THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

...The latest news, first of all.

...On the eve of her departure to Haddam, Conn., the many friends of Miss Sadie McDonald assembled at the home of Angus and Mrs. Burrows, Cambridge, Mass., to bid her farewell. The evening was pleasantly spent. Music, games and other amusements were indulged in until a moderate hour, when, after partaking of a bounteous repast, presided over by the genial hostess in her usual courteous manner, the happy company dispersed, saying it was good to be there. Miss McDonald is the only daughter of Thompson McDonald, Dundas, P. E. I., and a niece of Daniel Nicholson, leading merchant tailor of Arizona. Miss McDonald intends to visit her home next summer.

MRS. CRIPPEN, NO. 2.

TORONTO, Aug. 9—Where is Dr. Crippen's second wife? That is the question that is taking up the minds of a number of the doctor's acquaintances during his stay in Toronto some years ago. Crippen's first wife is dead so is Belle Elmore, his last wife, on whose account he is charged with murder. But between wife No 1 and Belle Elmore, the actress, there is a wife No 2, who made many friends in Toronto. The Mrs. Crippen who came to Toronto twelve years ago with Dr. Crippen, when he was manager for Munyon's Homeopathic system of treatment, was a fashionably-dressed woman of about medium height. She was plump, with an oval face, black eyes and a peculiar charm of manner. This Mrs. Crippen is not at all recognizable by the pictures of the first wife or the one whose murder is under investigation.

"There is a deep mystery here," said T. M. Humble, advertising manager of Hobberlein Bros., today. Under the circumstances there seems to be a call for an investigation into Dr. Crippen's residence in this city. I knew the doctor and the then Mrs. Crippen very well, and she was an entirely different type of woman to those in the pistures published by the police. Many Toronto people who met Mrs. Crippen are wondering how this attractive woman dropped out of sight."

During his residence in Toronto Dr. Clark, of Detroit, was Dr. Crippen's professional associate. It will be remembered that the Ontario Medical Council undertook to fight the institution with which Dr. Crippen was connected, and eight or ten young specialists were notified to withdraw or lose their professional standing in Ontario. The case at that time attracted wide attention.

The new problem that Scotland Yard will now be called upon to investigate is: Where is the Toronto Mrs. Crippen?

It is believed now that Inspector Dew's alleged trip to Niagara Falls is merely a cover for further investigation, to be conducted in Toronto and Detroit.

COMMISSION IN S'SIDE YESTERDAY

(Continued from page 1.)

A. J. McFadyen, Tignish, was the next witness. He said the principal fisheries were lobsters, then came codfish, mackerel and herring. He said that the lobster fishing was decreasing very rapidly, the fish getting fewer in number every year. He was of the opinion that this decrease was due to the universal trap which came into use in 1907 which trap takes the fish before they are matured. Another principal trouble was to secure sufficient bait. As a remedy he suggested that the lobster fisheries should be taken out of politics and placed in the hands of an independent commission, a proper enforcement of the laws, the shortening of the season as well as one season for the whole Province, and also a rigid protection of the spawn fish The establishment of more hatcheries would, he thought, be of universal benefit to the lobster fishing in general. Mr. McFadyen while on the stand gave a lot of interesting information, with comparisions of the lobster business from 1883 until the present time.

At 8 p.m. the Commissioners addressed a fairly large audience in the Market Hall, J. E. Wyatt, M. P. P. presided. Short addresses were delivered by Lieut. Gov. Rogers, Commissioner Forsythe, Principal of the Berlin, Ont., Technical School, Hon J. N. Armstrong, the Maritime representative of the Commission, Jas. Simpson, Chairman of the School Board, Toronto and Dr. Robertson.

At the close, a vote of thanks to the Commission was moved by Neil McQuarrie, K. C., seconded by Rev. Dr. Gauthier and acknowledged by Dr. Robertson on behalf of himself and fellow commissioners.

GREATER MONTREAL HAS HALF MILLION POPULATION.

MONTREAL, Aug. 9—A statement was issued from city hall today showing that Montreal easily ranks as the largest as well as the greatest populated city in the Dominion. The city, with its newly annexed territory, contains 32,000 acres, or fifty square miles. It is thirteen miles at its longest point and eight miles at its greatest width. According to the 1910 directory, just issued, the population of Greater Montreal is 500,000.

Minard's Liniment Co., Limited.

GENTLEMEN,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,

BRITISH OFFICER DUE FOR CRIPPEN AND TYPIST.

QUEBEC, Aug. 9—Detective Sergeant Mitchell will arrive here by the Royal Edward on Wednesday afternoon. She was 100 miles east of Belle Isle at six o'clock yesterday and all things look favorable that she will be here about the time stated. This will be the beginning of the end in Canada of the great drama whose mystery and fascination has swayed the minds of the Canadian people during the past two weeks.

Last night it was stated by Judge Langelier that Crippen and Miss LeNeve would appear before Judge Angers at 10.30 in the court of sessions this morning for a formal remand, but the large crowd which gathered was sorely disappointed. Prominent lawyers stated that according to the law they should appear, but the custom in this case was waived.

A touch of reality was added to the scene by the appearance of Inspector Dew, who came down with Captain Kendall on the Montrose early this morning, but he soon left the precincts of the court and was seen later wending his way to a Chinese laundry with a large bundle.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free
