NEW YORK, March 19—(AP)—Aircrafts and steels led the stock market on a selective upswing today that was attributed mainly to talk of broadening war pressure on Europe.

Gains ran to 2 or more points for favorites, but a number of issues slipped from best levels at the close.

Canadian issues rallied. Small gains were shown in Dome and Lake Shore, International Nickel, McIntyre, Marconi, Ford and Imperial Oil. Distillers Seagram and Brazilian Traction were easy.

The Associated Press average of 60 stocks finished with a net advance of .2 of a point at 49.5. Transfers totalled 654,110 shares, compared with 512,520 the day before.

Stocks ahead when the final gong sounded included U. S. Aircraft, Glenn Martin, Lockheed, Anaconda, Kennecott, Westinghouse, Dow Chemical, Loft, Montgomery Ward, Sears Roebuck, Great Northern, Goodyear, Chrysler and American Telephone.

American Airlines and United Air Lines edged into new high ground for 1940.

BANFF, Alta—(CP)—Skiing was introduced into the Canadian Rockies more than 50 years ago, discovery of a pair of axe-hewn skis here indicates. The skis were presumbaly built by Scandinavian railroad workers.

CONVENTIONS PLANNED HERE—Two conventions are scheduled for Charlottetown in the month of August, it was announced by Mayor B. Roy Holman yesterday. The Mutual Life Insurance Company will hold their annual convention in this City on August 7th, 8th, and 9th., while the National Drug and Chemical Company will hold their convention here some time in August.

GYRO MEETING—The guest speaker at the regular Monday meeting of the Charlottetown Gyro Club was His Worship Mayor B. Roy Holman who gave a very fine talk on Municipal Government. He announced that arrangements were being made to hold the annual convention of the National Drug Co. in Charlottetown this summer. Mr. J. R. Compton entertained the club by reciting a number of poems by Robert W. Service. Guests were Mr. Sinclair McKay, City, and Mr. J. G. Hutcheson, Montreal. Mr. Arthur G. Hogan was in the chair.

MAGDALEN FLIGHT—Pilot Joseph Anderson made two trips to the Magdalen Islands yesterday in a Canadian Airways twin motored dragon. The first flight was made in the morning and 19 ballot boxes were carried. These were deposited at the different islands of the group. At Entry Island, the plane was unable to land, and the boxes were dropped in a snow bank. The afternoon flight carried mail and one passenger.

PLANE USED IN CAMPAIGN—Mr. J. S. Roy, National Government candidate for Gaspe, Quebec, left Charlottetown early yesterday morning in a Canadian Airways plane for the Magdalen Islands and after addressing a large and enthusiastic meeting at Grindstone Island returned to Moncton in the afternoon. Accompanied by his chief organizer, Mr. L. O. Roy, he arrived here yesterday from Rimouski, Quebec in a plane piloted by W. H. Smith. The flying ship belonged to the Canadian Airways of Quebec. Favorable flying conditions greeted the party and they made the trip to the Gulf Islands and return without difficulty. At Moncton, however, they ran into a "cold front," an airman's term for heavy snow, and it is understood that the men are still in Moncton. Their craft was a dragon rapide.

Scout News and Notices

Belgium has 16,900 Boy Scouts and Holland 36,200.

The Boy Scouts of Huntsville, Ont., assisted the local Rotarians in patrolling one of the town's hill streets while children were sleighing during the winter.

The official statement that no British Boy Scouts had been in Jugo-slavia for two years was the answer to a recent German charge of sabotage in that Balkan country by English Scouts.

It costs more than $10,000 annually to provide evening meeting accomodation in forty Toronto schools for Boy Scouts and Girl Guides, according to Schools Superintendent Dr. C. C. Goldring. "It is a lot of money, but they are doing a good work," the Superintendent stated.

Forty-six Vancouver Boy Scout leaders have been appointed Civilian Protection Wardens in charge of the 46 districts into which the city has been divided by Dr. Stewart Murray, Civic Civilian Protection Officer. The duty of the Wardens will be general supervision of the measures taken for civilian protection, based on the methods employed in Great Britain.

The handing out of cards to "jaywalkers" at the corner of King and Yonge Streets, Toronto, was a job undertaken by boys of the four Boy Scout Troops sponsored by the Toronto Police Department. The task was undertaken by the Scouts as one means of carrying out their pledge to help the police make Toronto a safer city. The card was an example of Scout diplomacy. It read: "Your friends are interested in your continued good health and well being. Don't disappoint them. Enjoy long life and a happy one. Before you cross the street watch for the green light." The work of the policemen Scoutmaster and Scouts was described by Col. A. E. Kirkpatrick before the Board of Police Commissioners as "one of the finest things that has happened in years" in connection with Toronto police activities.

A new Boy Scout Hall at Calgary sponsored by the Sons of England was officially opened by Hon. Lt.-Col. J. H. Woods, C. M. G. The hall was built entirely by volunteer labour.

Two qualified junior Boy Scout firemen of the 1st Quamichan, B. C., Scout Troop did a good turn for their senior brother firemen on the occasion of a party by standing duty at the firehall from midnight until 6 a.m. No alarms came in,—presumably to their disappointment.

Training camps for Boy Scout Patrol Leaders in Kashmir, India, have produced remarkable uplift activities in villages of that part of India. A party of Muzafarabad Scouts hiked to a neighbouring village and demonstrated how village life could be improved. Springs were purified, rubbish collected and burnt, pits dug for refuse, and other work carried out in co-operation with village welfare societies.

Two Hawaiian Boy Scouts, Raymond Kane, 16, and Hyel Ching, 14, are credited with saving the lives of two U. S. army fliers whose plane fell into the ocean some 400 yards off Lualualei Beach. Reaching the fliers after a quarter-hour battle with heavy seas, the boys found the two men near exhaustion. They had first to pull off the fliers' heavy, water-soaked clothing. Then they towed them ashore after another battle with the heavy combers and a strong undertow.

When a boy joins the Boy Scouts he takes a solemn pledge to do his best to do his duty to God and the King, to help other people at all times. He subscribes to other conditions set forth in the Scout Laws. He is also taught the meaning and value of good health, good character and good citizenship, and he develops the qualities of initiative, resourcefulness and self-sacrifice. Surely he must become a better citizen than he would otherwise be. For example, it is most unlikely that he would ever be either unemployed or criminal.—President J. A. McLeod of the Bank of Nova Scotia at Toronto luncheon.

Reading furnishes the mind noly with materials of knowledge; it is thinking makes what we read ours. So far as we apprehend and see the connection of ideas, so far it is ours; without that it is so much loose matter floating in our brain. —Locke.
