RICHARDSONS MAKE BIG NAME IN CURLING

Before 1959, four young carpenter - builder- curlers from Regina were little known for these abilities outside that Saskatchewan city. Today, following Canadian and world men's Scotch Cup victories in 1959, 1960 and 1962, the Richardson name is stamped on a curling sweater, a special curling boot, newly-innovated plastic curling rocks and one of them, skip Ernie Richardson, helped author a book on the game. This season, three of the Richardsons (l-r) Arnold, Ernie and Garnet, try for a fourth trip to Scotland as guests of the Scotch Whiskey Association, sponsors of the world series of curling. Missing this time is Wes Richardson, out with a back ailment and in his place, Mel Perry of Regina throws lead rocks.

Sherman Steps Up Tempo For Game

BEAR MOUNTAIN, N.Y. (AP) — Coach Allie Sherman herded his New York Giants into the vast field house at nearby West Point Wednesday as he steped up the tempo for Sunday's National Football League title game with Green Bay Packers.

Resuming work after a three-day holiday, the Giants were without the services of halfback Paul Dudley, the ex - Packer, whose injured left knee had not responded to treatment. He probably will miss the big game.

Ralph Guglielmi, Y. A. Tittle's stand-in at quarterback, also was an uncertain factor. Although he worked out with the club and said he would be ready, Sherman said a final decision would be made after Thursday's workout.

Guglielmi is important, not only as a replacement for Tittle, but as the man who holds the ball for Don Chandler on placements and field goal attempts. Insignificant as it might seem, there must be close coordination between holder and kicker. Guglielmi strained an ankle Dec. 16 in the Giants' final regular season game.

"We assume they'll be tougher than last year," says Sherman. Green Bay won that one 37-0. "They've had a great year and we hope to be at our best and ready for them."

Langlois Out With Injury

NEW YORK (AP)—Al Langlois, New York Ranger defenceman, suffered a broken left instep in Tuesday night's game with Boston and will be lost to the club for at least two or three weeks.

To replace Langlois, the Rangers announced Wednesday the recall of defenceman Don Johns from their Baltimore farm of the American Hockey League for one game only—tonight's contest with Boston.

He will return to Baltimore after the game and the Rangers then will call up Bob Woytowich a 21-year-old rookie who has scored 10 goals in 26 games with Sudbury, Ont., in the Eastern Pro Hockey League. The reason for the delay is that Woytowich has an important game to play with Sudbury in the interim.

Pope Showing Great Recovery

VATICAN CITY (AP)—Pope John left the Vatican Tuesday for the first time since his illness a month ago to pay a Christmas visit to children in the Hospital of the Infant Jesus.

The 81-year-old pontiff spent 40 minutes at the hospital on Janiculum Hill, only a short distance outside the Vatican walls. He walked from ward to ward, speaking to the children.

Doctors and others at the hospital were impressed by the Pope's return to vigor and his ruddy complexion. They said he showed signs of great recovery from his recent stomach disorder and anemia.

"You see, I am in perfect condition," the Pope told the hospital's doctors. "Oh, I am not ready to run any races or enter in contests, but all in all I am feeling well."

The Pope said he celebrated three masses for Christmas Monday night and this morning in his private chapel.

"The doctors," the Pope said, "have said that the Pope has had—yes—some little disturbance."

"But now you can see well that he lacks nothing—in eyes, in tongue, in ears nor in heart, which is the most important and precious thing."

VOICE STRONG

Returning to the Vatican, the Pope appeared at noon in the open window of his study overlooking St. Peter's Square, where the temperature was a few degrees above freezing. He smiled happily at a crowd of 50,000 in the rain-spattered square and spoke for almost 10 minutes, his voice ringing with resonance and force.

Silence came over the square as the Pope raised both hands in benediction. Many knelt on the wet cobblestones.

The Pope told the gathering there is no philosophical study which has any value "if the soul does not open completely to the effusion of the light and of heavenly grace."

"The truth of the beatitudes proclaimed on the mountain returns in particularly vibrant echo at Christmas and demands universal attention," he said.

"He who was born at Bethlehem is humble and meek of heart, poor, and innocent. He is the builder of peace. . . .

"At Bethlehem is the beginning of the new course of history for a greater radiation of the civilization of every people."

LONDON (AP)—The spiritual head of the Church of England, the Archbishop of Canterbury, called Tuesday for prayers for Pope John.

Dr. Michael Ramsey said in his Christmas Day address in Canterbury Cathedral:

"We pray today for Pope John that he may be given recovery of health and strength and that his own ardent longing for the growth of charity may be fulfilled.

"Looking forward, we press along the road of unity knowing that unity, truth and holiness must go together."

Phil Goyette May Be Out For Season

CHICAGO (AP) — Forward Phil Goyette of Montreal Canadiens suffered a fracture of the right leg against Chicago Black Hawks Tuesday night and probably will miss the rest of the National Hockey League season.

A cast was placed on Goyette's injured leg in Henrotin Hospital Wednesday after his collision with Chicago's Eric Nesterenko as Montreal trimmed the first-place Hawks 6-0.

Also in the same hospital was the Black Hawks' Elmer Vasko, receiving further treatment for an ankle injured two weeks ago. Vasko will remain in the hospital for several days.

Goyette was injured in a third-period scramble along the boards and was carried from the Chicago rink on a stretcher.

Nina II Crew Goes Ashore, Attend Mass

SAN SALVADOR, Bahamas (Reuters)—The crew of Nina II, a close copy of one of the three vessels with which Christopher Columbus made his 15th - century voyage to the New World, came ashore here Wednesday and celebrated mass after a transatlantic journey of 97 days.

The crew atended mass in 15th-century garb after a journey in which their 40-foot caravel was blown thousands of miles off course.

This tiny Bahamas island off the Florida coast also was the first land sighted by Columbus in 1492, after 70 days at sea.

The Nina II, which left Spain Sept. 19, was the focal point of an air and sea search before it was spotted Nov. 30.

The vessel is commanded by a Spanish naval officer and the crew includes a Frenchman and an American writer acting as chronicler.

Today the nine men will re-enact Columbus's arrival at the beach where the Italian discoverer first stepped ashore in the New World.

The Nina II depended on sails and 15th-century navigation instruments until United States Navy airmen dropped a radio to her last month.

The crew, like Columbus's sailors, lived on a Spartan diet of lentils, honey, rice, beans and biscuits. The men were reported in good health but several had boils.

A U.S. Navy launch towed the Nina the last 24 miles into port here after the ship overshot San Salvador and was prevented by contrary winds from making its desired landfall.

Plebiscite On Kashmir Is Possible

RAWALPINDI, Pakistan (AP) —The chief of an Indian negotiating team said Wednesday night India might agree, under certain conditions, to a plebiscite n Kashmir.

Railways Minister Sardir Swaran Singh said in an interview he came with an open mind for talks with Pakistani authorities, beginning today, about the future of the bitterly disputed border state. He heads an eight-man delegation that arrived Wednesday.

Prime Minister Nehru's government has always opposed a vote among the largely Moslem people of Kashmir that would permit them to decide whether they should join Moslem Pakistan or predominantly Hindu India.

India has ignored a United Nations resolution calling for such a vote.

Four Cars Collide At St. Eleanors

SUMMERSIDE — With hazardous driving conditions in the Summerside areas yesterday afternoon, no serious motor vehicle accidents were reported, except for a four-car pile-up near St. Eleanors about noon during a period of falling wet snow and sleet.

Summerside detachment RCMP said drivers of the four vehicles involved were Percy Murphy, Summerside; Mrs. Lois Harper, St. Eleanors; Foster Ellis, Summerside, and Justin MacNeill, Miscouche. There were no injuries.

Summerside police said last night no accidents were reported in the town yesterday despite the dangerous conditions in some localities. Streets are being cleared of snow after Saturday night's record snowfall when several motorists were stranded from their homes.

Traffic in all sections yesterday was heavier than normal as holidayers home for Christmas began the return to their homes and places of business to begin the work routine this morning. But the work period is short lived this time, as next Tuesday is again a holiday, being New Year's Day

Embargo Put On Freight

NEW YORK (AP)—Railroads placed a voluntary embargo Wednesday on export freight shipments to strike-bound Gulf and Atlantic coast ports in an effort to prevent a choking pile-up of goods on the waterfront.

The four-day strike of 60,000 longshoremen showed no sign of ending. No bargaining sessions were scheduled.

Members of the New York Shipping Association — representing 135 domestic and foreign lines in the dispute with the International Longshoremen's Association — met Wednesday to vote confidence in the management negotiating committee.

The chief issue in the dispute is the size of dock work gangs, now limited to a minimum of 20 men. The ship owners, calling the limit "featherbedding," want the minimum cut to 17. Longshoremen reply they will not negotiate their jobs away in the name of automation
