FRECKLES

DON'T HIDE THEM WITH A VEIL; REMOVE THEM WITH THE OTHINE PRESCRIPTION

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.
