peace of the world is contained in the building of armaments, both land and naval.

Of course, that is no excuse for Germany to violate her treaty agreements, but there is some truth in Hitler's statements, if I read them correctly, that the other nations agreed to reduce armaments, and none of them have done so.

There is not going to be any war, and certainly we are not going to be in any that do appear in Europe.

Apparently, the same old alliances are building up again in Europe. Their ultimate outcome will be the same as before. I never knew in the history of the world a time when a military alliance kept the peace. They have enlarged the theatre of destruction more than any one thing.

Statesmen frequently do things like Hitler has done for home consumption. His action is not, in itself, significant. As a part of the whole picture in Europe, it is significant.

Rioting In Wales

(A. P. By Guardian's Special Wire)

NANTYGLO, Wales, March 21—A dozen policemen were so seriously injured as to require medical treatment in hand to hand fighting with several thousand unemployed coal miners in the mountainous country between here and Blaina today.

An undetermined number of rioters was injured in the stiff battle which resulted from the efforts of the police squad numbering 80, to prevent the miners' marching upon the Nantyglo-Blaina public assistance headquarters to protest administration of the poor law relief.

"I guess I'll make a lawyer of Josh," said Farmer Corntossel.

"But your wife wants him to be a physician."

"Yes. He's got to be a professional man and we'd want to show our confidence in him. And I think it would be a heap safer to take Josh's law than his medicine."
