Daily War Survey

(By The Canadian Press)

The Allied withdrawals in Southern Norway give Germany the bases desired for submarine and air attacks on British shipping and on the British Isles. Just as it was the German air force which was largely responsible for making the Andalsnes area untenable for the Allied forces so the task of preventing the Germans from using their newly conquered territory will fall to the Royal Air Force.

The German occupation of Southern Norway and the cementing of firm lines of communication from Oslo to the western ports can be expected to result in an intensification of aerial warfare.

Already the Royal Air Force is enlarging the scope of its attacks on German-held airdromes and bases. That is an effective way of preventing air attacks by the Germans. While German bombers in Norway are nearer to the British Isles than at German bases their Norwegian landing fields are also more vulnerable to attack by British bombers.

The announced intention of the Allies of continuing operations in Norway must await interpretation by events. Undoubtedly it means efforts to extend and retain their control of Narvik, the far northern iron port. A German garrison still is holding out there, apparently besieged by Allied naval and land forces and the exit from the harbor is controlled by the British fleet.

Use Minard's for sprains.

FINANCE

By Frederick Gardner
Associated Press Financial Writer

NEW YORK, May 3—(AP)—It was a swing-high swing-low stock market today.

The list nosedived in the forenoon but on a sudden rebound reduced losses running to 2 or more points or transformed them into gains of as much.

Ford, among the Canadian issues, fall back one point at 13 1-2 to lead a general down movement. Distillers, Dome Walkers and Brazilian dipped fractions. International Nickel, McIntyre and Imperial Oil held steady.

The Associated Press average of 60 stocks, despite the rebound, finished off .1 of a point at 49.8. Of issues traded, 321 ended on the offside, 295 were up and 228 unchanged. Transfers expanded to 1,070,750 shares from 645,420 the day before. It was the first million-share day since April 19.

Ending with plus marks were U. S. Steel, Bethlehem, General Motors, Douglas Aircraft, DuPont, Consolidated Edison, Baldwin Locomotive, International Paper, Crown Zellerbach, Rayonier and American-Hawaiian Steamship.

Chrysler was down 1 1-4. U. S. Rubber common and preferred, together with Montgomery Ward, hit new lows for 1940.

WINNIPEG, May 3—(CP)—Wheat futures prices gained almost a cent on Winnipeg grain exchange today, despite a rather dull and uninteresting session. Quotations closed 1-2—7-8 cent higher, May at 89 1-8, July 91 and Oct 93 1-8 cents.

The cash wheat market was quiet. In the coarse grain pit, rye prices rose almost two cents at the high, while export interests offered fair support in oats.

SUMMERVILLE W. I.

On April 10th the Summerville Women's Institute held its meeting at the home of Mrs. Harold Dunn. Having called the meeting to order, the President asked the Secretary to call the roll which was responded to by twelve members. A vote of thanks was extended Mrs. Martin Hynes and Mrs. Edward Walsh for making and decorating fruit cake. Reports of Committees were heard and new ones appointed. The School Committee reported having given School children a treat at Easter. A short discussion regarding a globe for the school was held. A motion that the teacher, Mr. Joseph Murphy be authorized to buy one at the expense of the Institute was carried.

Mrs. Vernon Donnelly entertained the members with a guessing contest which was won by Miss Dorothy Dunn. The drawing of the fruit cake then took place, the winner being Miss Betty Gauthier, Montreal. A dainty lunch was served by the hostess. Meeting adjourned by singing of National Anthem.
