Montreal Stocks

MONTREAL (CP) — The industrial sections of the stock market were narrowly mixed at the close of Tuesday's moderately active session of trading. Most changes were fractional but a few ranged to 2 points or more.

Algoma Steel was the day's standout, soaring 17⅝ points to a new high of 110. The rise was attributed to speculation following news of the death of the company's president, Sir James Dunn. The issue settled back to 103, a gain of 10⅝ points. The balance of the steel group was steady to a little lower.

Miscellaneous industrials were trendless, Ford gaining 2 points while General Dynamics retreated 1¾. St. Lawrence Corporation was down a point in a narrow pulp and paper section.

Senior oils moved in both directions, Trans-Mountain gaining a point and BA losing the same amount.

Base metals strong during the day, weakened at the close. International Nickel and Aluminium were each three-quarters lower. Banks were mixed in a half-point range and Canadian Breweries was up a quarter in the beverages.

There was a majority of improvements in the mines with penny issues continuing to trade heavily. Western oils were dull and featureless.

Toronto Stocks

TORONTO (CP)—Mining issues made a moderate advance on the Toronto stock exchange Tuesday, but industrial strength was scattered and the best gains were recorded in special situations. Chief of these concerned Algoma Steel which shot up $15.50 at the opening to $110 before moving back a few points and closing at $103 with 5,600 shares traded.

The death Sunday of Sir James Dunn, president of the corporation who was reputed to have held a controlling interest in Algoma, sparked anew the longtime speculation that a common stock dividend might be forthcoming for the first time in the company's history. Other rumors mention a tie-in with United States steel interests.

Steep Rock and Sherritt were in demand among the senior base metals, gaining 50-60 cents, Gaspe Copper added $1, Coast Copper 40 cents at $7.40 and Eastern Mining and Smelting 30 at $7.50. Selected low-priced mines jumped ahead including Grandines, which traded 442,000 shares for a 14-cent advance to 46 cents, Nesbitt Labine, up 22 at $1.99. Consolidated Northland, 30 ahead at $1.75 and Eastern Metals, up 12 at $1.04.

Hollinger continued its upward run among golds, adding ⅜ at 24¼.

Western oils gained up to 30 cents. Consolidated West Pete, Banff, Peace River and Triad showed the best advances. Losses ranged to about 25 cents.

Index gains: Golds .26 to 87.98, base metals 2.20 to 228.18 and western oils .22 to 121.26.
