NEW YORK

NEW YORK (AP) — Sharp losses by steels dragged the stock market to a sudden and fairly sharp decline Wednesday. Trading was moderately active.

Steel shares were hit by a series of adverse news items:

U.S. Steel's quarterly earnings, while higher than a year ago, were lower than the second quarter, despite greater sales.

Wheeling Steel reported sharply lower earnings, omitted its dividend on common stock and deferred the dividend on its preferred.

President Johnson was reported—though associates — to be concerned about the possibility of further increases in steel prices.

U.S. Steel was weak from the start as Wall Street showed its disappointment. Selling spread to other steels.

As selling snowballed in U.S. steel, that stock rose to the unaccustomed place as most active issue, losing 2¼ to 58⅝ on 95,900 shares.

Wheeling Common fell 5 points to 29 and the preferred 9¼ to 89⅝.

Bethlehem was seventh most active stock, falling ⅞ to 39¾. Jones and Laughlin lost 1⅞, Lukens 2¼, Republic Steel ¾ and Armco 1¼.

All big three motors took losses. Ford declined 1½ as it faced a Nov. 6 strike deadline posted by the United Auto Workers.

General Motors lost ⅝ but losses of a point or more were posted for a wide range of stocks.

The Dow Jones Industrial average fell 4.82 to 871.16. The Associated Press average of 60 stocks fell 1.5 to 329.4.

Among Canadian issues Canadian Pacific and Granby Mining each fell 5-8 while Distillers Seagrams and McIntyre Porcupine advanced ¾ apiece. Dome Mines gained ½.

Prices were generally lower on the American Exchange. Scurry Rainbow Oil rose ¼ and Brazilian Traction and Canadian Javelin ½ apiece. Preston and Fargo Oil each dropped 3-16.
