

THE CENTRAL GUARDIAN

IMPORTANT ANNOUNCEMENT

'NA-CHURS' LIQUID FERTILIZER now available to Prince Edward Island Farmers

"NA-CHURS" Liquid Fertilizer is a truly modern product. It contains such necessary chemical elements as nitrogen, phosphorus, potash, and other important elements of calcium, boron, vitamin B1, etc., and being CONCENTRATED and in LIQUID form with contents already dissolved, becomes immediately available to plant growth in driest weather. Its entire substance is used in plant growth during the season of application—no carry-over until another year to allow evaporation to take its toll from the soil.

In its multiplicity of avenues of usefulness, it is highly recommended in the cultivation and rapid growth of all products of the soil, including potatoes, turnips, mangels, small fruits and vegetables, and other garden cultivations.

It is highly recommended for profitable use by green house operators, Florists, Nurserymen, Truck farmers, Institutions, etc., and is unequalled in covering parks, cemeteries, estates and smaller private lawns with a mantle of green that hitherto has been only an unattained desire.

Early experiments and tests by leading United States Universities and State Agricultural Stations proved that liquid fertilizers had many advantages—less plant injury from fertilizer, bigger crops from same area, and less fertilizer to produce these bigger crops. You can use "Na-Churs" Liquid Fertilizer with confidence wherever soil is being cultivated, and for whatever the purpose.

"Na-Churs" Liquid Fertilizer is not expensive and is put up in convenient containers that can be carried away in your car in quantities required for use on 10 to 20 acres. It is registered in Canada under No. 50-A Fertilizer Act and manufactured by "Na-Churs" Plant Food Company (Canada) Limited, London, Ontario. It is now stocked and sold in Charlottetown by—

their friends and neighbors. Their home was always a hospitable one and their family who, being talented singers always made a visit enjoyable. The hospitality of their new home was extended to all who could spare a day to visit them. Although taken completely by surprise, John Archie responded in his usual capable manner when presented with a reading lamp, a gift from the district, and on behalf of Mrs. Campbell and himself thanked all for their kindness. After the singing of "For They Are Jolly Good Fellows" the remainder of the evening was spent in playing cards and reminiscence about old times. At the close of the evening lunch was served by the ladies, after which all departed for their homes.
