NEW YORK

NEW YORK (AP)—Fears of inflation and a massive return of the small investor to Wall Street accompanied a rise in a turbulent stock market session Friday.

Although the session was 90 minutes shorter than usual, a hangover from the now-settled New York transit strike, volume soared to 9,180,000 shares from 8,870,000 Thursday. It was the biggest turnover since Jan. 5 a standard session, when 9,600 000 shares changed hands.

The stock exchanges plan to resume their usual hours Monday the closings will be at 3:30 p.m. EST.

The ticker tape ran as much as 10 minutes late in the morning on a tidal wave of small transactions, evidence that "the little fellow" was back in the market. Staffs of brokerage houses were at full strength for the first time since New Year's Eve.

Analysts called it an emotional market with hordes of traders seeking capital gains or else selling and switching to protect gains already made. The price advance receded gradually under precautionary selling prior to the weekend.

DOW WAS UP

The Dow Jones industrial average, which was up as much as 3.39 at the end of the first half hour ended with a net gain of 1.61 at 987.30, which topped the high of 986.85 made Tuesday.

Other market indicators also made peaks.

Standard and Poor's 500-stock index rose .14 to 93.50.

The Associated Press average of 60 stocks advanced 1.4 to 368.2.

Pan Abmerican Sulphur, which announced a $5-a-ton price increase for sulphur, advanced 1½ in active trading. Texas Gulf Sulphur rose 3½.

Among Canadian stocks Granby Mining and Hudson Bay Mining were up ⅜. Walker Gooderham was down a point Canadian Pacific ⅝ and International Nickel .

Prices were generally higher on the American Stock Exchange. Brazilian Traction leaped ⅝ and Scurry Rainbow Oil was up ⅜.
