THE PEACEFUL LIFE OF NATURE.

(Theodore Roosevelt, in Scribner's).

Death by violemce, death by cold, death by starvation—these are the normal endings of the stately and beautiful creatures of the wilderness. The sentimentalists who prattle about the peaceful life of nature do not realize its utter helplessness; although all they would have to do would be to look at the birds in the winter woods, or even at insects on a cold morning or cold evening. Life is hard and cruel for all the lower creatures, and for man also in what the sentimentalists call a "state of nature." The savage of today shows us what the fancied age of gold of our ancestors was really like; it was an age when hunger, cold, violence, and iron cruelty were the ordinary accompaniments of life. If Matthew Arnold, when he expressed the wish to know the thoughts, of Earth's "vigorous, primitive" tribes of the past, had really desired an answer to his question, he would have done well to visit the homes of the existing representatives of his "vigorous primitive" ancestors, and to watch them feasting on blood and guts; while as for the "pellucid and pure" feelings of his imaginary primitive maiden, they were those of any meek, cowlike creature who accepted marriage by purchase or of convenience as a matter of course.

Nervous Headaches Sick Headaches

Men or women who suffer from either will find instant relief in using "Nerviline." Externally it acts with startling rapidity as a pain destroyer. Penetrating the surface deeply, Nerviline carries a soothing, pain-subduing power to the delicate nerve tissue affected. A few drops in sweetened water supplies an antidote for the inward conditions that cause both nausea and neuralgic pain. Its effect is immediate. Nerviline is as nearly specific for pain as human knowledge has yet devised. It is offered with a guarantee, if not efficient, money will be refunded. This looks like a big proposition, but Nerviline in many lands and for forty years has given millions of consumers such universal satisfaction as to warrant its introduction to the American public on the basis, "if not satisfied money refunded." Could anything be more convincing? Sold under guarantee by druggists, large size 50c, trial size 25c.

ATLAS!

Purebred Clydesdale Stallion.
Registered No. 78 96. Bay.
Born 1907
Bred by F. R. Heartz, Ch'Town P. E. I.
Sire Reformer (Imp) 13151
Dam Bonnie Lassie, (Imp) 8773

Will stand for the season of 1910 at his owners stables, North River, excepting Friday of each week, starting May 6 where he will be at Essery's Livery Stables Ch'-Town for season.

This splendid young stallion is typical of the best of the breed combining size, quality and action in the highest degree, with strong flat bone, splendid feet and ankles. He is extra well bred tracing directly to the most noted of sires, Prince of Wales and Darnley.

His record as a prize-winner cannot be excelled, having won first as a foal, yearling and two-year old at the Provincial Exhibition and was pronounced by the judges present from Ontario as one of the best quality horses in Canad.

Those wanting to breed nothing but the best should not fail to patronize him.

TERMS—Eight dollars for season. Payable by note due December 1, 1910

SHAKING UP BRAINS.

"I can't do this sum," said Hal. "I've tried and tried, and I can't get the answer."

"How many times have you tried it?" saked his mamma.

"Three times."

"Well, you go out and ride your tricycle around the house ten times as fast as you can, and then come in and try three times more."

Out dashed Hal, and soon came in again, his cheeks glowing. "I tell you it's splendid out," he said. "The fresh air is so good, and I've thought of the way to do that sum too."

"Got the answer—hurrah!" Hal shouted, after a few minutes.

"I thought your brains only needed a little shaking up," said the wise mamma.

FACTS ABOUT HAIR.

A Canadian girl the other day remarked that if she was ever very hard up she would sell her hair. "A hair dresser in Toronto offered me $50 for it," she said. The heavy coil behind was of a warm brown, a mouse color, with glints of gold, and was, the owner said, almost to her knees. The remark called up the question of false hair, and it was found that only one out of the seven present had neither pad nor false hair. Some wore a switch of their own combings, some were contented with "rats" and only one had a switch of "she-didn't know-who's" hair.

Statistics show that literally tons of hair are imported to Canada and the United States, the bulk of it coming from China and the peasantry of Europe. The hair which comes from China undergoes considerable treatment, both chemical and mechanical, to make it less coarse, and then it is bleached and dyed. Much of this special work is done in Bohemia, which was itself once the chief place of export, owing to the quantity got from the peasant women there.

It has been found that a full-grown healthy woman will average about half a pound of hair. The price of the hair is graded according to its length and also somewhat by the rarety of the shade. White hair is one of the most costly colors, as old people seldom have much, but a good imitation can be obtained artificially, although it does not equal the natural.

Before human hair is offered for sale it is assorted, combed, and washed in boiling water, so that at any reliable hair dressers there is little likelihood of any contagious disease. The short hairs are made into curls by being would around a glass bar and placed in a kiln at a certain temperature for several days. After this treatment the curl is likely to be permanent.

HORSE NOTES.

D. W. Martin has mated his standard bred mare Parketta the dam of Prince Louie 2:21¼ to Commodore Ledyard, as he is the first stallion ever imported to Prince Edward Island to sire a standard performer at three years old.

Mr Martin expects (barring accidents) to have one in the standard list at two years old. We congratulate Mr Martin on his good judgment in selecting Commodore Ledyard.

In the show window of the Apothecaries' Hall is a diploma for the best Clydesdale stallion of any age, as well as a massive silver cup with gold lining, won by "Lord Dalmeny" at the Provincial Exhibition held in Halifax last autumn. This pure bred Clydesdale is owned by Picton C. Brown of this city, and the cup is the first won by any stallion from this Province. Mr Brown and the province are to be congratulated on being the owner of a horse that won such distinction from the best judges of Clydesdales in Canada.

It has been circulated by a number of parties that Lord Dalmeny is not a sure foal-getter. This statement is false, as Lord Dalmeny has a larger percentage of colts than any stallion owned in King's or Queen's Counties. Any person found circulating the above report will be prosecuted to the full extent of the law. P. C. BROWN. 5—9dr2w.

Perpellian

sire Parkside, 2.22¾, dam Lucerne by All Right, will make the stud season of 1910 at Royal Hotel Stables, Montague.

Perpillian weighs 1200 lbs. and his colts are large and well made.

Perpillian has started in five races and has won first money four times. In his last race at Summerside, last August, he defeated Money Maker, 2.18¼, Pretoria, 2.23¼, Owna, 2.25, and two others with the greatest ease, though he had been in training but three weeks.

It is speed close up that counts in a pedigree. "Like begets like," and a sire that has speed himself is much more liable to beget speed than the sire that has to invoke the speed which his great grand-parents were said to possess.

Perpillian is the speediest colt in the speediest family of race horses that the Maritime Provinces have yet seen and his progeny should in the natural course of events inherit his speed.

Had Heart Trouble.

Nerves Were All Unstrung.

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.

Can Do Her Own Work Now.

Mrs. M. McGann, Debec Junction, N.B., writes:—"I wish to tell you what Milburn's Heart and Nerve Pills have done for me. Three years ago I was so run down I could not do my own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 185 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble."

Price, 50 cents per box or 3 for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

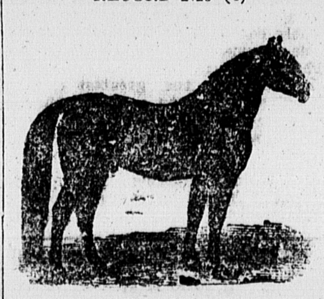
REGISTERED NO. 42948.
RECORD 2:23 (4)



AN IDEAL SPECIMAN OF THE AMERICAN TROTTER.
Handsome, Richly Bred and a Game Race Horse.

All agree that the Wilkes is the leading speed producing family of America. The number of performers in standard time sired by George Wilkes (2:22) and his sons, and produced by his daughters, is 3381. The nearest competitor Electioneer has only 2040. The fastest in the Wilkes family are inbred. Oakley Baron (2:23) is an inbred Wilkes. He is a direct descendant on the male and female line of George Wilkes through three of his best sons, Baron Wilkes (2:18), Onward (2:25), and Bourbon Wilkes. He is a magnificent individual, has all the qualities required in a sire, soundness, size, speed and beauty. His progeny sell for highest prices. Almost impossible to buy one. Oakley Baron is without doubt the best bred and handsomest stallion on the Island. His early speed points to the fact that it is born with him. He will transmit it. At the Amherst Horse Show this spring, colts by Oakley Baron won first prizes in the two and three year old classes. His oldest colts are three this spring. Oakley Baron will make the season of 1910 at the owner's stable, 254 Kent St., opposite King Square. Service fee $15.00 cash or note payable Nov. 1st. Usual return privileges.

TO THINK OF FIFTY WORDS.

(New Tork Sun.)

The night letter telegrams have proved a boon to many, but there are patrons that find them somewhat baffling.

"Look at that man biting the end of his pen over there," the manager of a Broadway office said. "He is trying to think what in the world to say to use up the fifty words he is entitled to. I like to watch them here at nights. Most of them have more trouble trying to think up fifty words than they ever did in keeping their messages down to ten. There is only one man who comes in here, sits right down and writes out his fifty words without hesitation. But he's in business down south and has been in the habit of sending long messages for years."

BEAVER FLOUR

"BEAVER FLOUR" is the unfailing friend of the housewife. It saves her the trouble of keeping two kinds of flour—one for bread and another for pastry. Being a perfect blend of Manitoba Spring wheat and Ontario Fall wheat, it gives to bread the rich, nutritious properties of the former and the lighter qualities of the latter, making a large white loaf of delicate texture and exquisite flavor.

Pastry, biscuits and cakes, made with BEAVER FLOUR cannot be excelled.

There's No Business Without a Telephone

The business without a phone is no business --that's plain talk, but it's just as practical as its plain.

In city or country, village or town there's no business too small for a phone—a phone is a sort of guarantee that you have industry and ambition, and your creditors and the people will always judge your business by the extent of your telephone service.

The men with whom you desire to do business will always form opinions of your executive ability---they've got to—it's purely business. Don't let a piece of false economy stand between you and better and larger business.

We'll help you out if you ask—just write or call on Contract department.
