Toronto Stocks

TORONTO, (CP)—Stock market trading breezed along for a while Thursday at the fastest pace in almost two years, but price movements were irregular.

Morning trading totalled 3,742,000 shares, heaviest since Feb. 24, 1953, when 3,851,000 were exchanged in the same period. After the noon hour however, the pace slackened. The day's volume was 7,917,000 shares, smaller than the 8,069,000 Monday.

Prices were strong over the whole market during the fast morning trading but eased slowly into the close.

Base metals, low-priced mines and golds were mostly easier.

A long list of western oils climbed, but there were scattered losses too. North Canadian dropped 40 cents and Pacific Pete, Anglo Canadian and Britalta were easier.

Golden Manitou dropped 27 cents to lead base metals down. North Inca turned over more than 800,000 shares among low-priced mines for a small gain, Meta traded 744,000 and touched $1.14, Consolidated Denison touched $3.35 on 350,000 shares and Consolidated Rochette and Lexindin were also active and strong.
