Card

To the Electors of Ward Four

Gentlemen,—The time being very short I have decided not to make a personal canvass of the ward.

But instead take this manner of asking you for your support in the coming elections.

If elected I will in the future as in the past do my utmost to further the interests of the City in general, and I certainly will not forget that I especially represent Ward Four.

Thanking you all for your most generous support of two years ago,

I remain yours
very truly,
B. C. PROWSE.

Synopsis of Canadian North-West Homestead Regulations.

ANY even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent receive authority for some one to make entry for him.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year for three years

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W CORY,
Deputy of the Minister of the Interio

CHARLOTTETOWN GUARDIAN

WEDNESDAY, FEBRUARY 7, 1906.

THE CIVIC NOMINATIONS.

Today the nominations take place for the offices of Mayor and Councillors. We do not propose to offer any specific advice to our readers as to whom they shall nominate or for whom they shall vote, but we will venture the observation that the election of good men for these positions is as vitally important as for any other elective positions in the land. The fact is too much overlooked that the City Government touches the average citizen at more points, has more to do with his comfort, convenience and happiness and can more effectually make or mar the good order and well-being of the immediate community in which we live than either the Provincial or Federal Government or Legislatures.

The City Government has to do with our streets, sidewalks, water supply, and sewerage, the lighting of our city, the preservation of peace and order, and of the public health, the protection of our lives and property from fire and from criminals. It has large taxing powers, and large borrowing powers which may mean burdens in the years to come. It is entrusted with the keeping of our honor and credit as a city, and we shall be known and accredited at home and abroad by the manner of men we select for the Mayor's chair and for seats at the Council Board. It is needless to say that we ought to select capable, honest, public-spirited and reliable men to fill these positions. And we may add that it is no small privilege that our charter permits us a free choice o men to whom we shall entrust these honors and responsibilities for the two years to come.

Good men cannot be elected unless good men are nominated today. Hence the importance of the day's duties. In this regard there is usually a painful apathy among the citizens of this and other cities. It too often happens that the men who profess the deepest interest in the moral welfare of the community in which they live take little or no thought in regard to the choice of men for the City Council, This apathy is not to their credit. Ill fares the City where its Christian and moral elements ignore the civic election. How much depends upon having the right man in the right place! Now we shall doubtless have just as good and capable a new City Government as we deserve to have, for the people have a free choice. It devolves upon every right thinking man to do his entire duty to the City on nomination day, and on polling day as well. The wardheelers and self-seekers are always busy. Our best citizenship should also be awake and busy at times like the present.

The unanimous election of Rev. Dr. Burke as President of the Temperance Alliance is a fitting recognition of his strenuous, able and consistant advocacy of temperance and prohibition. His great energy has been applied along many useful lines besides his immediate labors in Church work. Forestry, fruitgrowing and improved winter communication have received a powerful impetus at his hands.

Voting machines are rapidly coming into use in the United States at civic and other elections. At the last civic elections in New York there were 2 000 machines in use, and they recorded the votes accurately without breaking down or showing need for repairs. Voting machines were used in 400 cities, towns and villages of New York at the last state election, and in 119 in New Jersey. The advantages include much more rapid voting and the avoidance of spoiled ballots. Bye and bye the political "machines" will find a way to tamper with the voting machines as they do with the old-fashioned ballot box.

WHEN IT TAKES EFFECT.

The people of Prince County having voted to revoke the operation of the Canada Temperance Act in that County in order that the Prohibitory Law may take its place, are naturally desirous to know when the change will take effect and the Prohibitory Law came into force. The date is, we are advised, thirty days from the time of the election at which the Temperance Act was condemned, that is on March 3.

Where the Canada Temperance Act has been in force and an election has been held, as in this case resulting in a majority against the Act, the Governor General issues an Order in Council thirty days after such election rescinding the previous Order in Council which brought the Act into force. Immediately on this action by the Governor General the Canada Temperance Act ceases to be in force and the Provincial Prohibitory Law comes into operation.

Both political parties in Canada are committed to the payment of bounties on iron and steel. Mr. Fielding enlarged the bounty system to include lead and petroleum. Under the bounty system the production of iron and steel in Canada has greatly increased within ten years past, but the production of native iron ore has not increased. In fact the use of Nova Scotia ore has practically ceased. The Sydney and North Sydney industries import their ore from Newfoundland. Last year they brought in over half a million tons of ore and it is stated that they did not use a thousand tons of native ore. More than a thousand men were employed in Newfoundland mining ore for the Sydney industries. Thus incidentally the Ancient Colony is a large beneficiary of the Canadian bounty system.

Watch the Skin for Bad Blood

It Comes to the Surface in the Form of Pimples, Boils, Rashes and Humors.

Where the blood is weak and depraved the system lacks staying power and force. Frightful ulcers and unsightly blotches break out, the skin becomes yellow and muddy, the eyes lack lustre.

Reader, does YOUR blood need attention? If so get Dr. Hamilton's Pills at once; they filter out all poisons, eliminate disease—making germs, nourish and re-vitalize every drop of blood in the body.

No medicine exerts such a marvelous influence for good as Dr. Hamilton's Pills; they clear the complexion, make it exquisitely beautiful; they cure pimples, rashes and skin troubles of every kind Read the following carefully:

NO APPETITE—BAD COLOR—GENERAL DEBILITY.

"I was run down," writes Mr. Albert E. Dickson, of Fairhaven P. O. "My color was dull and unhealthy, appetite was poor, and I constantly suffered from rheumatism.

"I found it hard to sleep, and felt worn out and tired all the time. Dr. Hamilton's Pills made an instant change. I grew stronger, my blood was restored, rheumatism vanished. To day I am vigorous, cheery and healthy in every respect.

You will never realize what good health means until you feel the quickening, vitalizing effect of Dr. Hamilton's Pills. Every tired, overstrained, nervous man and woman should use this grand tonic regularly. Life will then be full of happiness and buoyant health. All dealers sell Dr. Hamilton's Pills, 25c. per box, or five boxes for $1. By mail if price is forwarded to N. C. Polson & Co., Hartford, Conn, U. S. A., and Kingston, Ont.

A SUCCESSFUL ADVERTISEMENT

(London Daily Mail).

A man in London wanted a job and published the following advertisement:

"A hopelessly incompetent fool, with no qualifications, social or intellectual, totally devoid of knowledge on any conceivable subject, thoroughly indolent and untrustworthy, is desirous of obtaining a remunerative post in any capacity. Address I, F., 3 Maclise road, West Kensington."

The singularity of it attracted a great deal of attention, and several people set out to look the individual up. When they found him, they discovered he was a man of 27 years, alert, intelligent, with an ordinary public school education. The result is that he has secured a good position with a responsible firm and he bids fair to rise in the world, all the result of advertising and of writing an ad so that it would attract attention.

A BAD BRUISE.

Often causes a good deal of trouble. The best cure is a prompt application of Nerviline which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nerviline is antiseptic—prevents blood poisoning. No liniment so strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Poison's Nerviline. For nearly fifty years it has been the standard family liniment of Canada.

IF HE ONLY WOULD

He talks like a book, his
Admirers all say.
What a pity he doesn't
Shut up the same way.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Cresolene tablets, ten cents per box. All druggists.

Fire sale millinery. Our millinery stock is divided into lots at 5c, 15c, 30c, and 50c. Rare bargains, far below cost and practically undamaged.—Weeks & Co. 19dt

THE P. E. ISLAND TEMP. ALLIANCE

Continued from Page 1.

Our work during the past year has been full of encouragement and the results justify the expenditure of all the energy, time and money we have put into it. The Prohibitory Law has been well enforced and as a result a decided decrease in violations of the law and of drunkenness. In fact, a drunken man seen on our streets is so rare he is an object of comment. Our amendments to the Prohibitory Act Act passed by the Legislature last April make it the strongest Prohibitory law on the Continent and it has been such a decided success that Prince County adopted it last Thursday by a majority of 1425, Queens and Kings Counties are petitioning for repeal of the Canada Temperance Act and will without doubt follow the good example of Charlottetown and Prince County.

It is gratifying to know that not only are the good result from the law influencing our own counties to adopt it but that Nova Scotia will without doubt follow in the near future. A most gratifying feature to our friends in that Province is that one of the political parties in convention has declared for Prohibition, and I understand that from several places in Canada applications have been made to our Premier for copies of this excellent act.

It has ever been the policy of Prohibitionists to oppose the vending of intoxicating liquors by druggists under doctor's prescriptions as the privilages wherever granted has been shamefully abused and our experience in Charlottetown during the past year is no exception. We understand that those who are responsible for the change now see the mistake they made and we confidently expect that the Legislature at its next session will so amend the clause that no one will be permitted to supply liquors except official vendors who will be required to give heavy bonds for the strict observance of the law and make sworn returns monthly to the chief inspector.

At our annual meeting last year I stated that the arrests in Charlottetown had been decreased from 729 under license law in 1877 to 175 under Prohibition in 1904. The statement was questioned but the facts remain, and if anyone doubts it I refer him to the Police records. This year I am enabled to say that a second year under Prohibition has reduced the convictions from 175 to 94. We confidently look forward to a like reduction in 1906 as there were only two convictions during the month of January of this year.

Another comparison. During the year 1871 previous to Confederation, with a population of only 94,000 and under license we imported 120,000 gallons of Rum, Gin, Whiskey, Brandy and Wine, the first cost and duty alone on this being $162 000. No one will question that the two profits of wholesale and retail would double this amount. In addition to this we were running eleven distilleries in the Province. Hon. G. W. Bentley who gave much thought to the traffic in those days estimated our drink bill at $400,000 and Senator Ferguson is of the opinion that this is below the actual amount as there were large quantities smuggled into the Province previous to Confederation. Adding this and the large quantity of Ale consumed which I had not included would, he thinks put the amount at nearer $500.00 and there is no better authority than the Senator on the statistics of the Province.

In 1871 we paid $58,000 for education. In 1905 we paid $121,695. In 1871 we had only $215.000 in the Savings Bank. In 1905 we have $2,200,158 and in addition to this over $6,000,000 on deposit in the chartered Banks. In 1871 a buggy, a self binding harvester, a sewing machine or a musical instrument was a curiosity, (we only imported twelve of the latter in 1871). To day nearly all our farmers have these necessities and luxuries, beautiful homes and well-stocked farms. I do not say that all these things are the result of our advance in temperance legislation and public sentiment, but I do say we could not waste over $400,000 annually and have these conditions.

In conclusion it is due to the Premier, Hon. Mr. Peters, to say that the success of the Prohibitory Law in Charlottetown is largely due to his honrable, straighforward conduct toward the officials whose duty it is to enforce this beneficent law.

Geo. E. Full, seconded by John Anderson, Kensington, moved the following resolution:—Whereas, the members of the P. E. I. Provincial Alliance are exceedingly sorry to hear that Mr. David Schurman, the President of the Charlottetown Branch is about to leave this Province for St. John, N. B. where he expects to make his permanent residence. Although we are pleased to hear of his promotion and have much pleasure in congratulating him thereon, at the same time it is with great regret that we say farewell to such a man.

Mr. Schurman is in the front rank of our temperance workers; a leader in our great struggles. We can truly say that he is a man with the courage of his convictions. Without fear or favor he has obeyed his conscience, and done his duty.

Among the many forward temperance movements in which he has taken a prominent part we recall one or two. As a member of the Committee appointed by this Alliance he entered a vigorous protest before the Government against the Liquor Regulation Act, and after the passing of that Act he did great work in stirring up the temperance sentiment which was the lever that brought in the Prohibition Act. In the framing of that great Law, and its various amendments, his voice and influence have been manifest. We feel therefore that this Alliance would be recreant to its duty if it failed to recognize the services of such a man, and the great loss which the temperance workers suffer in his departure from amongst us.

Therefore resolved, that this P. E. I. Provincial Alliance do hereby place on record their appreciation of the great temperance work done by Mr. Schurman his untiring zeal and indefatigable efforts in behalf of Prohibition. We do assure him that the earnest wishes of this Alliance are for his prosperity in his new sphere, and our prayer is that he may be the means of elevating public opinion there and live to assist us in the adoption of the Prohibition Act in the Province of New Brunswick.

Moved by R. C. Goff, seconded by John Anderson:—

Whereas, the efficient operation of the Prohibition Act is of the first importance to temperance amongst us.

Therefore resolved that in view of the entire Province shortly coming under the provisions of the Prohibition Act this Alliance recommends and does respectfully recommend to the Government, Robert Jenkins as general inspector with power to select and governm the sub-inspector necessary to the efficient enforcement of this act.

Moved by A. McLeod, seconded by M. McKinnon—

Resolved that the medical men of the Province, in view of the abuses arising from the indiscriminate issuing of certificates for liquor, altogether unnecessary for medical purposes, be asked to refrain in future from such practices, otherwise the law will be exerted to its full extent in this regard. Carried.

Moved by John Anderson, seconded by R. C. Goff:—

Resolved that this Alliance does hereby urge upon the Federal Government the necessity of subjecting to analysis the patent medicines of the country with a view to restricting the use of such as contain an undue amount of alcohol.

The meeting was brought to a close at a late hour by singing the National Anthem.

YOU'RE ONLY HALF SICK.

But nevertheless you feel pretty "seedy." Best prescription is Dr. Hamilton's Pills they tone up the entire system, strengthen the stomach, elevate your spirits and make you feel better in one day. It's by cleaning the body of wastes, by purifying and enriching the blood that Dr. Hamilton's Pills accomplish so much. Very mild, exceedingly prompt, and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Butternut in yellow boxes 25c. each, or five for $1.00. Get the genuine.

Furs—Fire sale—A few choice pieces still available all at half former prices Come quickly.—Weeks & Co. 19dtf.

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Price 50 cents per box, three boxes for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

Card!

To the Electors of Ward 4

Gentlemen:—As the time is short it is impossible for me to make a personal canvass of the ward.

I therefore take this opportunity of asking you for your support in the coming election.

If elected I will as in the past do my utmost for the interest of the city in general and especially represent Ward Four.

Thanking you very much for your support in the past,

I am
your faithful servant
7d7i D. STEWART.
