BORN

HOUSTON—On April 5, 1912, to James and Mrs. Houston, Mayfield, a daughter, Margaruette Millicent.

SIMPSON—At Malpeque on March 27th, 1912, to Henry C. and Mrs. Simpson, a daughter, Marion Ruth.

DIED

HOUSTON—At Rusticoville, April 14, 1902, Ralph, youngest son of Charles and Mrs. Houston, aged four years.

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever next day.

Yours very truly,
T. G. McMULLEN.

A gentleman coming to Charlottetown on the morning train was asked by another gentleman where he got his clothes made, he answered at James Callaghans. "I thought so" was the reply I would know his cut of clothes anywhere, he is the best tailor in the Province. This is nothing new thousands of his customers will tell you the same his cut and style of garment will command attention anywhere. If you are not getting satisfaction, call on him and your grievance will be at an end, James Callaghan is the man, 178 Queen St. is the place. 3-4dttsrstf.

Build Up Your Nervous system With Rexall Blood Tablets.

As a nerve steadier and effective agent to produce a natural condition of the nervous system no more reliable remedy can be had than Rexall Blood Tablets. NOBODIES CLUB IS FORMED IN LONDON.

LONDON, April 15—The "Nobodies" Club, was started in with a membership of 300. It's formation was suggested by the recent universation of races. The organization committee includes a Persian, a Chinese, a Brahmin, a Russian, a Mohammedan, a New Zealander, a Canadian and an Irishman. It is the intention of the organization to have a residential club house, where members of all races will be quartered. Lord Waring is one of those interested in the club, of which Prof. Buckerton, the astronomer, is the President.

HON. G. P. GRAHAM MAKES A PREDICTION.

HAMILTON, Ont., April 16—N.W. Rowell, leader of the Opposition in the Ontario Legislature, and Hon.G. P. Graham, Minister of Railways in the late Laurier Government, were guests at the Hamilton Young Liberal Club, at its annual banquet last night.

Mr. Rowell, speaking of his temperance policy, made the statement that it was from the executive of the Hamilton Liberal Association that he received the first resolution asking him to take the stand he has taken.

The Hon. Mr. Graham, declared Sir Wilfrid Laurier, as leader of the Dominion Oppostion, was even greater than he was as Prime Minister. He predicted that the conglomoration of contradictions which, he said, formed the present Government, would soon break from each other's embrace, and there would be a general election in Canada within two years.

Children Should Develop Naturally

if their food is right.

When a child is pale and delicate, or is backward in his studies, the reason is often found to be that his food does not contain the elements required to properly nourish the fast growing body and rapidly developing brain.

Grape-Nuts FOOD

supplies nutrition for both body and brain in appetizing easily digested form.

It is pure, wholesome and nourishing. Children like its delicate, sweet flavor and thrive wonderfully upon it.

HARROWING SCENES

(Continued from page 1.)

but 745 of her human cargo of 2340 souls. To this awful death list six persons were added, one died in a life boat which was put off from the liners side and five subsequent succumbed on the rescue ship Carpathia.

The list of prominent men missing stands as previously reported and the total death list as brought to port tonight by the Carpathia is 1601. The survivors in the lifeboats were huddled together in the darkness at a safe distance from the stricken ship and saw her go down. As to the scene on board when the liner struck accounts disagree widely, some maintain that comparative calm prevailed, others say that there was wild disorder and that there was a maniacal struggle for the life boats.

That the liner struck an ice berg as reported by wireless was confirmed by all. Sensational rumors told by hysterical passengers who could not give their names said that Captain Smith had killed himself on the bridge and that the Chief Engineer had taken his life, and that three Italians were shot in struggle for boats, these rumors could not be confirmed in the early confusion upon the landing of the survivors.

Colonel Archibald Gracie, U. S. A., the last man saved, went down with the vessel but was picked up. Col. Gracie told a remarkable story of personal hardships and denied emphatically the report that there had been any panic on board. "I jumped with a wave" said he when the ship plunged down I was swirled around and around for what seemed to be interminable time eventually came to the surface to find the sea a mass of tangled wreckage. When I recovered my breath I discovered a large canvas and cork life raft which had floated up. A man whose name I did not learn was struggling towards it from some wreckage to which he jhad clung. I helped him to get on the raft and we then began the work rescuing those wha had jumped into the sea and were floundering in the water When dawn broke there were 30 of us on the raft, standing knee deep in the icy water and afraid to move lest the creaky craft be overburdened. Several unfortunates benumed and half dead besought us to save them and one or two made an effort to reach us but we had to warn them away. Had wemade an effort to save them all might hape perished. Col. Gracie denied with emphasis that any men were fired upon and declared that only once was a revolver discharged and this was for the purpose of intimidating steerage passengers he said who had tumbled into aboat it was prepared for launching. This shot was fired in the air and when the foreigners were told that the next would be directed at them they promptly discontnued the disturbance.

BERNHARDT AS ELIZABETH NOW

PARIS, April 16—Sarah Bernhardt's impersonation of Queen Elizabeth in Emile Moreau's historical and spectacular drama, produced for the first time last night, elicited ovations of applause and enthusiasm.

The veteran actress's Elizabeth is a consummate presentation of that feminine fickleness, vanity and vacillation so strangley blended with the Virgin Queen's rugged masculine character and virile temperament.

WHY GOUIN SEEKS ELECTION.

QUEBEC, April 15—Interviewed on the early dissolution of the legislative assembly, Premier Gouin said today:—

"Everybody was asking for elections, even our opponents, the Conservatives and Nationalists, who have been preparing their cases for months.

"We want to have the elections before the seeding, so as not to inconvenience the farmers. There are many important measures that must be submitted to the people at once. They include the good roads bill, which involves an expenditure of ten million dollars. There are also the land subsidies to railways, which involves a grant of five million acres."

DUKE OF CONNAUGHT AND THE MILITIA.

OTTAWA, April 15.—It is said that his Royal Highness the Duke of Connaught intends to assist the Militia Department of Canada with some suggestions for placing the militia forces of the Dominion upon what he considers a stronger foundation. The Governor-General is vastly interested in military affairs, and has a laudable desire to see the Dominion forces upon a basis of considerable importance, It is the intention of H.R.H., unless something intervenes to assist in a scheme of reorganization next November, and there is much speculation as to what theresult will be. The minister of Militia is likely to lend a ready ear to some scheme of organization, particularly if his Royal Highness shows his interest, and the recent recommendations of General French will likely come into more prominence in the fall.

RAILWAYS REPORT PLENTY OF CARS.

OTTAWA, April 15:—Local railway officials announced that the acute stage of the car shortage, which has existed in Canada for some months, has been passed, and that henceforth hay and other freight shipments, long curtailed, will be handled by the raods with increasing facility. It is explained that the American roads, which also borrowed a great percentage of the Canadian supply of cars early in the winter, are now sending them back across the border.

It is the intention of the railway Commission, however, that the same conditions shall not be allowed to prevail next winter, and to this end conferences are to be held between the Commission's chief operating officer and the companies to work out a scheme of systematic car distribution.

LADY WORRIED ABOUT FORTUNE.

BOSTON, April 16—Mrs. Catherine Sterrett would rather be poor and happy than be worried about the eighty-seven million dollar estate on which St. John, N. B., is situated.

This old paper has given me more trouble than my whole family of twelve children the past thirty years. Lawyers have been coming to my house all hours of the night, and I have received more letters than I ever received before in all my life.

I'd rather have peace and be poor, than have the entire estate of eighty-seven million dollars, with so much worry and trouble.

Such was the opinion expressed by Mrs. Sterrett at her home, South Boston, Mrs. Sterrett possesses a document which contains the bounds of lands in New Brunswick, on part of which is now the city of St.John which is the key to the settlement of an estate valued at many millions of dollars.

When my uncle Michael Comerford, was killed in a railroad accident nine years ago, she continued, in his property was this ancient document over which there is so much fuss. I intend to keep it until the court orders me otherwise.

WILLING TO LOSE WIFE, BUT NOT MONEY.

TORONTO, April 16—When the first train from Hamilton pulled in Sunday night a man who said his name was Hertz and his address 209 Rebecca street, Hamilton, shouted to Police Constable Holmes that his wife was on board the Montreal and that she was running away with a man named Fisher. He was not worrying over the fact that she was eloping, but she had $600 of his money which she wanted. The constable boarded the train and found the woman and Fisher making merry. He advised her to give up her husband's money, and she handed over $200 to her husband, who had followed the officer into the car. The balance she handed over to Fisher.

Hertz accepted the $200 but told his wife he considered himself well rid of her, offering a shake hands and let it go at that. The wife demurred at first, but, as the train commenced to move, kissed him good bye and waved a farewell from the window as she started with Fisher for the east.

MONTREAL TO HONOR DELEGATES FROM FRANCE

MONTREAL, April 16—On the evening of Saturday, May 4th, a banquet will be tendered at the Windsor Hotel to the official delegates from France, who will take part in the unveiling of the Champlain monument at Bluff Point, May 3rd, or the day before the Montreal demonstration. The banquet will be held under the auspices of the Canadian branch of the "France Americique," of which organization Hon R. Dandurand is President and Sir. H. Montagu Allan vice-president.

AMHERST MAKES LARGE CASTING

AMHERST, April 15—Saturday afternoon one of the largest castings in the maritime provinces was made by the Robb Engineering Co. The casting is a part of the bed end for one of the three rolling mill engines being made by the Robb Engineering Company for the Dominion Iron and Steel Co., at Sydney. The casting is about 14 feet long by 7 feet wide and a foot thick and will weight 35 tons. 40 tons of molten iron was used, 2000 feet of lumber was required for the patterns of this one casting.

CONDEMGED MAN CHEATED GALLOWS.

COLUMBIA, Ga., April 17—James Jefferson, who was to have been hanged here, committed suicide in his cell today. He took poison soon after midnight and died at half-past three o'clock despite the efforts of several doctors. Where he got the drug is not known.

Jefferson shot and killed Policeman Marion Marchante while resisting arrest here several months ago. Fellow prisoners said he had several times asserted that he would never be hang

MANITOBA CATHOLICS ARE PLEASED WITH NEW SCHOOL LAWS.

MONTREAL, April 16—That Manitoba Roman Catholics are well pleased with the changes in the school laws is the statement of C. P. Beaubien, K. C., who was one of the eastern delegates to the Roblin banquet at Winnipeg, and who is enthusiastic over the reception accorded the Quebec contingent. Yesterday he received a letter signed by Messrs. Joseph Bernier, M. L. A., Mr. Bernard, M. L. A., and Albert Prefontaine, M. L. A., three French-Canadian members of the legislature of Manitoba, which says: "We ask you to take back to your dear province of Quebec the assurance that our situation in Manitoba has become very much improved for at last we are relieved of the double tax which bore so heavily and so unjustly upon us."

The Best Proof That Tea and Coffee Hurt

often comes from those who formerly said, "Tea and Coffee don't hurt me," but who finally changed to

POSTUM

When such persons find relief from tea and coffee troubles, and the way back to old-time health and comfort, they have something to say worth while---

Read letter to the right.

TALES THAT ARE TOLD

"I was one of the kind who wouldn't believe that coffee was hurting me," says a N. Y. woman. "You just could't convince me its use was connected with the heart and stomach trouble I suffered from most all of the time." (Tea contains caffeine—the same drug found in coffee, and is just as harmful) "My trouble finally got so bad I had to live on milk and toast almost entirely for three or four years. Still I loved the coffee and wouldn't believe it could do such damage.

"What I needed was to quit coffee and take nourishment in such form my stomach could digest. I had read much about Postum, but never thought it would fit my case until one day I decided to quit coffee and give it a trial and make sure about it. So I got a package and carefully followed the directions.

"Soon I began to get better and was able to eat carefully selected foods without the aid of pepsin or other digests and it was not long before I was really a new woman physically.

"Now I am healthy, hearty and sound, can eat anything and everything that comes along, and I know this wonderful change is all due to my having quit coffee and got nourishment I needed through this delicious Postum in place of the dangerous coffee and tea.

"My wonder is why everyone don't give up coffee and the troubles that go with it and build themselves up as I have done, with Postum." Name given by Canadian Postum Co., Windsor, Ont.

Easy to prove by 10 days trial of Postum in place of tea or coffee. The reward is big and worth the test.

"There's a Reason" for POSTUM

Made by Canadian Postum Cereal Co., Ltd, Pure Food Factories, Windsor, Ontario, Canada
