NEW YORK

NEW YORK (AP)—Steels and a number of volatile issues made progress Monday as the stock market notched up its second straight daily advance on rising volume.

A fairly strong speculative flavor prevailed as the list advanced on turnover of 4,790,000 shares compared with 4,040,000 Friday. It was the heaviest trading since June 20 when 4,990,000 shares changed hands.

Prices were higher all day, reached their peak late in the afternoon, then shaded their best.

The Dow Jones industrial average rose 1.88 to 710.27.

This was a large boost on average but most of the strength lay in stocks which are not represented in the popular market averages. The blue chips, aside from its unexplained rise of Friday, dropped 1¼.

Parke, Davis led the volume parade for the third straight session as it continued to respond to reports that it has a new birth control pill. It rose 2⅝ to 38⅞ on 268,700 shares.

Among the wider gainers, Polaroid added 7, Xerox 4¼, U.S. Smelting 4, Amerada 2½ and High Voltage Engineering 1¾.

Steels advanced despite another drop in steel production. Gains of a point or better were made by U.S. Steel, Republic, Armco and Laughlin, Crucible and Youngstown Sheet.

International Nickel rose 1⅛ among Canadian issues traded while Aluminium Ltd. was up ⅝ and Granby Mining ¼. Canadian Pacific dropped ⅝ and Dome Mines ⅜.

Prices on the American Exchange were irregularly higher on volume of 1,560,000 shares compared with 1,250,000 Friday. Preston advanced ⅛ and Fargo Oil 1-16 while Scurry Rainbow Oil dropped ⅜.
