REBEL LEADER STILL VICTORIOUS

Infantry Revolt. Madero And Minister of Interior Resign

(Canadian Press)
MEXICO, CITY, Feb. 14.—A detachment of the 20th infantry which was stationed between the palace and the Arsenal has revolted. They shot their own officers and made a break to join Diaz. The mutineers were overpowered and fifty men were taken as prisoners to the national palace.
President Madero has resigned. De La Barrera will probably succeed him. Rafael Hernandez, minister of the Interior, has also resigned and De La Barrera has taken refuge in the British legation.
The private house of President Madero was burning at 2 o'clock this afternoon but at that time the battery was firing only casually.
The rebels under Generals Del Valle and Aguilera, it is reported on reliable authority, have captured the city of Puebla with the assistance of Francisco Prestilla, formerly with Orasco, who headed the body of revolutionists within the city. General Toria has been named governor.
Puebla is the capital of the state of Puebla, one of the most attractive cities in the republic. The population is 100,000. It has many fine public buildings and is situated 65 miles from Mexico City.
MEXICO CITY, Feb. 12.—From early morning the sharp crack of rifles or the crash of cannon could be heard in some quarters of the city almost every minute of the day, sometimes close, sometimes far distant.

TURKISH SOLDIERS NORTH ATLANTIC ARE DESERTING TO BE PATROLLED

Break-For Bulgarian Lines. Turks Expelling Greeks. Loss of Life

(Canadian Press)
LONDON, Feb. 14.—Heavy fighting with considerable loss of life is reported from Bulair. A portion of Adrianople is in flames from the bombardment. Turkish soldiers in the beleaguered city deserted to the Bulgarians. Turkey is expelling the Greeks from Constantinople and the Dardanelles. By feigning a sudden retreat the Bulgarians drew the Turks into range of their own warships which inflicted heavy losses. The Bulgars, skipped by Greek navy officers, charged and captured Bulair forts. The vaunted Asiatic troops are worthless. Allipole Turk armies are going to pieces. Chaos reigns at Tchatalja.

DATE OF DEATH OF SCOTT PARTY

(Canadian Press)
LONDON, Feb. 14.—A despatch from Christ Church to the Chronicle says that Capt. Scott and his three followers died on March 29, 1912. This date is fixed from entries in Scott's diary.

VICS VS CRYSTALS

Last night in the Arena Rink, Charlottetown, one of the cleanest and fastest hockey games ever played in Charlottetown came off, the contestants being the Summerside Crystals and the Charlottetown Victorias.
Play started at twenty-five minutes to nine after the usual delay. At the outset it assumed a very lively pace, the Vics scoring within the first minute. Two minutes later the Crystals scored from a scrim. Rodd scored one minute later for the Vics. The Crystals scored within another minute, amid loud cheers from their

admirees. Rodd again from some clever combination work landed number three. Sixty seconds elapsed and the Crystals evened matters again. Without a breathing spell the Crystals landed the fourth score. Here Rodd and Burns made an excellent combination run but failed to score. Douglas next came into the limelight. He made a fine run, passed to Rodd and the latter landed another count. The score now stood 4-4 after only twelve minutes play. Rodd placed number five score, two minutes later. RAILWAYS FACE FIGHT

TORONTO, Feb. 13.—April fifteenth in Ottawa may see a fight to a finish on the question received by the following Canadian Manufacturers' Association resolution:
Resolved, that the Canadian Manufacturers' Association join in the application now before the Board of Railway Commissioners for a system of uniform penalties to be automatically applied against railways for their failures to receive, carry and deliver freight within a reasonable time, as required under section 248 of the railway act, such system to require the railways under penalty to place cars for loading within forty-eight hours after ordered, to move cars within 24 hours after notification of loading, and to place cars for delivery at destination within forty-eight hours after arrival. The penalties to be similar to those which the railways are authorized to charge shippers and consignees for delay in loading and unloading cars.
The railway commission has fixed this date for the hearing of argument on reciprocal demurrage. A vigorous debate is expected. The temporary increase in demurrage charged by the railways expires automatically on April 1, unless the companies obtain a renewal.

VICTORIAS WIN FROM CRESENTS

(Special to The Guardian)
MONCTON, N. B., Feb. 14.—The Victorias went up another rung in the hockey championship race to-night by defeating the Crescents 8 goals to 2.
Moncton had the better of the play all the way through combining more effectively and shooting more accurately than Johnny Murphy's crew. The Victorias played Scott and there was considerable surprise when Doherty lined up with the Crescents. The exhibition put up by Scott proved that he is really as good as ever.
The game was clean there being only a few penalties. The Crescents did not put up as brilliant a game as they did against the Socials on Friday last.
They play in Moncton on Friday next.
Moncton protested against Doherty playing with the Crescents.

STRIKE MAY BE AVERTED

EXAMINATION OF WITNESSES FINISHED IN PRELIMINARY HEARING THE FOX THEFT TRIAL AT SUMMERSIDE

(Special by Phone)
SUMMERSIDE, Feb. 14.—The Magistrate's Court resumed work at 11 o'clock this morning.
Charles Burke was recalled to the witness stand. On being examined he said that the night they were at Cannon's, Cannon had said to him that there were three foxes in the ranch belonging to Carruthers and Barbour and they could be got that night as it was very light and they would wait till later on. About a week later on the day that W. D. White searched Jacob Murray's for Birch's foxes the witness was going to Alberton. On his way he met Edgar Cannon coming from Alberton. Cannon told the witness that he was going to visit Murray's. Cannon turned his horse and followed the witness for about twenty yards and then said to him, "I have located Carruthers' Ranch and find that they keep no watchman and I think that the first of March would be a good time get them. He then told Cannon that they were at Jacob Murray's searching for the foxes and that they had better leave the foxes alone for a spell.
The next time witness saw Cannon was the night he was arrested and he that time was in the Courtroom. He said that it was about the 18th of January that he and Tom Murray and Cannon had met at Cannon's house. That night they had planned that if the foxes were stolen they would hide them in Sam Sweet's woods. It was planned for Tom Murray and Cannon to do the stealing. The witness was to hold the horse but each was to have one fox. The arrangement was that if not the witness said that he told Mr. Tweedy, W. D. White and Mrs. Ed Johnson about his transaction with Murray and Cannon.
Cross questioned, witness stated that as he had been unable to locate the foxes he had received no money from either Birch or Dennis and that he had not one helping him who was to share the \$3000. The time that Tom Murray came to him to get him to help steal the foxes was the second time he had spoken with him in following night he reported that he ray or Cannon that he was going with them in order to try and locate Birch's foxes but let them think he was going to help them steal the other foxes. He never thought for a minute that either Cannon or Murray would let him in on the plan to break into his ranch as he did not know him at the time and thought that some of the fox men whom he had told would let Barbour know.
The next witness called was Charles Bennett of Alberton. He was a partner in the fox ranch with James Birch. They had a pair of foxes stolen from their ranch on Jan'y 2nd or 3rd. He sent for Charles Birch on Jan'y 14th to see if he could get him to try and locate the foxes. He offered him \$2000 if he could do so. Birch agreed to do what he could and reported the next evening that he had not had much success. On the Thursday following this conversation Birch reported to the witness the proceedings at Cannon's just as he had told the court. The next night Birch did not report and in following night he reported that he (Continued on page eleven)

HOTEL VICTORIA CLASSES ARE TO BE A 2.19 TROT AND PACE AND A 2.35 TROT AND PACE. ALL RACES OPEN TO THE ENTIRE PROVINCE

The enthusiasm which has marked the meetings of horsemen in Charlottetown reached a culminating point last night when at a gathering of nearly one hundred interested persons the announcement came that R. H. Sterns, Proprietor of the Hotel Victoria of Charlottetown, would give \$200.00 for two races to be held on Hillsboro Harbor Ice. Cheer after cheer greeted the generous message and Mr. Sterns could not but feel that he had won his way into the hearts of the horsemen in a never to be forgotten manner.
Two years ago the Hotel Victoria Stables were known to every devotee of the turf throughout the Maritime Provinces. The colors of that stable brought fame to little Prince Edward Island through the stirring victories won by that trio of equine stars, Queen Marie, 2.19, Mamie P., 2.18 1/2 and Kalol, 2.19 1/2.
Reasons intervened which made it necessary for Mr. Sterns to withdraw from racing for a time but his heart was still with the trotters and his generous hand and liberal purse lacked only the opportunity to show that his feelings had not become dulled by inactivity in the sport. He has viewed with an increasing interest the efforts which have been made in Charlottetown to keep the harness sport to the clean, high, honest level which are his ideals.
Recognizing the fact that a few Ed-men were carrying the burden and that the sport needed some assistance he made known his gift last evening. The conditions are, at 2.19 trot and pace, purse \$100.00; a 2.35 trot and pace, purse \$100.00; entrance fee five per cent, and five per cent from the four winners; five to enter and four to start; open to the entire province. All arrangements are left in the hands of the Ice Racing Association.
Mr. Sterns hopes the above races will be the means of drawing hundreds, yes thousands to the city and thereby stir the mercantile pulse and distribute some money around the (Continued on page fourteen)

ROBBER MADE BIG HAUL OF DIAMONDS IN MONTREAL.
MONTREAL, Feb. 12.—Smashing the plate glass window of the jewelry store of Yves Bros., last evening, during the rush hour on Notre Dame Street, a nervy thief held the crowd at bay with a revolver while he grabbed a handful of diamond rings valued at several thousand dollars and jumped into a rig, drove away. A hue and cry was raised but the thief made good his escape.

MEDICAL ASSOCIATION

The meeting of the P. E. I. Medical Association opened in Charlottetown at 4 o'clock yesterday afternoon. The Vice-President, Dr. Geo. Dewar, presided.
The reports of the committees were first dealt with. Next came a paper, the clinical report of the McGee case, by Dr. D. R. Fraser. This was followed by a report of the antipneumonia and of the chemical and pathological examinations by Dr. W. J. McMillan.
The evening session opened at 8 o'clock with a lengthy discussion on pneumonia by Dr. Geo. Carruthers, who dealt with its history, bacteriology and pathology, Dr. Alex. Mc-Jardine.

Neill and Dr. A. A. McLellan, who dealt with its signs, symptoms and diagnosis. Following this its treatment was discussed in a lengthy paper by Dr. S. R. Jenkins and Dr. Dewar.
The next part of the program was a report of the Dominion Medical Association by Dr. Jenkins.
The following medical men were present:—Doctors Jenkins, Carruthers, H. D. Johnson, Ralph, McMillan, Dewar, J. C. McDonald, McGuigan, McLeod, G. H. Jardine, Houston, Goodwill, A. McNeill, J. F. McNeill, A. A. McLellan, Tanton, J. Jardine.

STEAMSHIP WAS SINKING

SOUTHPORT, N. C., Feb. 14.—The steamship La Salle sent signals of distress from a point twenty-five miles south of Frying Pan Lightship today reporting she was sinking. She was reached six hours later by the United States revenue cutter Seminoles, Captain G. L. Garden, which went to her assistance from Wilmington, N. C.
When the Seminoles received the wireless calls for aid, men were in the boilers making repairs. Under steam in only one boiler the cutter set forth to the rescue. Arriving alongside the La Salle she found the steamship with fourteen feet of water in the hold, and making eighteen inches of water an hour. The La Salle was trying to make the mouth of the Cape Fear River. The Seminoles has a hawser to her and will try to make a start with her for Wilmington as soon as the water has been pumped out.
The marine register contains no record of a steamer named La Salle. The disabled vessel is assured to be of 1927 tons, an American freighter Brunswick, Georgia, sailed from New York, commanded by Captain Lawrence and carrying a crew of twenty-three men.

BLACK FOX SUCCUMBS

A black fox, worth more than its weight in gold, died last Wednesday at the owner's ranch in New Haven. The fox was one of a pair bought recently for \$15,000 and its death is a serious loss to its owner. It is rumored that in this case "death does not end all" and that there are going to be revelations. The animal was supposed to be one of a pair of young ones and its death, so the story goes, is attributed to the infirmities of old-age. In proof of the truth of this story, The Guardian understands, the jaws of the defunct fox have been preserved to take the witness stand at the post mortem enquiries which are shortly to be held.
at ten. The officers of the Ionian report continual severe weather on the voyage across, which materially lowered the ship's daily runs. They were as follows:—
Sunday 272 miles, Monday 193 miles, Tuesday 141 miles, Wednesday 262 miles, Thursday 166 miles, Friday 231 miles, Saturday 160 miles, Sunday 265 miles, Monday 252 miles, Tuesday 260 miles, to Halifax 177 miles. On one occasion the ship ran into a gale of great force and it was stated on board the liner that at one time the wind blew at the terrific rate of 110 miles an hour.
No damage was inflicted, the Ionian proving herself a steady seaboat. As she was not heavily cargoed she rode the waves lightly and did not ship many seas.
