WINS FIRST TWO SINGLES

MONTREAL, Aug. 14.—Australia took a strong hold in their second round Davis Cup tie with Canada today, when they captured the first two singles matches, J. O. Anderson, Australian captain, defeating Willard F. Crocker, Canadian champion, in three straight sets, 6—1, 6—3, 6—2, while Gerald Patterson rallied in the last three set of his five set match with Jack Wright to complete the double victory for the Antipodeans. 5—7, 3—6, 6—3, 6—1, 6—3.

Furnish Surprise

A surprise was furnished when Jack Wright made a bold bid for honors in his match with Gerald Patterson, and for a time it appeared as if the aggressive Montrealer would take the match from the smashing Patterson and give the Canadian team an even break to enter the doubles match tomorrow afternoon.

Wright captured the first two sets and the local tennis devotees saw visions of a Canadian victory. The Montrealer cased up in the third set, but could not get going again at his former spectacular style, and though he made a courageous attempt, was forced to concede the last three sets and the match.

Japanese Steamer Flouts Authority

VICTORIA, B. C., August 14. — Ignoring the demands of Marshal H. W. Goggin, of the British Columbia Division of the Admiralty Court, that she was under seizure in connection with the sinking of the tug Hustler in Vancouver harbor early Tuesday morning, the Japanese freighter Kaikye Maru put to sea last night. Acting on instructions from Vancouver, the Marshal waited the arrival of the vessel off Victoria, where she dropped her Vancouver pilot. The Japanese captain, after some discussion, promised to bring his vessel into the royal roads, but refused to permit the Marshal to go aboard. When the pilot was dropped the Japanese freighter proceeded out to sea, leaving the Marshal and his aide floundering in an open boat in a stiff breeze off shore.

CHEAPER BEER URGED BY BRITISH BREWERS AS UNEMPLOYMENT AID

BRIGHTON, Eng., Aug. 14.—Cheaper beer has been suggested as one remedy for the unemployment in England that has been bothering successive governments since the war ended.

At the annual meeting of the stockholders of a large brewery recently the chairman said that the country was still overburdened with taxation and that the crying demand today was for cheaper beer which, he contended, could only be given by reducing the tax upon that beverage.

The chairman said that there are very few, including members of the government, who realize the number of industries which are dependent upon the brewery trade, and that reduced taxation on beer would not only assist agriculture but would go some way to meet the unemployment problem.

Hamilton's Tax Scandal Growing

HAMILTON, August 14.—An announcement was made yesterday by Mayor Jutton to the effect that a shortage of slightly over $400 had been discovered in the accounts of Cecil Stewart, until recently cashier in the tax department. Stewart was dismissed a few months ago and is now working in Detroit. This brings his shortages up to approximately $2,000. In all cases the shortages were on cheques paid in by citizens for taxes. The cheques were put through to the city's accounts in the bank in the regular way, but no credit for payment was given on the tax rolls, and the citizens were billed again, the shortage being discovered in this way. Tax officials are unable to explain how the money could disappear. Each day when the cheques were accepted by the cashier an even balance was shown, whereas, unless the cheques were included, there should have been a surplus shown. The discovery of further irregularities follows a most rigid investigation by police officials and independent auditors, and will be the subject of a warm debate in the next City Council meeting.
