CAMERON AGAIN DEFEATS CORKERY

Led From The Start And Won By a Lap---Sterling of St. John Was A Good Second.

Special to The Guardian.

ST. JOHN, May 17—In Victoria Rink this evening Cameron again defeated Corkery in a five mile run, winning from the Toronto man by more than a lap.

Sterling of St. John put up a splendid race, taking second place and almost lapping Corkery.

Cameron secured a lead at the beginning and was never headed.

The time was twenty-six, twenty-four and one fifth.

ST. JOHN, N. B., May 16—Fred Cameron, of Amherst, winner of the recent Marathon race in Boston accompanied by Tom Trenholm his trainer and Jim Corkery of Toronto who finished third in the Boston race arrived in the city today for their race in the Victoria Rink here tonight, with Sterling the local runner. When interviewed tonight, both runners claimed to be in the pink of condition and capable to putting up a great race.

Asked as to the possibility of his turning professional, Cameron said: "There is no truth whatever in this statement as I intend to remain an amateur for some time to come. I am going home after this race to start training for the ten mile amateur Canadian championship which will probably be held in Amherst early in July.

Corkery said; "I too intend remaining in the amateur ranks at least for a while yet."

Trenholm, Cameron's trainer said: "I will not let my man turn pro. until he has defeated the pick of the amateur marathoners, and even then we will be in no hurry."

BOWLING

Last night at Burke's Bowling Alley the Juniors went down to defeat to the invincible Seniors by 296 points in three innings. The Seniors won the first innings by 101, second by 145 and the third by 50.

All Junior players were very much off, as the score indicates. Whether the comet had anything to do with it is a problem for astronomers to answer. It surely had!

The following is the tabulated score.

SENIORS				ttl.
Earl McKenzie	141	142	164	447
A. N. McKay	157	185	155	497
Arthur Davey	178	164	185	527
Jas. Kimball	150	160	129	439
Jack McKay	144	138	177	459
Totals	770	789	810	2369
JUNIORS				ttl.
H. S. McLeod	114	140	145	399
W. Kiggins	144	130	175	449
Geo. Williams	152	120	132	404
Gordon Worth	103	129	153	385
F. R. Newsom	156	125	155	436
Totals	669	644	760	2073

Senior's majority—296.

In last night's games the Seniors scored ten points less than in their last match, while the Juniors dropped 234 points.

W. Kiggins won the honors of high scoring for the Juniors, while Walter Davey did likewise for the Seniors and made the highest average score of any player in match games. His average score being 175 2-3.

W. McKenzie supplemented Earl McKenzie in the last two innings.

THE END OF DE JANON KIDNAPPING CASE

PHILADELPHIA, Pa., May 16—As the last echo of a sensational escapade the Grand Jury has ignored a bill of indictment charging Ferdinand Cohen, a hotel waiter, with kidnapping Roberta B. de Janon, the 18-year-old heiress. The couple, after being missing a week, were found in Chicago.

Robert Guist, the millionaire grandfather of the girl, at the outset engaged private counsel to press the charge made against Cohen, but it is understood that the action of the grand jury was agreeable to counsel for Mr. Buick.

Minard's Liniment relieves Neuralgia.

IS A SUICIDE OR A RUNAWAY

Wife and Mother Disappeared Leaving a Very Strange Letter.

Special to The Guardian.

KENORA, May 17—Leaving a letter addressed to her husband saying she would commit suicide, Mrs. Price, living on the outskirts of the town, has disappeared.

The belief is that she has gone to Winnipeg.

The woman left a young child behind.

68 MINUTE GUNS ON FRIDAY

Lieut.-Governor McKinnon has received the following telegram from Hon. Charles Murphy, secretary of state, Ottawa, in connection with the arrangements for the king's funeral:

"OTTAWA, May 16—The King's funeral will take place at one o'clock on Friday, May 20th. Instructions have been given imperial general officers commanding, at home and abroad, to fire sixty-eight minute guns, terminating at sunset.

"CHARLES MURPHY,
"Secretary of State."

WOMAN MADE OFF WITH A SUSSEX LIVERYMAN'S HORSE

SUSSEX, N. B., May 16—William Gibbon, livery stable keeper here, hired a horse yesterday afternoon to a woman who gave her name as Fullerton, but whose real name was Bigger, and sent a man to drive her to her former home at Jordan Mountain. On her return to Sussex she asked to have the use of the horse for a short time and when she did not return an hour later the owner became suspicious and on enquiry found that she had driven towards St. John.

A team was sent in pursuit and she was traced as far as Hampton, where it was said that she had gone to St. John. Mr. Gibbon's man accordingly proceeded towards the city and Sheriff Freeze was asked to keep a look out. The sheriff later arrested the girl and recovered the horse and carriage.

COUNTING RAILROAD STRIKE VOTE.

NEW YORK, May 16—Important developments are anticipated within the next few days in the railway wage dispute affecting eastern lines and those in the central west. Count of the strike vote ordered recently on the Erie, following the road's rejection of the demands of the conductors and trainmen, is set for today and awards of the arbitrators on more than one of the New York Central systems west of Buffalo are practically ready.

Many of the roads on the eastern territory have already come to terms with their employes on lines more or less closely following those agreed to by employers and employes on the Baltimore & Ohio system, followed the general agreement among the conductors and trainmen to make practically uniform wage increases on all the roads east of the Ohio and north of the Chesapeake and Potomac.

The situation on the Erie is regarded by railroad men as the most critical yet developed. The road has claimed that it cannot afford to pay the rates granted by the B & O. and Central, and other lines. The men's representatives have insisted that their services were worth just as much to the Erie as those of their fellow organization men to the other lines. Hence the strike vote.

However, while indications were that the Erie vote would be in favor of a strike if necessary, neither the road's officials nor the men would indicate that serious trouble was likely to result.

TELEGRAPH MEN GOT MORE PAY

Because of Scarcity of Operators All Over the Continent.

Special to The Guardian.

WINNIPEG, May 17—Owing to the scarcity of telegraph operators all over the continent the C. P. R. has granted the demands of the commercial men west of Fort William for an increase of the minimum wages of first class men from $90 to $110 a month, with a proportionate increase for less experienced men.

The increase will date from May 1.

$1,900,000 RAISED FOR MISSIONARY WORK

ST. JOHN, May 16—The secretary of the Laymen's Missionary Movement has issued a report showing the progress of the movement in Canada during the last two years. In a comparative statement from sample cities which includes St. John, this city is shown to have increased its donations from $16,000 in 1907 to $20,876 last year.

The statement is as follows:

	1907	1909
Sydney	$ 3,700	$ 5,664
Stratford	6,031	7,436
Regina	5,000	9,684
Moosejaw	2,929	5,450
St. John	16,000	20,876
Truro	4,700	8,224
Halifax	17,737	30,860
Vancouver	27 000	47,000
Calgary	15,500	22,505
Winnipeg	53,119	78,837
Hamilton	39,728	56,357
Brantford	18,419	27,775
Toronto	211,217	387,515

The annual reports from the different communions show a total giving to home and foreign missions as follows:

	1907	1909
Anglican	$252,910	$328,387
Baptist	206,703	262,009
Congregational	10,282	15,954
Methodist	509,409	633,753
Presbyterian	472,075	665,966
Totals	$1,451,679	$1,906,069

This is an increase of nearly 33 1-3 per cent. in two years.

IMORPTANT TO SHRINERS

Word has been received by Representative Thompson, City, from Illustrious Potentate McIntosh, of Luxor Temple, A. A. O. N. M. S., St. John, N. B., that the Imperial Potentate, Frederick Hines, Los Angeles, Cal., will visit Luxor Temple on the 3rd or 4th, June, next, (exact date later.) It is expected that every "Shriner" of the Maritime Provinces, will be there to extend to the Illustrious Visitor, the Gladsome hand of welcome.

THOUGHT THE COMET HAD STRUCK NEW YORK STREET CAR.

NEW YORK, May 16—That the comet, or a portion at least, had visited the earth, bringing destruction in its wake, was the thought which occurred to many frightened persons among the crowds today when in Columbus Circle, at Fifty-ninth street and Broadway, something from the upper air fell upon the roof of a trolley car and, with a crash of shattered glass and shivered woodwork, kept right on until it reached the solid earth.

There was a great commotion instantly. No one was injured, but the crowd grew so dense the police had much difficulty in holding it in check. Not until it had been dispersed was an explanation available. Then it was learned that while a nearby automobile company was testing a cooling fan one of the blades flew off and out of a fifth story window, while the fan was making 1,000 revolutions a minute.

The blade was seventeen inches long and weighed twenty pounds. That no one was hurt seems a miracle.

KROONLAND DISABLED WITH BROKEN SHAFT.

DOVER, Eng., May 16.—The Red Star Line steamer Kroonland, which left antwerp for New York, passed Dover at 7.30 o'clock tonight with a shaft broken. The Kroonland was to stop at Dover, but she signalled "Uncontrollable." Apparently the steamer was proceeding under a single screw for Southampton.

AN EPIDEMIC OF SUICIDE IN WINNIPEG

Two More Victims Yesterday, One By Drowning One By Shooting.

Special to The Guardian.

WINNIPEG, May 17—The remarkable epidemic of suicide in this city during the past two weeks has claimed two more victims.

The body of Louis Khaz was found floating in the Red River and H. Langley shot himself on the banks of the Assinboine River in sight of several residents of the neighborhood.

SOUTH AFRICAN MEMORIAL FUND

Special to The Guardian.

TORONTO, May 17—The South African memorial fund now totals $35,717.

The memorial will be unveiled on the morning of May 24th by the Governor General, with Lieut-General French assisting.

BRITAIN LAYS THE KEEL FOR HER GREATEST CRUISER

LONDON, May 16—Great Britain has just made a start on what will be one of the very largest warships of the world. She has laid the keel of the new Dreadnought cruiser Princess Royal, one of the four "conditional" Dreadnoughts voted last year. Her displacement will be about 26,350 tons, or 1,000 tons less than that of the Argentine Dreadnoughts, the largest warships yet begun. The Princess Royal will be about 700 feet long and 86½ feet in beam. Her engines will develop 70,000 horse-power. Though she is nearly 10,000 tons larger than the Invincible class, her armament will be only slightly more powerful. She will carry eight 12-inch guns in the centre line, and a number of 4-inch or 4.7-inch guns to meet torpedo attack. She has been constructed in reply to the German cruisers Moltke, H. and J., which are understood to displace about 23,000 tons, to mount ten 12-inch guns, and to develop about 70,000 horse-power. Of these three the Moltke is nearing completion.

CATTLE FED ON CEREALS.

NEW YORK, May 16—After being towed 800 miles by the steamship Anglian of the Furness-Leyland line, the Dominion liner Englishman has arrived safely at Queenstown, Ire., with her shaft disabled. There were 450 head of cattle aboard and when fodder ran out it became a problem how to feed them.

One of the men in charge of the cattle remembered that he had fed horses and cattle in Alaska on arrow-root when the fodder ran out during the long winter and he suggested that cases of cereals in the cargo in the hold should be broached and given to the cattle. This was done and the animals appeared to be quite contented with their new food.

HUSBAND NAMES CARUSO.

ROME, May 16—Gino Botti of Florence is suing his wife, Mme Giachetti, whom he accuses of unfaithfulness with Caruso, the tenor.

The case will be heard shortly by the Florence tribunal. Caruso is expected to give evidence.

BEAVER OVER-RUNNING ALGONQUIN PARK.

TORONTO, May 16—Supt. George W. Bartlett, of Algonquin Park, reached the parliament buildings today with 361 beaver skins, nine otter and fourteen muskrats. It is the intention to secure 600 additional beaver skins this autumn, bringing the total to virtually 1,000 for the present year. The government has under consideration a proposal to take 1,000 beaver skins from Algonquin Park every year for sale by tender. By the adoption of this policy the park will become self-sustaining.

The beaver are multiplying to an enormous extent. "The annual increase in their number is from 5,000 to 10,000," said Supt. Bartlett. "The animals already secured are noe even missed. They were all taken within three square miles."

RAIN TONIGHT.

Special to The Guardian.

TORONTO, May 18—Fresh to strong southwesterly and westerly winds, fair followed by showers tonight.

The length of today will be fifteen hours and seven minutes.

The temperature at three o'clock this morning was forty-one degrees above zero.

The tide will be high this evening at 7.15 and tomorrow morning at 7.54.

The coldest temperature recorded yesterday was forty eight degrees above zero and the highest was fifty-eight above up till nine p. m. The coldest recorded the previous night was thirty-three above.

PRIVY COUNCIL LAW LIBRARY

Will Have Records Added On Recommendation of Canadian Gov't.

Special to The Guardian.

LONDON, May 17—Acting on the representations made by the Canadian authorities the government has decided to establish in the Privy Council building a general law library containing the necessary records relating to all the crown colonies.

The counsel engaged in colonial appeals have frequently felt the need for such a reference library.

AN IMPOSING MILITARY SPECTACLE

LONDON, May 16—The official program for the removal of the body of the late King Edward VII from Buckingham Palace to Westminister Hall next Taesday was issued tonight. It shows that the removal will be attended by a military spectacle only less impressive and imposing than the funeral itself. Following the casket, drawn on a gun carriage, will walk King George, the Royal Princes and all the Kings and Princely guests, together with the members of the late King's household, the Lords and grooms-in-waiting, court dignitaries, naval officers and the Queen Mother's household. Then will come a procession of nine carriages, with the Queen Mother and all the Imperial and Royal ladies. Upon arrival at Westminister Hall, the late King's Company of the Grenadier Guards, who have charge of the casket throughout the ceremony, will place the body upon the catafalque for lying-in-state.

All the regalia having been placed upon the casket the Archbishop of Canterbury will conduct a solemn service for the royal mourners, after which the public lying-in-state will begin.

The details of Friday's ceremony are still incomplete, but it has been decided that blue jackets will draw the gun carriage and the coffin at Windsor, where the last solemn service will be held. King George, Queen Mary, the Queen Mother and the Royal family were present tonight at a solemn service over the body in the throne room at Buckingham Palace.

The scene in the throne room was deeply moving, one of the most impressive displays being the hourly change of guards, who in full uniform with hands crossed on reversed rifles and with heads bowed stand like statues at each corner of the catafalque, with an officer in the same attitude facing the bier. Not a muscle seems to move. At the end of each hour a bugler silently leads the relieving guard in, and the change of guards is made noiselessly. One hour of this immotility has been so trying to the men that after tonight they will be relieved each half hour. Solemn services were again held in all the churches throughout the Kingdom. The troops which will line the funeral route Friday have been assiduously practicing the funeral drill. Curiously, not one of these 30,000 men will see the procession pass, for when the cortege approaches, at the word of command, sections of the troops will assume an attitude with heads bowed over their hands on their rifles and will so remain until the cortege passes.

GRAHAM BELL IN WINNIPEG

WINNIPEG, May 16—One of the great inventive genuises of the age, Alexander Graham Bell, the creator of the telephone, was here today and left this evening for Vancouver on a trip around the world. The chief interest of the visitor is apparently now in aerial navigation, and with him on his present trip is one of the greatest experts of this class of machines in the world, F. W. Baldwin, commonly known as Casey Baldwin. Mr. Baldwin, as Mr. Bell explained, was the first man to make a public flight in an airship in America. The Wrights made their flight at an earlier time privately, but the flight of Baldwin was the first to be made publicly.

GASOLINE STOVE STARTS BAD FIRE

Four Families Had Narrow Escapes---Forty Mormons Arrived by Steamship Canada.

Special to The Guardian.

MONTREAL, May 17—The explosion of a gasoline stove in a Benoit Street tenement in the heart of the city started a fire which drove four families out of their blazing homes, caused much excitement and resulted in several escapes from death.

The firemen had to rescue several children by means of ladders, none too soon to save their lives.

Forty Mormons from Europe, who are on their way to Utah to join the chief community of that belief, formed part of the human cargo of the steamship Canada which arrived in port today.

TIMBER BOUGHT BY FINANCIERS

Large Tract of Timber Land Passes to New York Financiers.

Special to The Guardian.

VANCOUVER, May 17—Negotiations to purchase 50,000 acres of timber lands in the Cowichan Valley, Vancouver Island, are reported as completed.

The property has passed from the original owners to a New York financial association.

The settlement means the construction of a branch of the Esquimalt and Nanaimo Railway from Duncans.

THE FIREBELL

Yesterday morning The Guardian announced that the firebell would be rung in the event of a spectacular display on the passing of the earth through the tail of the comet in the early hours of this morning.

An objection was raised to this procedure on the ground that it might create unnecessary alarm if any display occurred, and the order that the bell should ring in such case was countermanded.

The statement in yesterday's issue of The Guardian was correct at the time, the contradiction in an afternoon daily notwithstanding. Had The Guardian known in time that the plan above mentioned would prove objectionable, steps would have been taken to have parties who wished to be notified by phone advise this office. Arrangements would then have been completed with the Telephone Office, through the kindness of Mr. Grant, to have those persons called in the event of there being anything worth seeing in connection with the movements of the comet.

A CHBISHO BRUCHESI TO CONDUCT MEMORIAL SERVICE FOR LATE KING

MONTREAL, May 16—Arrangements were perfected tonight for a unique service in St. James' Cathedral on Friday night, when Archbishop Bruchesi will officiate at pontifical high mass in memoriam of King Edward. The Roman Catholic Regiment, the 65th Mount Royal Carbineers, will parade in full strength to the cathedral with muffled drums and silent band, the instruments hung with crepe. The services will be the most impressive held for years in the cathedral.

MILITARY CAMPS IN LONDON.

LONDON, May 17—Among the many other details of King Edward's funeral on May 20, it is announced that the public parks on the night of May 19 will be converted into huge military camps. At least one-half of the 30,000 troops which will be required to line the route of the funeral procession will have to sleep under canvas. The reason of this is that it has been found impossible to bring up and house all the troops required for the occasion.

The procession to Westminster Hall on Tuesday, for the lying-in-state, will be on almost as great a scale as the funeral procession. The cortege will include King George and all the foreign Sovereigns on horseback and the Queen-Mother and the Royal ladies in carriages. The body will be received by the members of the House of Lords and the House of Commons, while the choirs of Westminster Abbey and the Chapel Royal and band of the Coldstream Guards will take part in the musical services.

WAR IN PERU.

Re Estate of Maria Hayden—on petition and affidavit order of reference made to Master McLeod to take account in this estate.

FIND MASSACHUSETTS BANK EXAMINATIONS SOMEWHAT OF A FARCE

BOSTON, May 16—Asserting that the state bank department's examinations of the bank under its care are so inadequate as to be almost negligible, the joint special legislative committee appointed to investigate the reported theft of $425,000 from the Southbridge savings bank, in its report, filed today with the clerk of the house of representatives, divides the responsibility for the bank's looting between the bank department of the commonwealth, the auditing committee and the trustees of the institution. All three, says the committee, were negligent in their duty.

The committee reports its inability to say what disposition was made of the stolen bank funds. To avoid giving John A. Hall, the bank's treasurer, now in jail awaiting trial for his alleged looting of the bank, an "immunity bath" no attempt was made by the committee to cross-examine the prisoner. The committee did find, however, that Hall made to a brother in Wyoming a loan of $30,000, which has not been returned.

To improve affairs, the committee propose to give the bank commissioner a greater control over business methods of banks, their investments and their officers, than he has had heretofore.

FREIGHT CARS ARE BLOWN OFF TRACK

DENVER, Colo., May 16—Struck by a terrific gust of wind as the train emerged from a cut two and a half miles east of Sheyenne Wells, Colorado, last night, nine cars of a Union Pacific freight train were blown from the track. Four of the cars were heavily loaded, the other five were running light.

BELGIAN AVIATOR MADE NEW RECORD

MOURMELON, France, May 16—Daniel Kinet, the Belgian aviator, yesterday broke the world's record for an aeroplane flight with passenger remaining in the air for two hours and fifty-one minutes.

PROTEST CHANGE IN THE OATH

WINNIPEG, May 16—The Grand Orange Lodge of Manitoba has called a meeting for Tuesday evening to discuss the passing of a resolution against any alteration to the coronation oath. Local Orangemen are much opposed to any change and the supreme grand lodge, which will meet in Brantford on May 25, will take up the matter.

Minard's Liniment for sale everywhere

WATCHING FOR COMET'S TAIL

A good many persons in Charlottetown lost their beauty sleep last evening while they watched to see what the tail of Halley's comet would do to this old world. Scores tramped the streets or stood on the squares, and many on Hillsboro bridge. Some looked out of their doors or windows and others climbed to the roofs. Many were abroad after the moon went down, at 2 o'clock, but down to that hour nothing at all happened.

The night was fine, the sky clear, the stars shone, but there were no appearances of storm, or electrical or auroral display. Enquiries by phone of the Telegraph and Telephone Companies as to the working of their wires and instruments, brought the reply that they had been in no way disturbed. Still the watch was kept up from many points about the city till a much later hour. The restaurants did a brisk business feeding the many watchers.

After 2.30 most of the pedestrians left the streets and squares, apparently concluding that nothing would happen. Of those still abroad, judging by their conversation, few knew what they were expecting. "She'll blaze out directly," said one. Another remarked, "I smell smoke," and this was apparently true, but from a local cause. Others remarked that the air grew murky. But nobody seemed much afraid. Curiosity not unmixed with jocularity was the prevalent mood.

TRY THIS ONCE

Get up on the right side of the bed.

Say good morning on the right side of your mouth.

Go to the open window, and breathe the deeply twenty times.

Take a tepid or cold bath, tub, sponge, shower, or creek.

Drink some water

Work a little while.

Eat your breakfast.

Do just the best you can until ten o'clock.

And then do just the best you can the rest of the day.

Be thankful for the good you have.

As for the rest, forget it.
