Canadian Legion Convention & Banquet

The Convention of the P.E.I. Command of the Canadian Legion, B.E.S.L., opens at the Legion Home at 10.30 o'clock Monday morning July 5th, when delegates from all Branches will be present to elect officers and transact business.

At the close of the afternoon session there will be a parade to the monument at 5.30 p.m., where a wreath will be placed.

A Banquet will take place at the Canadian National Hotel at 7.30 P.M. Tickets $1.25. Dress INFORMAL. Ticket sale closes next Saturday.

All returned men are invited. Medals will be worn at the Banquet and the parade.

Grain

WINNIPEG, June 29 — (CP)—Temperatures hovering around the 100 mark and clear skies over western Canada adding to the drought problems culminated today in wheat prices soaring their second five-cent advance on the Winnipeg grain exchange in two days.

Coupled with the spectacuar 6 1-2d to 7d advances at Liverpool—largest gain in one day for more than six years—and cutting of yields by rust in the United States winter-wheat belt, the trading pit here was flooded with buying orders most of the session. Despite profit-taking, wheat finished 5 to 4 cents higher with October at $1.35 1-4 and December $1.33 1-2.

Coarse grains made their widest advance in months with July and December flax, October and December rye, and December oats closing at their highest levels.

Livestock

MONTREAL, June 29 — Steady prices prevailed on all sections of Montreal livestock markets today with an easier undertone on some cattle.

Receipts: Cattle, 286; calves, 1034; hogs, 771; sheep and lambs, 234.

Good cows sold up to $5.50 with mediums from $4.25 to $. Canners and cutters made $1.75 to $2.75, common bulls $3 to $4.

A few good vealers made $7.50 to $8 with medium goods up to $7. Fair to medium vealers went from $5.75 to $6.50 and common lights down to $5.

Good lambs sold traded at $9 and mixed lots from $8 to $8.50. Sheep made from $3 to $3.50.

Hogs made $9.85 for bacons fed and watered and selects drew the usual $1 per hog premium.

Pictou Lodge Ideal For Holiday

PICTOU, N. S. June 29,—With ideal holiday weather prevailing Pictou Lodge popular Log Bungalow Seaside Summer Resort on the South Shore of the Strait of Northumberland owned and operated by the Canadian National Railways, officially opened its doors for the season today..

"Guests have already commenced to arrive" stated John O'Dowd, popular manager of the Lodge for the past few seasons and we are looking forward to a busy season. The grounds are in excellent shape, the Rustic Log Bungalows are more cosy than ever and the bathing beach is the finest yet, the golf course over which guests have the privilege of playing is in splendid conditions as are the tennis courts. The canoes and skiffs which have been in storage are again gliding over the surface of the fresh water Lagoon directly in front of the Lodge, the verandahs of the individual cabins all overlook the Lagoon.

The lagoon has been well stocked with trout and judging by the way they are going after the flies and other insects, they are pretty lively. There are several trout streams within easy reach which also afford excellent fishing.

The trees and other vegetation that make the many delightful drives that radiate in all directions so full of scenic splendor are in full foliage and the countryside has never looked so well.

"The bathing is ideal, the salt water of the Strait being of a delightful temperature fog is practically unknown and the shore is a haven for sufferers from Hay Fever" concluded Mr. O'Dowd.

MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, June 29—The most important news this morning is that France has stopped payment in gold or foreign exchange. The Paris Bourse is closed. The new French Premier will ask parliament for emergency powers to combat a grave crises in national finances. He announced that he would demand that both houses debate on his proposal by noon tomorrow. He is to ask parliament for drastic financial powers until August 31. It is believed that the franc may be devalued further by about 10 per cent. According to Dow Jones there was no volume on the London Stock Exchange but prices were marked down. Gold in London this morning is 140s 9d compared with 140s 8d yesterday. The French developments will probably cause further selling on New York Exchange. Another unfavorable piece of news this morning is that two mysterious explosions cut off the major supply of the Bethlehem Steel Co. at Johnstown and forced the closing of the Cambria plant. Other labor news continues very mixed. We would look on again this morning to see how well additional selling is taken.

MONTREAL, June 29—C. P. R. and C. N. R.—Net earnings of C. P. R. for May up 8.5 per cent and first five months up 25.6 per cent over same periods last year. C. N. R. up 38 1-4 per cent and 153 per cent for respective periods.

Textile earned 5.69 against 3.66 in 1936.

MINING

(By The Canadian Press)

TORONTO, June 29 — Prices were trimmed narrowly in today's operations on the Toronto stock market, mainly in the mining group where the golds were off a point and the miscellaneous mines 1 1-2 points in the exchange indices.

Trade in the oils slowed down and narrow losses predominated, particularly among the juniors Losses of 5 to 10 cents were showing at the close for Foothills, Dalhousie, Brown Corporation and Vulcan. Royalite was down for broken lots.

Selling ex-dividend $2.50, Dome compromised with a decline of 1 1-4 while Lake Shore and McIntyre weakened 1-2 to 5-8. Recessions of 8 to 15 cents were boarded for Bralorne, Francoeur, Jellicoe, Madsen, O'Brien, Toburn, Teck Hughes and Towagmac. Quite a list of the penny golds were heavy. Losses of several cents each were boarded also for Bankfield, Darkwater, East Malartic, Gillies Lake, Gunnar, Lapa Cadillac, Perron, Preston, Sladen and Red Crest.

Noranda registered a fractional gain but attracted no following. Hudson Bay weakened slightly. Ventures lost 30 cents, Waite-Amulet 15 and Aldermac 9.

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. Our Managers have knowledge of each local situation and are in touch with crop conditions in all sections of the districts mentioned.

GENERAL

In the Prairie Provinces hot weather has caused rapid growth of grain crops in regions where moisture reserves are adequate, but there are large areas in which rain is urgently needed. The lack of adequate rainfall to date has resulted in deterioration of crops in central and yest central Saskatchewan and over a large part of Alberta. Crops in southern Saskatchewan are poor. Some insect damage is reported. In other parts of Canada both east and west heavy rains have been general and growth has been rapid, although crops are still somewhat backward. In Quebec prospects on the whole are favorable. In Ontario grain and roots are doing well and cutting of a heavy hay crop has begun. In the Maritime Provinces rain has so delayed operations that in a few localities seeding is not yet completed, but growing crops are progressing satisfactorily. In British Columbia grain and root crops are in promising condition, but heavy rains have so seriously damaged early strawberries that much of the crop is suitable for jam only. Details follow:

PRAIRIE PROVINCES

ALBERTA—Crops generally are deteriorating from lack of moisture. Wheat is heading out short and pastures are poor in all sections except the southern, where pastures are good and crops continue promising, following fairly general heavy rains. The outlook is bright for irrigated crops, and beet thinning is completed. SASKATCHEWAN— Crop conditions show wide variation. In the east central and northern districts, where rain has fallen, prospects continue good. In other sections crops have deteriorated rapidly due to hot, dry weather except in a limited area in the southeast where recent rains have been beneficial. Generous rains are required immediately. Pastures are dry. MANITOBA—Hot weather is forcing growth rapidly and, on the whole, the conditions of all crops is satisfactory. Light to heavy showers have fallen over most districts and moisture supplies are adequate for present needs in the northern area, where rain would be beneficial. Pastures are in good condition.

PROVINCE OF QUEBEC

EASTERN TOWNSHIPS AND OTTAWA VALLEY—Varying conditions obtain. In some localities there is too much moisture, with seeding and planting not yet completed; in others sowing has been finished under dry conditions, with much needed rains only recently received. Grains and root crop are progressing satisfactorily. Transplanting of tobacco is under way. White clover is practically a failure. Meadows and pastures are fair to good. Apples and small fruits give good promise. LOWER ST. LAWRENCE & LAKE ST. JOHN DISTRICT—Weather conditions have been backward except in the Chicoutimi area where the season was early. Seeding is now practically completed with hay, pastures, grain and vegetables generally showing satisfactory growth. Apples and small fruits are well advanced. The Island of Orleans strawberry crop will be abundant.

PROVINCE OF ONTARIO

Warm, dry weather is now required. The rainfall in the southern section has been excessive, delaying haying operations. Fall wheat has made exceptional progress and is well headed, but lodging has occurred in many districts. Spring grains have benefited from ideal growing conditions and prospects are favorable. Corn, roots and canning crops are satisfactory. Pastures are in excellent condition. Strawberries, raspberries and other small fruits are promising. The set of early apples is satisfactory. Transplanting of tobacco is about completed under conditions favorable for early growth, and a good stand has developed.

MARITIME PROVINCES

The season is about two weeks later than average, but generally conditions are now favorable. Early sown grains and other crops are progressing satisfactorily. Hay and pasture lands are in excellent conditions. A moderately heavy set of apples is reported and other fruits give good promise.

PROVINCE OF BRITISH COLUMBIA

Cool weather and heavy rains have been general during the past ten days. Grain crops, tomatoes, potatoes and other vegetables are doing well. Cutting of the first crop of alfalfa has been delayed by rain. The yield of strawberries is now estimated at 50% of average. The raspberry and loganberry crop prospects are better than last year. While the June drop of tree fruits has been heavy, present estimates indicate larger yields of apples and pears, and much better yields of apricots and peaches, than last year. The cherry crop is poor and is expected to yield 50% of average. All crops are late. Pasturage is good and water for irrigation is plentiful.

GLEN VALLEY INSTITUTE

Glen Valley Institute held its regular meeting at the home of Mrs. W. A. MacDowell on Wednesday evening, June 9th. Owing to absence of the president, Mrs. Sterling MacLean, Vice-president was in chair. Meeting opened by singing Institute Ode. Five members and four visitors responded to roll call by "telling something about our new King. Minutes of last meeting were read and adopted as read. It was decided to purchase a new rope for the flag pole of the School. Sick Com. Mrs. Sterling MacLean and Miss Marion Blondon were re-appointed.

Next meeting to be held at the home of Mrs. Eldon Hickson, roll call to be answered by "name an injurious weed".

Program committee, Mrs Blondon and Mrs. W. A. MacDowell

Meeting closed with National Anthem after which ice-cream and cake was served by the hostess.

"LORNE VALLEY"

Once again I feel a-tuggin' at my heartstrings,
And a longing for those days that used to be,
As each evenings shadows fall, I can hear a welcome call,
From that "Valley" that was Home Sweet Home to me.

There's a breath of summer flowers in my dreaming,
There is friendship where my hunting memorys fly,
There's a cozy little shack, and it seems to call me back,
To "Lorne Valley," My old home on P. E. I.

I can hear the music of a brooklet calling
I can picture green fields where I used to roam,
I can feel the magic spell, of the lovely woodland dell,
Gee, I'd like to see my P. E. Island Home.

I have wandered in the east and thro the westlands,
And I'll wander to that "Valley" bye and bye,
Someday soon I'll pack my grip, and I guess I'll take a trip
To "Lorne Valley" my old Home on P. E. I.

WILFRED MACDONALD, Watertown, Mass.

The Annual Gathering OF THE Clans of Prince Edward Island

UNDER THE AUSPICES OF THE CALEDONIAN CLUB WILL BE HELD AT

LORNE VALLEY

On THURSDAY, JULY 1st, 1937
