Concerts Held To Aid Red Cross Work

Two successful Carry on Canada concerts in aid of Red Cross War work were staged in widely separated parts of the province last night. One was held in Cardigan while the other was staged in Brookfield. Large crowds attended both concerts which were conducted by the Carry On Canada Corps working on cooperation with the local Women's Institutes.

At Cardigan the concert was staged by Dr. Paul Leonard and his Assistants. Mr. Robert Compton was the reader. Miss Mildred Acorn gave an exhibition of tap dancing with Miss Rand, accompanist. Every number on the program was greatly enjoyed.

The special speaker at the Cardigan concert was Mr. R. H. Rogers, Secretary of the Red Cross Society who outlined the work of the Red Cross. He appealed to the people to help the Red Cross as much as possible when they start their annual campaign for funds.

At Brookfield

At Brookfield Mr. J. A. Lawson of Charlottetown was Master of Ceremonies. He is chairman of the special committee of the Carry On Canada Corps, which arranges these concerts.

Rev. W. J. Phillips was the special speaker and he gave a descriptive and interesting account of his recent trip to England and referred to the wonderful spirit of the people in that country.

He spoke of the wonderful work being carried on by the Red Cross in Great Britain which he had witnessed while there, and he also appealed to the people of Brookfield to assist in any way they could with the work of the Red Cross Society.

Rev. Mr. Phillips gave a very impressing description of the trip to England, and the experience he had when the boat he was travelling on was torpedoed near the end of the voyage. He spoke of the wonderful courage of the people on the ship when they were being rescued.

The artists on this concert were booked by Mr. Arthur G. Bruce and included: Mr. Leigh Dingwell, Mrs. Frances Hoil-Trainor; Mr. Jack Cameron; Mr. William Trainor impersonator; Miss Kathleen Hornby, violinist; Miss Edith Whitlock, tap dancer; Miss Helen Callbeck; Mr. George Beers, reader, and Mr. Alf Doucette, pianist.

Each of these artists gave a wonderful performance and were encored by the large audience.

The Women's Institute served refreshments and moved a vote of thanks to the artists following the concert.

In Memoriam

In loving memory of Mrs. Leslie A. MacDonald, North Tryon, who departed this life September 15, 1939.

There is one who misses you sadly
And finds the time long since you went
There is one who thinks of you daily
And tries to be brave and content
But my heart just aches with sadness
My eyes shed many a tear
God alone knows how I miss you
At the dawn of another year.

Lovingly Remembered by Husband and Family.

YORK UNITED CHARGE. Rev. J. A. Nicholson, Minister. Services Sept. 15: 11 a.m., Central Church; 2.30 Pleasant Grove; 7.30 York. L-225.

CHURCH NOTICE. Rally day service in Hampshire United Church on Sunday, Sept. 15 at 7:00 p.m. L-228.

FUNERAL SERVICES—The funeral of Moses Byrne was held yesterday morning from his late residence 61 Pownal Street to St. Dunstan's Basilica where Requiem High Mass was celebrated by Rev. George McCormac who also conducted service at the grave. The pallbearers were: Messrs. Donald McKinnon, K.C., William McKinley, Councillor Andrew T. Butler, Francis Eden, Alexander Coady, William Wright.

INJURED AT AIRPORT. — Mr. William Weeks is a patient in the City Hospital at present suffering from a bad bruise on the head as a result of an accident at the Charlottetown airport. Mr. Weeks was working around a hangar when a rivet fell on his head. He was knocked unconscious by the blow. The rivet fell from a point on the hangar and had gained momentum on the way down, landing with considerable force on the injured man's head. He was resting comfortably last night. The accident occurred Thursday morning.

TROUT SEASON CLOSES SUNDAY. — The trout season, which opened on April 15th, closes at midnight Sunday which means that sportsmen in the province will only have the week-end to hook the elusive speckled beauties. Many disciples of Isaac Walton took advantage of the fine weather this summer to go to their favorite fishing streams in search of the big ones, and reports of some fine catches have been heard during the past few months.

REGISTRATION IN RURAL DISTRICTS—The Voluntary Registration of Canadian women is nearing its closing chapter. There have been most gratifying results in city registrations, and we feel that if an emergency arises, we will be prepared and ready to meet it. The rural districts will register on the 18th. These women of the rural communities are the backbone of our province and have tremendous resources for valuable service. We hope they will respond generously, and offer their country those talents and capabilities so that our province will be outstanding in its answer to the call for voluntary service.

JUNIOR BOARD OF TRADE — The Junior Board of Trade, in its first fall meeting last night, heard a report from the civic affairs committee, outlining its findings with regard to civic finances. The report was adopted unanimously by the Board. It would go to the council of the Senior Board for approval before publication, it was announced. The special civic affairs committee consisted of Neil Higgins, John Gordon, Harold Forysthe and Earle Norrie. Jack MacKenzie, president of the organization was chairman last night. The next meeting of the Board, late this month, would be the annual session, it was learned.

NOTED SINGER—Mr. Afton S. Hayward, maternal descendant of Canada Waite, born in Sorel, Que., in Indian captivity in the winter of 1677-1678, internationally known radio artist, formerly a member of a number of leading church choirs, including Edwards Church, Northampton, Mass., where President Calvin Coolidge used to worship, who has sung in many churches, musical, women's and literary clubs and on different programs over many radio stations in the United States and Canada, guest soloist at the Rotary Club, Monday (Sept. 8th) luncheon at the Charlottetown Hotel where he sang "Make New Friends But Keep the Old", is again a visitor in Charlottetown. He was so delighted with his first visit to beautiful Prince Edward Island, with the scenery and hospitality shown, that he was eager to come the second time.

L.O.B.A. FRATERNAL VISIT. — On Friday evening, Sept. 6, a most enjoyable fraternal visit was paid to Lady Patricia Lodge, L.O.B.A., by the two Charlottetown juvenile lodges (Loyal Sisters and True Workers). About 20 girls accompanied by juvenile director, Sister Margaret Shaw, and guardian, Sister Mary Roberts, took part in this visit. A demonstration meeting at which several girls were initiated into the order, was put on, greatly to the interest of the members of Lady Patricia Lodge. A pleasing feature of the meeting was the presentation of a bouquet of flowers to the juvenile director, Sister Shaw, also one to the guardian, Sister Roberts, by Past Mistress Sister Julia Darrach and R. W. Grand Mistress Sister Minnie McNevin. Delicious refreshments were served by the members of Lady Patricia Lodge, after which an impromptu program consisting of recitations, solos, duets, and choruses was carried out by the young visitors. A hearty vote of thanks was tendered Lady Patricia Lodge by the worthy chairmen of the visiting lodges. The singing of the National Anthem brought this interesting meeting to a close.

N. B. Man Drowned

LITTLE CAPE, WEST CO., N. B., Sept. 13.—Armand Oullett, a farmer-fisherman of this village, was drowned in the Northumberland Strait shortly before noon today, when a dory in which he and his brother, whose name could not be learned at once, was capsized in rough water. The body had not been recovered early this afternoon.

The dead man and his brother were going out to a motor boat tied up in deep water off the shore. Their dory became unmanageable in the sudden choppy seas outside the sheltered bay and was quickly overturned.

Another man, unknown, witnessing the incident from the shore, quickly put out in another dory and managed to rescue the brother, but Armand Oullett had disappeared.

Oullett was married, and leaves a family of seven children.

140 Miles Of Pavement Laid In Two Years

The official opening of the through paved highways from the eastern parts of the Island to the western part took place at the Alberton Exhibition Wednesday. The last stretch of pavement into the town of Souris in the eastern section of the province was finished that day.

From Alberton in the west to Souris in the east is approximately 130 miles. From Montague in the east to Alberton is 110 miles and since the completion of these through highways it is possible for motorists to travel between these distant points of the province without leaving the hardsurfaced roads. In fact the pavement extends for about five miles past Alberton to Montrose on the road to Tignish.

With the exception of the Charlottetown to Summerside part of the stretch the remainder of this through highway was constructed since the early spring of 1938. The road from the Capital of the province to Summerside was done in 1935.

The total amount of new pavement laid in the last two years is 140 miles. An official of the Provincial Department of Public Works said yesterday that the cost of subgrading and hard surfacing this amount of road was between $2,000,000. and $3,000,000.

Besides the main through highway there were also short stretches of paving completed on the O'Leary Road and from Bedford to Corran Ban Bridge.

In 1938 the Storms Contracting Company were given the contract for building the road from Summerside to Inverness and from there to Montrose was contracted for by Curran and Briggs, Toronto. The same spring, the Storms Contracting Company began working on the road from Cross Roads to Montague which they finished the following year. From Cross Roads to Charlottetown was finished this past summer by the Municipal Paving Company from Toronto and the Maritimes.

The contract for the paving of St. Peter's Road from the Brackley Point Road to Morell was started in 1938 and completed in 1939 by the Municipal Paving Company. From Morell to Souris was finished this past summer by the Warren Paving Company.

Y. P. S. Rally At Belfast

Thursday afternoon and evening the Presbyterian Young People's Societies of Prince Edward Island met in St. John's Church, Belfast. There were one hundred and seventy registered delegates and members at the sessions. The afternoon was mostly taken up with group discussion. Each question or topic was discussed by two groups. There were eight groups in all. Rev. W. L. Detlor delivered the theme exposition, "Out of Weakness made strong", as the preface to discussions. The summaries given by the leaders and their assistants when the assembly reconvened proved to be very interesting and profitable.

A period of intercession for victory was set apart, and several delegates led the rally assembly in prayer.

At six o'clock the young people resorted to the Belfast Hall where the ladies of the church served an apparently most acceptable supper. This was concluded with a merry sing-song, led by Rev. Mr. Webster.

The evening service, being open to the public, was well-attended. The guest speaker was the Rev. William Ooms of New Glasgow, N. S., who delivered a forceful and challenging address based on Chapter six of Romans.

A standing roll-call of societies showed that the following areas were represented:—Lorne Valley, Dundas, Montague, Murray Harbor North, Wood Islands, Caledonia, Belfast, Marshfield, Zion-Charlottetown, Hartsville, Bradalbane, Kensington, New London and Summerside.

A short song-service concluded the evening session. The theme chorus was "The Crusader's Chorus" and the rally hymn for 1940 was "Lead on O King Eternal" to the tune "Lancashire."

Officers for next year will be: Mrs. Malcolm McEachern, Belfast, President; Miss Mildred McKay, New London, Secretary, and Mr. Keith Simmons, Summerside, Treasurer.

No Truth In Stories Gov't To Quit London

LONDON, Sept. 13 —(CP Cable) — The Ministry of Information tonight described as absolutely untrue German broadcast reports this evening from Bremen and Hilversgun, Holland, that the British government, the Court, and the diplomatic corps are on the verge of leaving London.

German-controlled stations quoted as their authority "the American Columbia Broadcasting reported in London," the Minister said, adding that "the reporter in question, Mr. Edward Murrow, authorizes us to state that the German version of his remarks totally misrepresents his meaning."

Mr. Murrow's actual words, the ministry said, were: "presumably plans for the evacuation of London have been ready for more than a year but I do not believe that serious consideration is being given to such a step at the moment. The King and government are still in London and unless the city becomes untenable I believe that they will remain."

A further German allegation, that the diplomatic corps is considering making a demarche to the foreign office about leaving the capital, is authoritatively stated in London to be equally untrue, the Ministry added.

Homing pigeons recently flew 280 miles over Britain in seven hours.

Enthusiastic Meeting Of Carry On Corps

Mr. B. Graham Rogers, of Travel Bureau, Special Speaker at Souris.

A large and enthusiastic meeting of the Eastern King's Carry on Canada Corps was held at Souris. The meeting was addressed by B. Graham Rogers, Supervisor of the Travel Bureau.

Mr. J. F. Sterns acted as Chairman and after calling the meeting to order the minutes were read and adopted. An important resolution was brought in by Mr. Campbell and seconded by Mr. Creed as follows:— Whereas there is little or no patriotism taught in our schools at the present time and as a result there is a certain amount of lack of outward patriotism and knowledge of the real principles of Democracy throughout our country and therefore be it resolved that the Department of Education try to remedy this situation by allotting a certain fixed time to the teaching of this subject and further be it resolved that our Department of Education take steps to have our National Holidays fittingly observed in all School Districts. This motion was then put to the meeting and carried.

Mr. Rogers, was then called on and in referring to the resolution that had been passed he said that he felt there was no lack of patriotism but that our people old and young held their patriotism as a sacred thing and that the grim determination of all to win the war was evidence of this However, he stated the time had now arrived when there really should be more outward demonstration of our loyalty and that the place to begin was with our young people. Ten to fifteen years ago Hitler started to train the young people of Germany in the brutal and ruthless principles of Nazism and now today he has an army imbued with his spirit of barbarism.

Within the British Empire it is necessary now, more than ever before, to teach our young people just what our Empire stands for and how the wonderful freedom we enjoy was secured. Comparisons should be made of our living conditions and those in the Dictator Countries but above all they should be taught that the right to live in a free way and to work out their passage through life by their own individual efforts is something that must be guarded by stout hearts and strong arms.

Mr. Rogers then went on to say that he thought our young people should be warned against the insidious propaganda that is constantly being spread throughout our Country in an endeavour to create disrespect for law and order and generally against those in authority in Government or lawful business organizations. The young people of this generation must be taught that hard and honest work for the wages paid them is one of the greatest gifts a young person can have and that the opportunities in our country for men of this type are great indeed.

He then gave some interesting remarks on the Tourist business of Prince Edward Island and stated he had been informed that Prince Edward Island is the only province in Canada that can show an increase in Tourist Traffic compared to 1939, and this is shown not only in automobile traffic but in railway traffic as well. He spoke of the great natural advantages this province of ours has and that the Tourist business here is really only just beginning. The marvellous beaches, the beautiful scenery the cool nights enabling people from the large cities to get a real night's rest, and the great friendliness and courtesy of our people to strangers were all factors that contribute to the success of the Tourist business here.

About 40,000 people have visited Prince Edward Island so far this year. Every effort was made to bring as many United States Tourists as possible, and insofar as this province was concerned, a good measure of success had been achieved in this direction, even though we, in common with the other provinces, were up against the propaganda spread against Canada in the United States by certain foreign elements there. This is now being overtome by the combined efforts of the Canadian government, through the work of the Canadian Travel Bureau, in co-operation with the better class United States newspapers and magazines. Apart from those who wish to hinder Canada, there is a wonderfully friendly feeling between the United States and Canadian people, and many evidences of this was plainly shown by the large number of American tourists who called at the Prince Edward Island Travel Bureau office at Charlottetown.

He then spoke of the great advantages of the new paved highway and what it means to every phase of our activities. At the conclusion of Mr. Rogers' talk he was asked to address the next meeting of the Carry On Canada Corps which will be held at Dundas.

It was decided at the meeting that at the time of the official Eastern Opening of the Through Paved Highway which now runs from Alberton to Souris that a dance would be held in the large new warehouse just nearing completion by Messrs. Matthew & MacLean, Limited, and which was offered to the Carry On Canada Corps free of charge by this fine old firm. This will in all probability be held on Thursday, the 19th instant. Meals will be served and the dance will begin by an Old Time Grand Parade. It is expected the band of the P. E. Island Light Horse will be in attendance. The building in which the dance will be held is forty by one hundred and twenty feet.

The Official Eastern Opening of this great highway is an event of much importance to the people of King's County, and it is expected that the attendance will be very large. Premier Campbell, Hon. J. P. MacIntyre, Hon. H. H. Cox, and others will be the speakers.

The Eastern King's Carry On Canada Corps deserves congratulations for the energy and enthusiasm they are putting into the work to which they have dedicated themselves. They have a signed membership to date of 460 men—a wonderful record. Part of the proceeds from their coming entertainment will be used to send parcels to the boys on active service. Mayor Smallwood of Souris spoke enthusiastically of the great work of the Carry On Canada Corps, and pledged his active support in every possible way.

Charities Must Register Under Federal Statute

OTTAWA, Sept. 18.—(CP)—Elimination of "charity racketeers" and uneconomic money-making schemes for war purposes has been the result of the enforcement of the War Charities Act, which came into effect shortly after the outbreak of hostilities a year ago, W. G. Gunn, charged with administration of the Act, said today.

Ideas for raising money for war charities are judged on a business basis under the Act. Euthusiasm and ardor for the cause sometimes leads organizations to put on shows or concerts in which the amount of money raised hardly meets the expenses.

"This is unfair to the people who contribute," said Mr. Gunn. "They see their money going into local circulation to pay rents for rinks or theatres instead of to the use it was intended. Naturally this cools enthusiasm. Good business administration in these efforts is synonymous with patriotism."

Another evil the Charities Act protects against is the use of the war as a means of pulling certain types of annual shows out of the "red."

Under the Act all charities must register with the government. Once registered the charity must make returns under the Act upon the amount of money spent, the sums raised and the purpose to which the profits have been devoted. If the profit does not justify the effort, the charity is given suggestions for future enterprises. So far it has been unnecessary to cancel any registration (which is good for one year) but much advice has had to be given.

NEW DEFENCE

(Continued from page 1)

At the start of the raid some of the bombers succeeded in getting to the centre of the city, dropping explosive and fire bombs, but savage anti-aircraft fire drove them off and the central area generally seemed unscathed.

Shell splinters from the defenders' fire drummed loudly upon the rooftops.

Buckingham Palace was hit by explosive bombs; Downing Street, the home of Prime Minister Churchill, and the length of Whitehall, the avenue of the Kingdom's Government, by fire bombs.

Authorities disclosed that an incendiary bomb—quickly smothered—had hit the House of Lords, in the south wing of the Houses of Parliament.

Admiralty Nicked

Bombs nicked a wing of the Admiralty from which the operations of the world's greatest navy are directed. Other bombs were loosed upon a world famous square, and very near to the Victoria Memorial Post in front of Buckingham Palace, and in more humble quarters about the city.

A revised toll showed that since Saturday 1,245 Britons have been killed and 4,810 injured not counting Thursday's and today's assaults.

The Government accused the Nazis of "deliberate" attacks on "conspicuous buildings irrespective of their nature."

The Royal Air Force, desperately busy here at home in almost endless defence of the capital, went on with its counter-offensive against German invasion, and struck great, punishing blows at the "key distribution centres" through which the Nazis would have to move men and materials for the attempt to cross the channel.

Midlands Under Attack

Other sections of England, including the industrial midlands, likewise were under attack. Belfast reported the Nazi fire bombs had been dropped on Northern Ireland.

Other landmarks damaged included Somerset House, on the Strand where ancient records have lain thick and undisturbed for many a century; the Piccadilly Hotel; Berkeley Square; the world famous Bridle Path of Rotten Row; the Churches of St. Magnus the Martyr; St. Swithin's, St. Mary-at-Hill, St. Dunstan's-in-the-East, St. Mary Woolnoth, St. Clement's, St. Augustin's, St. Giles Cripplegate, Our Lady of Victory and a Roman Catholic Church in the west end.

On the roof of a Canadian building two guards pushed a sizzling bomb around with the end of a ladder until it burned out.

In London tonight, the authorities not only were on the alert against falling bombs, but against those that had landed unexploded. Five of these, it was discovered, now lie in the vicinity of St. Paul's Cathedral.

Princess Helen Is Returning To Rumania

BUCHAREST, Sept. 13 —(AP)— Boyish Michael, king for a week following his father's abdication and flight, left here tonight for the Yugoslav frontier to meet his divorced mother, Princess Helen, upon her arrival from Italy tomorrow morning.

Reunion with the mother who spent 10 years in exile will take place at Jimbola, a border station where a few days ago the train bearing Carol and Magda Lupescu out of Rumania was fired upon by Iron Guardists. Helen left Venice tonight.

Gen. Ion Antonescu, Rumania's new military dictator who forced Carol to abdicate, travelled with Michael. Government posters announced a festival for Sunday in which Bucharest will greet Princess Helen as Queen Mother.

faction among the French forces there, many of whom it said are ready to join the free French committee of Gen. Charle DeGaulle in London in order to prevent further cession of territory to Italy.

Aerial scouts returning from flights over Libya estimated that Fascist forces, mostly concentrated at Bardia, 30 miles from the border, now number over 260,000.

Sporadic artillery fire rumbled along the border between advance posts as the British and Egyptian armies quietly completed preparations to meet any Italian thrust.

Britain recently landed thousands of soldiers to reinforce the estimated 60,000 desert troops in Egypt.

Egypt, with a British- trained army of about 20,000 has said she will declare war on Italy if attacked.

It was recalled Lt.-Gen. Sir Archibald P. Wavell, Britain's near eastern commander, recently told troops "you will soon have plenty of work to do," and Sir Miles Lampson, British ambassador to Egypt, in a speech said Britain soon would launch a "great counter-offensive."

Military observers expected any Italian offensive to be timed with the projected Nazi invasion of England.

In Northern Kenya, 2,000 miles south of the potential Egyptian battleground, Italian forces from Southern Ethiopia already were on the move on a 200-mile front in an apparent thrust toward Kenya's capital, Nairobi. British forces fighting a delayed action inflicted heavy losses on the Italians. In some places the Italians were 120 miles deep into Kenya, but still 300 miles from Nairobi.

By Frederick Gardner
Associated Press Financial Writer

NEW YORK, Sept. 13—(AP)—Resistance levels in the stock market were held today and leaders moved only fractionally in tentative dealings.

The Associated Press average of 60 selected stocks was off .1 of a point at 42.9, but the 204 issues which advanced numbered 15 more than the declines.

Bell Telephone, in the Canadian group, fell back two points to 107 while Distillers Seagram, Dome and Lake Shore Mines eased fractions. International Nickel improved.

Only 268,180 shares were transferred compared with 403,130 yesterday.

Leaders on the rising side of the list included U.S. Steel, Youngstown, General Motors, Chrysler, U. S. Rubber, Sears Roebuck, Douglas, United Aricraft, American Telephone, Anaconda, Dow Chemical, Johns-Manville, N. Y. Central and Standard Oil of N.J.

Behind minus signs were Bethlehem, Harvester, Sperry, Boeing, Consolidated Edison, Phelps Dodge, American Can, Union Carbide, Hercules Powder and Texas Corp.
