Denies Charges Paper Withheld

WASHINGTON, July 7 — (AP) — Chairman Donald M. Nelson of the United States War Production Board today denied his agency exercises any censorship of magazines and books by withholding paper allotments, declaring such charges by Rep. Melvin Maas (Rep.-Minn.) were based on misinformation.

"Nothing resembling censorship is practiced, directly or indirectly, by the W.P.B.," Nelson stated. "The existing system of paper conservation orders has been devised purposely to avoid any possibility of censorship.

"We are faced with a diminishing supply of paper - - what is printed on that paper is not within our province."

IN MEMORIAM

FREDERICK JOSEPH WEBSTER

The death of Frederick Joseph Webster of Dunstaffnage occurred on June 23rd, 1943. Although the late Mr. Webster had not been in the best of health for the past few months, yet he was very active and his death came as a distinct shock to his family and friends. Several years ago he moved to Dunstaffnage from Ten Mile House and was a resident of Dunstaffnage for many years. He was born on August 17th, 1866 and was married on Oct. 3rd, 1893 to Minnie Elizabeth Lavers of Georgetown who remains to mourn her loss. The late Mr. Webster lived a very quiet and kindly life. He had many friends in the community, and he will be greatly missed in his home and in the Church. He was a member of the United Church.

Funeral services were conducted at the home by his pastor, Rev. J. A. Nicholson and at Central United Church where Rev. Mr. Nicholson was assisted by Rev. Mr. Baak of Marshfield.

Favorite hymns of the deceased were sung and the male quartette of Central Church sang the familiar hymn, "Softly and Tenderly Jesus is Calling." The minister brought a message of comfort and hope to the congregation and to the family. Floral tributes were many, testifying to the esteem in which he was held by all in the community.

Interment was in the People's Cemetery.

Besides his widow the following sons remain: John Franklin, Herbert Lee, George Henry, Lemuel Hicks. Another son William Roy was killed in the last war.

The pall bearers were Messrs. Matt Wood, Almon Boswell, John C. Stewart, Charles Ellis, W. J. Jenkins, C. W. Robertson.

build up and strengthen that spirit of friendship and understanding by studying problems faced by women of other countries and by showing our wish to be helpful if and when they come to live in our own Canada."

Yesterday's meetings, which were held in the Prince of Wales College hall, were attended by about 160 delegates, representing all parts of the province.

This afternoon the convention will present a brief to the Government urging the necessity for increased bed space at the Provincial Sanitorium, the supervisor, Miss Mary S. MacDonald announced.

Premier J. Walter Jones is to give an address of welcome at this morning's session and Rev. J. D. Nelson MacDonald of Badreck Forks, N.S., will be the special speaker at this evening's session which will be a joint meeting of the Institutes and the Provincial Federation of Agriculture.

Mr. W. R. Shaw, Deputy Minister of Agriculture spoke on Agriculture yesterday and His Worship Mayor B. Roy Holman extended a welcome to the delegates on behalf of the city. Mrs. Allan Stewart, of Benshaw replied to the Mayor's address.

In his address Mr. Shaw spoke on the great need of increased food production for the war effort, and implied that food will not only win the war, but also the peace.

The need for sugar ration for food conservation is greater in rural districts than in urban ones, asserted Mr. Shaw, who commended the Institutes for joining with the Federation of Agriculture.

Home Economics Discussed

A discussion of "Home Economics" was a feature of the afternoon's meeting. It was arranged by Mrs. Hazen Howard, who introduced the following assisting speakers: Mrs. J. Walter Jones, who spoke on foods with the best vitamin sources; Mrs. Verna Darrach spoke on school feeding projects; Mrs. Allison MacMillan dealt with what the Institutes accomplished in home economics; Miss Leone Mosher advised organization of girls' sewing clubs; Mrs. Harry Cudmore dealt with the Institutes' Food Administration section; Mrs. J. A. Lawson, spoke on the necessity of consumers watching irregular prices.

Speaking on "Youth Education" yesterday afternoon, Lt.-Col. K. S. Rogers warned that "the world of tomorrow, which is almost upon us, will require an even greater technical knowledge on the part of the average man and woman than even the past twenty-five years", and the "boys and girls of tomorrow in Prince Edward Island should be given a chance, through technical education, to develop the natural resources of their own province."

"Work in Japan" was the subject of the address given by Miss Louise Callbeck, who had spent 20 years in that country. "I am convinced that our real enemy is the ruthless military dictatorship now existing in Japan, and not the kindly, fundamentally peace-loving people who are its victims", said Miss Callbeck.

Rev. Robert Shaw, New Glasgow, who spoke on Temperence at the meeting, outlined things which all could do to control liquor consumption. He advised, "support your local W.C.T.U. and Temperance Federation; see that your political party nominates dry candidates, and see that temperance education has its rightful place in your home district school."

The following committees were appointed: Resolution Committee: Prince County, Mrs. Beecher Smallman, Convenor, O'Leary, Mrs Anthony Gaudet, St. Nicholas; King's County, Mrs. William Dunn, Murray Harbor South, Mrs. Merrill Stewart, Kingsboro; Queen's County Mrs. Leo Frank, Southport, Mrs. Wallace MacKay, Stanley Bridge.

Blood Donors Clinic Here To Open Soon

The Red Cross Blood Donors Clinic occupying about 2,000 square feet of floor space in the building which is being fitted up on Queen Street opposite the City Building will be opened in about two weeks time. All of the rooms and offices are on the ground floor.

The building has been completely renovated and presents a spotless appearance. A visitors day will be named just before it is opened for business and everyone interested will have an opportunity to inspect it.

It is expected when the procurement of blood gets underway that an average of 100 pints a week will be realized. This means a total of 5,200 pints a year and means, it is estimated, that there must be about 5,000 donors enrolled if the supply is to be maintained.

It is emphasized that practically all of the work done at the clinic is purely voluntary. There will be only two paid persons on the staff. They will be a nurse technician and an administrative secretary. It is expected that a staff of between twenty and twenty-five persons, volunteers, will be used when the clinic is operating at capacity.

Every prospective donor receives a medical examination in a room provided for that purpose and no one is accepted unless measuring up to the required standard. Six persons can be accommodated at once in the blood procurement room and each donor is provided with a nurse who will be in attendance. Two doctors are also in attendance. From this room they go to the rest room where cots, chairs, etc., will be available for relaxation. Donors are also served light refreshments before they leave.

The Red Cross Corps is providing V.A.D nursing assistants, voluntary helpers in the administrative section, refreshments and transportation. It is stressed, however, that furniture and other furnishings will have to be provided by the public. All kinds of furniture is needed and any offers of assistance will be gratefully received.

Memorial Institute At McGill

MONTREAL, July 7—(CP)—McGill University announced today that the Allan Memorial Institute of psychiatry, including a 50-bed hospital clinic, research and teaching facilities, would be established at "Ravencrag" the former Pine Avenue home of Sir H. Montagu Allan.

Announcing establishment of the institute to perpetuate the name of the Allan family, principal F. Cyril James of McGill said that director of the project would be Dr. D. Ewen Cameron, Scottish-born medico with experience on two continents, who becomes the first full professor of psychiatry at McGill. Dr. Cameron is psychiatrist-in-chief at Royal Victoria Hospital here.

The Allan residence was donated to the hospital several months ago by Sir Montagu, and establishment of the institute was made possible through an agreement between the hospital and the university.

The Rockefeller Foundation is providing $150,000 for the teaching and research aspects of the institute, and the provincial government has agreed to support the 50-bed hospital with grants of $30,000 yearly for the next 20 years.

John Avery of Doncaster, England, a retired butler left the residue of a $20,000 estate for the "maintenance of a tidy appearance of choirboys" at a church where he sang in the choir as a boy.

Active Year For Women's Institutes

New institutes were organised during the past year at Alliston, Rollo Bay West and Southport, and three others were forced to disband owing to a lack of membership caused by young people in the districts leaving to do war work, Miss Mary G. MacDonald, supervisor told the thirtieth annual convention of the P.E.I. and Women's Institutes at their opening session held in Prince of Wales College auditorium yesterday.

"During the past year our 258 branches have been working for home and country with every increasing need and we are proud of the part the Institutes have played in helping every worthy cause which has been brought to their attention." Miss MacDonald stated. "I shall not review this phase of our work in detail as the War Services Convenor, Mrs. Raymond Wood, will acquaint you with the work done when she gives her report on Thursday afternoon.

"This year, we are glad to welcome delegates from the new Institutes to our Convention, and we trust that they will find the meetings both instructive and enjoyable. Rollo Bay West was organized in November and Southport joined us on December 9th, and both have carried on the Institute program very successfully since then. Alliston Lot 63, joined our ranks on February 11, 1943. This group held their own organization meeting, carrying out instructions sent by mail and they have proved themselves to be worthy members of the Provincial Group.

"I am glad to say that only three Institutes have disbanded during the year and these were forced to do so through lack of membership owing to young people leaving the district to do war work.

"The Provincial Executive has been very active, five meetings were held during the year. Three of these were full executive and two were Cook Book Committee meetings.

Our Cook Book which was completed recently is receiving a good response and I urge every Institute member to purchase a copy and also act as an agent in selling them. Many of you have visitors and friends to your homes who will be only too pleased to have our Cook Book if they know it is for sale, be sure to talk about it and show your copy to them. We have plenty of them, so don't be afraid to sell a lot.

Sanatorium Beds

"Early in March, Parkdale and East Royalty W.I. brought the matter of the necessity for increased bed accommodations in our Provincial Sanatorium before the Provincial Executive and it was decided that we should act quickly. Letters regarding this matter were sent to various service clubs, women's organizations and others, asking representatives from their groups to attend a meeting to discuss this undertaking. The meeting was held on April 8th in the Charlottetown Hotel and a large and interested group assembled. Plans were made towards furthering the project and Mr. D. J. Bonnell was appointed chairman. Under his guidance everything has gone very smoothly and we have been waiting for a brief to be drawn up. This will be presented to the Government on Thursday afternoon and we wish to have about fifty delegates from this Convention attend the meeting in the Council Chamber, where the Premier and members will receive a combined delegation.

"The Institutes have shown their whole hearted interest in this worthy cause and over 200 letters and resolutions stressing the urgency for this proposed extension have been received from them.

"You will be interested to know that we have had word of the safe arrival overseas of our "Baby Shower Gifts". If you read the letters and look at the pictures on display which have been sent to us from the Women's Voluntary Services, to whom the gifts were sent, you will note the sincere appreciation expressed by those in charge of this work.

"Five cases of clothing and necessities valued at $1800.00 were shipped at intervals and we are awaiting word of the safe arrival of the remaining shipment. All packing and other details were attended to by the Supervisors and we wish to thank the Red Cross for supplying cases and transportation for these gifts.

"As you know, we plan this year to supply clothing for four year old children and I am sure the response from the various groups will be as generous as that of last year.

"At the District Conventions many groups took a great pride in arranging their Baby Shower displays and the effect was most gratifying to the Convention of which they formed a part. We hope to see equally well displayed gifts this year.

Biennial Congress

"Early in June, your Representative to the F.W.I.C. attended the Biennial Convention which was held in Toronto. We will be interested in hearing Mrs. Gates' report on Thursday afternoon, when she will tell of the business carried out at the meetings.

"I should like to say a word regarding the Institute News. Two copies of this paper are sent to each Secretary and it is her duty to see that they are circulated among the members. Extra copies can still be purchased from Head Office if your group is too large, so do see that the paper is read by everyone. As a matter of fact, it wouldn't take very long to read the especially important items to the whole meeting when the News arrives and by doing this, you would be sure that special information is circulated.

"Once again I wish to stress the importance of Girls' Club Work. To me it seems to be one of the very important projects sponsored by the Women's Institutes and I am eager to have more clubs enrolled. This year, we organized 28 clubs with a membership of 328 girls. Seven of those disbanded during the year but the remaining twenty-one completed their work and held local achievement days. In August, we will bring this year's Club year to a close by holding District Achievement Days at Various Central points. I hope that Institute members from adjacent communities will attend these Achievement Days and see the wonderful work done by girls whose ages range from ten to seventeen years.

The Leaders of these Clubs are to be congratulated. They have all given expert leadership and instructed these girls in Sewing and other phases of Club work which will be of benefit to them all through their lives.

On Thursday evening, we are holding a joint meeting of the Women's Institutes and the Federation of Agriculture. Rev. Nelson MacDonald of Baddeck Forks, N.S., is to be guest speaker and he will have a message of importance to both our organizations. We think that you will enjoy the entertainment which has been arranged for your pleasure as well.

This is the year for the election of new officers to form the Provincial Executive and as it is a rule that a certain number of the present Executive must be replaced. I wish to take this opportunity of thanking the retiring members and the entire executive for their assistance during the year, and to express my appreciation for the manner in which they have given their whole hearted support to our organization in all the important phases of our work during the past two years.

HEAVY BOMBING

blooded and calculating in building up their bomber attack.

They have left to the handlers of political warfare (helping only in the matter of dropping leaflets) the business of attempting to persuade the enemy to call halt to the war, to surrender. The bomber men have been concerned solely with force.

"Force and force alone is the concern of the bomber" said the Aeroplane. "It's function is to stop the enemy from making, distributing, and using the things he needs in war. The aim is not to take away the will but the power to go on fighting."

"That makes it the most ruthless of all aspects of modern war. Ruthless though it is, the war waged by the bomber has proved to be the most economical in human life."

At least two-fifths of the power of Germany to make what it needs in war has been destroyed by Allied bombers in the Ruhr and the Rhineland according to conservative estimates. Prime Minister Churchill has said the bombers will range farther afield, to any centre that harbours German war industry, in the course of this disarming of the Axis.
