NEW YORK STOCKS

NEW YORK (AP) — The stock market took its worst slide in 3½ months Monday, just a week after setting a 1957 high.

Serious talk of disarmament brought sharp losses to aircrafts. Aluminums reacted sympathetically to the industry they supply so heavily.

Oils, which had been advancing, went to peices as the market staged a general retreat

The Associated Press average of 60 stocks fell $1.60 to $182.90 with the industrials down $3.00, the rails down $1.20 and the utilities down 30 cents.

Based on the decline in the average, the quoted value of stocks listed on the New York Stock Exchange fell an estim)ated $2,000,000,000.

It was the steepest setback since Feb. 11 when the market penetrated the old 1956 support levels sharply in a technical decline that lowered the AP 60-stock average by $3.30.

Canadian issues on the New York exchange mainly followed the lower trend. An exception was Dome Mines, which advanced ¼ on 500 shares. Losers included International Nickel, off one on 1,600 shares, Aluminium Ltd., ⅝ and Canadian Pacific ⅝.

A number of Canadian stocks were higher on the American Stock Exchange. Shawinigan added ⅛ on 50 shares and Brazilian Traction was up ¼ on 2,500 shares. Richwell Pete gained 3-16 and Jupiter Oils and Scurry-Rainbow Oil were 1-16 higher. Canadian Marconi was off ⅛ on 1,800 shares and Fargo Oil slipped 1-16 on 7,200 shares.
