NEW YORK

NEW YORK (AP)—A fairly long stock market run into more offerings than it could handle and ended irregularly lower today.

The ability of the list to push forward for most of the session despite large blocks of stock for sale was an illustration of underlying strength, marked analysts said, but the strength finally gave out. Persistent profit-taking in the final hour dragged the averages lower, and slowed trading.

The Dow Jones industrial average, which had been up 1.55 at 11 a.m. EDT, closed with a loss of 1.50 at 722.84.

Volume was 5,610,000 shares compared with 5,650,000 Wednesday.

Wall street had plenty of justification for a rally. Industrial production set a record in April. Gains were shown in the weekly figures on retail sales and rail carloadings.

Taking of long-term profits by some big investment sources however, proved a barrier to further advance.

Sugars and airlines remained strong to the end but rails faltered. Motors were mixed. Steels were unevenly lower. Tobacco fell sharply on wider publication of word that the New York State Medical Society had taken an official stand against cigarette smoking.

The sugars made big gains as the price of sugar in commodity markets moved higher.

The average of 60 stocks, easing from its latest historic high, dropped .8 to 273.2.

Hudson Bay Mining was off ½ among Canadian stocks. McIntyre Porcupine and Granby Mining finished ¼ higher and Distillers Seagrams was up ¼.

American Stock Exchange prices moved irregularly lower. Scurry Rainbow Oil was ⅜ lower and Jupiter Corp. down ⅛.
