ONE-GIRL SLEEP-OUT

Heather Laytner, 16, reads with the aid of a flashlight early Tuesday as she conducts a one-girl "sleep-out" in protest of Toronto's "Green Hornets", the city's green-uniformed parking control officers. Residents of Heather's street are getting their cars ticketed for leaving them on the street overnight. But as long as Heather stays in the car the officers can't give her a ticket. (CP Wirephoto)

NEW YORK

NEW YORK (AP)—Strength in blue chips and many run-of-mill issues sustained the stock market's recovery Tuesday through its second straight session, but the high-priced glamor stocks were down.

Although the list was in plus territory all day, it was a seesaw market.

As an illustration, the Dow Jones industrial average at 1 p.m. was up 12.63 at 767.14, but closed with a net gain of only 4.12 at 758.63.

Fractional gains by many of the blue chips which make up popular averages accounted for what was left of the gains in these indicators.

The high-flying issues in color television, leectronics, photography and space-age defence, however, took some sharp losses. They dominated the list of 15 most active stocks, of which 12 declined and three advanced.

RATIO WAS 2 TO 1

In the over-all stock list, gainers outnumbreed losers almost by a ratio of 2 to 1.

The Associated Press average of 60 stocks rose 1.0 to 273.9, with industrials up .9, rails up .9 and utilities up .6.

All top four steelmakers showed fractional gains. American Telephone, the most widely held stock, was among the volume leaders and gained ¾ at 52¾.

Sperry Rand was on the top of the most-active list again, losing 1½ at 22⅝ on 320,900 shares.

Among Canadian issues, Hudson Bay Mining advanced 1¼, Dome Mines 1⅛, Canadian Pacific and International Nickel ⅜, Alcan and Walker Gooderham ⅛. Distillers Seagrams and McIntyre Porcupine lost ¼.

Prices generally were higher on the American exchange.

Among Canadian issues, Scurry Rainbow Oil and Canadian Javelin ros e⅝, Brazilian Light and Power and Canadian Marconi ⅛, Fargo Oil 1-16.
