THE HALIFAX GROUP OF ELECTRICS.

The returns from the Camaguey Company for October and for the first ten months of the year, show very large increases both gross and nett. For the ten months the figures are:—

	1910	1911	Increase
Gross . .	117,703.53	133,164.51	15,460.98
Nett. . .	54,046.78	65,932.72	11,885.94

This shows a nett increase of over 20 per cent. over the corresponding period of last year and earnings of over 7 per cent. on the Capital outstanding at the beginning of the present year, after paying bond interest.

The Camaguey Company is one of the Halifax group of West Indian promotions, all of which have proved entirely successful and very profitable indeed for those who originally went into them.

The others in this group are Trinidad, Demerara and Porto Rico. The latter has proved one of the great successes of the day and its securities being listed on the Montreal and Toronto Exchanges, the control has gradually drifted westwards, though most of the Preferred Stock is held in the Maritime Provinces and a considerable proportion of the Bonds and Common Stock. The Stocks and Bonds of the other three members of this group are almost exclusively held in the Maritime Provinces and in Newfoundland and are among the safest and most popular local issues. These concerns gre still controlled by the Halifax group.

THE SHIPPING OF APPLES.

There is a great many apples in the Province this year that are going to waste, not because they are of inferior quality, but because there is no market for them, and the fruit growers themselves were not sufficiently thoughtful to arrange for packages in which they might be shipped. There is need of more co-operation in the fruit growing business and provision must be made for the packing of apples. The Fruit Growers' Association meets in Charlottetown on November 29th and 30th, and at this meeting an opportunity will be given to discuss this question. It is to be hoped that at this discussion some remedy may be forthcoming for the present condition of affairs. Every fruit grower and every farmer who has set out a young orchard should make it a point to be present at this meeting to see what can be done.

* * *

Good Roads Campbell finds that it will not be possible for him to be present at the meeting of the Farmers' Institute Convention that is to be held in Charlottetown on Nov. 28th and 29th. He has, however, forwarded a paper to be read at the Convention containing suggestions on road making. As this is one of the most important questions that comes before the farmers, it is hoped the attendance will be very large.

AWAKE ALL

Have you ever gone to bed, tired from head to foot, expecting to fall asleep almost as soon as your head touched the pillow—to lie awake for hours, perhaps all night, with eyes wide open and brain active?

If so it is because your nerves are weak and the blood does not circulate equally—too much blood in the brain and not enough elsewhere. We always recommend Vinol, our delicious cod liver and iron tonic, in such cases. It does not cause you to go to sleep immediately but it acts as a tonic and strengthener to the tired nerves, and brings back normal health and strength. Sleeplessness means weakness—Vinol makes you strong. Mr. Geo Hayes, Union City, Pa., says when he was run down and could not sleep, Vinol did him great good and he was able to get natural sleep. We give back your money if vinol does not please.

PROMINENT RAILROAD MAN

STRONGLY ADVISES HIS FRIENDS TO TRY GIN PILLS FOR THE KIDNEYS

"I have been a Pullman Conductor on the C. P. R. and Michigan Central during the last three years. About four years ago, I was laid up with intense pains in the groin, a very sore back, and suffered most severely when I tried to urinate. I treated with my family physician for two months for gravel in the bladder but did not receive any benefit. About that time, I met another railroad man who had been similarly affected and who had been cured by taking Gin Pills, after

having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try Gin Pills which I did,—with the result that the pains left me entirely.
