Shade trees suffered severely all over town, numbers being broken off or uprooted. Along the water front although the tide was one of the highest in years the wharves and shipping, owing to the direction of the wind were well protected from the sea and received little or no damage. The S. S. Empress left at the usual time for Point du Chene but owing to the severity of the storm in the straits was obliged to return to Harbor after going as far as Miscouche shoals.

WEDNESDAY

SLIGHTLY DAMAGED. —The embankment at the far end of the Promenade has been undermined in places. The earth has been washed out from behind the buttresses by the heavy seas of Monday afternoon.

CAMP HOSPITAL.— The men at Brighton Camp are enjoying robust healh, he hospital ent being very seldom in requisition. Only one case and that of toothache was reported yesterday. The swimming parades have been temporarily abandoned owing to the rough weather. Two or three tents were blown down on Monday but otherwise no damage has been done.

SAILING CANCELLED—Mr. Jas. Carragher, agent of the Plant Line service has received the following telegram from Halifax: Steamer Halifax encountered heavy gales, only arrived at Boston today. Necessary to cancel East this trip. She sails from Halifax Saturday at midnight. This means that there will be no sailing from Charlottetown on Friday, October 1st, the next sailing from here being, Friday, October 8th.

A HAPPY EVENT. — A few days previous to her marriage the popular young bride to be Miss Katie Mallett of York was given a veriety shower by a large number of her friends in York and the surrounding districts and on the eve of marriage her girl friends gave her a linen shower. The congregation of the Methodist Church in which she was a faithful worker and member of the choir, presented her with a beautiful mahogany parlor chair and table.

KINDLY REMEMBERED. —A number of friends assembled at the home of Mr. and Mrs. J. A. Ritchie monday evening to say goodbye to Miss Madge Forsythe who left yesterday for Toronto. Mr. G. F. Hutcheson on behalf of the officers and teaching staff of Grace Church Sunday School presented Miss Forsythe with a gold bracelet and wrist watch, and the Rev F. H. Littlejohns on behalf of Grace Church S. S. Orchestra presented Miss Forsythe with a gold mounted fountain pen. Miss Forsythe gracefully acknowledged both gifts, after which refreshments were served and the rest of the evening spent in games and social intercourse.

LADY SYBIL ON SLIP. — The S. S. Lady Sybil was on the slip the first of the week, having a slight overhauling, and resumed her regular trips to the Magdalene on Thursday. The Sybil has carried a lot of freight to and from the Magdalens this year, but the passenger traffic has been light, says the Pictou Advocate. The Magdalen fisheries have seldom, if ever, ben better than they are this year. There have been remarkable catches of mackerel and the lobster fishery has also been exceptionally good. The war has interfered with the tourist traffic and the islanders have been too busy making big hauls of fish to do much travelling. The officers of the S. S. Lady Sybil are as follows: captain, F. Ferguson; 1st mate, W. MacLeod; 2nd mate,——— Deagle; 1st engineer, C. MacArthur; 2nd engineer, F. Pelley; purser, C. Crowell; steward, D. Blue; 2nd steward, G. Wood.

CASCAPEDIA WAS AGROUND — On her last trip from Pictou the steamer Cascapedia ran aground when nearing Montreal. When the steamer sent word for tugs to tow her into deep water, the rumor was started at Sorel, six miles distant that a German submarine had torpedoed the Cascapedia, and considerable excitement prevailed in that usually quiet section, until it was found there was nothing in the rumors. Just how the Cascapedia happened to run aground is somewhat of a mystery, as she makes her trips regularly and her officers are familiar with every mile of water on her route. When two tugs arrived on the scene the Cascapedia was soon floated, and proceeded on her way to Montreal, arriving there almost on time to take on her outward passengers at .730 in the evening. If there were any damages to the vessel they were so slight as to be of no consequence, and will interfere in no way with her regular sailings.

ISLAND CAPTAIN AT SHORNCLIFFE—In a special write-up, appearing in the London "Canadian Weekly," of August 7, of the Canadians at Shorncliffe, the writer, Mr. William Blaynay, has this to say of Captain F. S. Morrison, of the headquarters staff of the 2nd Division:

Captain Frank Stanley Morrison, the Deputy Assistant Adjutant General, was born on August 19, 1881, at Summerside, Prince Edward Island. He received his first commission in the 8th Princess Louise's New Brunswick Hussars on February 29, 1904, but five months later was transferred to the Royal Canadian Dragoons—one of the permanent cavalry regiments of Canada. He obtained his full captaincy on March 10, 1913, and came to Salisbury Plain in October last with the First Contingent as Second in Command of "C" Squadron of the R. C. Ds. Captain Morrison served through the South African War with the 1st Canadian Mounted Rifles and was awarded the Queen's Medal with four clasps.

THe MINTO.— The government steamer Minto, Captain John Reid, which has been undergoing repairs since her return from Hudson Bay, left Halifax Friday afternoon for Charlottetown, taking lighthouse supplies for several gulf lights en route.

CALEDONIA CLUB—A meeting of the Caledonia Club was held last evening in the club room, Mr. James McIsaac in the chair. The draft new by-laws was submitted and adopted and all come into force at once. After some routine business the meeting concluded with the singing of Auld Lang Syne.

WEDDING BELLS.— An interesting event took place in York on Wednesday, Sept. 22nd, when Miss Katie Mallett was united in marriage to Mr. Robert Chappelle of Marshfield. The ceremony was performed at the home of the bride by Rev. J. L. Dawson in the presence of the immediate relatives of the contracting parties. A few days previous to her marriage the popular young bride was given a variety shower by a large number of her friends in York and the surrounding districts, and on the eve of her marriage her girl friends gave her a linen shower. The congregation of the Methodist Church in which she was a faithful worker and member of the choir presented her with a beautiful mahogany parlor chair and table.

MR. PARROTT'S LECTURE—There was a good turn out of the Y. M. C. A. Scouts on Monday night in the Heartz Memorial Hall to hear Mr. Parrett, organizing sec'ty of the boy scout movement from the headquarters at Ottawa. Mr. Parrott exhibited a number of stereoptican views of scout camps and scout organizations and work in Ontario and the west. He also showed some pictures taken at the recent exhibition here, and also of a big company of 5,000 boy scouts being inspected by the late Governor General, Earl Grey, at the Toronto Exhibition. There were also some pictures of winter pastimes, summer camps, social trips, etc., demonstrating the invaluable training the boys received in swimming, life saving, first aid, etc., at these outings.

WEDDING BELLS. — On the evening of Sept. 22, the home of Mr. Benj. Mallett was the scene of a very pretty wedding when his sister Katie Gertrude was united in marriage to Mr. Robert Chappell of Marshfield. The bride, who was unattended, was given away by her father was becomingly attired in white voile and carried a bouquet of carnations and maiden hair fern,, while Miss Vera Lane of Pownal played the wedding march. The ceremony was performed by the Rev. J. L. Dawson in the presence of the immediate relatives of the bride and groom. The bride was the recipient of many costly and beautiful presents among which was a parlor table and chair from the congregation of York Christian church in recognition of her valued services in the choir and Sunday School. The choir also remembered her in a very practical manner. At the close of the ceremony a dainty wedding supper was served and after a pleasant evening enlivened by the toot of horns and clang of bells in the hands of the chevariers the happy young couple drove to their beautiful new home in Marshfield accompanied by the best wishes of a host of friends with whom the Guardian heartily joins.

Do You Ever Speak to Your Husband

in reference to the vital question of life insurance? You certainly should do so; it is a wife's right, duty and privilege to be protected by means of a Mutual life insurance policy.

Yet many wives hesitate to introduce this subject because it would appear as if they looked for a financial benefit from the husband's death.

But the husband living is of far greater financial value to the wife than any insurance he may carry. Therefore there is no question of advantage.

A clear distinction should be made between a wife's sentimental and her monetary interest in the life of her husband, and for the children's sake, if not her own, a policy should be secured on the husband's life.

THIN & NERVOUS BABIES

Suffering Little Ones cured by Dr. Cassell's Tablets.

Five months-old Infant who weighed only 7 lbs.

So thin his Mother Shuddered to undress him.

Never believed he could live.

But now bright and well Cured absolutely by

DR. CASSELL'S TABLETS.

Here is matter to interest every mother throughout this great Dominion; the frank, grateful testimony of other mothers who have proved Dr. Cassell's Tablets a real help in winning back health for their suffering little ones. And the cases are not in any way exceptional; they show just such splendid results as any mother may expect from systematic use of this valuable medicine. Dr. Cassell's Tablets have proved their worth in Great Britain, where their sale is the largest of its class, and in the Britains beyond the seas their reputation is advancing rapidly.

Now read what a happy mother has to say of Dr. Cassell's Tablets. She is Mrs. Fern, of 82, Desborough-road, Eastleigh, Hants, England, and her story is as given to an interviewer. She said:—

"When I think of all that Dr. Cassell's Tablets have done for my little baby I bless the day I heard of them. I am convinced they saved my child's life.

"My little Harold was a fine baby when born, but soon he began to ail, and when a few weeks old I had to have advice. For four months baby was under treatment, but no good came of it; the child only got worse. It was pitiful to see him, he was so appallingly thin. His little bones stood out all over his body. We could easily count the joints in his backbone, his shoulders were hollowed in like pits, and his cheek-bones stood up like ridges. It made me shudder to undress him, he was such a frail little skeleton of a baby. He could not keep anything on

Baby Fern.

his stomach, not even the breast—and I'm sure I am healthy enough. We had ever so much medicine, but baby seemed doomed. Once I really thought he was gone, he lay so still and his jaw had dropped. The anxiety was terrible. Often and often I have sat up with my poor little Harold waiting for the end. But thanks to Dr. Cassell's Tablets it was not to be.

"Harold was 6 months old, and weighed only 7 pounds, when we first got Dr. Cassell's Tablets. Actually in two days there was improvement, and now, two months later, he weighs over 12lb., and is ever so bright and well."

LOST USE OF HER LIMBS. Now Strong and Well.

Every day proof is added to proof that Dr. Cassell's Tablets possess striking power to renew healthy nerve action and thus to restore activity where even the

Baby Parsley.

power to move has been lost. Particularly is this so in the case of children; and numberless cures have been effected, and are constantly being effected, both here in Canada as well as other parts of the Empire. Mrs. Parsley of Chapel Hill, Braintree, Essex, England, said: "Baby was only about a year old when she began to lose the use of her limbs, and soon became quite helpless. Of course, we were very much alarmed, and when we were told the child would not be able to walk for years, we almost lost hope. We had the best treatment we could find for her, but nothing seemed to help the child at all. Indeed, instead of getting better she just wasted away till she was a mere frame. She hardly ate anything, and was so weak and ill that it could not seem possible she could recover.

"Then we gave her Dr. Cassell's Tablets. The first effect of the Tablets was that the baby got sound, natural sleep. Then she improved in general health, and gradually power returned to her, until baby got stronger and stronger, more plump, till now she is quite cured."

BRITAIN'S GREATEST REMEDY. Popularity now World-wide.

It is cures like the above, the genuineness of which has been thoroughly investigated, that have made Dr. Cassell's Tablets one of the most talked of remedies of modern times. Their entire safety and purity, their suitability for young and old alike, and their peculiar efficacy have ensured a high reputation throughout the world. Test their reliability as a remedy if you suffer from Nervous Breakdown, Nerve Failure, Infantile Weakness, Neurasthenia, Sleeplessness, Anæmia, Kidney Trouble, Dyspepsia, Stomach Disorder, Wasting, Palpitation, and they are specially valuable for nursing mothers and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. A Free Sample will be sent on receipt of 5 cents for mailing and packing, by the Sole Agents for Canada, H. F. Ritchie and Co., Ltd., 10, McCaul-street, Toronto, Ont.
