Twitching of The Nerves

Mrs. Drinkwater, 5 W Street, Galt, Ont., states:—"My great trouble has been with my nerves. I was very nervous, had twitching of the nerves and could not get to sleep at night. I seemed quite worn out and believing that I needed some medicine began to use Dr. Chase's Nerve Food. I can truthfully say that this preparation has proven surprisingly beneficial to me. It has strengthened and steadied my nerves, made me rest and sleep well, and in fact built up the system generally."

In Dr. Chase's Nerve Food is found the ideal tonic for blood and nerves, and through these two mediums every organ in the human system is benefited. The languid, depressing feelings disappear when this great restorative is used, and with renewed energy and vigor disease is overcome, the organs of the body perform their various duties and new flesh and tissue are added. 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

"That's so" replied her rival; "It's bound to fail."

A RED HOT SEASON.

During the hot season the blood gets over heated, the drain on the system is severe and the appetite is often lost. Burdock Blood Bitters purifies and invigorates the blood, tones up the system and restores the lost appetite.

"Yes, but he was negative."

THE GRAND LODGE OF GOOD TEMPLARS.

GRAND CHIEF TEMPLAR'S REPORT.

To the officers and members of the Grand Lodge of P. E. Island.

DEAR BROTHERS AND SISTERS.—As your chief executive officer I beg to submit my third annual report as follows:—

We meet to-day in the exercise of the duties devolving upon us as members of the Independent Order of Good Templars and citizens of a great and far reaching Empire.

While we acknowledge providential favors in connection with our special work, we are also pleased that peace, established on righteousness and goodwill now prevails in South Africa and that the happy prospect of King Edward's restoration to health is held out to a loyal and loving people.

OUR SUPREME LODGE.

The Supreme Lodge of our order is now in session in the beautiful city of Stockholm. Sweden representing 10,000 Lodges of the order and over half a million members. Let us pray that its deliberations will be greatly blessed, resulting in a wider spread of its beneficent influence. Ours is purely a temperance organization; after paying our necessary incidental expenses our entire means are used to spread light and truth, to advance the cause of temperance, to reform the inebriate and to save the young from growing habits of intoxication. This is our great and only aim.

"Let us go forth 'mong men, not mailed in scorn,
But in the armour of a pure intent,
Great duties are before us, and great songs,
And whether crowned or crownless when we fall
It matters not, so as God's work be done.'

ALEXANDER POPE.

ORGANIZING WORK.

We have every reason to feel pleased at the the result obtained by placing an organizer in the field in the past year. Brother McRae has done good work and the question of continuing the same during the coming fall and winter should have a place on the order of business today.

LODGE VISITATION.

Owing to a misunderstanding among some of the members of the executive, the matter of Lodge visitation on the part of Grand Lodge Officers did not receive due attention. To remedy to some extent the oversight I undertook to write a personal letter to each Lodge thinking, like St. Paul, that my letters would have more weight than my presence and owing to the bad state of the roads the cost of transportation and other incidentals would be less. However we should see to it that a system of Lodge visitation be instituted and put in operation during the coming year.

PROHIBITION.

Now that the Prohibition law in force in Charlottetown has been improved to a satisfactory degree of efficiency, it becomes our duty to seek the co-operation of other temperance bodies with a view to having its provisions take effect throughout the whole province.

In conclusion let me say that three years ago when you honored me with the office of Grand Chief Templar, I did not look for rapid strides forward nevertheless we have been moving on. Our membership and financial standing have been greatly improved; this is due to faithful co-operation on the part of all.

Today I lay aside my official regalia to be taken up, I feel sure, by one better adapted to the requirements of the office.

Yours in Faith, Hope and Charity
Samuel M. Martin.

Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is

The Best Butter Tub Is Steel Wire Hooped
WHY? BECAUSE

This hoop being undulated or corrogated acts as a spring on the tub, so that the staves will not fall down when they become dried, neither will the hoop burst when the staves swell and become damp from the butter when packed in it, as the spring of the hoop allows for expansion. This tub tapers 2 inches and no trouble is experienced in dumping out the butter The hoops are electrically welded and galvanized so cannot rust.

No S.W.H. tub has ever yet burst in transportation.
