MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, May 28—According to Dow Jones the London market is firm this morning, but international issues are fractionally easier. News from the steel strikes centres is not favorable. The Governor of Ohio said he hoped to start some mediation proceedings next week. Commercial Credit declared the regular quarterly dividend of $1. General Electric and McKeesport Tin Plate are scheduled to meet for dividend today. Socony Vacuum according to its president earned about 25 cents in the first quarter of this year against 24 cents in the corresponding period of last year. The company also contemplates new financing. Yesterday's market was not very encouraging, although there were more plus signs than minus. We would watch the railroads today as a guide to the immediate trend.

MONTREAL, May 28—Brazilian—1936 reports show the expected expansion in earnings equal to 88 1-2 cents per common share against 73 3-4 cents in 1935 and 51 1-2 cents in 1934. Working capital well maintained at $22,000,000 with cash up $2,000,000 to nearly $19,-900,000.

C. N. R.—Substantial increase in net earnings with April up 54 per cent and the first four months this year up 198 per cent over corresponding periods last year.

MONTREAL, May 28—Asphalt Roofing—April output up 32 per cent and first four months up 70 per cent over corresponding periods last year.

Insulating Board—Domestic shipments during April were 68 per cent ahead of the same month last year as reported by International Fibre Board, Building Products and Donnaconna.

Canada Bread—Quarterly dividend of 62 1-2 cents on the B pfd declared with extra of 12 1-2 cents reducing arrears to $2.50 a share.

Red Lake Gold Shore—Manager Mackle reports the opening up of rich ore body on 700 foot level.

MARKET BULLETIN

(Received over Woods- Reade and Company Special Wire)

MORNING MARKET LETTER

NEW YORK, May 28—Thursday's market opened with irregular price changes and remained quiet without any appreciable trend throughout the day. Somewhat better prices were attained about mid-day but Stocks sagged in the latter part of the trading session to close with only modest gains above Wednesday's final prices. The good trade news was overshadowed by the ugly labor situation and the growing indications that the various labor factions were determined to clarify the status of the C. I. O. the A. F. L. and the Company Unions.

Some buying interest was manifest in portions of the Utility list, although the average for the group showed little change. The Rails continued their sagging tendencies of recent trading sessions but held above the May 18 lows. On the whole, the Market was largely a listless waiting affair in anticipation of the long week-end and lacking important news to move the general level of prices out of the recent trading zone. In the absence of some important new development we should expect today's market to be little different from that of the last few days.

Laidlaw and Company

American and Foreign Power reports net earnings March quarter $1,746,916 against $1,093,087 in like quarter 1936 representing an improvement of about 64 per cent. For full year 1936 earnings on 7 per cent First Preferred were $5.84. Present ratio of increase if maintained would bring 1937 earnings up to around $9.50. While Utilities are not popular at present on account of Government interference, it should be borne in mind that American and Foreign Power operates entirely out of the United States and it is therefore free from this danger. The First Preferred sold as high as 68 7-8 this year and the Common 13 3-4. Present quotations of around 53 and 58 respectively, look low and there should develop marketwise some recognition of improved earnings. The First Preferred could be bought with considerable confidence and the Common as an entire speculation, but likely to follow the course of the senior securities. The arrears on the First Preferred as of April 1st 1937 were $36.75.

NOON COMMENT

Market displays a firm tone and apparently could enjoy a fair sized rally if it were not for the retarding influence of the 3-day holiday just ahead. All sections of the list act well and the market seems uniformly firm with the bids good and little Stock being passed for sale. It seems possible that the market might break out on the up side this afternoon unless some new development curbs bullish sentiment.

MINING

TORONTO, May 28—(CP)—The Toronto share market suffered from weariness again today except in the junior oils section, and the close was lower on the whole. The golds lost a point and miscellaneous mines indicator firmed about a half point.

The fact that the New York market will be closed Saturday and Monday had a retarding influence on trading in Montreal as wedd as on the Wall Street market.

The junior oils stepped along in the early session, quickly adding 15 to 40 cents for the leaders but the action tapered off in the early afternoon and the gains were trimmed. Royalite held a gain of 1 1-2 and issues up 10 to 20 cents at the close were Calgary-Edmonton, Vulcan and Foothills.

The higher-price golds were definitely weak. Lake Shore declined a point, Dome and McIntyre 1-2 each and losses of 12 to 30 cents were boarded for Little Long Lac, O'Brien, Sylvanite and MacLeod-Cockshutt and issues down 5 to 10 cents were Central Patricia, Hard Rock, Macassa, Morris-Kirkland, Pamour, Perron, Siscoe, Teck Hughes and Wright-Hargreaves.

The big base metals turned dull with the New York market. Noranda sold down a point and Hudson Bay weakened 1-4 to 3-8 each. Silver shares were quiet and penny metals taking losses of a few cents each were Astoria, Bidgood-Kirkland, Leitch, McVittie, Omega, Red Lake, Ymir and Temiskaming.

Grain

CHICAGO, May 28—(AP)—Late setbacks of wheat prices here today carried the market down nearly 4 cents a bushel.

Forthcoming holidays leading to prospects of curtailed export business tended to pull wheat values down, and so too did a disposition shown to await authoritative June unofficial domestic crop summaries due on June 2. Only about 250,000 bushels of Canadian wheat was bought today for export.

At the close, wheat was 2 1-2 to 3 1-8 cents under yesterday's finish, July 1.15 7-8 to 1.16, Sep. 1.14 to 1.14 1-8, corn 1 1-2 off to 1-2 up, July 1.25 3-4 to 7-8, Sep. 1 12 5-8 to 3-4, and oats showing 5-8 to 7-8 decline.

REMEMBER WHEN

Jimmy McLarnin knocked out Young Corbett III after two minutes, 37 seconds of the first round in their scheduled 10-round world's welterweight boxing title bout at Los Angeles four years ago tonight. The Vancouver battler floored the champion twice before the referee stopped the bout. Barney Ross now holds the title.

Pick the QUALITY CAR in the Lowest Price Field

ONE of the best things about Chevrolet *quality* is the way it saves you money on gas, oil and upkeep—and assures you of higher "trade-in" value later on.

For instance, the quality design of Chevrolet's Valve-in-Head Engine saves you as much as 10% on operating costs! Knee-Action, on Master De Luxe models, saves you dollars on "tightening-up"—because it cushions the car, as well as the passengers, against the pounding of rough roads. The Unisteel Turret Top Bodies by Fisher are solidly built to "stand up", without developing annoying rattles and squeaks.

From perfected Hydraulic Brakes to genuine Fisher No-Draft Ventilation, Chevrolet is every inch a quality product—famous for dependability! See it and drive it yourself ... listen to what owners say ... and you'll never be satisfied with less!
