Beef Cloud Arises In U.S. Agriculture

By ARCH MacKENZIE

WASHINGTON (CP)—A cloud originally no bigger than a hamburger patty has arisen on the United States agriculture department's horizon. It has Canadian ramifications too.

The issue is beef and—partly —the weight it has in a U.S. election year.

On one hand, despite a big beef population, the government has been doing its best to keep prices up. The prices have done pretty well too after a fall of nearly $4 a hundred pounds for choice steers last year. Prices have revived by about $3 a hundren since then.

But there is also a possibility still the U.S. cattlemen's lobby will succeed, despite administration pressure, in having firm quotas imposed on beef imports.

This wouldn't affect Canada as much as it would Australia, Argentina, Mexico and some other countries. Canadian beef exports to the U.S. are mainly live—and thus exempt from the proposed bill: Sales of beef, veal, lamb and mutton from other countries have ranged from 10,000,000 to 50,000,000 pounds annually in the past.

BEFORE COMMITTEE

The beef quota bill originated as a Senate amendment tacked to a minor legislative item and now is before a congressional committee, where the administration hopes it will die. If it passes it would, for one thing, strike a blow at the U.S. demands for broad tariff cuts internationally.

Agriculture Secretary Freeman in a recent speech to a cattlemen's group outlined a few of the things the government has done to attempt to keep up beef prices at a time when output is at record levels.

It has sunk 893,000,000 since March in 155,000,000 pounds of beef more than it usually buys under the so-called school lunch program. In this operation, the federal government stands ready to purchase everything from peanuts to tart red cherries for school lunches and thus keep commercial demand for these items strong in a time of surplus.

The U.S. defence department also has purchased 55,000,000 more pounds of beef for the military than it usually does, or a total $150,000,000 worth so far this year.

Canadian Banks Among Top 10

MONTREAL (CP)—Two Canadian banks are among the 10 largest in the free world, according to figures released by the Royal Bank of Canada Thursday.

The Royal Bank ranked eighth in size of deposits while the Canadian Imperial Bank of Commerce was ninth.

The Bank of America National Trust and Savings Association, San Francisco, had the largest total of deposits—$13,242,506,000 at the end of 1963. It was followed by the Chase Manhattan Bank, New York; First National City Bank, New York; and Barclays Bank Ltd., London.

The Royal Bank was eighth with $4,686,339,000; Canadian Imperial, ninth with $4,529,984,000; Bank of Montreal, 17th with $3,709,920,000; Toronto-Dominion, 44th with $2,109,450,000; and Bank of Nova Scotia, 47th with $2,037,221,000.

The survey was made by the publication American Banker. Canadian banks generally use total assets as the basis for comparison but Americans prefer size of deposits. The ratios remain the same, however.

IN MEMORIAM

ELDER — In ever loving memory of our dear daughter, Gladys Noreen, who passed away August 14, 1962.

Though her smile has gone forever,
And her hands we cannot touch
We will never lose sweet memories
Of the one we loved so much.
God alone knows how we miss her
As He counts the tears we shed;
And whispers she is sleeping
Your loved one is not dead.
So we'll be brave, dear Noreen
And pray to God each day
And when He calls us home to you
Your smile will lead the way.

Dearly loved and sadly missed by parents, Mr. and Mrs. Everett Simmons.

MacDONALD — In memory of our father Cyrus H. MacDonald who passed away August 13th, 1962.

A leaf in the book of memories
Is softly turned today,
A little thought through and tender,
Just to show we still remember.

Lovingly remembered by son Robert, daughters Millicent and Dorothy and families.

OBITUARY

Inserted by the family.

WILLIAM ELIJAH RAYNER

Mr. William E. Rayner went home in the closing hours of August 8, 1964, he was in his 86th year. He was in comparatively good health and his passing was very sudden and unexpected. He was born at South Kildare, July 9th, 1908, son of the late Benjamin and Sarah Rayner.
