Had a Distressing, Tickling Sensation in The Throat.

COULD NOT SLEEP AT NIGHT.

Dr. Wood's Norway Pine Syrup is rich in the lung-healing virtues of the Norway pine tree. It is a pleasant, safe and effectual medicine that may be confidentially relied upon as a specific for Coughs, Colds, Bronchitis, Hoarseness, Sore Throat, Quinsy, and all Throat and Lung Troubles.

It will stop that tickling in the throat which causes the dry cough that keeps you awake at night.

Mrs. J. A. Smith, Marshville, Ont., writes:—"I had a very bad cough and that distressing tickling sensation in my throat. It was so bad I could not sleep at night and my lungs were so sore I had to give up work.

"Our doctor gave me medicine but it did me no good, so I got a bottle of Dr. Wood's Norway Pine Syrup, and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Do not be humbugged into buying the so-called Norway Pine Syrups but be sure and insist on "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; the price 25c.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SCOUTS THEORY ACTRESS IS ALIVE

prove that I had not seen the woman for more than six years. She had two of my pictures in her room, but there was no attempt to conceal her friendship for both me and Mrs Miller.

"While the evidence was only circumstantial it was conclusive and no fair minded individual who heard the testimony could have the slighest doubt about the identity of the slain woman. I am sure that we are the only people she knew in this vicinity and it is certain she would not come here without visiting us.

"No, there is nothing in it. Some other woman must be impersonating the slain actress. If Attorney Tobin, of Philadelphia thinks he has her located it would be an easy matter to have me identify her. But she is dead, you may rest assured of that.

Then the story about her being here would have had more weight if I had not gone on to explain my friendship with Mrs. Crippen.

Crippen in his defense declared that instead of being dead she was in America with me. I went over on the same ship with Theresa Hun, her sister. With Inspector Dew I went to the Crippen residence and identified my pictures. I told him everything the same as I testified. There was nothing to conceal. She is not alive. Crippen's guilt was fully established.

WASHINGTON, D. C., Nov. 8.—No action is contemplated by the State Dept. in regard to the reports that Belle Elmore Crippen is still alive and in this country. Even if the affidavits reported to have been forwarded to Washington are presented at the State Dept. it is declared that they would be rendered to the British Ambassy to to the English Consul in Philadelphia as the case is considered solely within the jurisdiction of the criminal courts of England.

ence or intimidation against the Company. Some of the 150 strikers in Ontario, at various divisional points are not yet reinstated, and the Government on behalf of the men is using its good offices to secure fair dealing for them.

Messrs Hays and Wainwright stated that they had not been personally advised as to the individual cases in question and had no desire to deal injustly with any of the Company's employees. At the same time they said they had no desire to unduly interfere with the action of divisional superintendents in the enforcement of discipline.

The question of the reinstatement of the men will be further taken up by Mr. Hays and his officers and as a result of today's conference it is expected that the cause for complaint on the part of the men will be removed. In case the difficulty is not satisfactorily adjusted it is probable that an arbitrator will be appointed to adjudicate on all cases still in question.

Messrs. Berry and Murdock representing the Conductors and Trainmens Unions were also here today in conference with the Minister of Labor on the matter.

CANADA'S TRADE INCREASES

BERLIN, Nov. 8—The results of the provisional treaty between Canada and Germany, made six months ago, are announced. During this period Germany's imports from Canada have increased 45 per cent and exports to the same country have increased 48 per cent. Among the imports the chief items which increased were wheat and cloverseed. Among the exports the chief increases were in domestic ironware, textiles, notably stockings, carpets, gloves. The total amount of export trade was not more than $5,000,000, and imports about $2,000,000, but a permanent treaty, which will place Germany on identical terms with other countries, is confidently expected, and this, it is thought, will lead to a large extension of trade.

FIRE DOES DAMAGE

DUNKIRK, N. Y., Nov. 8—Several firemen and a little girl were injured here today in a fire thought to have been of incendiary origin. Four business blocks were partially destroyed. Overcome by smoke they were rescued by firemen, one of whom and an eight year old girl he was carrying fell from a ladder. Both were seriously injured. The property loss was about $50,000.

DOUBLE DROWNING ACCIDENT.

PARRSBORO, Nov. 9.—A double drowning accident occurred near Port Greville last night. George Dorsay and Everett Allen left Fraserville with a boat and a raft of piling. The body of Dorsay was found at the mouth of the Ratchford River, near his overturned and broken boat. Allen's body has not yet been found.
