STOCK QUOTATIONS

MORNING STOCK LETTER

(Received over Pitfield and Co's Private Wire)

NEW YORK, April 2—News this morning especially concerning labor troubles is not favorable. Several of the General Motors plants have been shut down owing to sitdown strikes and it is hoped that this situation can be settled uickly. The Soft Coal Conferences have reached a deadlock and production of soft coal will stop today but here it is believed that agreement will soon be reached. Chrysler conferences resume this morning. One of the union leaders has assured Chrysler workers that union will not give up sole bargaining rights. In the Senate yesterday several senators spoke out critically of strikes and apparently there is great pressure on Washington to take some action. The break in the government bond market is getting considerable publicity. One thing that may be done to check the break would be to rescind the final increase of 16 2-3 in member bank reserve requirements scheduled to go into effect May 1st.

TORONTO, April 3—Leitch—According to field advises Leitch poured a brick last nite of $37,000. This represents March production and is stated to be $4,000 about last months output.

YOUNG SHANNON GOLD—Has acquired 600 acres adjacent to Waite Amulet and diamond drilling outfit is being shipped from the Chester township it is reported.

BRALORNE — Vancouver wires detail of new important ore disclosures will feature the annual report of Bralorne to be issued during April. In view of the substantial increases in ore reserves a dicision to increase mill capacity during the present year would not be surprising.

KIRKLAND LAKE — Understand they have encountered ore like Macassa in their drive on the Groeselle Kirkland property. A wide ore intersection is unofficially reported to have been cut and high grade obtained over an 8 foot width.

MARTIN BIRD — On the 250 foot level going east high grade ore has been encountered at a distance of 94 feet from the shaft. Until recently it was felt that the mine was confined to the area west of the shaft. This is considered a most important development.

MARKET BULLETIN

(Received over Woods- Reade and Company Special Wire)

MORNING MARKET LETTER

No great pressure of offerings developed in yesterday's market but a lack of buying interest was apparent with the result that most socks declined, some of the leaders dropping back 1 to 3 points.

Reports of additional troubles in the General Motors Plants, irregularity of the London Metal Market, continued softness in Government Bonds added to cautiousness at a time when many potential buyers show a tendency to stand by pending the settlement of the Chrysler strike and a ruling on the Wagner Labor Relations Act. A few divisions of the market such as the paper, rayon, and motion picture issues managed to show some buoyancy but lacked leadership influence.

While fundamental conditions still favorable to business improvement over the intermediate and longer term, the immediate prospect is not being helped by the lack of decision manifested in Government circles in dealing with organized violation of property rights which, if continued, may cause postponement of business projects and in general tend to paralyze private iiative. We believe that a firm stand in curbing such infractions combined with a more cooperative attitude on the part of the Government with business, particularly in the Utility Field, would be beneficial to an extent that might go a long way towards compensating for higher wage costs and even necessary taxation to balance the budget.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

SHORT SIGHTEDNESS

There are people whom one meets in every day life who have never really learned to see. These people are apparently content with their own restricted sphere of vision, totally unaware of the beauty of the world round about them. To them, distant vistas and horizons are a mere blur and beautiful views are only a figment of a poet's imagination.

Eight per cent of children between the ages of 5 and 10 years are near-sighted—that is, they do not see perfectly in the distance. Very often little Johnny is backward at school and accused of being stupid when in reality he may be a potential Einstein. All he needs is a correct pair of glasses so that he can see the blackboard properly.

Sometimes when considerable close work is done during the growing period of childhood, the eyes tend to become more and more near-sighted, until distance vision is greatly restricted and a dangerous stage is reached when useful vision is reduced and permanent damage may be done. As soon as any tendency toward this condition is observed, all close work should be stopped immediately.

Near-sighted people invariably like to do the things that harm their eyes most. Children whose distance vision is not as good as their playmates often are not so adept in athletics, particularly outdoor pursuits. They turn to close work and reading, which tends to make them more near-sighted, and they become still less fond of athletics. Hence a vicious circle is formed and the end result means poor sight.

All such children should be seen by a competent eye physician who has the necessary training and equipment to treat the condition. Why should any child go through life so greatly handicapped when modern science can bring aid to the short-sightedness?

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

ORANGE MERINGUES

2 egg whites
1 tbsp. orange juice
2-3 cups powdered sugar

Beat the egg whites until frothy. Add orange juice and continue beating until stiff, then add sugar gradually, beating thoroughly between additions. Bake in a slow oven (250-275) degrees, 60 minutes.

If desired, the soft centre may be removed with a spoon and the shell returned to the oven to dry, and when cooled filled with ice cream. But most people like 'em chewy part and all, against a mound of cream.

MINING

(C.P. By Guardian's Special Wire)

TORONTO, April 2—While the miscellaneous mines index weakened about two points, golds recorded a moderate gain in Toronto Stock Market trading today.

A drab afternoon performance was relieved by an upward flurry in the Western oils and a strictly firmer tone in the base metals. Noranda came back to 75 5-8 where it was down 3-8. Hudson Bay closed unchanged and losses of 4 to 15 cents were boarded for Pend Oreille Sudbury Basin, Sherritt, Aldermac and Base Metals Corporation, Waite-Amulet lost 20.

Western oils responded to fast buying and at the close Calgary-Edmonton, Okalta and Home were up 25 to 30 cents each and Calmont, South West Petroleum and Dalhousie advanced 7 to 15 cents each. Royalite gained a half point.

Gains were narrow in the golds. Dome was a little stronger.

REMEMBER WHEN

(By The Canadian Press)

All previous overtime records were shattered when Boston Bruins and Leafs clashed at Toronto four years ago tonight to decide the National Hockey League title. Ken Doraty gave Leafs the crown with the only goal of the game after 164 minutes, 46 seconds of play. This This time was eclipsed at Montreal last year when Marcons and Detroit battled 176 minutes, 30 seconds, before the Red Wings won 1-0.

At Paris—Pound 106.38 fr; U. S. dollar 21.74 1-2 fr; Canadian dollar 21.75 5-8.

In gold—pound 11s 11d; U. S. dollar 59.44 cts; Canadian dollar 59.50 cts.

Farewell Address To Band Director

At a farewell meeting the Summerside Citizens Band took leave of their director, Mr. Berton E. Robinson, who has taken a position in Halifax.

Mr. L. B. Crue read the following address, which accompanied a presentation.

Summerside, P.E.I.,
April 1st, 1937.

Berton E. Robinson, B.A.,
Bandmaster,
Summerside Citizens Band,
Summerside, P.E.I.

Dear Bert:—On the eve of your departure from among us we feel it our duty to express to you our deepest appreciation for your untiring services as leader of our Band. The high standard which this musical organization has attained is due solely to your patient instruction of our two score inexperienced but inspiring amateur musicians. Your association with us has been of that elevating influence that makes each and everyone pleased to belong to such an organization.

And now, that your new occupation takes you to another field of labor, we view your departure with the deepest regret. The Summerside Band will carry on but no successor to you can ever take your place in our hearts as "one of the boys."

The torch which you lighted and have borne for us, is now ours to carry high; and it is our hope that the future will reflect on the excellent start you have given us.

Our best wishes accompany you and Mrs. Robinson as you enter a larger sphere of service, and we know that in your field of endeavor, with its added activities and responsibilities, you will sometimes remember the old days as leader of the boys who composed the Summerside Citizens Band.

Signed on behalf of the Summerside Citizens Band.

L. B. Crue, president; E. C. MacKay, secy.-treasurer.

Use Minard's for Dandruff.

Produce Prices

(C.P. By Guardian's Special Wir.

MONTREAL, April 2 — Butter prices remained firm on Montrea open produce markets today while eggs were barely steady and potatoes declined.

Graded egg shipments in carlots or less were quoted at 19-20 cents a dozen for grade A-large, 18 for A-medium and 17 for A-pullets.

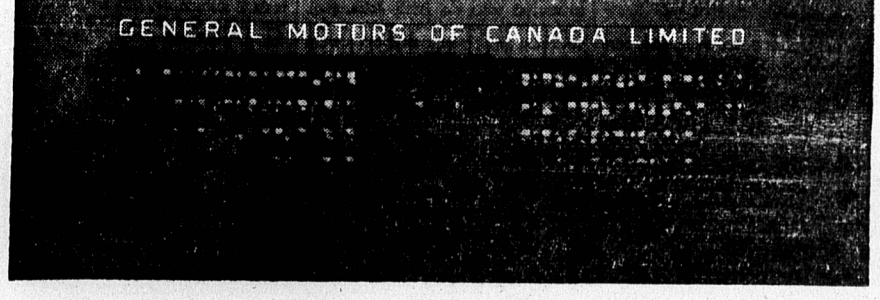
ONLY CANADA'S GREATEST AUTO PLANT COULD MEET THIS DEMAND FOR CHEVROLETS



NO need to tell you about the great popular demand for new Chevrolets. About the way people are flocking to buy *the only complete car in the lowest price field!*

But pictured above you see the reason why Chevrolet can keep up with this demand. Behind those brightly lighted windows, for block on block, run the big Canadian plants of General Motors—the long assembly lines where Chevrolet is born. Smoothly as the clock ticks, these new Chevrolets come rolling "off the line"—round and round the test track—through the "fine tooth comb" of a score or more inspections—then straight to you, wherever you live, by train and boat and highway carrier. *There's no delay when you order your new Chevrolet.* Only Canada's greatest motor car plant could make that pledge and keep it!

Buy on low monthly payments on the General Motors Instalment Plan.

$745

Master 2-passenger Business Coupe, delivered at factory, Oshawa, Ont. Government taxes, license and freight additional. (Prices subject to change without notice.)

THERE'S NO DELAY WHEN YOU ORDER A NEW CHEVROLET
