NEW YORK
NEW YORK (AP) — A mild stock market stumbled on late profit taking Wednesday after the list ended with an irregular decline. Trading was moderate.
A feature of the day was increased strength in the cigarette stocks which have been climbing in recent sessions. New buying was drawn to the group by two news items:
1. The Internal Revenue Service reported that cigarette shipments were rocketing back from the slump that followed the U.S. government's health report last January linking cigarette smoking to lung cancer and heart disease;
2. The House of Representatives commerce committee asked for delay in application of the new federal rule requiring all cigarette labels and advertising to warn that smoking is a health hazard.
At the same time, the IRS reported a slump in the shipment of small cigars. The cigar making stocks were dampened.
Steels, strong Tuesday, drifted off as traders took profits. Motor stocks marked time along with the auto labor negotiations. Although Chrysler introduced new 1965 models, its stock closed unchanged at 53¾ on 71,500 shares, making it second most active.
Tops in volume for the day was Texas Gulf Sulphur, up ¾ at 54½ on 141,500 shares. Unconfirmed rumors drifted through Wall Street of another upward reappraisal of the value of its mineral find in Ontario.

DJ AVERAGE DECLINES
The Dow Jones industrial average declined 1.07 to 841.78.
The Associated Press average of 60 stocks fell .4 to 316.8.
Volume was 4,170,000 shares compared with 4,210,000 Tuesday.
Among Canadian issues traded, Hudson Bay Mining gained 1½ and Dome Mines ¼. Canadian Pacific lost ¾, International Nickel ¼, Aluminium Ltd. and Distillers Seagrams ¼ and Granby Mining ¼.
Prices declined irregularly on the American Exchange. Canadian Marconi, Fargo Oil, Brazilian Traction and Scurry Rainbow Oil lost ¼. Preston gained 1-16.
